

Sales and Use Tax General Information (rev. 4/24)

Sellers must hold the sales and use taxes they collect in trust for the benefit of the state and for payment to the Tax Commission. See Utah Code Title 59, Chapter 12.

You must file sales and use tax and sales-related taxes electronically on Taxpayer Access Point (TAP) at **tap.utah.gov**.

You can make e-check and credit card payments on TAP. E-checks are free. Credit card payments are subject to a convenience fee.

Returns and Schedules

You must use the TC-62 series returns and schedules. Filing requirements are based on your type of business. You may be penalized if you do not file the correct returns and schedules. See Pub 25, Sales and Use Tax General Information, to find out which returns and schedules you must file.

Amended Returns

Sign in to TAP to amend a previously-filed return. Go to the period you are amending and click the "Amend" link. Enter corrected amounts on the return, not net amounts. Calculate the refund or balance due by subtracting the original payment from the corrected tax due. Pay the balance due. Failure to pay all additional tax and interest with an amended return will result in a late payment penalty.
