Tax Bulletin 5-13

Effective Date: July 1, 2013

Re: Pleasant Grove Increases Municipal Energy Sales and Use Tax

Utah Code §10-1-304 allows cities to impose a municipal energy sales and use tax of up to 6 percent of the delivered value on the sale or use of taxable energy.

Pleasant Grove (county/city code 25-088) will increase its municipal energy tax from 5.051 percent to 6 percent on July 1, 2013. Starting on that date, sellers must collect municipal energy sales tax at the new 6 percent rate on all taxable sales of energy in Pleasant Grove.

Continue to report and pay this tax according to the guidelines in Utah Code §10-1-307.

For this change and all other current rates, see the sales tax rate charts at tax.utah.gov/sales/rates.
