

Utah Approved Tobacco Manufacturers and Cigarette/RYO Brands

Utah State Tax Commission Publication 51

Effective 06/01/2017

This publication lists all tobacco products certified by their manufacturers as produced for sale in the State of Utah. Products not appearing on this list are prohibited, may not be stamped, and are subject to confiscation as contraband.

Even though this publication lists a product, the State of Utah may:

- Seek payment under the Tobacco Master Settlement Agreement,
- Enforce deposits into a qualified nonparticipating manufacturer escrow account,
- Remove a company name or brand family from this publication, or
- Take any other legal action to enforce cigarette and tobacco laws.

Fire-safe Certification

A listed brand includes all styles of that brand unless otherwise indicated. Brands which are followed by an asterisk * are fire-safe certified.

For information on whether a specific style of a brand family has been certified fire-safe, please refer to the fire marshal's listing of fire-safe certified cigarettes. This information can be found at <http://firemarshal.utah.gov/cigarette-fire-safety-program/> or by clicking on Fire Standard Compliant Cigarette Master List below.

[Fire Standard Compliant Cigarette Master List](#)

Highlighted brands are manufactured by non-participating manufacturers which require special reporting and the NPM (purple) stamp to be affixed.

Note: Effective September 22, 2009, cigarettes that contain certain characterizing flavors are considered adulterated under the Federal Food, Drug, and Cosmetic Act (FFDCA or the Act), as amended by the Family Smoking Prevention and Tobacco Control Act (FSPTCA). Specifically, section 907(a)(1)(A) of the Act, as amended by the FSPTCA, establishes a tobacco product standard special rule for cigarettes that states in part: ...a cigarette or any of its component parts (including the tobacco, filter, or paper) shall not contain, as a constituent (including a smoke constituent) or additive, an artificial or natural flavor (other than tobacco or menthol) or an herb or spice, including strawberry, grape, orange, clove, cinnamon, pineapple, vanilla, coconut, licorice, cocoa, chocolate, cherry, or coffee, that is a characterizing flavor of the tobacco product or tobacco smoke. This standard applies to all tobacco products that meet the definition of a "cigarette" in section 900(3) of the Act even if they are not labeled as "cigarettes" or are labeled as cigars or as some other product.
