PREFACE

This publication provides a brief summary of the primary functions of the Utah State Tax Commission followed by an overview of each of the major taxes administered by the Commission. Each tax section is devoted to one tax type and is divided into three parts:

- A brief overview of the origins of the tax and its current structure.
- Tables and Graphs showing the history of collections, rates, and/or base for the tax through Fiscal Year 2024.
- A legislative history of the tax through the 2024 General Legislative Session.¹

This publication does not provide a complete historical analysis of each tax type. For a more complete history of Utah Tax structure over time please refer to *History of Utah's First Century of Taxation and Public Debt 1896-1995* by Dr. Jewel J. Rasmussen and *Utah Public Finance: A History of Utah's Tax Structure* by Dr. Michael Christensen.

 - 1923-1939 estimates from Utah Department of Health - Division of Vital Statistics.
 - 1940-2022 estimates from Utah Population Committee

Tables and graphs contained in this report, as well as additional data and charts related to each tax type, can also be found in Excel format on the Tax Commission's website at: <http://tax.utah.gov/econstats/history>

¹ In many cases, a single piece of legislation will impact multiple tax types. In these cases, a brief summary of the bill is typically only included in the legislative history of the primary tax type impacted by the bill. Consequently, it may be necessary to search in the legislative histories of multiple tax types to find all legislation impacting a single tax type.

THE UTAH STATE TAX COMMISSION

In 1930 the Utah State Constitution was amended to provide for the creation of the State Tax Commission and abolish the existing State Board of Equalization. The new State Tax Commission was given responsibility for the collection and administration of major taxes including those previously administered by other agencies as well as functions of the State Board of Equalization. Over time, the Tax Commission has evolved to meet the changing needs of the Utah tax structure.

The mission of the Utah State Tax Commission is to collect revenue for state and local governments and to equitably administer tax and assigned motor vehicle laws. The Tax Commission collects and distributes revenue for numerous taxes, surcharges and fees, registers motor vehicles, regulates the automobile sales industry, and enforces motor vehicle laws.

The State Tax Commission consists of four Commissioners appointed by the Governor, with the consent of the State Senate. No more than two members may belong to the same political party, and commissioners serve four-year terms. The four commissioners administer and supervise the tax laws, rule on appeals, set policy, promulgate rules, and issue advisory opinions for the State of Utah and its local governments. In addition to their primary responsibilities, the Tax Commissioners function in official capacities such as serving on the Governor's Cabinet and chairing the Farmland Assessment Advisory Committee. Since the Tax Commission's inception 60 individuals have served as Tax Commissioners. To separate tax appeals and agency oversight from agency functions, the Tax Commissioners, in consultation with the Governor and with the consent of the State Senate, appoint an executive director to oversee the agency's day-to-day operations.

SALES AND USE TAXES

STATE SALES & USE TAX

STATE SALES AND USE TAX

The state sales tax was established under the Emergency Revenue Act of 1933 in order to raise additional revenue during the Great Depression. The use tax was added in 1937 to complement the existing state sales tax. Originally, this tax was implemented at a rate of $\frac{3}{4}$ of 1 percent on taxable transactions and revenues were deposited in the “Emergency Relief Fund”. Since its inception the state sales and use tax has undergone many changes to base, rate, and distribution of revenue.

As of fiscal year 2024 the general State Sales and Use Tax rate is 4.85 percent. Grocery foods and residential use of electricity and fuel are taxed at lower rates of 1.75 percent and 2 percent respectively. The state sales and use tax is imposed on the purchase or sales price for amounts paid on transactions within the state including retail sales of tangible personal property, telecommunications services, sales of fuels for commercial or residential use, admissions or user fees for amusement, entertainment, recreation, and other activities, repairs or renovations of tangible personal property (unless exempted), sales of prepared foods, sales of products transferred electronically, certain services and other transactions as identified in Utah Code. The same base and rates apply to both sales tax and use tax, the primary difference between the two is that sales tax is collected by the seller at the time of sales whereas use tax is paid by the purchaser and is only due on transactions where sales tax was not paid at the time of purchase. Utah Code 59-12-104 contains numerous exemptions to sales and use tax. These exemptions include sale for resale, motor and special fuel, prescription drugs, machinery and equipment for manufacturing, electricity and fuel for industrial use, products used primarily for farming and many others.

Significant amounts of revenue from this tax are earmarked for purposes including water, transportation, natural resources, Medicaid expansion, infrastructure and other uses. The majority of earmarked sales and use taxes are disbursed to the Transportation Investment Fund. The remaining non-earmarked sales tax revenue is deposited in the state’s General Fund.

LEGISLATIVE HISTORY OF STATE SALES AND USE TAX:

1933

HB 218 Emergency Revenue Act of 1933 (*Effective March 21, 1933*) Beginning May 31, 1933, this bill provided for the raising of revenue for emergency purposes by imposing a sales tax of $\frac{3}{4}$ of 1% upon the retail purchase of certain commodities (with the exception of malt products which were taxed at 5% of the purchase price); amounts paid for services rendered or commodities furnished for domestic or commercial consumption by utilities; meals furnished at restaurants, eating houses, hotels, drug stores, or other places where meals were regularly served to the public; amounts paid for admission to places of amusement, entertainment or recreation. It also provided for the ascertainment, assessment and collection of said taxes; provided for the distribution of said revenue and provided for penalties for the violation of terms of this Act. This bill exempted commodities already subject to sales or excise tax, sales to the United States government, to the State of Utah and its political subdivisions, and all sales which the State of Utah is prohibited from taxing under the Constitution or Laws of the United States, or of the State of Utah. This act provided for termination of this tax on April 1, 1935, or upon action by the Governor.

1933 Second Special Session

SB 6 Emergency Revenue Act of 1933 (*Effective August 3, 1933*) This act related to taxes imposed upon certain sales, admissions and services, increased the sales tax rate to 2% of the amount paid or charged, repealed the section which terminated the tax; provided for exemptions; required remittances be made to the State Tax Commission; conferred powers to enforce; provided a penalty for violation; relieved certain proprietors from collecting or remitting certain taxes on admissions and provided for disposition of revenue.

Under Section 1, this bill in (f) exempted purchase of a service, as defined in 4 (b) by a person engaged in compounding and selling a service which is subject to tax under 4 (b) which states: “there is levied and there shall be collected... (b) a tax equivalent of 2% of the amount paid: (1) to common carriers, or telephone or telegraph corporations, whether such corporations are municipally or privately owned, for all transportation, telephone or telegraph service, provided that said tax shall not apply to intrastate movements of freight and express or street railway fares; (2) to gas, electric, and heat corporations, whether such corporations are municipally or privately owned, for gas, electricity, or heat, furnished for domestic or commercial consumption.

This bill added an exemption for sales made by religious, charitable and/or eleemosynary institutions, in the conduct of regular religious, charitable and/or eleemosynary functions and activities. It, provided, however, that sales of beer shall be subject to the tax imposed by this act.

The disposition of revenue from licenses and taxes under this act were to be deposited to the state treasurer to be credited to the Emergency Relief Fund. Appropriations from the fund were made to the State Tax Commission (\$60,000 annually) for

administration and enforcement of this act and to the Governor (\$500,000 annually) to be expended for the relief of residents who are destitute and in necessitous circumstances.

1976

HB 87 Exemption from Sales Tax—Medical Items (*Effective April 1, 1976*) This legislation exempted sales of "medicine" i.e., prescription drugs. "Medicine" means insulin, syringes, and any medicine prescribed for the treatment of human ailments by a person authorized to prescribe treatments and dispensed on a prescription filled by a registered pharmacist, or supplied to patients by a physician, surgeon, or podiatrist; it also includes any medicine dispensed to patients in a county or other licensed hospital if the medicine is prescribed for such patient and dispensed by a licensed pharmacist or administered under the direction of a physician. "Medicine" does not include any auditory, prosthetic, ophthalmic or ocular device or appliance nor any alcoholic beverage. It also re-exempted sales from coin-operated laundry or dry cleaning services.

1977

HB 461 State Sales Tax Decrease on Utility Charges (*Effective July 1, 1977*) This bill decreased the state sales and use tax rate (from 4% to 1%) on the sale of gas, electricity, heat, coal, fuel oil or other fuels used for residential or domestic purposes. This bill levied a state sales tax of one percent of the amount paid to any person defined in the act, including municipal corporations, for gas, electricity, heat, coal, fuel oil or other fuels sold or furnished for domestic residential use, including use by persons residing in apartment houses or similar buildings. This bill continued to levy a state sales tax of four percent on fuels for commercial consumption. This bill also levied a tax of four percent of the amount paid to common carriers or telegraph corporations for all transportation, telephone service or telegraph service.

1978

SB 58 Resources Development Act Amendments (*Effective March 30, 1978*) This bill provided for authorization for industrial developers and operators to pre-pay sales and use taxes for the purpose of constructing public works and improvements.

1979

HB 105 Sales Tax Exemption for Farm Items (*Effective July 1, 1979*) The legislation phased in an exemption for equipment and other tangible personal property used directly or consumed in farming operations. This exemption does not apply to vehicles that require

licensing or to other transportation equipment or research equipment. Tools with a unit price of less than \$100.00 will continue to be subject to sales tax. The exemption from sales tax was phased in as follows:

	<i>Date</i>	<i>Exemption</i>
Phase 1	7/1/1979	1.00%
Phase 2	7/1/1980	2.00%
Phase 3	7/1/1981	3.00%
Phase 4	7/1/1982	Total

HB 308 Collection of Taxes (*Effective May 8, 1979*) This bill provided for a jeopardy assessment utilized to prevent the evasion of the payment of state (**sales** and withholding) taxes and for personal liability for the failure to collect, account or pay over state taxes, and for the establishment of a lien date for the purposes of tax collection.

1980

SB 15 Air Pollution Control Amendments (*Effective July 1, 1980*) The legislation extended sales and use tax exemption for air and water pollution control facilities from January 31, 1980 to January 31, 1985.

SB 67 Interlocal Co-Operation Act Modifications (*Effective February 14, 1980*) This act related to the Interlocal Co-Operation Act; provided for additional definitions; provided for payment of fees in lieu of ad valorem taxes in respect to certain projects constructed pursuant to this act; provided for determination of these fees and who pays them; provided for the imposition of sales and use taxes as follows: notwithstanding the provisions of section 59-16-6, a "project entity" (legal or administrative entity created under this chapter which owns a project and which sells the capacity, services, or other benefits from it) created under this chapter is subject to state sales and use tax; ; provided for impact alleviation payments to relieve impacts related to these projects either through contracts or determinations by the Natural Resources Community Impact Board; prescribed procedures before this board and for amendments to contracts and determinations; provided for termination of contracts and determinations, for credits for amounts paid as impact alleviation payments against in lieu fees or tax-like impositions, and for allowance of arbitration.

1981

SB 53 Sales Tax Exemption for Oxygen (*Effective May 12, 1981*) The legislation provided for an exemption from sales and use tax on the sale of oxygen and stoma supplies used in medical treatment.

SB 79 Sales Taxes—Motion Picture Films (*Effective May 10, 1981*) The legislation defined "motion picture exhibitor" and provided for exemption of sales of "commercials, motion picture films and video tapes by a producer, distributor or studio to a motion picture exhibitor, distributor or commercial television broadcaster."

SB 157 Sales and Use Tax Jurisdiction Standard (*Effective May 10, 1981*) The legislation set forth specified conditions, which would require out-of-state vendors doing business in Utah to become licensed to collect and remit Utah sales tax.

1982

SB 41 Sales Tax Exemption on Vending Machine Sales (*Effective April 1, 1982*) This bill provided that items sold for one dollar or less from vending machines are exempt from sales tax under certain circumstances. The legislation provided that vending machine items sold for under one dollar shall be taxed at 120 percent of their cost instead of at the retail sale price.

1983

HB 13 Sales and Use Tax Distribution (*Effective July 1, 1983*) This bill provided for a four year increase in the state sales and use tax to: 4% through June 30, 1983; 4-1/8% from July 1, 1983 through June 30, 1987; 4% from July 1, 1987 and thereafter. The state sales and use tax for residential fuel was set at: 1% through June 30, 1983; 1-1/8% from July 1, 1983 through June 30, 1987; 1% from July 1, 1987 and thereafter. It provided for an increase in the local sales and use tax from $\frac{3}{4}$ of a percent to $\frac{7}{8}$ of a percent from July 1, 1983 to June 30, 1987; and 1 percent beginning July 1, 1987. It also provided for a change in the distribution of local sales and use tax revenues from 100% point of sale (prior to July 1, 1983) to a combination population/point of sale. The local sales tax formula was to phase in as follows: for FY 1984, 25% population/ 75% point of sale; for FY 1985, 30% population/70% point of sale; for FY 1986, 35% population/65% point of sale; for FY 1987, 40% population/60% point of sale; FY 1988, 45% population/55% point of sale; starting July 1, 1988, 50% population/50% point of sale. The bill also included a “hold-harmless” provision that guaranteed that no county, city, or town would receive less money than they would have under the old 100% point of sale revenue distribution system.

	<i>State</i>	<i>Local</i>	<i>Total</i>	<i>Residential Fuel</i>
4/1/69 to 6/30/75	4.00%	.50% (1/2%)	4.50%	(prior to 7/1/77 tax rate the same as state sales tax)
7/1/75 to 6/30/83	4.00%	.75% (3/4%)	4.75%	
7/1/77 to 6/30/83				1.00%
7/1/83 to 6/30/87	4.125% (4-1/8%)	0.875% (7/8%)	5.00%	1.125% (1-1/8%)
7/1/87 and thereafter	4.00%	1.00%	5.00%	1.00%

HB 199 Sales Tax Exemption—Commercial Radio Tapes—Lyle W. Hillyard (*Effective May 10, 1983*) Section 59-15-6 of the Sales Tax Act was amended to provide for an exemption for the sale of "pre-recorded audio program tapes or records" by a producer, distributor or studio when sold to "commercial radio broadcasters." This bill corrects an apparent oversight of the exemption afforded television stations during the 1981 Legislative

session. Blank (virgin) tapes or records purchased by radio broadcasters for in-house use would not be exempt from tax.

HB 338 Criminal Tax Law Revisions—Rep. Harrison (*Effective May 10, 1983*) This act established uniform criminal penalties for the franchise, sales, use and individual income taxes, removed the State Tax Commission's ability to waive criminal penalties for intentional evasion of the franchise, **sales, use** or individual income tax, and provided for a statute of limitations for prosecution of a crime under this act.

SB 127 Sales Tax Exemption on Gold and Silver Coin—Sen. Bullen (*Effective May 10, 1983*) The legislation amended to exempt from Utah sales (and use) tax, the sale of "currency and coinage constituting legal tender of the United States or of a foreign nation, all sales of gold, silver, or platinum ingot, bars, medallions, or decorative coins, not constituting legal tender of any nation, with a gold, silver or platinum content of not less than 80 percent" The exemption was effected by defining these items as not being tangible personal property. In this way, consumers cannot use a tax-free purchase of these items as a later trade for some taxable purchase.

SB 174 Sales Tax Penalty Amendment—Sen. Dix H. McMullin (*Effective May 10, 1983*) Section 59-15-8 was amended to provide for a minimum penalty of 10 percent of a sales tax deficiency or \$50.00, whichever is greater; or in the case of fraud, \$100.00 or 100 percent of tax deficiency, whichever is greater.

SB 209 Nonresident Use Tax Exemption—Sen. Bullen (*Effective May 10, 1983*) Section 59-16-4 was amended to qualify and limit the exemption from use tax on items brought into Utah for use by non-residents. The use tax exemption will not apply to property purchased for use in Utah by a non-resident living and working in Utah. This change was made primarily to prevent non-resident military and construction workers from going out of state (while living and working in Utah) to buy cars and then registering and using them in Utah without paying use tax.

SB 253 Sales Tax Exemption for Commercial Airlines—Glade M. Sowards (*Effective May 10, 1983*) Section 59-15-6 provided an exemption for "sales of food, beverages, dairy products, similar confections and related services to commercial airline carriers for in-flight consumption."

1983 First Special Session

HB 10 Sales and Use Tax Amendments—Lyle W. Hillyard (*Effective October 1, 1983*) This bill provided for an increase in the state sales and use tax for one year.

	<i>State</i>	<i>Local</i>	<i>Total</i>	<i>Residential Fuel</i>
4/1/69 to 6/30/75	4.00%	.50% (1/2%)	4.50%	(prior to 7/1/77 tax rate the same as state sales tax)
7/1/75 to 6/30/83	4.00%	.75% (3/4%)	4.75%	
7/1/83 to 9/30/83	4.125% (4-1/8%)	0.875% (7/8%)	0.05	1.125% (1-1/8%)

10/1/83 to 9/30/84	4.625% (4-5/8%)	0.875% (7/8%)	5.50%	1.625% (1-5/8%)
10/1/84 to 6/30/87	4.125% (4-1/8%)	0.875% (7/8%)	5.00%	1.125% (1-1/8%)
7/1/87 and thereafter	4.00%	1.00%	5.00%	1.00%

1984

HB 136 Sales and Use Tax Amendments—G. LaMont Richards, Ronald L. Stephens

(Effective March 29, 1984) This bill provided for the continuation of the 1/2% increase in the state sales and use tax.

- Amends 59-15-4, Utah Code Annotated 1953

10/1/83 to 6/30/87	4.625% (4-5/8%)
7/1/87 thereafter	4.5% (4-1/2%)

SB 22 Sales and Use Tax Exemption for Minerals Industry—Sen. Pugh (Effective July 1, 1984) Sections 59-15-6 and 59-16-4 were amended to allow a sales and use tax exemption for five years beginning on July 1, 1984, on purchases of materials, equipment, and services used for new construction, expansion, or modernization of any mine, mill reduction works, smelter, refinery (excluding oil and gas), synthetic fuel processing and upgrading plant, rolling mill, coal washing plant or melting facility. This exemption applied only to amounts purchased during the year in excess of the first \$500,000 of taxable material and services subject to sales or use tax.

SB 62 Commercial Aircraft Sales Tax Exemption—Glade M. Sowards (Effective July 1, 1984) Sections 59-15-6 and 59-16-4 were amended to provide a sales and use tax exemption for all sales of parts and equipment installed in aircraft used primarily in scheduled interstate or foreign commerce. The exemption does not extend to service or labor charges for repair, cleaning or installation.

SB 113 Year-end Sales Tax Collection Amendments—Sen. Carling (Effective April 1, 1984) This bill provided for a year end prepayment of state and local sales and use taxes. It provided for dollar limits on sales and use tax to trigger the prepayment requirement. It provided for filing dates and penalties for late payments.

1985

HB 103 Sales and Use Tax Exemption for Manufacturing Machinery and Equipment—Nolan E. Karras (Effective July 1, 1985) The legislation exempted from the sales and use tax leased or purchased machinery and equipment for use in new or expanding operations by manufacturers with standard industrial classifications between 2000 and 3999. Equipment to replace or upgrade existing operations is not included. The Tax Commission shall have the right to define "new or expanding manufacturing operation." It also extended after June 30, 1986 the sales and use tax exemptions for pollution control equipment.

- Amends 26-13-27, 26-13-28, 59-15-6, 59-16-4

HB 356 Tax Due Dates—Franklin W. Knowlton (*Effective July 2, 1985*) This bill changed the quarterly collection dates for sales, use, and income withholding taxes from the 30th day of the month to the last day of the month.

- Amends 59-14A-44, 59-15-5, 59-16-7

1986

HB 28 Sales and Use Tax Allocation (*Effective July 1, 1986*) The legislation reduced the state's share of sales tax and increased the local option sales without increasing the overall tax paid by consumers, unless the governor determines by July 1, 1987, that local government participation is necessary for flood mitigation costs. The sales and use tax rates in this bill were set at:

	<i>State</i>	<i>Local</i>	<i>Total</i>	<i>Residential Fuel</i>
10/1/83 to 6/30/86	4.625% (4-5/8%)	0.875% (7/8%)	5.50%	0.01625
7/1/86 to 6/30/87	4.59375% (4-38/64%)	0.90625%(58/64)	5.50%	0.0159375
7/1/87 and thereafter	4.50% (4-1/2%)	1.00%	5.50%	1.50%

- Please note: This bill was subsequently superseded by SB 4, 1986 Special Session (refer to bill below) which delayed the phase-in of these tax rates.

HB 67 Federal Sales Tax Exemption Repeal—Dixon M. Pitcher (*Effective July 1, 1986*) The legislation eliminated the express exemption from state sales tax on sales to the federal government because it was already exempted in the constitution. The deletion in the other section was made in order for the state to be poised and ready to tax any sales to the federal government, which might allow to be taxed in the future.

- Amends 59-15-6

HB 135 Sales and Use Tax Phase I Recodification (*Effective July 1, 1986*) The legislation made technical changes in the sales and use tax statutes according to “Phase I” guidelines of the Utah Tax Recodification Commission. This bill added, in Section 59-15-6, an exemption for lunches or dinners served by schools, churches, or charitable institutions.

HB 250 Sales Tax Exemption for Purchases of Food with Federal Food Stamps—Stephen J. Rees (*Effective October 1, 1986*) The legislation exempted from sales tax all purchases made with food stamps according to superseding federal legislation. If this bill had not been enacted, the USDA would have restricted food stamp funding in Utah, which would have had a significant impact on food stamp users.

- Amends 59-15-6

SB 39 Sales and Use Tax Exemption for Federal Government—Owned Tooling and Equipment—Lowell S. Peterson, Lyle Hillyard (*Effective July 1, 1986*) The legislation exempted from Utah sales and use taxes the purchase of tooling, support equipment, and special test equipment used or consumed exclusively in the performance of any aerospace

or electronics industry contract with the U.S. Government or any subcontract there under, provided that title to the tooling and equipment is vested in the U.S. Government.

- Amends 59-15-6, 59-16-4

SB 144 Sales Tax Exemption Reporting—Omar B. Bunnell (*Effective July 1, 1986*) Requires the reporting of certain sales before the exemption for them is allowed.

- Amends 59-15-6

1986 Second Special Session

SB 4 Sales and Use Tax Reallocation—Fred W. Finlinson (*Effective August 11, 1986*) This bill amended amendments made by House Bill 28 of the 1986 General Session concerning the allocation of sales and use tax revenues. This act delayed a decrease in the state sales and use tax rate and an increase in the local sales tax (that was set forth by HB 28 in the 1986 General Legislative Session). It also delayed the phase-in to the 50/50 population/ point of sale revenue distribution formula for local sales taxes. The sales and use tax rates in this bill were set at:

	<i>State</i>	<i>Local</i>	<i>Total</i>	<i>Residential Fuel</i>
7/1/83 to 9/30/83	4.125%			
10/1/83 to 6/30/86	4.625% (4-5/8%)	0.875% (7/8%)	5.50%	0.01625
7/1/86 to 12/31/89	4.59375% (4-38/64%)	0.90625% (58/64%)	0.055	1.59%
1/1/90 and thereafter	4.5% (4-1/2%)	1.00%	5.50%	0.015

1987

HB 8 Sales and Use Tax Exemption for Steel Manufacturing Facilities (*Effective July 1, 1987*) The legislation provided sales tax exemption for certain purchases of materials and equipment by a steel mill which was non-producing prior to July 1, 1987. The exemption was set to expire on June 30, 1994.

- Amends 59-12-104

HB 246 Sales Tax Exemption for WIC (*Effective October 1, 1987*) The legislation exempted from sales tax purchases made under the women, infant and children (WIC) program of the U.S. Department of Agriculture for sales tax.

- Amends 59-12-104

HB 312 Revisor's Statute—Tax Code (*Effective March 16, 1987*) This bill makes technical corrections to various tax statutes. It clarifies penalties, changes property tax dates for consistency with SB 71, clarifies when corporate franchise tax returns are due for a suspended corporation, reinstates language relating to the **sales taxation** of telephone or telegraph service, and renumbers a section.

- Amends 59-1-401, 59-2-322, 59-2-323, 59-5-3.5, 59-7-157, 59-12-103, 73-8-18

SB 11 Sales Tax Exemptions—Long Term Construction Contracts (*Effective April 1, 1987*)

The legislation provided a refund of the ½ percent state tax increase on April 1, 1987 to persons who had executed written, binding, contracts before March 1, 1987.

- *Amends 59-12-105*

SB 72 Sales and Use Tax—Phase II Recodification (*February 6, 1987; retrospective operation to January 1, 1987*) This bill combines sales and use taxes and other sales taxes into one chapter. The bill renumbers sections and makes other technical corrections for conformity and consistency.

- *Amends 10-8-86, 11-13-26, 13-17-3, 17-31-1, 63-51-4, 63-51-7;*
- *Renumbers & amends 11-9-1 through 11-9-5, 11-9-7, 11-9-8, 11-9-10, 17-31-2 through 17-31-7, 59-15-1 through 59-15-12 and 59-15-17 through 59-15-21;*
- *Enacts 59-12-105;*
- *Repeals 11-9-6, 11-9-9, 11-9-11, 59-15-3.5, 59-15-22, 59-16-1 through 59-16-11, 59-16-14 through 59-16-22, 59-16-24, 59-16-25*

SB 191 Sales Tax Increase—Paul Rogers (*Effective March 31, 1987*) This bill raised the state sales tax rate. The tax rate was increased to 5-3/32% from April 1, 1987 through December 31, 1989 (originally it was 4-38/64% from 7/1/86 through 12/31/89). This bill increased the rate to 5% after January 1, 1990 (originally it was 4-1/2% after 1/1/90). The state sales tax rate on residential fuel was increased to 2-3/32% through December 31, 1989 (originally it was 1-38/64% from 7/1/86 through 12/31/89). This bill changed the tax rate on residential fuel to 2% after January 1, 1990 (originally it was 1-1/2% after 1/1/90).

	<i>State</i>	<i>Local</i>	<i>Total</i>	<i>Residential Fuel</i>
4/1/87 to 12/31/89	5.09375% (5-3/32)	0.90625% (29/32)	6.00%	2.09375
1/1/90 and thereafter	5.00%	1.00%	6.00%	2.00%

1987 First Special Session

HB 8 Sales Tax Exemption—Steel Manufacturing Facility (*Effective July 1, 1987*) This bill provided exemptions from sales and use tax for steel manufacturing facilities.

- *Amends 59-12-104*

SB 172 Sales and Use Tax Modifications—Lyle W. Hillyard (*Effective July 1, 2001*) Provides that a vendor that does not have nexus with Utah (“remote vendor”), and therefore no duty to collect Utah sales tax: (1) may collect Utah sales tax on a voluntary basis; or (2) shall collect Utah sales tax if the U.S. Supreme Court authorizes states to require the vendor to collect the sales tax, or if Congress permits states to require the vendor to collect the sales tax. This bill sets one sales tax rate for remote vendors. This rate shall be equal to the sum of: (1) the state sales tax at a rate of 4.75%; (2) the local sales tax at a rate of 1%; and (3) the county option tax at a rate of ¼%, but only if all counties impose the county option tax. Since not all counties have imposed the county option tax at this time, the sales tax rate for remote vendors is 5.75%. Requires that local sales tax revenues collected from the remote vendor, whether voluntary or required in the future by the Supreme Court or Congress, that are in excess of the revenues collected from remote vendors in the fiscal year ending 6/30/01 shall be deposited into a restricted account; the remainder of the local sales tax revenues collected from remote vendors shall be distributed to counties, cities, and towns on the basis of population. SB 172 provides an exception to the penalty for negligence and intentional disregard of law or rule, in certain instances, for vendors who collect at the remote sales tax rate, but should have collected at the normal sales tax rate.

HB 273 Tax and Charge Amendments—Rep. Wayne A. Harper (*Effective July 1, 2004*) This bill amends the definition of durable medical equipment to require the equipment be used for home use only; reinstates language placing state sales tax revenues from non-nexus sellers into the Remote Sales Restricted Account when those revenues exceed a stated threshold; requires any revenues in the Remote Sales Restricted Account on July 1, 2004 to be deposited into the General Fund; provides that the account shall earn interest, which shall be deposited into the account; amends the sales tax exemption for drugs to allow the exemption regardless of whether a doctor or the patient presents the required prescription; clarifies that drugs purchased by a hospital or other medical facility qualify for the exemption; requires a seller that files a simplified electronic return to file an information report with the Tax Commission; indicates the information that a seller must include on the information report; requires the information report be filed electronically; provides for a \$1,000 penalty, which may be waived by the commission for reasonable cause, for failure to file the information report; requires a non-nexus seller that is registered under the SST agreement to file an electronic sales tax return; provides that if a certified service provider is used as the seller's agent, the seller is not responsible for the certified service provider's failure to collect and remit sales taxes; relieves the certified service provider from: (a) the duty to remit sales tax for the seller's purchases; and (b) liability for a sales tax liability arising from the seller's fraud; provides that a seller/certified service provider is not liable for failing to collect and remit tax if the failure to collect and remit the tax is due to the seller's/certified service provider's reliance on incorrect data in the taxability matrix prepared by the Tax Commission and required by the SST agreement; provides that a seller that uses a certified automated system or proprietary system is not liable for failure to collect and remit tax if the failure is due to an error in the system and the error occurs prior to the discovery of the error; requires a seller to remit taxes electronically if the seller is required to file a return electronically, or the seller has nexus and files a simplified electronic return; for all agreement sales and use taxes, establishes a vendor discount of 1.31% (instead of the current 1.5% state rate and 1% local rate on only certain local option sales taxes); the revenues the state would otherwise have been required to allow a vendor in the absence of the change to the state rate are allocated to local taxing jurisdictions based on a local taxing jurisdiction's percentage of total sales tax distributions; provides for a monetary allowance in accordance with terms to be determined by the governing board of the SST agreement; makes the following changes to the 1% local option sales tax hold harmless: (1) for all transactions other than transactions reported on the simplified electronic return by a seller that has multiple locations, the amendments will make the distribution of the 1% local option sales tax identical to the distribution of those revenues prior to SST; and (2) for transactions reported on the simplified electronic return by a seller with multiple locations, the revenue will be distributed among local taxing jurisdictions based on sellers' sales tax patterns for the previous year; estimates for new store locations that have an impact of at least 5% to the local taxing jurisdiction and are reported to the commission by the local taxing jurisdictions, and for new businesses, will be included in this distribution

algorithm; allows a seller to use a 5-digit ZIP Code for purposes of determining the location of a transaction if a 9-digit ZIP Code is not available for the location, or if the seller is unable to determine the 9-digit ZIP Code after exercising due diligence; provides the Tax Commission authority to indicate in rule when a seller has exercised due diligence in determining a 9-digit ZIP Code and how to determine the local taxing jurisdiction within which a transaction is made if a seller is unable to make that determination; provides an exception to the normal SST sourcing requirements for florist delivery transactions that codifies current sourcing for these transactions and is in accordance with 2003 changes to the SST Agreement; conforms the language of all county and municipally imposed transient room taxes to match the language of the state sales tax on accommodations and services that are regularly rented for less than 30 consecutive days; amends Part 15, County Option Sales And Use Tax For Highways, Fixed Guideways, Or Systems For Public Transit (2003 HB 136) to bring that part into conformity with the SST agreement; amends Section 69-2-5, Funding for 911 emergency telephone service, to bring that section into conformity with the SST agreement.

HB 54 Sales and Use Tax Exemption for Sales of Certain Agricultural Products—Rep. Gordon E. Snow (Effective July 1, 2006)

Repeals the requirement that agricultural products be locally grown to be exempt from sales and use taxation. It provides that, for purposes of eligibility for the sales and use tax exemption, the producer, an employee of the producer, or a member of the producer's immediate family must sell the products.

- *Amends 59-12-102, 59-12-104*

HB 109 Sales and Use Tax—Food and Food Ingredients and Tax Rates—Rep. Merlynn T. Newbold (Effective January 1, 2007) Reduces the state sales tax on food from 4.75% to 2.75%. It defines a bundled transaction as a transaction that includes food but not

prepared food and provides that a bundled transaction shall be taxed at a state sales tax rate of 4.75%. If food and prepared food are sold from the same location, and the location meets the definition of a restaurant for purposes of the restaurant tax, both the food and the prepared food will be subject to state sales tax at the 4.75% rate. However, if the location does not meet the definition of a restaurant, both the food and the prepared food are subject to state sales tax at the 2.75% rate; provides an appropriation for sellers to recover a portion of the hardware and software costs to modify their systems to collect the 2.75% rate. Sellers must incur costs between May 1, 2006 and December 31, 2006, be able to verify those amounts, and submit a request for reimbursement to the Tax Commission before January 1, 2007.

- *Amends 11-41-102, 59-12-102, 59-12-103 (Effective 07/01/06), 59-12-108*

HB 112 Transportation Investment Act—Rep. Rebecca D. Lockhart (*Effective July 1, 2006*)

This bill modifies the Sales and Use Tax Act and the Transportation Code by increasing funding for transportation. This bill: provides that a portion of the sales and use tax revenue shall be deposited annually into the Centennial Highway Fund Restricted Account. Beginning July 1, 2006, 8.3% of state sales tax revenues (representing a portion of the approximately 17% of sales and use tax revenue generated annually by the state sales and use tax on vehicle and vehicle related products) was earmarked for the Centennial Highway Fund Restricted Account.

This bill provides that the portion of the sales and use tax revenue that is deposited annually into the Centennial Highway Fund Restricted Account shall be deposited annually in the Transportation Investment Fund of 2005 when the highway general obligation bonds have been paid off and the highway projects completed that are intended to be paid from revenues deposited in the Centennial Highway Fund Restricted Account; authorizes the Transportation Investment Fund of 2005 monies to be used for certain purposes; and makes technical changes.

- *Amends 59-12-103 (Effective 07/01/06), 72-2-124*

2006 Third Special Session

HB 3004 Sales and Use Tax Relating to Food—Ben C. Ferry (*Effective January 1, 2007*) This bill modified the Sales and Use Tax Act relating to food. It modified the definitions of: “bundled transaction”, “food and food ingredients”, and “prepared food”. It also repealed provisions relating to the taxation of a transaction involving the sale of food and food ingredients at the same location. This bill modified an effective date relating to an appropriation to the State Tax Commission for distribution to certain sellers to reimburse some of their costs in complying with the reduced sales and use tax rate imposed on food and food ingredients. It modified provisions relating to that appropriation; and made technical changes.

- *Amends 59-12-102 (Effective 1/1/07), 59-12-103 (Effective 1/1/07), Section 5, Chapter 282, Laws of Utah 2006, Section 6, Chapter 282, Laws of Utah 2006*

2007

HB 27 Sales and Use Tax Modifications—Rep. Ben Ferry (*Retrospective to January 1, 2007*) This bill provides that a non-nexus seller shall collect local sales tax at the lowest common rate on sales of food and food ingredients into the state; changes the imposition language of the restaurant tax to prevent definitions added in 2006 Third Special Session HB 3004 from impacting the administration of the restaurant tax, thus preserving the status quo; provides that the reimbursement to sellers for expenditures to account for the reduced sales and use tax rate imposed on food and food ingredients includes expenditures for in-house programming; and extends the deadline for submitting a reimbursement request to the Tax Commission for expenses incurred from before 1/1/07 to before 4/1/07.

- *Amends 10-1-405, 11-41-102, 59-12-102, 59-12-103, 59-12-104.3, 59-12-108, 59-12-603, Section 3, Chapter 9, Laws of Utah 2006, Third SS*

HB 33 Sales and Use Tax Exemptions for Vehicles, Boats, Boat Trailers, or Outboard Motors Not Registered in the State—Rep. Patrick Painter (*Effective July 1, 2007*) This bill provides that a vehicle, boat, boat trailer, or outboard motor that received the out of state sales tax exemption may be used in the state up to 30 days in a calendar year and remain eligible for the sales and use tax exemption so long as the use in the state is a non-business use.

- *Amends 59-12-104*

HB 34 Sales and Use Tax Exemptions for Certain Property Brought into the State—Rep. Rebecca D. Lockhart (*Effective July 1, 2007*) This bill codifies current practice by: (1) providing that sales, leases, or rentals or property purchased outside the state, first used outside the state, and brought into the state by a non-resident are exempt from sales and use tax if that property is not used to conduct business in the state; and (2) enacting a sales and use tax exemption for sales of property used in conducting a business if that property was purchased outside the state, first used outside the state, and brought into the state.

- *Amends 59-12-104*

HB 41 Sales and Use Tax—Common Carriers—Rep. Wayne A. Harper (*Effective July 1, 2007*) This bill repeals from the list of transactions subject to sales and use tax under Subsection 59-12-103(1)(b) the amounts paid to a common carrier for telephone service, mobile telecommunications service, or telegraph service; this language should have been repealed in 2006 with the repeal of sales tax on transportation charges since the term “common carrier” does not apply to telephone, mobile telecommunications, or telegraph services.

- *Amends 59-12-103*

HB 42 Sales and Use Tax Exemption for Authorized Carriers—Rep. Wayne A. Harper (*Effective July 1, 2007*) This bill exempts from sales and use tax the sale, lease, or use of tangible personal property that is installed: (1) on a vehicle sold or leased to or used by an authorized carrier; and (2) before the vehicle is placed in service for the first time.

- *Amends 59-12-104*

HB 297 Calculation of Credit for Certain Repossessions of a Motor Vehicle—Wayne A. Harper (*Effective July 1, 2007*) This bill provides that the credit for repossession of a motor vehicle is reduced by the amount of the motor vehicles unpaid purchase price that a seller recovers other than as a result of reselling the vehicle.

- *Amends 59-12-104.3*

HB 314 Transportation Funding Revisions—Rep. Rebecca D. Lockhart (*Effective July 1, 2007*) This bill amends provisions relating to funding for transportation. This bill: creates the Critical Highway Needs Fund; requires the Division of Finance to annually deposit \$90,000,000 of certain **sales and use tax revenue** into the Critical Highway Needs Fund; authorizes the issuance of general obligation bonds to pay for certain state highway construction or reconstruction projects; specifies the use of general obligation bond proceeds and the manner of issuance; exempts certain transportation transfers or appropriations from certain appropriations limit provisions; exempts the general obligation bonds from certain debt limitation provisions; requires the Division of Finance to transfer funds from the Centennial Highway Fund Restricted Account into the Transportation Investment Fund of 2005 if the fund monies are not required to pay certain costs for highway projects in the Centennial Highway Program in the current fiscal year; requires the Department of Transportation to establish and the Transportation Commission to prioritize a list of highway construction or reconstruction projects based on certain criteria using monies deposited into the Critical Highway Needs Fund and the bond proceeds authorized; requires the Department of Transportation and the Transportation Commission to report the list of prioritized projects and the amount of bonds needed to fund the projects in the next fiscal year to the Executive Appropriations Committee of the Legislature before the bonds may be issued; requires the Division of Finance to transfer the Critical Highway Needs Fund revenue source and any existing fund balance to the Transportation Investment Fund of 2005 when certain general obligation bonds are paid off and certain projects completed; requires the Division of Finance to: monitor certain general obligation bonds; and report on the status of the

bonds to the Executive Appropriations Committee upon request; requires the Department of Transportation to: monitor certain highway projects; report on the status of the projects to the Executive Appropriations Committee upon request; requires the Department of Transportation to establish a finance plan and scope of work for the construction of Interstate 15 in Utah County and report to the Executive Appropriations Committee of the Legislature prior to November 30, 2007; and makes technical changes.

- *Amends 59-12-102, 59-12-103, 59-12-104*

Sales Tax Changes effective January 1, 2008:

- Modifies the definition of "prosthetic device," the sale of which is exempt from sales and use tax, to include a dental prosthesis; and defines a dental prosthesis to include a bridge, dentures, crown, implant, and other similar items purchased from a dental lab;
- Reduces the state sales tax rate from 4.75% to 4.65%;
- Creates a new state sales and use tax of .25% to be imposed in those counties that have not enacted a county option sales tax;
- Provides that the sales tax imposed on food and food ingredients is the sum of: (1) 1.75% state sales tax; (2) 1% local option sales tax; and (3) .25% county option sales tax (or the .25% state tax imposed if a county has not enacted a county option sales tax);
- Expands the manufacturing sales tax exemption to include purchases of machinery and equipment used in the production process or in R&D of an establishment described in NAICS 212 (mining, except oil and gas), 213113 (support activities for coal mining), 213114 (support activities for metal mining), and 213115 (support activities for non-metallic minerals, except fuels, mining);

HB 165 Sales and Use Tax Exemptions Relating to Aircraft—Rep. Brad Dee (*Effective July 1, 2008*) This bill modifies the sales tax exemption for parts and equipment installed in an aircraft operated by a common carrier to an exemption for parts and equipment sold by an aircraft manufacturer (NAICS 336411 or 336412) for installation in or repair or renovation of, an aircraft.

- *Amends 59-12-104*

HB 206 Tax Amendments—Rep. Wayne A. Harper (*Effective January 1, 2009*) This bill brings the Commission in compliance with the Streamlined Sales Tax Agreement.

This bill reinstated provisions of the original SST legislation that were repealed in 2006 SB 233, including:

- Direct mail
- Certified service provider relief from liability for relying upon a commission database
- Amnesty
- Monetary allowance for voluntary filers
- Reinstates sourcing provisions with a significant change.
- While previously, the agreement required that all sales delivered to a purchaser be sourced to the destination, a December 2007 amendment to the agreement allows a state to elect to source all in-state sales based on origin, while all out-of-state sales remain based on destination. This election has been incorporated into the legislation.
- Since all out-of-state sales must be taxed at the rate of the property's destination, the legislation repeals provisions, in many areas of the code, that provided that non-nexus out-of-state sales would be taxed at a rate equal to the lowest common combined state and local sales tax rate (currently 5.9%).
- Other changes include:

- Since a hearing aid is a prosthetic device and since prosthetic devices are exempt from sales tax, the hearing aid exemption has been repealed.
- The current dental prosthetic exemption is broadened to be in compliance with the agreement.
- “The amount of a trade-in” has been deleted from the exclusion from purchase price. This was incorrectly placed in an earlier version of the SST bill. The state allows a sales tax exemption for trade-ins.
- The sales tax exemption for manufacturer rebates on a new vehicle has been deleted since this has now been excluded from the purchase price.
- Sections have been added that allow a certified service provider relief from liability for relying on commission certified software.
- Sections have been added that allow a purchaser relief from liability if the purchaser’s certified service provider relied on a commission database.
- Adds many new definitions, including:
 - Telecommunications. Most of the new definitions relate to telecommunications. These new telecommunications definitions have no impact on the taxation of telecommunications.
- Bundled transaction. This definition will not substantively change commission practice.
 - *Amends 10-1-307, 10-1-402, 10-1-405, 10-1-407, 11-41-102, 53-10-605, 59-1-403, 59-12-102, 59-12-103, 59-12-104, 59-12-104.5, 59-12-105, 59-12-106, 59-12-107, 59-12-107.1, 59-12-108, 59-12-110, 59-12-110.1, 59-12-205, 59-12-208.1, 59-12-210, 59-12-302, 59-12-354, 59-12-401, 59-12-402, 59-12-403, 59-12-501, 59-12-502, 59-12-504, 59-12-603, 59-12-703, 59-12-802, 59-12-804, 59-12-806, 59-12-1001, 59-12-1002, 59-12-1102, 59-12-1201, 59-12-1302, 59-12-1402, 59-12-1503, 59-12-1703, 59-12-1802, 59-12-1803, 63-55-269, 69-2-5, 69-2-5.5, 69-2-5.6, 72-2-125;*

END OF CHAPTER

LOCAL SALES & USE TAX

LOCAL SALES & USE TAX

The Local Sales and Use Tax was established in 1959 and was originally implemented at a rate of $\frac{1}{2}$ of 1 percent on taxable transactions. This tax is optional and must be adopted by local ordinance. Revenue from this tax is returned to participating local governments. As with the state sales and use tax, there have been numerous changes to the base, rate and distribution of revenue for the local sales and use tax since its inception.

Currently all counties, cities, and towns in Utah have adopted ordinances to impose this tax at a maximum 1 percent rate. This tax applies to the purchase price on the same transactions as the state sales and use tax and is collected in the same manner and at the same time as the state sales tax. For the most part, the same exemptions that apply to the state sales and use tax also apply to this tax. Aside from a few small earmarks, revenue from the local sales and use tax is returned to participating local governments using a divided distribution, 50 percent of local sales tax revenue is distributed to local governments on a prorated population basis, while the remaining 50 percent is distributed based on a point of sale. Relatively small earmarks from this tax go to the Qualified Emergency Food Agencies Fund and the Homeless Shelter Cities Mitigation Restricted Account. Additionally, a relatively small portion of revenue from this tax is distributed based on sand and gravel tonnage in each locality.

1 Amounts are net of Tax Commission administrative fee and vendor discounts

2 From January 1, 1990 - December 31, 1999, 1/64 of the 1% of the Local Sales Tax is earmarked for the Olympics Special Revenue Fund, for the use by the Utah Sports Authority. Those funds are not included in these totals.

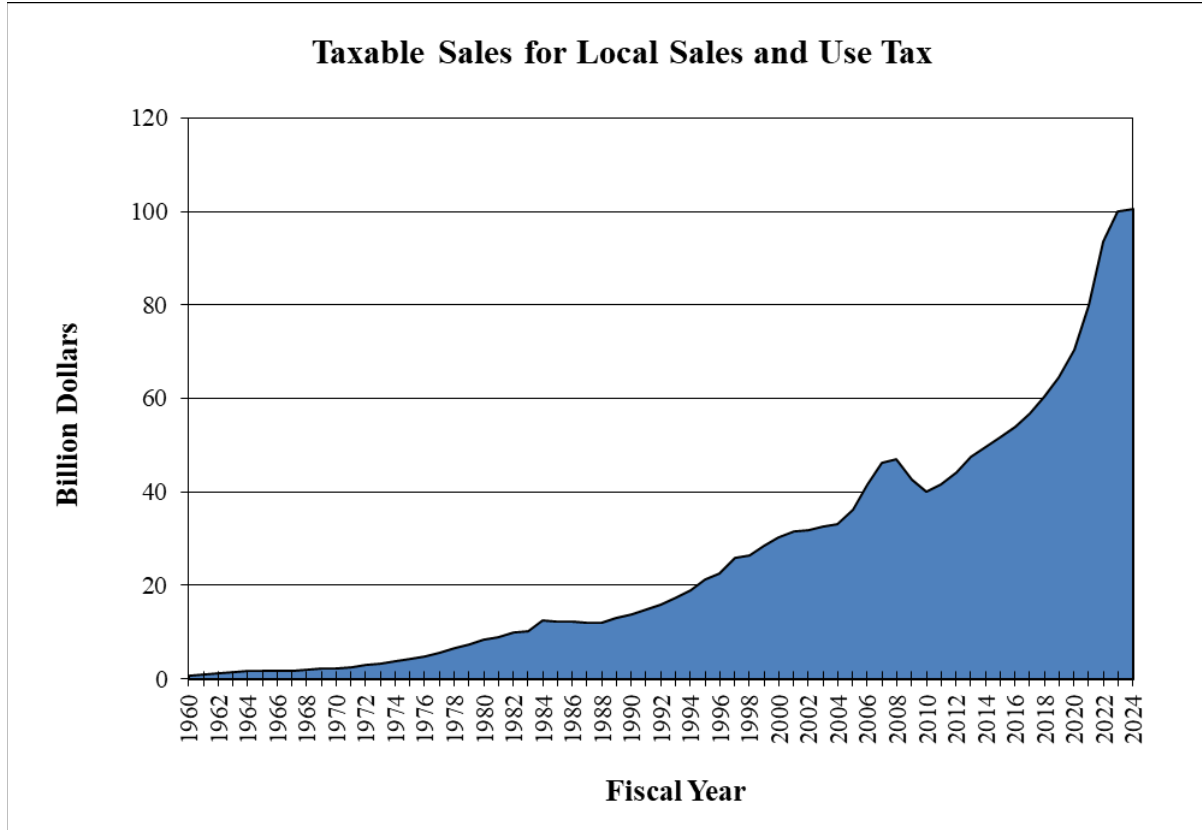

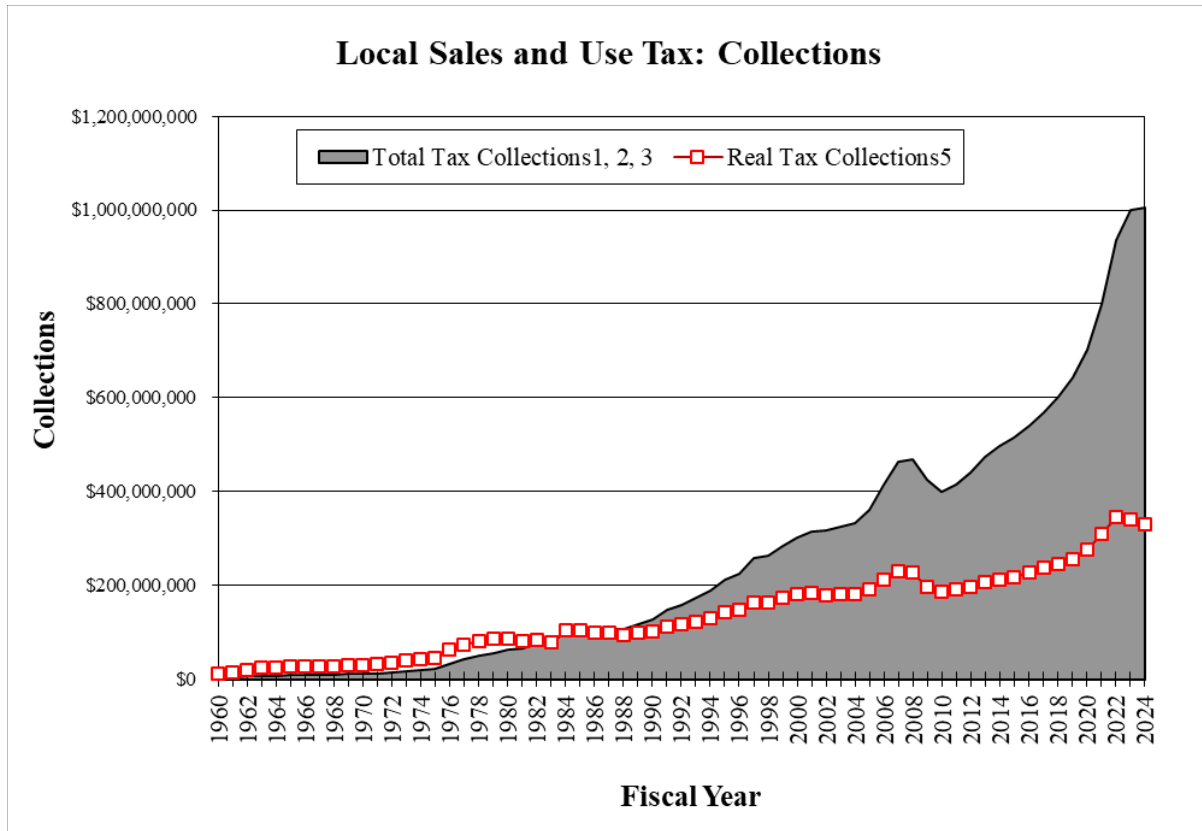

3 Beginning July 1, 2009 (SB 189), the Tax Commission retained a portion of this tax for deposit into the Qualified Emergency Food Agencies Fund (calculated as the localities' percentage of total local option sales for the month, as determined by the Tax Commission, times \$25,417. Amounts shown here do not include the Qualified Emergency Food Agencies Fund Earmark

4 Beginning on July 1, 2009 a portion of local sales tax revenue is diverted to the Qualified Emergency Food Agencies Fund. Beginning January 1, 2019 a portion of local sales tax revenue is diverted to the Homeless Shelter Mitigation Restricted Account.

5 Real numbers are based on using the CPI and population of the previous calendar year. The CPI base period for real numbers: 1982 to 1984 = 100.

6 Bolded numbers represent a weighted percentage based on a one quarter lag and when the statutory change was made effective.

*Currently the local option sales and use tax is imposed statewide by all localities

LEGISLATIVE HISTORY OF LOCAL SALES AND USE TAX:

1959

SB 32 Sales Tax—Enabling Counties, Cities and Towns to Levy Sales and Use Taxes

(Effective May 12, 1959) This act (entitled "the uniform local sales and use tax law of Utah") enabled counties, cities and towns in Utah to levy a local sales and use tax of $\frac{1}{2}$ of 1 percent on tangible personal property, services and meals; provided a method for collection by the State Tax Commission and provided for the integration of such taxes in order to establish uniformity of taxation within a county.

1966

The tax is applied to same base as the state sales and use tax law. The Tax Commission acts as an agent for local governmental units. Retailers are liable for tax collection. Applies to purchasers liable for payment of tax on private sales or purchases of motor vehicles at time of registration (see Chapter 9, Title 11, U.C.A., 1953).

1975

HB 52 Local Option Sales Tax Increase *(Passed March 13, 1975; Effective January 1, 1975)*

This bill provided for an increase in the local option sales and use tax to $\frac{3}{4}\%$ (from $\frac{1}{2}\%$); and provided for political subdivisions which elect to impose the local options sales and use tax may contract pursuant to the Interlocal Cooperation Act to use the revenues derived from the imposition of such optional tax for the mutual benefit of the contracting political subdivisions.

1977

SB 80 Fractional Local Sales Tax Amendment *(Effective May 10, 1977)* This bill authorized the imposition of a fractional local sales and use tax of up to $\frac{3}{4}$ of 1%.

- *Amends 11-9-4, Utah Code Annotated 1953*

1979

HB 327 Sales Tax Distribution Agreements *(Effective May 8, 1979)* This bill related to county levied sales and use tax. It stated that any county, city, or town may enter into agreement to distribute sales tax revenues by means other than point of sale by entering into an agreement pursuant to the Interlocal Cooperation Act.

1983

The local tax adopts the state tax by reference. The base for disposition of revenue changed July 1, 1983 from point of sale to a combination population/point of sale going from 25 percent population for fiscal year beginning July 1, 1983, in multiples of 5 percent to 50 percent population for fiscal year beginning July 1, 1988.

HB 13 Sales and Use Tax Distribution—Rep. Richards (*Effective July 1, 1983*) This bill provided for a four year increase in the state sales and use tax to: 4% through June 30, 1983; 4-1/8% from July 1, 1983 through June 30, 1987; 4% from July 1, 1987 and thereafter. The state sales and use tax for residential fuel was set at: 1% through June 30, 1983; 1-1/8% from July 1, 1983 through June 30, 1987; 1% from July 1, 1987 and thereafter. It provided for an increase in the local sales and use tax from $\frac{3}{4}$ of a percent to $\frac{7}{8}$ of a percent from July 1, 1983 to June 30, 1987; and 1 percent beginning July 1, 1987. It also provided for a change in the distribution of local sales and use tax revenues from 100% point of sale (prior to July 1, 1983) to a combination population/point of sale. The local sales tax formula was to phase in as follows: for FY 1984, 25% population/75% point of sale; for FY 1985, 30% population/70% point of sale; for FY 1986, 35% population/65% point of sale; for FY 1987, 40% population/60% point of sale; FY 1988, 45% population/55% point of sale; starting July 1, 1988, 50% population/50% point of sale. The bill also included a “hold-harmless” provision that guaranteed that no county, city, or town would receive less money than they would have under the old 100% point of sale revenue distribution system.

	<i>State</i>	<i>Local</i>	<i>Total</i>	<i>Residential Fuel</i>
4/1/69 to 6/30/75	4.00%	.50% (1/2%)	4.50%	(prior to 7/1/77 tax rate the same as state sales tax)
7/1/75 to 6/30/83	4.00%	.75% (3/4%)	4.75%	
7/1/77 to 6/30/83				1.00%
7/1/83 to 6/30/87	4.125% (4-1/8%)	0.875% (7/8%)	5.00%	1.125% (1-1/8%)
7/1/87 and thereafter	4.00%	1.00%	5.00%	1.00%

1984

SB 113 Year-end Sales Tax Collection Amendments—Sen. Carling (*Effective April 1, 1984*)

This bill provided for a year end prepayment of state and local sales and use taxes. It provided for dollar limits on sales and use tax to trigger the prepayment requirement. It provided for filing dates and penalties for late payments.

1984 Second Special Session

SB 2 Interlocal Co-Operation Act Amendment—Fred W. Finlinson (*Effective April 6, 1984*)

This bill authorized the sharing of tax and other revenues between counties, cities, towns and other local political subdivisions.

1985

SB 97 Water and Flood Financing—Fred W. Finlinson (*Effective March 18, 1985*) Changes the sales and use tax; appropriates for Fiscal Year 1984-84 \$55,000,000 from the General Fund; \$6,000,000 from Certificates of Participation and also appropriates \$35,000,000 from the General Fund for Fiscal Year 1985-86 all to the Water Development and Flood Mitigation Reserve Account to flood mitigation studies and projects; declares that all interest earned from the Reserve Account and any money not appropriated by September 1, 1985 shall be deposited in the Water Resources Conservation and Development Account; extends the duration of the Disaster Relief Board; exempts dedicated flood mill levies from the 106 percent property tax limitation; authorizes the Board of Water Resources to enter into interest buy down and credit enhancement agreements and to transfer money to DOT. This bill also changes the population—point of sale percentages back to 25-75 from July 1, 1985 to December 31, 1989.

- *Amends 11-9-5, 59-15-4, 59-16-3, Utah Code Ann. 1953*

Note: As a result of two years of major flooding and continued revenue shortfalls due to a national recession, the Legislature in the 1985 General Session passed Senate Bill 97 (above) which postponed the 5 year phase-in of the 50/50 population/point-of-sale formula (i.e., it returned the distribution formula to 25/75 until January 1, 1990). The following is a table of the actual phase-in for the population/point-of-sales distribution formula:

Time Period	Point-of -Sales	Population
Before July 1, 1983	100%	0%
July 1, 1983-June 30, 1984	75%	25%
July 1, 1984-June 30, 1985	70%	30%
July 1, 1985-Dec. 31, 1989	75%	25%
Jan. 1, 1990-June 30, 1991	65%	35%
July 1, 1991-June 30, 1992	60%	40%
July 1, 1992-June 30, 1993	55%	45%
July 1 1993—and after	50%	50%

1986

HB 28 Sales and Use Tax Allocation (*Effective July 1, 1986*) The legislation reduced the state's share of sales tax and increased the local option sales without increasing the overall tax paid by consumers, unless the governor determines by July 1, 1987, that local

government participation is necessary for flood mitigation costs. The sales and use tax rates in this bill were set at:

	<i>State</i>	<i>Local</i>	<i>Total</i>	<i>Residential Fuel</i>
10/1/83 to 6/30/86	4.625%	0.875%	5.50%	1.625%
7/1/86 to 6/30/87	4.59%	0.90625%	5.50%	1.59375%
7/1/87 and thereafter	4.50%	1.00%	5.50%	1.50%

- *This bill was subsequently superseded by SB 4, 1986 Special Session (refer to bill below) which delayed the phase-in of these tax rates.*
- *Amends 11-9-5, 59-15-4, 59-16-3*

1986 Second Special Session

SB 4 Sales and Use Tax Reallocation—Fred W. Finlinson (*Effective August 11, 1986*) This bill amended amendments made by House Bill 28 of the 1986 General Session concerning the allocation of sales and use tax revenues. This act delayed a decrease in the state sales and use tax rate and an increase in the local sales tax (that was set forth by HB 28 in the 1986 General Legislative Session). It also delayed the phase-in to the 50/50 population/ point of sale revenue distribution formula for local sales taxes. The sales and use tax rates in this bill were set at:

	<i>State</i>	<i>Local</i>	<i>Total</i>	<i>Residential Fuel</i>
10/1/83 to 6/30/86	4.625%	0.875%	5.50%	1.625%
7/1/86 to 12/31/89	4.59%	0.90625%	5.50%	1.59375%
1/1/90 and thereafter	4.50%	1.00%	5.50%	1.50%

1987

HB 151 Sales and Use Tax Reporting Requirements—Brent H. Goodfellow (*Effective July 1, 1987*) This bill required local option sales and use tax revenues to be reported to the State Tax Commission on the basis of point of sale or use of the transaction.

1989 Second Special Session

HB 19 Utah Sports Authority—Nolan E. Karras (*Effective October 10, 1989*) This bill created a Utah Sports Authority to provide a review procedure over certain financial and other activities of sports events and sports entities in Utah, including the Winter Olympic Games, and to construct and operate certain sports facilities; provided conditions under which sports events and sports entities that use state money or that use such sports facilities may operate; **earmarking** the revenue from a 1/64% state sales tax rate and a **1/64% local sales tax** rate of the existing sales tax rates to help finance the construction of certain sports facilities and to pay the operating costs of the Authority. It created an oversight committee and made technical changes.

1990

HB 82 Local Sales and Use Tax—Population Figures—Walt Bain (*Effective July 1, 1990*)

The legislation provided that population for local sales tax distribution purposes be based on federal population census or estimate, whichever is most recent.

- *Amends 59-12-205*

HB 259 Tax Technical Amendments—John L. Valentine (*Effective April 23, 1990*) Makes definitional and technical corrections to the tax code regarding metalliferous minerals, corporate tax collection, and local option sales tax.

- *Amends 59-5-201, 59-10-406, 59-10-516, 59-12-205*

SB 17 Telecommunications Taxation—Lyle W. Hillyard (*Effective July 1, 1990*) This bill clarified the taxation of telecommunications for purposes of the state sales tax. This bill clarified that the state sales and use tax is applicable to *intrastate* telephone service or telegraph service. This bill added exemption number (35) to the sales tax exemption statute, in section 59-12-103, Utah Code Annotated, which states that the following sales are exempt: Until July 1, 1999, amounts paid for purchase of telephone service for purposes of providing telephone service

- *Amends 59-12-103*

1992

HB 338 Sales Tax—Monthly Collections—Martin R. Stephens (*Effective July 1, 1992*)

Provides for the monthly collection of certain sales taxes, allows vendors to keep a certain percentage of the collections, provides for electronic transfer of monies to and from the State Tax Commission, and beginning in 1993, alters the way in which the charitable exemption will be handled.

- *Amends 59-1-401, 59-12-104, 59-12-108, 59-12-206;*
- *Enacts 59-12-104.1*

1993

SB 165 Population Estimates—David L. Watson (*Effective May 3, 1993*) Provided that the biennial estimates of the Utah Population Estimates Committee shall be used when Census Bureau estimates are not available for determining the distribution to counties, cities, and towns of class B and class C road funds, liquor law enforcement and alcohol rehabilitation monies, and local sales taxes.

- *Amends 27-12-129, 32A-1-115, 59-12-205*

1994

HB 241 Local Option Sales and Use Tax—John L. Valentine (*Effective May 2, 1994*) The legislation codified a Tax Commission rule limiting the participation of counties, cities, and towns in the administration of the local option sales tax. The commission is required

to provide counties with sufficient data to verify that revenues are distributed to local governments in accordance with statute and local governments are authorized to review relevant records in cases where the commission's reduction of the tax otherwise due in a notice of deficiency would result in a loss to the local government of more than \$10,000 in tax revenue.

- *Amends 59-1-403, 59-12-118, 59-12-202;*
- *Enacts 59-12-209, 59-12-210*

1995

HB 61 Tax Collection Fee—Byron L. Harward (*Effective July 1, 1995*) Reduces the State Tax Commission fee for administering the local sales tax from 2-1/2% to 1-1/2% of the amount of tax imposed.

- *Amends 59-12-206, 59-12-704, 59-12-802*

1997

HB 98 Local Taxing Authority (*Effective January 1, 1998*) The legislation modified the business license fee and taxing authority of a municipality; clarified a municipality's authority to tax certain providers of telephone service; authorized a municipality to impose a transient room tax; authorized a municipality to impose an additional transient room tax under certain circumstances; modified the resort communities tax; authorized a municipality to impose an additional resort communities sales tax under certain circumstances; required a certified tax rate decrease for municipalities imposing an additional resort communities tax; and authorized a municipality to impose a highway tax. This bill modified the sales and use tax monthly payment and vendor discount provisions. It also modified administration of the transient room tax.

- *Amends 10-1-203, 10-1-307, 59-2-924, 59-12-108, 59-12-302, 59-12-401, 59-12-402, 59-12-901, 59-12-902, 59-12-903, 59-12-904, 59-12-1001, 59-12-1002*

HB 413 Sales Tax Revenues To Transportation Funding—Christine R. Fox (*Effective May 5, 1997*) Immediately following the sunset of the 1/64 of 1 percent Olympics sales tax earmark, beginning January 1, 2000, this bill earmarked a portion of the state sales tax equal to the revenues generated by a 1/64 of 1 percent rate to be deposited in the Centennial Highway Trust Fund. This bill also provided that, beginning January 1, 2000, the revenues from 1/64% of local sales and use tax revenues, which had been earmarked for the Olympics, be retained by the county, city, or town levying the tax.

- *Amends 59-12-103, 59-12-204, 59-12-205, 63-49-22*

1999

HB 366-Sales and Use Tax Diversions—David Ure (*Effective May 3, 1999*) Beginning on July 1, 1999, this bill repeals the requirement that certain revenues generated under the Local Sales and Use Tax Act deposited into the Olympics special revenue fund. Beginning on July 1, 1999, this bill requires certain revenues generated under the Local Sales and Use

Tax Act to be deposited into the Airport to University of Utah Light Rail Restricted Account. The bill also creates the Airport to University of Utah Light Rail Restricted Account and provides that certain revenues generated under the Local Sales and Use Tax Act be retained by counties, cities, or towns. Beginning August 30, 1999, required certain sales and use tax revenues in the Olympic Special Revenue Fund and interest on those revenues be distributed to counties, cities, or towns.

- *Amends 59-12-103, 59-12-204, 59-12-205, 63A-7-113;*
- *Enacts 17A-2-1064*

2000

SB 34 Use of Sales and Use Tax Revenue—Lyle W. Hillyard (*Effective May 1, 2000*)

Beginning July 1, 2000, authorizes a diversion of local sales tax revenues equal to the revenues generated by a 1/64% tax rate for each county, and each city and town within that county, whose legislative body consents to have the Tax Commission deposit those revenues into a fund set up by the county, city, or town for the payment of bonds for a sports or recreational facility.

- *Amends 59-12-204, 59-12-205*

2003

HB 271 Airport to University of Utah Light Rail Restricted Account Amendments—Rep.

D. Ure (*Effective May 5, 2003*) Repeals the 1/64% diversion of local sales and use tax revenues to the Airport to University of Utah Light Rail Restricted Account; requires the Division of Finance to distribute any revenues in the Airport to University of Utah Light Rail Restricted Account on or before June 30, 2003.

COUNTY OPTION SALES & USE TAX

COUNTY OPTION SALES & USE TAX

In 1997 the Utah Legislature passed Senate Bill 26 which allowed counties to impose, by ordinance, a county option sales and use tax of $\frac{1}{4}$ of 1 percent on taxable transactions. The county option sales and use tax may be imposed on transactions that are located within the county, including transactions that are located within municipalities in the county. Revenue from this tax is returned to participating counties. All counties in Utah, with the exception of Emery, Kane, Millard and Tooele counties, adopted ordinances to impose this tax effective January 1, 1998. Tooele County followed, adopting this tax, effective January 1, 2001. Subsequently, Emery, Kane and Millard counties also elected to impose the tax, effective January 1, 2008.

Currently all counties have adopted ordinances to impose this tax at a 0.25 percent rate. This tax applies to the purchase price on the same transactions as the state sales and use tax and is collected in the same manner and at the same time as the state sales tax. For the most part, the same exemptions that apply to the state sales and use tax also apply to this tax. Aside from a single earmark, revenue from the county option sales and use tax is returned to participating counties using a divided distribution, 50 percent of local sales tax revenue is distributed to counties on a prorated population basis, while the remaining 50 percent is distributed based on a point of sale. A relatively small earmark from this tax goes to the Qualified Emergency Food Agencies Fund.

TOURISM, RECREATION, CULTURAL, CONVENTION, & AIRPORT FACILITIES TAX

TOURISM, RECREATION, CULTURAL, CONVENTION, & AIRPORT FACILITIES TAX

The Tourism, Recreation, Cultural and Convention Facilities Tax, which was established in 1990, currently allows counties to impose by ordinance any or all of the following taxes:

- A tax not to exceed 7 percent on all short-term rentals of motor vehicles, except for short-term rentals of motor vehicles made for the purpose of temporarily replacing a person's motor vehicle that is being repaired.
- A tax not to exceed 7 percent on short-term rentals of off-highway vehicles and recreational vehicles.
- A tax not to exceed 1 percent on all restaurant sales of alcoholic beverages, food and food ingredients, or prepared food.
- A county of the first class may also impose a tax not to exceed 0.5 percent for the accommodations and services, namely amounts paid or charged for tourist home, hotel, motel or trailer court accommodations and services that are regularly rented for less than 30 consecutive days.

Revenue from these taxes is returned to participating counties. Revenue is returned to the county from which the revenue was generated with the exception of certain portions of revenues from the tax on short-term vehicle rentals. Any revenue from a tax of over 3 percent on short-term vehicle rentals is returned to participating counties, using a formula that splits 70 percent of revenue between counties levying the tax based on the total amount of tax collected statewide, and 30 percent based on the total population of all counties imposing the tax. A county may use revenue from these taxes for financing tourism promotion, and for the development, operation and maintenance of airport, convention, cultural, recreation, or tourist facilities.

<p>1 House Bill 438, Convention, Tourism, Cultural, and Recreation, and Facilities Operation Funding, effective July 1, 1991 allowed counties to impose a 1% tax on food prepared by restaurants for immediate consumption and a tax on motor vehicle rentals (see below). It also allowed a county of the first class to impose a transient room tax on hotel rooms of up to 0.5%. 1) on Restaurant Meals: 1% tax on prepared foods and beverages sold by restaurants. Currently, 27 out of the 29 counties in Utah impose the "restaurant tax" at 1.0%. Millard and Piute counties do not impose this tax. 2) on Hotel Accommodations: 1/2 of 1% of the rent for occupancy of a suite, room, or rooms in a hotel, motel, inn or similar public accommodation. This tax may only be imposed in first class counties (population of 700,000 or more). Currently, only Salt Lake County imposes this tax. 3) on Motor Vehicle Rentals: 3% on all short-term leases and rentals of motor vehicles not exceeding 30 days except when made to replace a vehicle being repaired.</p> <p>2 Amounts are net of Tax Commission administrative fee and vendor discounts</p> <p>3 Beginning January 1, 1999 a county legislative body of any county may impose, in addition to the above 3% motor vehicle rental tax, an additional 4% tax on short term leases and rentals of motor vehicles. Currently Davis, Morgan, Salt Lake, Sevier, Utah, Washington, and Weber counties impose this tax at 7% and Duchesne, Grand and Uintah counties impose it at 3%.</p> <p>4 Amounts prior to 2007 for Restaurant, Motor Vehicle Leasing and Room Rental Taxes are based on distributions, not collections. Actual amounts distributed during the fiscal year differ from accrued amount in collections due to timing</p> <p>5 In 2005 SB 211 authorized first class counties to impose an additional 1.25% transient room tax to fund convention facilities. This tax was only imposed by Salt Lake County. In 2006 HB 371 repealed the convention transient room tax effective 10/1/2006.</p> <p>6 In 2020 SB 216 authorized a county legislative body to impose a tax not to exceed 7% on short-term rentals of off-highway vehicles and recreational vehicles beginning January 1, 2021</p>

END OF CHAPTER

TRANSIENT ROOM TAXES

COUNTY TRANSIENT ROOM TAX

The County Transient Room Tax, which was established in 1966, allows counties to impose, by ordinance, a tax on amounts paid for tourist home, hotel, motel, or trailer court accommodations and services that are regularly rented for less than 30 consecutive days. This tax is in addition to any other applicable sales tax. This tax was initially imposed at a rate of up to 1.5 percent but has undergone several rate increases over the years. For a time, several counties collected their own Transient Room Tax revenue. However, in 2011, HB 82 repealed language allowing counties, cities and towns to collect transient room taxes.

Currently, counties are allowed to impose this tax up to 4.25 percent. The Tax Commission collects all county Transient Room taxes and distributes revenues to the counties that impose the tax. Revenues from this tax may be used for various purposes related to tourism as set forth in Utah Code and depend on the size of the county. For a county of the first class, 15 percent of funds from this tax are deposited in the Transient Room Tax Fund and used to mitigate impacts of traffic and parking relating to a convention facility in that county.

MUNICIPALITY TRANSIENT ROOM TAX

The Municipality Transient Room Tax, which was established in 1997, allows municipalities to impose, by ordinance, a tax of up to 1 percent on amounts paid for tourist home, hotel, motel, or trailer court accommodations and services that are regularly rented for less than 30 consecutive days. In addition, subject to certain requirements, a municipality may impose an additional transient room tax of up to $\frac{1}{2}$ of 1 percent to repay bonded or other indebtedness. Aside from the additional $\frac{1}{2}$ of 1 percent, revenues from this tax may be used by a municipality for general fund purposes.

Additionally, in 2018 the Utah Legislature enacted SB 240, which authorizes the Military Installation Development Authority (MIDA) to levy a transient room tax on the same classes of accommodations as municipalities independently from the municipality in which it may be located. MIDA may tax accommodations at a rate of 15 percent of the amounts charged by the accommodations and services provider.

STATE TRANSIENT ROOM TAX

Effective January 1, 2018, SB 264 which was passed in the 2017 General Legislative session, imposed a .32 percent state transient room tax on the same transactions subject to the county and municipal transient room taxes (accommodations less than 30 days). Of the revenue generated by this tax, six percent of the revenue collected, up to \$300,000, shall be deposited annually into the Hospitality and Tourism Management Education Account to fund the Hospitality and Tourism Management Career and Technical Education Pilot Program. The remaining revenue is deposited into the Outdoor Recreation Infrastructure Account to fund the Outdoor Recreational Infrastructure Grant Program and the Recreation Infrastructure Grant Program.

2 Between 1990 and 2011 legislation allowed counties or municipalities to collect their own transient room tax. During this time some localities collected their own transient room tax. Amounts shown here only include tax collected by the Tax Commission and do not include amounts collected locally.

3 A county may impose a transient room tax of up to 4.25% of the rents charged for any suite, room or rooms in a motel, hotel, court, inn, or similar public accommodation for fewer than 30 days. Currently all counties impose this tax at rates between 3% and 4.25%.

4 Beginning on July 1, 2007 if a county of the first class imposes the county transient room tax, the first 15% shall be deposited into a fund used to mitigate the impacts of traffic and parking relating to a convention facility within the county. The "First Class County Transient Room Tax Fund" represents this fund and only impacts Salt Lake County.

5 A city or town may impose a municipality transient room tax of up to 1% of the rents charged for any suite, room or rooms in a motel, hotel, court, inn, or similar public accommodation for fewer than 30 days. An additional transient room tax of 0.5% may be imposed under certain circumstances to repay bonded or other indebtedness. Amounts shown here include both the municipality transient room tax collections and the additional municipality transient room tax collections. This category also includes the MIDA transient room tax, which is a tax of up to 15%.

6 Beginning on January 1, 2018, SB 264 from the 2017 General Session imposes a state transient room tax of 0.32% of the rents charged for any suite, room or rooms in a motel, hotel, court, inn, or similar public accommodation for fewer than 30 days. 6% of the revenues are deposited into the Hospitality and Tourism Management Education Account and the remainder of the revenues are deposited into the Utah Outdoor Recreation Infrastructure Account.

LEGISLATIVE HISTORY OF THE COUNTY TRANSIENT ROOM TAX

1965

HB 102 Tourist and Convention Bureaus (*Effective May 11, 1965*) This bill authorized the governing body of each county to levy a transient room tax (of 1-1/2%) to establish, promote and finance recreational, tourist and convention promotion bureaus. This bill provided for the levy and collection of such funds; provided that such funds shall not revert to the General Fund; prohibited the use of such funds except as provided in the act; provided that the method of financing such bureaus is not exclusive or mandatory.

1966

Hotel, motel and like operators liable for collection of tax (see Chapter 31, Title 17, U.C.A., 1953).

1968

This year persons doing business as motor courts, motels and hotels were redefined.

1975

SB 107 Tourist and Convention Bureaus (*Effective May 13, 1975*) This bill provided authority in several counties to increase the transient room tax one and one-half percent. The rate ceiling increased from 1.5% to 3%.

1979

SB 181 Transient Room Tax Usage (*Effective May 8, 1979*) This act related to county recreation, tourist and convention bureaus. It allowed one-third of the transient room tax to be used by certain counties for acquisition, leasing, construction, furnishing and maintaining of facilities; allowed the issuance of bonds to pay costs incurred for those purposes; and allowed the entire tax to be pledged as security for bonds issued to finance those improvements.

1985

Defined the tax as applicable to the rental charge for any suite, room or room in a motel, hotel, motor court, inn or similar public accommodation for fewer than 30 consecutive days. This tax is over and above the applicable sales tax. The Tax Commission has authority to act as agent for the counties (definition changed).

1989

HB 182 Transient Room Tax Amendments—Douglas J. Holmes (*Effective April 24, 1989*)

This bill allowed counties to use one-third of the revenue collected from the transient room tax for remodeling, construction, or maintenance of local convention bureaus.

- *Amends 17-31-2*

1990

SB 95 Transient Room Tax Collections—Lyle W. Hillyard (*Effective July 1, 1990*) This bill allowed counties to elect to collect transient room taxes, rather than the State Tax Commission.

- *Amends 59-12-302*

1992

HB 141 Transient Room Tax—Amendments—Glen E. Brown (*Effective July 1, 1992*) The legislation authorized penalties for failure to remit transient room taxes to the county government.

- *Amends 59-12-302*

1996

HB 241 Transient Room Tax Amendments—Thomas Hatch (*Effective July 1, 1996*) This legislation expanded the purposes and uses of the transient room tax to include paying for solid waste disposal operations, emergency medical services, search and rescue activities, and law enforcement activities as required to mitigate the impact of recreational, tourism, or convention activities. The legislative body of each county imposing the transient room tax is required to engage an independent auditor to perform an audit.

- *Amends 17-31-2*

1997

HB 98 Local Taxing Authority—John L. Valentine (*Effective January 1, 1998*) The legislation modified the business license fee and taxing authority of a municipality; clarified a municipality's authority to tax certain providers of telephone service; authorized a municipality to impose a transient room tax; authorized a municipality to impose an additional transient room tax under certain circumstances; modified the resort communities tax; authorized a municipality to impose an additional resort communities sales tax under certain circumstances; required a certified tax rate decrease for municipalities imposing an additional resort communities tax; and authorized a municipality to impose a highway tax. (General Session, 1997)

- *Amends 10-1-203 (Effective 07/01/97), 10-1-307 (Effective 07/01/97), 59-2-924, 59-12-108 (Effective 07/01/97), 59-12-302, 59-12-401;*

- *Enacts 59-12-402, 59-12-901, 59-12-902, 59-12-903, 59-12-904, 59-12-1001, 59-12-1002*

HB 327 Transient Room Tax Amendments—Jeff Alexander (*Effective July 1, 1997*) This legislation broadened the allowable uses of the county transient room tax (sales tax) by replacing “convention bureaus” with “conventions.”

- *Amends 17-31-2*

1998

HB 357 Transient Room Tax Amendments—Keele Johnson (*Effective May 4, 1998*) This legislation expanded the purposes for which the transient room tax may be used to include the establishment and promotion of film production.

- *Amends 17-31-2*

2001

HB 107 Tourism Marketing Amendments—Sheryl L. Allen (*Effective April 30, 2001*) This bill modified provisions of the Utah Code related to tourism marketing and defined certain terms. It increased the money in the Tourism Marketing Performance Fund. This bill modified the Tourism Marketing Performance Fund Committee to include members of the tourism industry. It allowed the Division of Travel Development to consult with counties and travel regions about effective tourism promotion. This act clarified the purposes of the **transient room tax** and the tourism, recreation, cultural, and convention facilities tax. This bill also required counties with no existing tourism tax advisory boards to create and utilize a tourism tax advisory board and made technical changes.

- *Amends 9-2-1702, 9-2-1703, 9-2-1704, 9-2-1705, 9-3-204, 17-31-2, 59-12-603;*

END OF CHAPTER

LOCAL OPTION SALES & USE TAXES FOR TRANSPORTATION

LOCAL OPTION SALES & USE TAXES FOR TRANSPORTATION

The Utah State Legislature originally established the Public Transit Tax in 1975. Since that time, the local option sales and use taxes for transportation have evolved to include several components to fund statutorily specified transit needs. These taxes are imposed on the transaction price of goods or services subject to the state sales and use tax, except for food and food ingredients. There are several components to this tax that compose a potential maximum rate of 1.25%. A county, city or town may impose a combination of the following local option taxes as follows:

1. A county, city or town may impose the Public Transit Tax (59-12-2213), which is a tax of up to 0.3% and was established in 1975; or a city or town may impose the Municipal Highways Tax (59-12-2215) which is a tax of up to 0.3% and was established in 1998.
2. A county, city or town may impose the Additional Public Transit Tax (59-12-2214), which is a tax of 0.25% and was established in 1991; or a county may impose the Fixed Guideway Tax (59-12-2216) which is a tax of up to 0.3% and was established in 2004.
3. A county may impose the County Option Sales and Use Tax for Transportation (59-12-2217), which is a tax of up to 0.25% and was established in 2007; or a county, city, or town may impose the County, City, or Town Option Sales and Use Tax for Airports, Highways, and Systems for Public (59-12-2218) which is a tax of 0.25% and was established in 2009.
4. A county may impose the County Option Highways and Public Transit Tax (59-12-2219), which is a tax of 0.25% and was established in 2015.
5. A county may impose the County Option Public Transit Tax (59-12-2220), which is a tax of 0.2% and was established in 2018.

Revenues generated from these taxes are distributed to the participating localities and/or the local transit authority or transportation related fund if applicable. Funds from these taxes may be used for various transportation purposes as set forth in Utah code, including the construction and maintenance of roads and the establishment of public transit systems.

2 A county, city or town may impose public transit taxes up to 0.8% to fund statutorily specified transit needs. This includes the public transit tax under 59-12-2213 (up to 0.3%), the additional public transit tax under 59-12-2214 (up to .25%) and the county option transportation tax under 59-12-2217 (up to 0.25%). Amount shown here do not include deposits before FY 2016 into the County of the First Class Highway Projects Fund and the Local Highway and the Transportation Corridor Preservation Fund.

3 A county that does not impose the additional public transit tax (see 59-12-2203) may impose a fixed guideway sales tax under 59-12-2216 of up to 0.3% to fund statutorily specified transit needs. Currently only Utah County imposes this tax. Amounts shown here do not include deposits into the Highway Projects Within Counties Fund before FY 2016.

4 A municipality that does not levy the public transit tax may impose a municipal highways sales and use tax under 59-12-2215 of 0.3%. Revenues from this tax must be used for the construction and maintenance of highways under the jurisdiction of the municipality.

5 A county not imposing the county option transportation tax under 59-12-2217 may impose a airport, highways and transit tax under 59-12-2218 at a rate of 0.25% to fund statutorily specified transit needs. Currently only Utah County imposes this tax. Amounts shown here do not include deposits into the Highway Projects Within Counties Fund.

6 A county may impose a tax of .25% under 59-12-2219 to fund statutorily specified transit needs. Enacted by HB 362 in the 2015 Legislative Session.

7 SB 136, enacted in the 2018 legislative session, authorizes a county to impose a sales tax of .2% under 59-12-2220 to fund public transit beginning July 1, 2019.

LEGISLATIVE HISTORY OF THE LOCAL OPTION SALES AND USE TAXES FOR TRANSPORTATION

1973

SB 89 Funding for Public Transit Districts (*Effective May 8, 1973*) This act provided for funding to the financial needs of public transit districts; provided for a ceiling exempt tax not to exceed two mills to provide part of this funding.

1974

HB 13 Local Option Sales Tax—No Fare Public Transit Allocation (*Effective April 4, 1974*) This bill authorized the imposition of an additional $\frac{1}{4}$ of 1% sales tax under the Uniform Local Sales and Use Tax Law of Utah in counties within a transit district organized pursuant to Title 11, Chapter 20, to fund a system of no-fare public transportation with such district under prescribed conditions.

1974 Second Special Session

HB 2 Local Option Sales Tax—Public Transit Allocation (*Effective August 15, 1974*) This bill authorized counties, cities and towns to impose an additional $\frac{1}{4}$ of 1 percent sales tax under the Uniform Local Sales and Use Tax Law of Utah in counties included in a transit district for fund a public transit system.

1975

SB 1 Public Transit Funds Amendment (*Passed January 29, 1975; signed May 13, 1975; Effective January 1, 1976*) This bill provided for correction of an error in the uniform local option sales and use tax law in respect to the imposition of a $\frac{1}{4}$ of 1% use tax to fund public transit. Legislation established the tax with a rate of $\frac{1}{4}$ of 1 percent. The Public Transit Tax applies to the purchase price on transactions under the state's sales and use tax laws. This tax, however, applies only in localities where voters have approved the tax to finance local bus service. Retailers are liable to collect the tax under the same conditions as applicable for sales and use tax. In these scenarios, the Utah Tax Commission acts as an agent for the localities. Salt Lake and Weber Counties opted to adopt the public transit tax.

1977

SB 348 Municipal Transit Tax Authorization (*Effective May 10, 1977*) This bill provided authority in municipalities within transit districts organized pursuant to Title 11, Chapter 20, to impose a sales and use tax of one-quarter of one percent to fund public transportation.

1981

HB 172 Public Transportation Limitations (*Effective May 12, 1981*) This bill provided authority in municipalities to organize, operate, and maintain a public transportation system under certain prescribed conditions. This bill authorized the governing body of any municipality to adopt a resolution allowing the municipality to organize, operate, and maintain a public transportation system within such municipality and to impose a sales and use tax or $\frac{1}{4}$ of 1% to fund the system; provided the resolution is, or has been, approved by the voters of the municipality in conformance with the requirements of sections 11-9-4 and 11-9-6.

1988

HB 239 Public Transit District Act Amendments—Afton B. Bradshaw (*Effective April 25, 1988*) Expands the bonding provisions to provide for the issuance of tax and revenue anticipation notes and allows municipalities as well as counties to provide funding to operate the public transit system and to appoint members to the board. The bill also expands the tax exempt status of district property and increases the limits of public bidding requirements.

- *Amends 11-20-4, 11-20-16, 11-20-17, 11-20-28, 11-20-38, 11-20-39, 11-20-55 and 11-20-59*

SB 64 Technical Tax Amendments—Lyle W. Hillyard (*Effective April 25, 1988; retrospective operation to January 1, 1988*) This bill made technical changes to several tax types and rearranged sections of the Code. Refer to complete bill text for additional details. This bill enacted 59-12-501, Public Transit Sales and Use Tax: In addition to other sales and use taxes, any county, city, or town within a transit district organized under Chapter 20, Title 11, may impose a sales and use tax of $\frac{1}{4}$ of 1% to fund a public transportation system only if the governing body of the county, city, or town, by resolution, submits the proposal to all the qualified voters within the county, city, or town for approval at a general or special election and it is approved by the majority of voters. Language in this section of the statute was previously located within the section of the Code dealing with local sales and use taxes (59-12-204).

1990

SB 108 Public Choice on Transit Tax Amendments—Kay S. Cornaby (*Effective January 1, 1991*) Allows a county, city, or town within a public transit district to impose an additional local sales and use tax of $\frac{1}{4}$ of 1 percent to fund the construction and operation of a fixed guideway, an expanded public transit system, and improvements to Interstate 15, subject to voter approval.

- *Amends 59-12-502*

1991 First Special Session

HB 3 Taxation—Transit Tax Amendments—Merrill F. Nelson (*Effective May 2, 1991*)

Permits the vote on whether a $\frac{1}{4}\%$ sales tax should be levied for public transit service to those voters within the transit district, rather than to all voters within the county. The bill specifies legislative intent that this is a clarification of the existing statutes governing public transit districts.

- *Amends 59-12-501*

2001

HB 287 Public Transit Tax Amendments—Wayne A. Harper (*Effective March 16, 2001*)

This act allows the 25% of the $\frac{1}{4}$ cent additional public transit tax to be used for all state highways within a county of the first class instead of only I-15 and for debt service and bond issuance costs related to those projects. The act creates the Public Transportation System Tax Highway Fund and allows a county of the first class, by inter-local agreement, to deposit revenue directly into the fund to be used within the county as prioritized by the Transportation Commission.

- *Amends 59-12-502, 59-12-502;*
- *Enacts 72-2-121. 2001 Utah Laws 217*

2002

SB 195 Sales and Use Tax Amendments—John W. Hickman (*Effective July 1, 2002*) This act modifies the Sales and Use Tax Act to expand the uses of a sales and use tax that may be imposed by a city or town for certain highway purposes to include funding a system for public transit and creates an exemption from the requirement that the city or town obtain voter approval to impose the tax.

- *Amends 59-12-1001, 59-12-1002*

2003

HB 30 Public Transit Districts Annexation Amendments—David N. Cox (*Effective May 5, 2003*) This act modifies provisions relating to Limited Purpose Local Government Entities and to Revenue and Taxation. The act requires voter approval of an annexation to a local district in which the counties, cities, and towns impose a sales and use tax for transit district purposes and clarifies that the election approving the annexation and imposition of the sales and use tax satisfies the voter approval requirement for imposition of the sales and use tax. The act makes technical changes.

- *Amends 17B-2-510, 17B-2-512, 59-12-501*

HB 136 County Option Sales and Use Tax for Highways, Fixed Guideways, or Systems for Public Transit Rep. J. Alexander (*Effective April 1, 2004*) Authorizes a county legislative body to impose a .25% local option sales and use tax beginning on or after

April 1, 2004 for highways, fixed guideways, or systems for public transit, but only if the county has not imposed a tax under Section 59-12-502; requires a vote of residents.

- *Enacts 59-12-1501, 59-12-1502, 59-12-1503, 72-2-121*

2004

HB 157 Transportation Amendments—John Dougall (*Effective May 3, 2004*) This bill modifies the Utah Public Transit District Act, the Sales and Use Tax Act, and the Transportation Code to amend provisions relating to public transit districts and the Transportation Commission. This bill: provides that a public transit district board of trustees representing a population of more than 200,000 people shall and a public transit district board of trustees representing a population of 200,000 people or fewer may have one nonvoting, ex officio member who is a commissioner on the Transportation Commission and is appointed by the Transportation Commission; provides that a public transit district board of trustees shall report, at least annually, to the Transportation Commission on short-term and long-range public transit plans; provides that a county, city, or town may impose a public transit tax of up to 1/4 of 1% rather than 1/4 of 1%; provides that the Transportation Commission duties include: appointing one commissioner to serve as a nonvoting, ex officio member on the board of trustees of a transit district; and reviewing, at least annually, the short-term and long-range public transit plans reported by a public transit district's board of trustees; and makes technical changes. This bill takes provides an effective date.

- *Amends 17A-2-1038, 17A-2-1039, 59-12-501 (Effective 07/01/04), 72-1-303*

HB 273 Tax and Charge Amendments—Rep. Wayne A. Harper (*Effective July 1, 2004*) This bill amends the definition of durable medical equipment to require the equipment be used for home use only; reinstates language placing state sales tax revenues from non-nexus sellers into the Remote Sales Restricted Account when those revenues exceed a stated threshold; requires any revenues in the Remote Sales Restricted Account on July 1, 2004 to be deposited into the General Fund; provides that the account shall earn interest, which shall be deposited into the account; amends the sales tax exemption for drugs to allow the exemption regardless of whether a doctor or the patient presents the required prescription; clarifies that drugs purchased by a hospital or other medical facility qualify for the exemption; requires a seller that files a simplified electronic return to file an information report with the Tax Commission; indicates the information that a seller must include on the information report; requires the information report be filed electronically; provides for a \$1,000 penalty, which may be waived by the commission for reasonable cause, for failure to file the information report; requires a non-nexus seller that is registered under the SST agreement to file an electronic sales tax return; provides that if a certified service provider is used as the seller's agent, the seller is not responsible for the certified service provider's failure to collect and remit sales taxes; relieves the certified service provider from: (a) the duty to remit sales tax for the seller's purchases; and (b) liability for a sales tax liability arising from the seller's fraud; provides that a seller/certified service provider is not liable for failing to collect and remit tax if the failure to collect and remit the tax is due to the seller's/certified service provider's reliance on incorrect data in the taxability

matrix prepared by the Tax Commission and required by the SST agreement; provides that a seller that uses a certified automated system or proprietary system is not liable for failure to collect and remit tax if the failure is due to an error in the system and the error occurs prior to the discovery of the error; requires a seller to remit taxes electronically if the seller is required to file a return electronically, or the seller has nexus and files a simplified electronic return; for all agreement sales and use taxes, establishes a vendor discount of 1.31% (instead of the current 1.5% state rate and 1% local rate on only certain local option sales taxes); the revenues the state would otherwise have been required to allow a vendor in the absence of the change to the state rate are allocated to local taxing jurisdictions based on a local taxing jurisdiction's percentage of total sales tax distributions; provides for a monetary allowance in accordance with terms to be determined by the governing board of the SST agreement; makes the following changes to the 1% local option sales tax hold harmless: (1) for all transactions other than transactions reported on the simplified electronic return by a seller that has multiple locations, the amendments will make the distribution of the 1% local option sales tax identical to the distribution of those revenues prior to SST; and (2) for transactions reported on the simplified electronic return by a seller with multiple locations, the revenue will be distributed among local taxing jurisdictions based on sellers' sales tax patterns for the previous year; estimates for new store locations that have an impact of at least 5% to the local taxing jurisdiction and are reported to the commission by the local taxing jurisdictions, and for new businesses, will be included in this distribution algorithm; allows a seller to use a 5-digit ZIP Code for purposes of determining the location of a transaction if a 9-digit ZIP Code is not available for the location, or if the seller is unable to determine the 9-digit ZIP Code after exercising due diligence; provides the Tax Commission authority to indicate in rule when a seller has exercised due diligence in determining a 9-digit ZIP Code and how to determine the local taxing jurisdiction within which a transaction is made if a seller is unable to make that determination; provides an exception to the normal SST sourcing requirements for florist delivery transactions that codifies current sourcing for these transactions and is in accordance with 2003 changes to the SST Agreement; conforms the language of all county and municipally imposed transient room taxes to match the language of the state sales tax on accommodations and services that are regularly rented for less than 30 consecutive days; amends Part 15, County Option Sales And Use Tax For Highways, Fixed Guideways, or Systems for Public Transit (2003 HB 136) to bring that part into conformity with the SST agreement; amends Section 69-2-5, Funding for 911 emergency telephone service, to bring that section into conformity with the SST agreement.

OTHER SALES AND USE TAXES

STATEWIDE MOTOR VEHICLE RENTAL TAX

Enacted in 1997, the statewide motor vehicle rental tax is a 2.5 percent tax on all short-term leases and rentals of motor vehicles not exceeding 30 days. There is an exception for rental vehicles replacing a motor vehicle that is being repaired due to a repair or insurance agreement or a motor vehicle rented as a personal household goods moving van. Currently, revenues generated by this tax are credited to the Marda Dillree Corridor Preservation Fund.

SUPPLEMENTAL STATE SALES AND USE TAX

Beginning on July 1, 2008, the state shall impose a tax within a city, town, or the unincorporated area of a county of the first or second class if, on January 1, 2008, there is a public transit district within any portion of that county. The rate is the difference between 0.3 percent and the rate being charged for certain public transit taxes within that locality (see 59-12-2003), but not to exceed 0.3 percent. In addition to sales exempt in state sales tax law, grocery food sales are also exempt from this tax. Revenues are distributed to the public transit district within that locality. Currently, this tax is only imposed in Davis and Weber Counties.

BOTANICAL, CULTURAL, RECREATIONAL, AND ZOOLOGICAL SALES AND USE TAX

The Botanical, Cultural and Zoological Sales and Use Tax was originally established by the passage of SB 109 in 1993 and allowed counties to impose a sales tax to fund these activities. In 1996 the purposes and uses of the tax was expanded to include recreational facilities. Beginning July 1, 2001, this tax was expanded to allow cities and towns located within a second, third, fourth, fifth or sixth class county to also impose the tax subject to voter approval unless it is located in a county which already imposes the tax.

This tax is currently imposed at a rate of 1/10th of 1 percent of the purchase price on transactions subject to the state's sales and use tax laws. In addition to sales exempt in state sales tax law, grocery food sales are also exempt from this tax. Revenues from this tax are used by counties, cities or towns to fund activities related to the stated purposes.

RURAL HEALTH CARE FACILITIES TAX

The Rural County Hospital Tax was established in 1993 with the passage of HB 222. Subject to voter approval, a county legislative body may impose a local sales and use tax to fund certain rural health care facilities. In 2001, this tax was modified to allow certain cities to also impose this tax. This tax is currently imposed at a rate of up to 1 percent of the purchase price on transactions subject to the state's sales and use tax laws. In addition to sales exempt in state sales tax law, grocery food sales are also exempt from this tax.

TOWN OPTION & CITY OR TOWN OPTION SALES AND USE TAX

Beginning January 1, 1998, a town that imposed a license fee or tax on businesses based on gross receipts under Section 10-1-203 on or before January 1, 1996, may impose a sales and use tax up to 1 percent. Currently, Snowville is the only town imposing this tax. Additionally, beginning January 1, 2009, certain qualifying cities or towns may impose a separate sales and use tax up to 0.2 percent. Currently, only a small number of cities and towns have qualified and chosen to implement this tax. In addition to sales exempt in state sales tax law, grocery food sales are also exempt from these taxes.

RESORT COMMUNITIES SALES AND USE TAX

The Resort Communities Sales Tax was established in 1984. Municipalities whose transient room capacity is greater than or equal to 66 percent of the permanent census population may impose the Resort Communities Sales Tax. Qualifying municipalities may impose a tax up to 1.1 percent of the purchase price on transactions where the state sales tax is applied. An additional 1/2 percent may also be imposed, upon voter approval, or if the municipality imposed a license fee or tax on businesses based on gross receipts under Section 10-1-203 on or before January 1, 1996. In addition to exemptions provided for under the state sales tax law, sales of grocery food, motor vehicles, aircraft, watercraft, modular homes, manufactured homes, and mobile homes are also exempt from this tax.

MUNICIPAL ENERGY SALES AND USE TAX

The Municipal Energy Sales and Use Tax was established by HB 461 in 1996. This tax allows municipalities to impose a sales and use tax on the delivered value of taxable energy of up to 6%. MIDA and the Point of the Mountain State Land Authority may also levy this tax. The portion of a tariff for electricity produced from a new source of alternative energy that is higher than the tariff for other energy is exempt from this tax.

STATE CORRECTIONAL FACILITY SALES AND USE TAX

The State Correctional Facility Sales Tax was established in 2015. This local option tax under the Impacted Communities Tax Act allows a city or town where a new state correction facility with a capacity of 2,500 beds and constructed on or after May 12, 2015, to impose a local option sales tax of up to 0.5 percent. In addition to exemptions provided for under the state sales tax law, sales of grocery food, motor vehicles, aircraft, watercraft, modular homes, manufactured homes, and mobile homes are also exempt from this tax. Currently, Salt Lake City (which began imposing this tax in 2018) is the only city imposing this tax.

FAIR PARK SPECIAL EVENT SALES TAX

The Fair Park Special Even Sales Tax was established by SB 187 in 2023. This tax allows the State Fair Park Authority to impose a fair park special event sales tax up to 1.5% of the purchase or sales price of alcoholic beverages, food and food ingredients, and prepared food that occur at a special event on fair park land, except within a qualified hotel, for which a special event permit is obtained under §59-12-106. This tax has not yet been imposed as of the publication of this report.

UTAH CODE: [59-12 Part 23](#)

CAPITAL CITY REVITALIZATION SALES AND USE TAX

The Capital City Revitalization Sales and Use Tax was established by SB 272 in 2024. This tax may be imposed within a first class city within a first class county at a rate of 0.5% on all taxable transactions except exempt transactions under Section 59-12-104, the sale of a motor vehicle, aircraft, watercraft, modular home, manufactured home, mobile home, or food and food ingredients. This bill requires the tax to be imposed on or before December 31, 2024 and limits the period that the tax is imposed to 30 years. Notice requirements under Section 59-12-403 apply. This directs the Tax Commission to distribute revenue collected from this tax to applicable local government unless the revenue is collected within the Utah Fairpark Area Investment and Restoration District (district) sales tax area in which case the revenue shall be distributed to the Fairpark District.

2 A statewide 2.5% tax on all short-term leases and rentals of motor vehicles not exceeding 30 days. There is an exception for rental vehicles replacing a motor vehicle that is being repaired due to a repair or insurance agreement or a motor vehicle rented as a personal household goods moving van.

3 Beginning on July 1, 2008, the state shall impose a tax within a city, town, or the unincorporated area of a county of the first or second class if, on January 1, 2008, there is a public transit district within any portion of that county of the first or second class. The rate is up the difference between 0.3% and the rate being charged for certain public transit taxes within that locality (see 59-12-2003), but not to exceed 0.3%. Revenues are distributed to the public transit district within that locality. Currently only imposed in Davis and Weber Counties

4 This tax is often referred to as the "ZAP" (zoo, arts, parks) tax. A county legislative body of any county may impose a sales and use tax of 0.1% to fund recreational and zoological facilities and botanical, cultural and zoological organizations in that county. Beginning July 1, 2001, cities and towns located within a second, third, fourth, fifth or sixth class county may also impose a 1/10 of 1% "zoo and arts tax" subject to voter approval unless it is located in a county which already imposes such a tax.

5 A county legislative body of any third, fourth, fifth or sixth class county or any city within a third, fourth, fifth or sixth class county may impose a local sales and use tax of up to 1% to fund "rural health care facilities". Beginning July 1, 2001, if a city imposes a rural hospital tax, the county in which the city is located may impose a rural hospital tax in all areas of the county except the city. Currently, Beaver City, Daggett County, Garfield County, and Kane County impose this tax at 1%.

6 Beginning January 1, 1998 a town may impose a sales and use tax up to 1%. Snowville is the only town imposing this tax. Beginning January 1, 2009 certain qualifying cities or towns may impose a sales and use tax up to 0.2%. South Salt Lake and Riverdale are the only localities imposing this tax.

7 A municipality may levy the resort communities tax if the transient room capacity of the municipality is greater than or equal to 66% of its U.S Census population. Qualifying municipalities may impose a tax of up to 1.1%. Effective January 1, 1998 qualifying resort communities may impose an additional 0.5% if a municipality imposed a license fee or tax based on gross receipts on or before Jan 1. 1996. Tax collections shown here include both the resort community tax and the additional resort community tax.

8 A municipality may levy a energy sales and use tax of up to 6% on taxable energy within the municipality.

9 A municipality may levy the state correctional facility sales and tax if the construction of a new state correctional facility has begun within the boundaries of the municipality. Qualifying municipalities may impose a tax of up to 0.5%.

LEGISLATIVE HISTORY OF THE STATEWIDE MOTOR VEHICLE RENTAL TAX

1997

HB 111 Transportation Corridor Funding—Marda Dillree (*Effective July 1, 1997*) Imposes a 2.5% rental tax on motor vehicles that are leased or rented for 30 days or less. Motor vehicles more than 12,000 pounds, moving vans, and motor vehicles leased or rented to replace a vehicle being repaired are exempted from this tax. Revenues must be deposited in the Transportation Corridor Preservation Revolving Loan Fund. The Transportation Corridor Preservation Revolving Loan Fund monies may be used for debt service.

INCOME TAXES

INDIVIDUAL INCOME TAX

INDIVIDUAL INCOME TAX

Utah's Individual Income Tax was enacted in 1931. Originally, Utah's income tax system was a bracketed income tax system, with multiple tax rates depending on individual income tax brackets. It remained a bracketed tax system, with income brackets and tax rates changing over time, until 2008, when the Utah Legislature and the Governor oversaw a significant change to Utah's individual income tax system. The traditional income tax system using multiple rates according to income brackets was changed to a new "single rate" system with a tax rate of 5 percent. In addition, the reforms provided certain nonrefundable and refundable income tax credits that a taxpayer may be eligible to claim, including a taxpayer tax credit, which phases out for incomes over a specific amount. The individual income tax has undergone many changes since both its inception and the 2008 tax reform.

Individual income taxes in Utah are based on state taxable income. State taxable income includes those items includable in state taxable income attributable to or resulting from:

- The ownership in this state of any interest in real or tangible personal property, including real property or property rights from which gross income from mining is derived; or
- The carrying on of a business, trade, profession or occupation in this state.

The state income tax rate is 4.55 percent (beginning tax year 2024). Prior to that, the rate as 4.65 percent for tax year 2023, 4.85 percent for tax year 2022 and 4.95 percent for tax years 2018 through 2021. Revenues from the individual income tax are deposited into the Income Tax Fund to be used to support public and higher education, children, and individuals with a disability. (The Utah Constitution was amended effective January 1, 2021, to expand the use of state income tax revenue. Prior to the amendments, individual income taxes and corporate franchise and income taxes could be used only for public and higher education.)

LEGISLATIVE HISTORY OF INDIVIDUAL INCOME TAX:

1931

SB 113, Individual Income Tax (*Passed March 12, 1931; approved March 20, 1931; in effect May 12, 1931*) This act provided for the manner of filing returns of income and the fee to be paid therefore and was known as the **Income Tax Act of 1931**. It stated that there shall be levied, collected, and paid for each taxable year, including the first taxable year upon the net income of every resident of the State, a tax equal to the sum of the following:

*Tax Rate of Net Income and Offset
Against Real & Personal Property*

<i>Net Income</i>	<i>Percentage</i>
First \$1,000	1.00%
Next \$1,000	1.25%
Next \$1,000	1.50%
Next \$1,000	1.75%
Next \$1,000	2.00%
Next \$1,000	2.50%
Next \$1,000	3.00%
Next \$1,000	3.50%
Over \$8,000	4.00%
Maximum	33.33%

1935

SB 88 Individual Income Tax (*Effective May 14, 1935; retrospective operation to January 1, 1935*) This act increased personal income tax rates; reduced personal exemptions and exemption for dependents; and repealed the filing fee and offset. For taxable year beginning January 1, 1935, gross income included all gains and profits from salaries, wages, property both real and personal, interest, rent, dividends, and securities. Life insurance payments, gift inheritances, interest from state or U.S. obligations, workmen's compensation and health insurance payments were not included in gross income. Allowable deductions were: business expenses, interest paid, taxes paid, losses, bad debts, depreciation, depletion, and contributions. Credits against net income were: \$600 for a personal exemption, \$1,200 for a married couple exemption, and \$300 exemption for each dependent.

*Tax Rate of Net Income in Excess of the
Credits Against Net Income*

<i>Excess Net Income</i>	<i>Percentage</i>
First \$1,000	1.00%
Next \$1,000	2.00%
Next \$1,000	3.00%

Next \$1,000	4.00%
Remainder	5.00%

1941

SB 285 Individual Income Tax (*Passed March 12, 1941; In effect March 17, 1941*) An act relating to the method of computing gross income under the Individual Income Tax Act.

1945

HB 151 Income Taxes and Exemptions (*Passed March 8, 1945; In effect March 13, 1945*) This act related to the payment of individual income taxes and exempted all members of the various branches of the active armed forces and the United Nations from individual income taxes during WWII and for one year after. It excluded all compensation received as service pay during the taxable years 1941, 1942, 1943 and 1944, and for one year after the termination of the war, from gross income.

1947

HB 130 Net Income—Credits (*Effective February 20, 1947*) Special credits against net income for individuals in the military for taxable years 1946-1949; \$2,700 personal exemption and \$3,300 married couple exemption.

SB 156 Franchise and Privilege Taxes (*Passed March 13, 1947; retrospective operation to January 1, 1947*) This bill provided that all revenues from the state income tax and corporate franchise tax be allocated to the Uniform School Fund in support of the public school system.

1951

HB 53 Individual Income Tax (*Effective May 8, 1951*) This act related to common trust funds and trusts created by an employer as part of a stock bonus, pension or profit-sharing plan and the taxation of such trusts and accumulations and distributions there under.

HB 186 Individual Income Tax (*Effective May 8, 1951*) This act provided for an alternative operational tax (short form) in case of resident individuals having a federal adjusted gross income of less than \$5,000, and providing that in lieu of the tax imposed by Chapter 10 Title 80, Utah Code Annotated 1943, the taxpayer may at his option pay a tax equal to ten percent of his federal tax.

SB 44 Individual Income Tax (*Effective February 6, 1951*) This act related to original individual income tax returns and provided that the signature on such returns need not be notarized but shall be deemed under oath.

SB 101 Individual Income Tax (*Effective May 8, 1951*) Provided for the imposition of an income tax on certain income derived by non-residents from sources within the state of Utah and for a credit to Utah residents for income taxes paid in other states.

1955

HB 214 Individual Income Tax (*Effective May 10, 1955*) This bill provided a definition of the term resident for tax purposes; recognition of gain or loss on sale of residence; changed assessment period to three years; extended limitation to six years for failure to report 25% or more of gross income; extended period for tax refunds to three years; credit against net income of nonresidents; application of provisions of the Act after December 31, 1954; provided for reciprocal exchange of information; enacted new sections defining gross income and business expenses and the basis for determination; and defined net income and deductions allowed, credits against net income exemptions, requirements for filing returns, and income of nonresidents from sources within the State.

HB 215 Individual Income Tax—Deductions (*Effective May 10, 1955. Applicable to taxable years beginning January 1, 1955*) Standard deductions in lieu of itemizing were instituted granting that the taxpayer may elect to deduct from gross income: the federal income tax, 10 percent of remaining gross income, and the additional deductions allowable in 1935 (cited above). This amendment also allowed additional deductions to gross income: interest on indebtedness; all taxes except social security payments, railroad retirement payments, estate, inheritance, legacy succession and gift taxes; and federal income taxes. It also increased the dependent exemption from \$300 to \$600.

1957

HB 30 Individual Income Tax—Withholding (*Effective May 14, 1957*) This bill provided for a re-defining of a "dependent" for income tax purposes; provided for a standard deduction for non-resident taxpayers; amended other sections of the individual income tax act to conform to a withholding of tax on wages; provided for the deduction and withholding of individual income tax from wages paid by employers to employees; and provided for the re-imbursement or expenses in inaugurating and administering the withholding provision of this act.

1959

HB 10 Individual Income Tax—Computation of Gross Income (*Effective May 12, 1959; The legislation was applied to taxable years beginning on or after January 1, 1959*). It excluded from gross income payments received under federal old age and survivor's insurance program and annuities for services as a federal civil service employee.

HB 21 Individual Income Tax—Deduction of Gasoline Tax (*Effective May 12, 1959; provisions apply to taxable years beginning on or after January 1, 1959*) This bill provided that motor fuel taxes may be deducted from gross income of the consumer even

though imposed on the refiner, distributor or retailer. This bill also redefined the exemption for dependent children not over 19 years of age and children who are students to conform to the federal tax exemption for such dependents and limited the credit against Utah income tax for taxes paid in other jurisdictions.

HB 93 Individual Income Tax—Withholding by Employers (*Effective May 12, 1959; applies to taxable years beginning on or after January 1, 1959*) This bill provided for the deduction and withholding of individual income tax from wages paid by employers to resident employees; and provided for the reimbursement of expenses in inaugurating and administering provisions of this act.

SB 58 Individual Income Tax (*Effective May 12, 1959*) This act related to withholding of income tax on non-residents and exempting certain employers. Commencing July 1, 1957, every employer making payment of wages to non-resident employees shall deduct and withhold from wages an amount equal to 7 percent of the total amount required to be deducted and withheld by an employer from wages of an employee under the provisions of the Internal Revenue Code of the United States. Any such employer who is to do business within the state of Utah for a period not to exceed 60 days in the aggregate during any calendar year may be relieved from the requirement provided for herein for such period by furnishing to the Tax Commission in advance a certificate so certifying.

1963

(Effective February 20, 1963) The legislation allowed in business expenses to be deducted from gross income, contributions made by an employer to a trust or annuity for the benefit of some or all employees not excluding self-employed individuals.

HB 12 Income Tax Withholding (*Effective May 14, 1963*) This bill provided for the facilitation of tax refunds and the adoption of tax tables for use in tax withholding.

HB 190 Common Trust Funds (*Passed March 14, 1963; in effect March 21, 1963*) This bill provided for common trust funds, tax exemption thereof.

HB 191 Anti-Trust Stock Distribution (*Passed March 14, 1963; in effect January 1, 1962*) Provided that corporate stock distributions required by antitrust laws are not distributions of earnings and profits under Utah income tax.

1965

HB 81 Individual Income Tax—Rates (*Effective January 1, 1966*) This bill provided for an increase in individual income tax rates (by 1% in each bracket) for residents, nonresidents, estates, and trusts.

*Tax Rate of Net Income in Excess of the
Credits Against Net Income of Residents*

<i>Excess Net Income</i>	<i>Percentage</i>
First \$1,000	2.00%
Next \$1,000	3.00%
Next \$1,000	4.00%
Next \$1,000	5.00%
Next \$1,000	6.00%
Remainder	6.50%

HB 196 Individual Income Tax—Deductions (*Effective May 11, 1965*) This act related to deductions from gross income in computation of net income for purposes of income tax and provided for the enactment of a new section to allow deduction of contributions to political parties not in excess of \$25 annually.

1966

This year resident individuals and fiduciaries having gross income exceeding statutory amounts and nonresident individuals and fiduciaries having defined earnings within Utah were addressed. Employers became liable for collection of withholding tax at 14 percent of amount required to be withheld for federal income tax purposes, or for collection according to optional tables adopted by Tax Commission (see Chapter 14, Title 59, Utah Code Annotated, 1953).

1967

HB 87 Additional Personal Exemptions at 65 Years of Age (*Effective May 9, 1967*) This bill allowed an additional personal exemption on individual income tax to persons over 65 years of age.

HB 104 Gross Income on Personal Income Tax (*Effective May 9, 1967*) Legislation inserted 59-14-4(6)—providing that the aggregate of amounts paid by employers for annuity contracts for the benefit of employees is excluded from gross income unless it exceeds the exclusion allowance as set out in the Internal Revenue Code. This amendment brought the Utah Code into conformity with Section 403-B of the Internal Revenue Code.

1968

Employers liable for collection of withholding tax at 14 percent is changed to a percentage "fixed by Tax Commission" (definition changed).

1969

HB 74 Individual Income Tax (*Passed February 20, 1969; Effective January 1, 1968*) This bill provided for clarification with respect to federal retirement annuities exempt from the

tax, for the exemption of certain compensation for service in a combat zone as a member of the military or naval forces of the United States, and for clarification with respect to income acquired by transfer from a decedent.

HB 210 Fiduciary Tax Return (*Passed May 13, 1969; Effective May 13, 1969*) This bill provided that partnership and fiduciary income tax returns need not be notarized.

HB 299 Income Withholding Tax Prepayments (*Passed March 7, 1969; Effective July 1, 1969*) This bill required employers to make advance payments upon their returns when the tax liability is estimated to average \$100 or more per month. It provided for the determination of who shall make prepayments, the amount due at each prepayment, the form of reports, and penalties upon failure to make prepayments as required.

1971

SB 114 Charitable Trusts (*Effective May 11, 1971*) This provided for a charitable trust to amend its governing instrument to conform to a provision of the Federal Tax Reform Act of 1969; prescribed how this may be done; and provided for procedures required in effectuating the purpose of this act.

1973

HB 76 Tax Exemption for POWs and MIAs (*Effective May 8, 1973*) This bill provided for a state income tax exemption for persons who are missing in action or prisoners of war.

SB 29 Utah Individual Income Tax Act of 1973 (*Effective January 1, 1973; applied to taxable years beginning after December 31, 1973*) This legislation reconstituted taxable income according to federal taxable income definitions. Thus, state taxable income equals federal taxable income less retirement income, interest from U.S. Government obligations, and other adjustments. This bill provided for the imposition of an income tax on each resident individual, estate, or trust, measured by federal taxable income, and the imposition of an income tax on each nonresident individual, estate, or trust measured by federal taxable income allocable to Utah; adopted by reference provisions of the federal income tax laws applicable in arriving at income subject to tax; provided for income tax withholding, for administrative procedures, penalties, and sanctions; conformed cross-reference in the Multi-state Tax Compact Act with corresponding sections of the Individual Income Tax Act of 1973; and provided exemption from corporate franchise tax for an electing small business corporation if the shareholders are subject to tax under the Individual Income Tax Act of 1973. The bill took effect at midnight on December 31, 1973, except that it applied only to income tax liability for taxable years beginning after December 31, 1973.

- *Amended 59-13-4 and 59-22-2, Utah Code Annotated 1953*

SB 30 Retirement Income Taxation (*Effective July 1, 1973; provisions of this act took effect January 1, 1973*) This bill provides that the unrealized appreciation in securities which are distributed as part of a stock bonus, pension, or profit sharing plan, which constitutes

net unrealized appreciation in securities, shall not be subject to income tax until the securities are sold or exchanged by distributee.

SB 225 Election Campaign Fund Act (*Effective January 1, 1973; applied to taxable years beginning after December 31, 1973*) This bill provided for the optional designation by individuals of payment of \$1 with each such individual's Utah state income tax into an Election Campaign Fund; provided for distribution of this fund; and provided for limitations for the expenditure of the distributions made from this fund.

1973 First Special Session

HB 2 Food Sales Tax Credit to Personal Income Tax (*Effective January 1, 1974*) This act provided a food sales tax credit on personal income tax returns and provided for the appropriation of \$100,000 to the State Tax Commission from the General Fund.

1974

SB 21 Individual Income Tax Penalties (*Effective April 4, 1974; retrospective to tax years beginning on or after January 1, 1973*) This bill related to penalties for failure to file individual income tax on time, including failure to pay this tax as a basis for imposing penalties; and provided for a retroactive date. This act was effective for all taxable years beginning on or after January 1, 1973.

1975

HB 135 Political Contributions on Income Tax Returns (Passed March 5, 1975; Section 1, Transfer of amounts from the election campaign fund to the Uniform School Fund, takes effect upon approval; Sections 2 and 3 take effect on December 31, 1975) This bill provided for transfer to the Uniform School Fund of amounts deposited to the Election Campaign Fund under sections 59-14-19.5 and 59-14-65.5; provided that a similar amount be taken from the General Fund and distributed pursuant to section 59-14-65.5; provided for individuals to designate \$1 to be paid into an Election Campaign Fund; and provided that an amount equal to the total of all designated political contributions for any taxable year shall be transferred from the General Fund to the Election Campaign Fund from revenues generated from the imposition of the sales and use tax.

SB 304 Trust Income Exclusions (*Effective May 13, 1975*) This bill provided for certain adjustments to taxable income of trusts where the primary beneficiary is determined to be mentally retarded.

- *Amends 59-14A-34 and 59-14A-35, Utah Code Annotated 1953*

SB 328 Income Tax Rate Adjustment (*Passed March 13, 1975; Effective January 1, 1975*) This bill provided for an adjustment of income tax rate schedules under the Utah Individual Income Tax Act and provided for the adoption of Internal Revenue Code Sections for establishing Utah taxable income. This bill increased the tax rate on each tax

bracket by $\frac{1}{2}$ of 1% with the exception of those with income over \$4,500 whose tax rate rose $\frac{3}{4}$ of 1% (from 6.5% to 8%).

HB 36 Income Tax Additions, Subtractions, and Credits for Higher Education Savings—

Rep. Fred Hunsaker (*Retrospective to January 1, 2007*) This bill provides that a resident or nonresident estate or trust may subtract qualified investments in the Utah Educational Savings Plan Trust (Trust) from federal taxable income and provides that a trust or estate may include the deduction for 2006 on the 2007 trust return. It allows a nonrefundable income tax credit for investment in the Trust that: (1) may be used only by taxpayers calculating their state income tax under the single rate system (since those taxpayers are unable to take the deduction for amounts invested in the Trust); (2) is equal to the lesser of the actual qualified investment or the maximum qualified investment, multiplied by 5.35%; and (3) may not be carried forward or back.

- *Amends 53B-8a-102, 53B-8a-103, 53B-8a-104, 53B-8a-105, 53B-8a-106, 53B-8a-107, 53B-8a-108, 53B-8a-109, 53B-8a-111, 53B-8a-112, 53B-8a-113, 59-7-105, 59-7-106, 59-10-114, 59-10-201, 59-10-202, 59-10-1202, 59-10-1203;*
- *Enacts 59-10-1206.1, 59-10-1206.9*

SB 223 Tax Amendments—Sen. Wayne Niederhauser (*Effective April 30, 2007*) Income Tax Changes in this bill:

- 1) Retrospective to January 1, 2007, expands the nonrefundable renewable energy tax credit to include some geothermal sources, and removes language reimbursing the Uniform School Fund for nonrefundable renewable energy tax credits taken;
- 2) Authorizes refundable renewable energy tax credits as follows: (1) if an energy system placed in service on or after January 1, 2007, does not use wind, geothermal

- electricity, or biomass equipment capable of producing at least 660 kilowatts of electricity: 10% of the installation costs of the energy system up to a maximum of \$50,000 per unit; and (2) if an energy system placed in service on or after January 1, 2007, uses wind, geothermal electricity, or biomass equipment capable of producing 660 or more kilowatts of electricity, a credit of 0.35 cents for each kilowatt hour of electricity produced for the first 4 years the energy system is in service;
- 3) Repeals the traditional individual income tax based on graduated brackets and rates for tax years beginning on or after January 1, 2008;
 - 4) Reduces the tax rate from 5.35% to 5% on the single rate individual income tax effective for tax years beginning on or after January 1, 2008;
 - 5) Effective January 1, 2008, enacts a nonrefundable tax credit for the single rate individual income tax calculated by multiplying by 6%: (1) the taxpayer's federal standard or itemized deduction; and (2) the state's 75% of the federal personal exemption; and reduces this credit by \$.013 for each dollar that state taxable income exceeds \$24,000 (married filing joint), \$12,000 (single), or \$18,000 (head of household);
 - 6) Effective January 1, 2008, enacts a nonrefundable retirement tax credit for the single rate individual income tax as follows: (1) a credit of \$450 for a person 65 or older and born on or before December 31, 1952; and (2) a credit equal to the lesser of \$288 or 6% of the retirement income for a person under 65 and born on or before December 31, 1952; and reduces both credits by \$.025 for each dollar by which income exceeds \$32,000 (married filing joint or head of household), \$16,000 (married filing separately), or \$25,000 (single);
 - 7) Effective January 1, 2008, requires the apportionment of the nonrefundable taxpayer and retirement tax credits for a nonresident individual or part-year resident individual;
 - 8) Effective January 1, 2008, modifies tax credits for research activities in the state by: (1) increasing the current credit from 6 percent to 7 percent; and (2) allowing a taxpayer to claim an additional nonrefundable tax credit equal to 5 percent of a taxpayer's qualified research expenses for the current taxable year (this 5 percent credit may not be carried forward).

Modifies the carry-forward period authorized for the corporate and individual nonrefundable rural job creation tax credit. For a credit-eligible contribution made before November 1, 2022, the carry-forward remains seven taxable years. For a credit eligible contribution made on or after November 1, 2022, the carry-forward period is limited to four taxable years. Directs the tax commission to disclose a taxpayer’s return and other requested information to the Governor’s Office of Economic Opportunity upon receipt of express written authorization from the taxpayer.
- Amends 59-7-621, 59-10-1038, 63N-4-302, 63N-4-303, 63N-4-305, 63N-4-307, 63N-4-309

- HB 444 Income Tax Revisions – Rep. Robert M. Spendlove** (*Retrospective operation for a taxable year beginning on or after January 1, 2022 except for changes to Section 59-10-114 which have retrospective operation for a taxable year beginning on or after January 1, 2021*) Retrospective for a taxable year beginning on or after January 1, 2022, but on or before December 31, 2025, authorizes a pass-through entity to irrevocably elect for a taxable year to pay tax on behalf of an individual pass-through entity taxpayer on “voluntary taxable income”. Defines “voluntary taxable income” as all pass-through entity income attributable to a Utah resident individual and all Utah-source pass-through entity income attributable to a nonresident individual. Creates an addition to income that

requires the individual pass-through entity taxpayer to add any amount of state tax paid on their behalf by the pass-through entity, to the individual's federal adjusted gross income as reported on the individual's Utah income tax return. Provided the individual adds the amount of the state tax paid on the individual's behalf to federal adjusted gross income, authorizes the individual to claim a nonrefundable individual income tax credit equal to the amount of the tax paid to Utah by the pass-through entity on the individual's behalf. Authorizes a five-year carry-forward for any amount of this credit that exceeds the taxpayer's Utah tax liability. Requires a pass-through entity to report to a pass-through entity taxpayer the total amount of pass-through entity income attributable to the individual and any tax on the income which was paid to any state on the individual's behalf. Requires a pass-through entity to electronically file with the tax commission for each pass-through entity taxpayer for which the pass-through entity paid tax, a Utah Schedule K-1, or similar form designated by the tax commission, on or before the due date of the pass-through entity's Utah income tax return. Imposes a penalty for failure to file a required Utah form Schedule K-1 equal to: \$30 per missing K-1, up to \$75,000 per year if filed between 14 and 30 days late; \$60 per missing K-1, up to \$200,000 per year if filed more than 30 days late but before June 1; and \$100 per missing K-1, up to \$500,000 per year if not filed or filed after June 1. Requires the pass-through entity to remit to the tax commission any tax to be paid on behalf of the pass-through entity taxpayer on or before the last day of the pass-through entity's taxable year. Imposes up to a 10% penalty on a pass-through entity for failure to remit to the tax commission any tax the pass-through entity reported as paid on a Utah Schedule K-1 or similar form.

- *Amends 59-1-401, 59-10-114, 59-10-406, 59-10-1103, 59-10-1402, 59-10-403, 59-10-1403.2;*
- *Enacts 59-10-1044*

SB 39 Mobile Workforce Income Tax Amendments – Sen. Curtis S. Bramble (*Effective for a taxable year beginning on or after January 1, 2023*) Excludes a nonresident individual's wages from being considered Utah source income if for the taxable year: the nonresident individual has no other Utah source income; the nonresident individual is present in Utah to perform employment duties for 20 or fewer days; and the nonresident individual's state of residence does not impose an individual income tax or provides Utah residents a substantially similar exclusion. Provides that this exclusion does not apply to a professional athlete, professional entertainer or performer, a person of prominence who performs services on a per event basis, a real property construction service provider, a key employee under IRC Section 416(i), and an employee of a non-corporate employer who would be defined as a key employee under IRC 416(i) if the term "employee" were substituted for "officer" and the individual is one of the employer's 50 highest paid employees. Exempts an employer from withholding any amount from the wages of a nonresident individual for Utah income tax if the nonresident individual is not present in the state for more than 20 days to perform employment duties for the employer. Provides that an employer may not be subject to a penalty for failure to withhold solely as a result of miscalculating the number of days an individual was present in the state if the employer relied on: a regularly maintained time and attendance system; or certain time, attendance, and travel information provided by the employee. Clarifies that an exemption

from the employer's obligation to withhold from the employee's wages is not an exclusion for the employee from the obligation to pay Utah income tax.

- Amends 59-10-116, 59-10-117, 59-10-402, 59-10-405.5

SB 48 Income Tax Modifications – Sen. Daniel McCay (*Effective March 23, 2022; the changes to Sections 59-10-1019, 59-10-1042, and 59-10-1043 have retrospective operation for a taxable year beginning on or after January 1, 2021*)

Clarifies that when a nonrefundable corporate or individual income tax credit expires or is repealed, a taxpayer may still exhaust any qualified carry-forward of the credit. Modifies the phrase that must be printed in the individual income tax return and instruction booklet from “all state income tax dollars fund education” to “all state income tax dollars support education, children, and individuals with disabilities”. Effective for a taxable year beginning on or after January 1, 2021, specifies that for a Utah income tax return filed jointly, if the nonrefundable retirement tax credit is claimed on the return neither the nonrefundable tax credit for social security benefits nor the nonrefundable tax credit for military retirement can be claimed on the same joint filed return.

HB 54 Tax Revisions - Rep. Steve Eliason (*Effective May 3, 2023*) Retrospective to a taxable year beginning on or after January 1, 2023, reduces the corporate and individual income tax rate from 4.85% to 4.65%; modifies the individual income taxpayer tax credit by authorizing an additional Utah personal exemption in the year of a qualifying dependent's birth; expands eligibility for the social security income tax credit by increasing the phase-out threshold for each filing status as follows: married separate from \$31,000 to \$37,500, single from \$37,000 to \$45,000, head of household from \$62,000 to \$75,000, and married joint from \$62,000 to \$75,000; limits the Utah earned income tax credit to the lesser of: 20% of the federal earned income tax credit that a qualifying claimant is entitled to claim for the current tax year, and the total of the claimants Utah wages reported on form W-2 for the tax year. Subject to approval of S.J.R. 10, Proposal to Amend the Utah Constitution – Income Tax, by a majority of the voters in the next general election, effective January 1, 2025, repeals the state portion (1.75%) of the sales and use tax imposed on amounts paid or charged for grocery food or food ingredients (the local sales and use tax continues to be imposed on amounts paid or charged for grocery food and food ingredients at a rate of 1.25%).

- Amends 59-7-104, 59-7-201, 59-10-104, 59-10-1018, 59-10-1042, 59-10-1044, 59-12-102, 59-12-103, 59-12-108, 63N-2-502, 63N-7-301

HB 56 Tax Assessment Amendments - Rep. Steve Eliason (*May 3, 2023*) This bill: defines terms; requires a county assessor to provide certain assessment data to the commission; establishes a date by which the county assessor must provide the assessment data to the commission; permits the commission to review the county's assessment data and to provide findings and make recommendations to the county; permits the commission to subscribe to a market data service; and establishes requirements for a pass-through entity when filing an amended return. This bill clarifies that the **individual income tax** addition to income does not apply to the amount of tax paid on Utah taxable income that is attributable to an individual by a pass-through entity under §59-10-1403.2(2), if either the income on which the tax was paid is not included in the individual's adjusted gross income, or the tax was paid to another state under a tax that the Tax Commission determines is substantially similar to the Utah tax imposed under §59-10-1403.2(2); specifies that a pass-through entity that elects to pay a tax in

accordance with §59-10-1403.2(2) must file a form and provide information designated by the Tax Commission on or before the last day of the pass-through entity's taxable year; modifies the definition of "final pass-through entity taxpayer" to exclude a business entity, estate, or trust; modifies the definition of "voluntary taxable income" for purposes of the tax described in §59-10-1403.2(2) to exclude income that is taxed by another state, the District of Columbia, of possession of the United States; retrospective for a taxable year beginning on or after January 1, 2022, clarifies that a pass-through entity that elects to pay the tax described under §59-10-1403.2(2), shall provide each individual on behalf of which the tax was paid a statement that recites the amount of tax that: was paid under this election to Utah, was paid to another state under a tax that the Tax Commission determines is substantially similar to the tax described in §59-10-1403.2(2); specifies that if any change is made to a pass-through entity's federal income tax return, either by voluntary amendment or IRS adjustment, the pass-through entity must file with the Tax Commission within 90 days of the amendment or final IRS adjustment: a copy of the amended federal return or IRS adjustment, and an amended Utah return that conforms to the federal amendment or IRS adjustment, and pay or withhold tax on any increase in pass-through entity income resulting from the change. HB 56 also impacts property taxes. For a complete description of these changes please refer to the full bill and the property tax section of this report.

END OF CHAPTER

CORPORATE FRANCHISE AND INCOME TAX

CORPORATE FRANCHISE AND INCOME TAX

The Corporate Franchise and Income Tax was established in 1932 but was not fully operationally defined until 1966. The tax is prepaid for the privilege of doing business in Utah if incorporated or qualified prior to January 1, 1973. Corporations are taxed on a current earnings basis if incorporated or qualified on or after January 1, 1973.

This tax is applicable to all corporations having income allocable to Utah or exercising corporate franchise in the state. For multi-state firms, Utah's tax is determined by apportioning federal taxable income (after Utah income/expense adjustments) by its Utah payroll, sales, and property values relative to everywhere values; or its Utah sales relative to total sales. A taxpayer's method of apportionment depends on its industry. Most taxpayers will be fully phased into single sales apportionment by tax year 2021. Beginning in tax year 2024, the corporate tax rate is 4.55% of Utah apportioned net income, with a \$100 minimum tax per corporation.

The gross receipts tax is an in-lieu tax imposed on gross receipts of corporations other than religious or charitable institutions operating in the state that are not otherwise required to pay income or franchise taxes. The gross receipts tax is also imposed on electrical corporations whose property tax liability was decreased as a result of property tax reductions authorized by the 1995 Legislature.

The radioactive waste tax is assessed on facilities that store, process or recycle radioactive waste in Utah. The tax is a percentage of gross receipts, ranging from 5 to 12 percent depending on the specific type of waste received.

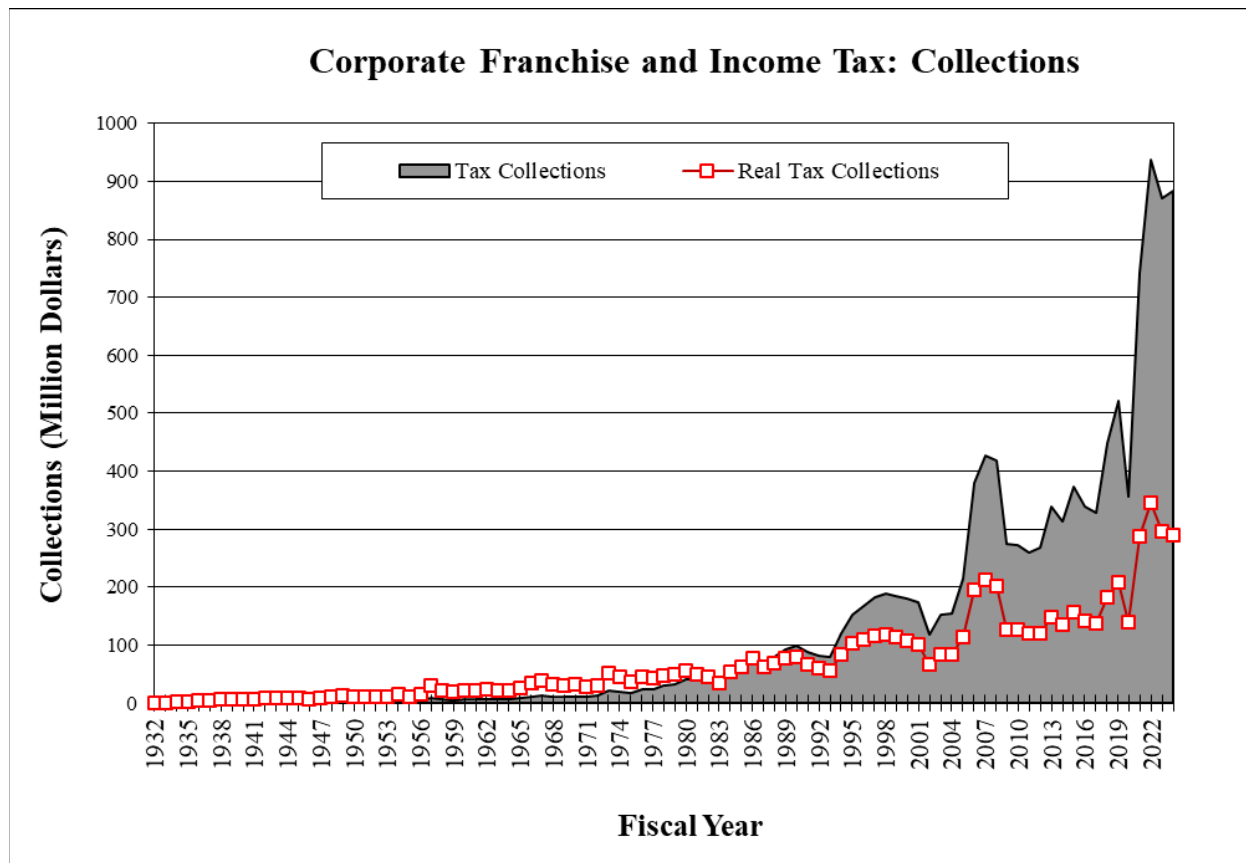

Revenues from the corporate franchise and income tax are deposited into the Income Tax Fund to be used to support public and higher education, children, and individuals with a disability. (The Utah Constitution was amended effective January 1, 2021, to expand the use of state income tax revenue. Prior to the amendments, individual income taxes and corporate franchise and income taxes could be used only for public and higher education.)

HB 162 Amendments Related to Financial Institutions—Rep. J. Alexander (*Effective May 5, 2003*) This bill provides that a credit union may become subject to corporate franchise tax if the credit union has a field of membership that includes all residents of two or more counties, at least two of those counties are counties of the first class, and the Legislature

repeals the corporate franchise tax exemption in the 2005 General Session. This bill provides for an elective competitive equity assessment calculated in accordance with a formula adopted in the 2005 General Session. It establishes a two-year legislative task force to study issues related to credit unions and other financial institutions. Restrictions in the Utah Credit Union Act, in effect on May 5, 2003, should remain in effect until such time for the Legislature to study whether to impose state corporate franchise and income taxes, a competitive equity assessment, or any similar charge on credit unions the size and activities of which require that measures be taken to ensure competitive equity within Utah's financial market. A nonexempt credit union may be subject to corporate franchise and income taxes beginning on the date specified by the Legislature in the 2005 General Session if the Legislature affirmatively states that a nonexempt credit union is subject to corporate franchise and income taxes.

HB 240 Venture Capital Enhancement Act—Rep. P. Wallace (*Effective July 1, 2003*) This bill creates the Utah Capital Investment Board; authorizes the organization of the Utah Capital Investment Corp. and a Utah fund of funds; and provides for the issuance of contingent tax credits to investors in the Utah fund of funds if returns guaranteed on amounts invested in the fund are not met (credit amounts are determined by the board). This bill creates the Utah Capital Investment Board to establish the criteria and procedures for issuance, allocation, and redemption of contingent tax credits to investors by means of certificates issued by the board. The certificates are considered a contract between the board and the investor under which a contingent tax credit is available and issued to the investor. The board and the Tax Commission will make rules governing the form, issuance, and redemption of the certificates. The certificates will be issued in conjunction with an investment in the Utah fund of funds by a designated investor. A contingent tax credit will be certified by the board only if the actual return to the designated investor is less than the return that was targeted at the issuance of the certificate. This bill creates the Utah Capital Investment Corporation to organize the Utah fund of funds and manage seed and venture capital investments. The corporation will solicit investment plan proposals throughout the nation for the raising and investing of capital by the Utah fund of funds.

HB 78 Corporate Franchise and Income Tax Amendments—Rep. Wayne A. Harper

(Effective January 1, 2006) For taxable years beginning on or after January 1, 2006, this bill allows a taxpayer to choose to calculate the apportionment of business income on the basis of a fraction that double weights the sales factor. The fraction is calculated as follows:

1. For a taxpayer that does not make an election, the numerator of the fraction is the sum of:
 - a. the property factor;
 - b. the payroll factor;
 - c. the sales factor;
 and the denominator is three.
2. For a taxpayer that makes an election, the numerator of the fraction is the sum of:
 - a. the property factor;
 - b. the payroll factor; and
 - c. the product of:
 - i. the sales factor; and
 - ii. two
 and the denominator of the fraction is four.

The bill also provides that a taxpayer making such an election may not revoke the election for a period of five taxable years.

HB 96 Amendments Relating to Clean Fuels and Vehicles Using Clean Fuels—Rep. Fred R. Hunsaker

(Effective May 2, 2005) This bill provides the circumstances under which a vehicle may travel in lanes designated for the use of high occupancy vehicles regardless of the number of occupants. For a period of five taxable years, the bill extends individual income tax and corporate franchise and income tax credits relating to vehicles using clean fuels. For taxable years beginning on or after January 1, 2006, a taxpayer may not claim a tax credit with respect to an electric-hybrid vehicle. It extends a surcharge on clean special fuel tax certificates until December 31, 2010. The bill provides that the Department of Natural Resources may not make a loan or grant under the Clean Fuels Conversion Program Act with respect to an electric-hybrid vehicle.

SB 165 Allocation and Apportionment of Income and Deduction of a Net Loss—Sen.

Wayne Niederhauser (*Retrospective to January 1, 2010*) This bill requires the phase in of single sales factor apportionment beginning on January 1, 2011 (fully phased in on January 1, 2013) and prohibits use of the single sales factor apportionment for taxpayers within the following NAICS sectors: (1) 21, Mining; (2) 31-33, Manufacturing; (3) 48-49, Transportation and Warehousing; (4) 51, Information, except NAICS 519, Other Information Services; and (5) 52, Finance and Insurance. Taxpayers prohibited from using the single sales factor apportionment must use either the 3-factor or double-weighted sales factor apportionment methods. This bill repeals the requirement that an election to use the double-weighted sales factor apportionment method is irrevocable for a period of 5 years and provides that a taxpayer shall annually determine whether the taxpayer is required to use or prohibited from using the single sales factor apportionment. A taxpayer with more than one economic activity or that is a unitary group shall determine the NAICS code of the taxpayer based on the activity that accounts for more than 50 percent of the taxpayer's total sales everywhere.

- Amends 59-1-801, 59-7-110, 59-7-302, 59-7-311

HB 268 Sales and Income Tax Amendments – Rep. Brady Brammer (*Effective May 4, 2022 except for change to Sections 59-7-302 and 59-7-303 which have retrospective operation to a taxable year beginning on or after January 1, 2022*) Beginning July 1, 2022, enacts a sales and use tax exemption for sales of a note, leaf, foil, or film, if the item: is used as currency; does not constitute legal tender of any state, the United States, or a foreign nation; and has a gold, silver, or platinum metallic content of 50% or more exclusive of any transparent polymer holder, coating, or encasement. Beginning July 1, 2022, enacts a sales and use tax exemption for amounts paid or charged for admission to an indoor skydiving, rock climbing, or surfing facility, if a trained instructor: is present with the participant, in person or by video, for the duration of the activity; and actively instructs the participant. Retrospective to a taxable year beginning on or after January 1, 2022, modifies the definition of “business income” to mean income that is apportionable under the U.S. Constitution and is not allocated under Utah law, or income that would be allocated to Utah under the U.S. 4 Constitution, but is apportioned rather than allocated under Utah law.

Creates an exception to the current method of determining business and nonbusiness income by authorizing a taxpayer to elect to treat all income derived from the sale of intangible property as apportionable business income. This election is irrevocable for the taxable year and must be made on or before the deadline for filing a return under an extension.

- Amends 59-7-302, 59-7-303, 59-12-104

SB 48 Income Tax Modifications – Sen. Daniel McCay (*Effective March 23, 2022; the changes to Sections 59-10-1019, 59-10-1042, and 59-10-1043 have retrospective operation for a taxable year beginning on or after January 1, 2021.*)

Clarifies that when a nonrefundable corporate or individual income tax credit expires or is repealed, a taxpayer may still exhaust any qualified carry-forward of the credit. Modifies the phrase that must be printed in the individual income tax return and instruction booklet from “all state income tax dollars fund education” to “all state income tax dollars support education, children, and individuals with disabilities”. Effective for a taxable year beginning on or after January 1, 2021, specifies that for a Utah income tax return filed jointly, if the nonrefundable retirement tax credit is claimed on the return neither the nonrefundable tax credit for social security benefits nor the nonrefundable tax credit for military retirement can be claimed on the same joint filed return.

- Amends 59-10-103.1, 59-10-1019, 59-10-1042, 59-10-1043
- Enacts 59-7-538, 59-10-552

SB 59 Tax Amendments – Sen. Daniel McCay (*Effective Date: Retrospective operation for a taxable year beginning on or after January 1, 2022*) Decreases the individual, corporate franchise and income tax rate from 4.95% to 4.85%. Expands the qualification for the social security benefits tax credit by increasing the income based phase-out thresholds for each filing status. Enacts an apportionable nonrefundable state earned income tax credit (EITC) equal to 15% of the federal EITC that the claimant is entitled to claim for the current taxable year.

- Amends 59-7-104, 59-7-201, 59-10-104, 59-10-1002.2, 59-10-1042
- Enacts 59-10-1044

SB 62 Special Needs Opportunity Scholarship Program Amendments – Sen. Lincoln Fillmore (*Changes to Sections 59-7-625 and 59-10-1041 have retrospective operation for a taxable year beginning on or after January 1, 2022*) Modifies the carry-over provisions of the individual and corporate tax credits for donation to a special needs opportunity scholarship program to authorize a one year carry-back in addition to the existing three year carry-forward.

- Amends 53E-7-401, 53E-7-402, 53E-7-404, 53E-7-405, 53E-7-407, 53E-7-408, 59-7-625, 59-10-1041

END OF CHAPTER

INHERITANCE TAX

INHERITANCE TAX

Legislation allowed for the starting of collections of an inheritance tax in 1934. However, it was not until 1935 that a tax mechanism was put into place that depended on the size of the inheritance. Originally this graduated structure called for estates valued between \$10,000 and \$25,000 to be taxed at 3 percent; \$25,000-\$75,000 inheritances to be taxed at 5 percent; \$75,000-\$125,000 inheritances to be taxed at 8 percent; and estates exceeding \$125,000 to be taxed at 10 percent. These rates were modified in 1971 and 1973.

Starting in 1977 an amendment changed the base and rate of inheritance by basing it on the credit available for state estate tax against the federal estate tax. Federal changes phased out the state death tax credit and therefore eliminated Utah's inheritance tax after December 31, 2004. Since there is no longer a federal credit for state death taxes on the federal estate tax return, there is no longer basis for the Utah inheritance tax. As of 2011, Utah inheritance tax returns do not need to be filed.

Utah's estate tax system was commonly referred to as a "pick up" tax. This was because Utah picked up all, or a portion of, the credit for state death taxes allowed on the federal estate tax return (federal Form 706 or 706NA). The Inheritance Tax was equal to the state death tax credit allowed by the Internal Revenue Service on the Federal Estate Tax Return. The tax was applicable to all estates filing a Federal Estate Tax Return, Form 706. Revenues collected from the Inheritance Tax were allocated to the state General Fund.

LEGISLATIVE HISTORY OF THE INHERITANCE TAX:

1935

SB 127 Inheritance Tax (*Effective July 1, 1935*) This act provided for a tax upon estates.

<i>Inheritance tax rate</i>	
<i>Inheritance Range</i>	<i>Tax Rate</i>
\$0 – \$9,999	0.00%
\$10,000 – \$25,000	3.00 %
\$25,000 – \$75,000	5.00 %
\$75,000 – \$125,000	8.00 %
\$125,000 – \$∞	10.00 %

1941

SB 108 Inheritance Tax (*Passed March 5, 1941; In effect May 13, 1941*) An act relating to the determination of the gross estate for inheritance tax purposes and providing that the estate may be valued for such purposes as of the date of the decedent's death or nine months later.

1943

Prior to 1943 only debts of the estate were to be deducted to derive the net taxable estate. The amendment provided certain deductions for certain gifts and for the value of property upon which estate taxes were paid five years prior to the decedent's death.

1947

SB 108 Inheritance Tax (*Effective May 13, 1947*) Legislation included a \$40,000 exemption for property inherited by husband, wife or children of the deceased. The exemptions apply to the 3 percent, 5 percent, and 8 percent brackets.

1963

HB 30 Refunding of Excess Inheritance Tax Paid (*Effective May 14, 1963*) This bill related to inheritance tax and provided for certain procedural changes. It also authorized the refunding of excess inheritance tax paid.

1966

Legislation addressed the transfer of property of decedent and net value of an estate. Safety deposit box inventories required. Information returns required of executors.

- *Chapter 12, Title 59 U.C.A.*

1969

SB 23 Inheritance Tax Revisions (*Effective July 1, 1969*) This amendment included deductions for an allowance up to \$5,000 for the surviving spouse or children and inserted the \$40,000 exemption (from gross income) in Section 59-12-7 UCA. This extended the \$40,000 to all persons (in addition to the husband, wife of children of the deceased) for property inherited from an estate. This bill provided for the tax to be computed on the basis of a taxable estate rather than a net estate; provided for the method of computing the taxable estate; changed the alternative valuation date; provided for inclusion in the gross estate of the family allowance and for a limited deduction in the taxable estate; defined joint tenancy; provided for a different method of recording liens and the contents of such recordation; and repealed section 59-12-41, Utah Code Annotated.

1971

HB 110 Inheritance Tax (*Effective July 1, 1971*) This act imposed an additional tax when such a tax can be taken as a credit against the tax imposed by the federal government. The amendment changed the 1935 rates to those listed on the inheritance tax table. Effective date: "Where the date of death is July 1, 1971 or later."

1973

HB 85 Inheritance Tax Alternative Valuation Date (*Effective July 1, 1973*) This bill provided for changes in alternative valuation date. This act was effective on all estates where the date of death of the decedent is July 1, 1973, or later.

HB 188 Tax Waiver on Stock Transfer (*Effective May 8, 1979*) This act related to transfers of assets held in the name of a decedent, providing conditions when (Utah Inheritance Tax) waivers must be obtained before and executor can transfer assets from a decedent's estate and providing that a tax waiver is not necessary to transfer securities or intangible assets of a nonresident decedent. Repealed Section 59-12-38, Utah Code Annotated 1953.

HB 219 Inheritance Tax Amendment (*Effective July 1, 1973*) The amendment increased the exemption to \$60,000 (from \$10,000) where date of death is on or after July 1, 1973. Therefore, if the taxable estate was not over \$35,000, the tax was 5 percent; if the taxable estate was over \$35,000 but not over \$85,000, the tax was \$1,750 plus 8 percent of the excess over \$35,000; if the taxable estate was over \$85,000, the tax was \$5,750 plus 10 percent of the excess over \$85,000. Deductions from the gross estate were: 1) debts of the estate, 2) property market value received by the decedent upon which estate taxes were paid within five years prior to the decedent's death, 3) all gifts and contributions to the U.S., Utah or other religious, public, charitable, educational, or literary organizations, 4) an exemption of \$60,000.

1977

SB 4 Inheritance Tax Reform (*Effective January 1, 1977*) The amendment changed the base and rate of the inheritance tax by basing it on the credit available for state death taxes against the federal estate taxes. It provided for differentiation between estates of residents and nonresidents. This bill also established the procedures with respect to this tax, its determination, payment and collection. This new law applied to all transfers of property as to which the decedent died on January 1, 1977, or later. The former law applied to all transfers of property wherein the decedent died prior to January 1, 1977.

1978

Estates are required to file a federal estate tax return; nonresident estate must prorate the death tax credit. Sections 59-12A-1 to 59-12A-14, U.C.A., 1953 (definition changed).

1979

SB 198 Inheritance Tax Returns Disclosure (*Effective March 20, 1979*) This bill made it unlawful for certain parties to disclose tax information relating to Utah inheritance tax returns and prescribed penalties for this.

1988

SB 62 Payment Extension for Inheritance Taxes (*Effective April 25*) The legislation provided that when an estate has received an extension for payment of federal estate taxes, the Tax Commission shall grant a similar extension for payment of state estate taxes

EXCISE TAXES

CIGARETTE & TOBACCO TAX

CIGARETTE & TOBACCO PRODUCTS TAX

The cigarette tax in Utah was first imposed in 1933 at a rate of \$.02 per pack of cigarettes. The tobacco tax was established in 1963 at a rate of 56 percent of manufacturer sales prices. Over time the rate for these taxes have undergone many changes and taxes on other tobacco products have been added.

Currently, the cigarette tax in Utah is \$1.70 per package of 20 cigarettes and \$2.125 per package of 25 cigarettes. In addition, tobacco products other than cigarettes are currently taxed at 86 percent of the manufacturer's sales price, while moist snuff is taxed at \$1.83 per ounce and little cigars are taxed at \$.085 per little cigar. In 2020, Utah began imposing a tax on electronic cigarettes of 56 percent of manufacturer's sales price, and in 2021 the state began imposing a tax at this same rate on nontherapeutic nicotine devices and substances. Also in 2021, the state began imposing a tax on alternative nicotine products of \$1.83 per ounce. Revenue from cigarette and tobacco products is also derived from various licenses and fees for distributors on these products.

The first \$7,950,000 of revenue from the cigarette tax each year is deposited in the Cigarette and Tobacco Prevention Restricted Account. Additionally, all revenue from electronic cigarettes, nontherapeutic nicotine devices/substances, and alternative nicotine products is deposited in the Electronic Cigarette Substance and Nicotine Product Tax Restricted Account. The remaining revenue from cigarettes and other tobacco products is deposited into the General Fund.

1 Rough estimates for years 1923 to 1931. These years are prior to the existence of the Utah State Tax Commission. The data in these years are not available from the State Tax Commission. Prior to this time, the Cigarette Tax was administered by the State Treasurer.

2 The law was changed from the retailer buying the stamp to the wholesaler; after this, collections from the tax were more efficient.

3 4¢ / pack effective Feb 19, 1954.

4 First million collected distributed to the Uniform School Fund, the rest of the collections are distributed to the General Fund.

5 Tax on tobacco enacted July 1, 1963 with a rate of 25% of the manufacturer's sales price; 8¢ / pack effective May 15, 1963.

6 Distribution changed: all collections go into the General Fund.

7 10¢ / pack effective July 1, 1979.

8 12¢ / pack effective July 1, 1982.

9 Tobacco tax rate increase to 35% of manufacturer's sales price effective July 1, 1986.

10 23¢ / pack of 20 cigarettes (1.15 cents per cigarette), effective April 27, 1987.

11 26.5¢ / pack of 20 cigarettes (1.325 cents per cigarette), effective July 1, 1991 (HB 227, Cigarette Tax Increase, 1991 Legislative Session)

12 51.5¢ / pack of 20 cigarettes (2.575 cents per cigarette), effective July 1, 1997 (HB 27, Cigarette Tax Increase & Regulation, 1997 Legislative Session)

13 69.5¢ / pack of 20 cigarettes (3.475 cents per cigarette) effective May 6, 2002 (HB 238, Cigarette & Tobacco Tax Amendments, 2002 Legislative Session);

14 HB 238 (2002) did not include a floor tax on inventory; likely some pre-buying of stamps at old tax rate (.5150) for 2003; an estimated 25% pre-bought

15 51.70 / pack for cigarettes (8.5 cents per cigarette) and 86% of manufacturer's sales price for tobacco, effective July 1, 2010 (SB 259, Amendments to Tobacco Tax, 2010 Legislative Session)

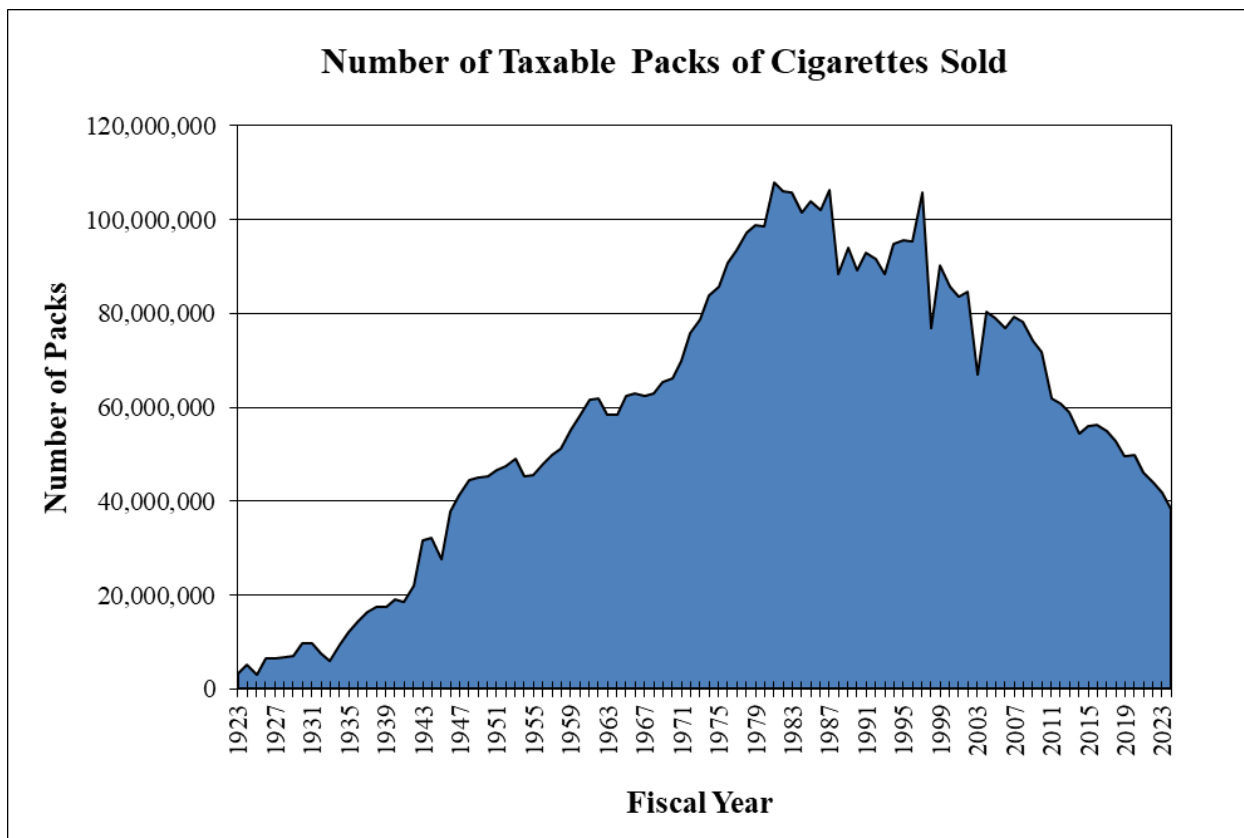

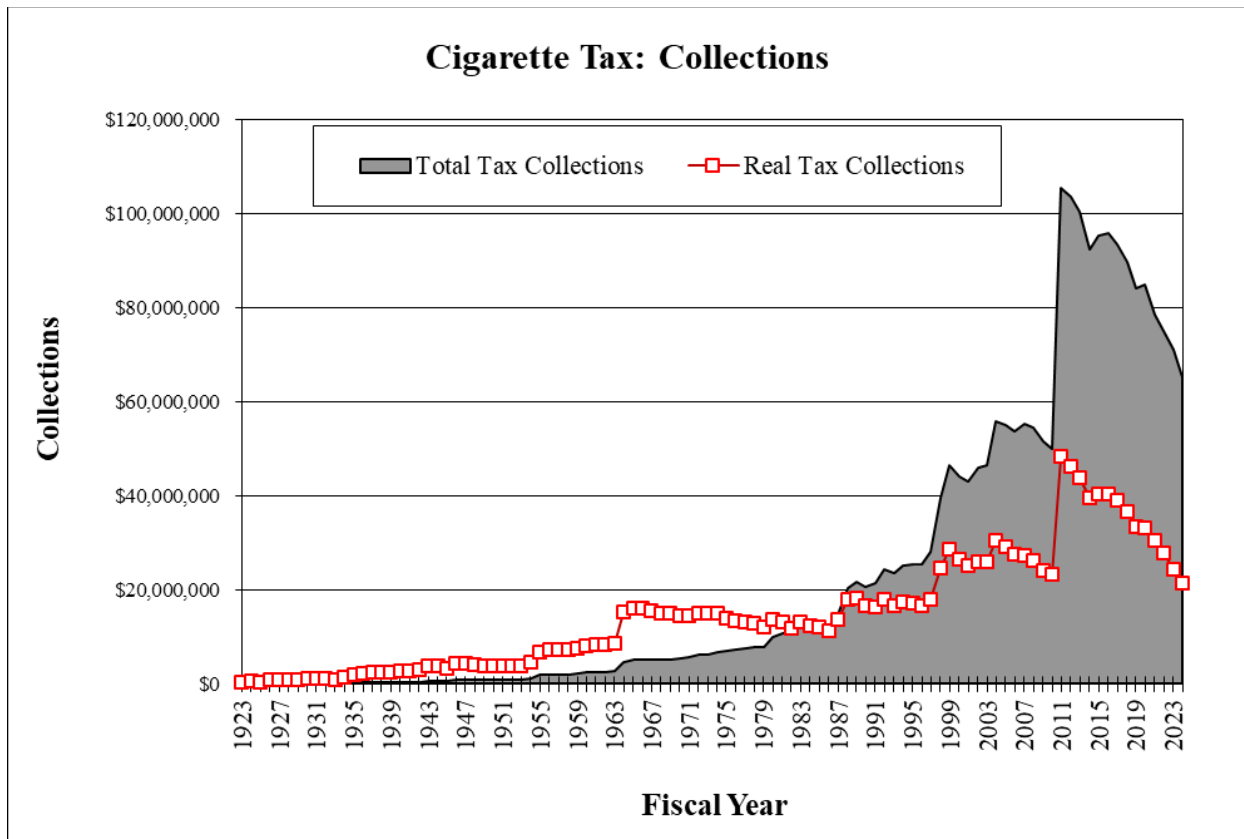

16 SB 37 (2020) imposed a tax of .56 multiplied by the manufacturer's sales price on electronic cigarettes beginning on July 1, 2020 and on nontherapeutic nicotine devices on July 1, 2021

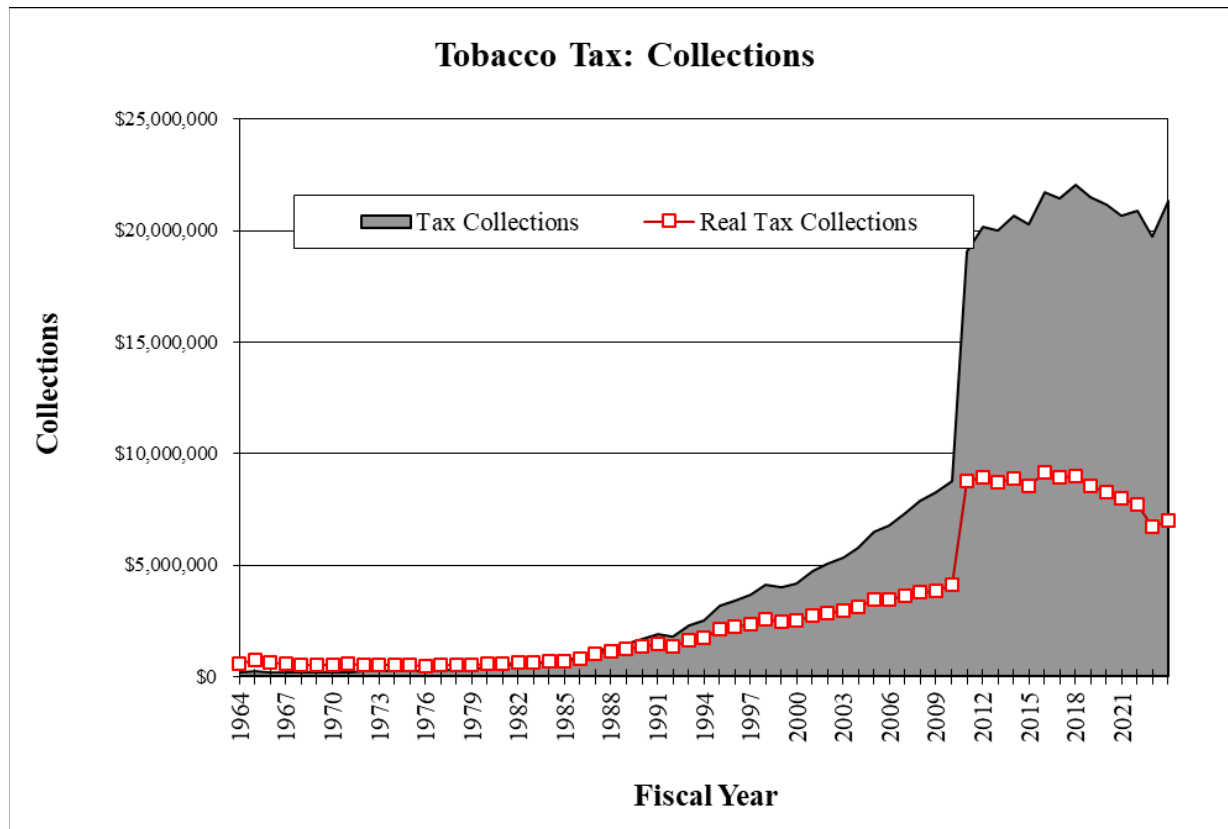

Bolded numbers represent a weighted rate based on when the statutory change was made effective.

Cigarette Tax Collections include amounts earmarked for Cigarette and Tobacco Prevention.

LEGISLATIVE HISTORY OF THE CIGARETTE AND TOBACCO PRODUCTS TAX:

1933

SB 19 Cigarette and Oleomargarine Tax (*Effective August 5, 1933*) Legislation established tax rate at 2 cents per pack (1 mill per cigarette). It also required the jobber or wholesaler to affix the tax stamps to the packages, whereas under the old law the retailer was required to affix the stamps only after the carton was broken. There was also a provision that allowed a 10 percent discount on all purchases of stamps in excess of \$25. An annual license fee of \$10 to sell cigarettes was established. Administration of the tax was transferred over from the State Treasurer to the Tax Commission.

1939

HB 280 Posting Bonds (*Passed March 9, 1939; In effect May 9, 1939*) Amendments to the Cigarette Tax Act eliminated the bond requirement of dealers who buy stock to which the proper stamps have been affixed, and the consequent result of allowing the minimum bond of \$500 to be posted by wholesale dealers whose fidelity has been established.

1941

(Effective October 1941) The Tax Commission required the attachment of non-revenue stamps to cigarettes sold to the United States Government or its agencies, including the canteens and similar commissary establishments at the army posts in Utah.

1943

(Effective June 1, 1943) The Tax Commission eliminated the use of non-revenue stamps on cigarettes covering sales to United States Government or instrumentalities, including the commissaries and canteens on the various military reservations within Utah.

1944

(Effective July 1, 1944) The Tax Commission exempted cigarette sales made to commissioned and non-commissioned officers' messes and clubs and allowed the sale of tax-free cigarettes to military personnel and permanently employed civilians at military posts, camps, stations, etc.

1953 First Special Session

HB 34 Tobacco and Oleomargarine Licenses (*Effective February 18, 1954*) This bill raised the tax on cigarettes weighing not more than three pounds per thousand to 4 cents per pack (2 mills per cigarette), with the additional 2 cents to accrue to the

benefit of the Uniform School Fund. In addition, the discount allowed for purchases over \$25 was decreased from 10 percent to 5 percent.

1963

HB 136 Cigarette Tax Amendments (*Effective July 1, 1963*) This bill provided for an increase in the cigarette and cigarette paper tax and for a tax on all tobacco. The tax on cigarettes was increased to 8 cents per pack (4 mills per cigarette) from 4 cents, and the tax on other tobacco products was established at 25 percent of the manufacturer's sales price. Cigarette papers were taxed at one-half cent for each fifty papers and tubes at one-half cent for each fifty paper tubes. The discount allowed for purchases over \$25 was decreased from 5 percent to 4 percent. The receipts from the cigarette tax are credited in part to the Uniform School Fund and in part to the State General Fund. In addition, the State General Fund also receives the fees from licenses to sell cigarettes.

HB 281 Possession of Tobacco and Alcohol (*Passed March 14, 1963; in effect May 14, 1963*) This act related to the acquisition and possession of tobacco and allied products by persons under age 19. Bill provided for a change in the age of persons who can acquire or possess tobacco or its allied products. Provided for a penalty for improper use of tobacco vending machines and required conspicuous posting of parts of this act on the machines or premises where it is located.

1966

This bill provided for a tax on the sale, use, and storage or consumption of cigarettes and tobacco products. Wholesalers and distributors purchase stamps or use cigarette-stamping machines for payment of tax on cigarettes and cigarette papers. Quarterly returns required of dealers liable for payment of tax on other tobacco products (see Chapter 18, Title 59, U.C.A., 1953).

1969

SB 31 Cigarette Stamp Tax (*Effective July 1, 1969*) This act provided that the proceeds from stamp taxes upon cigarettes and cigarette papers be deposited in the General Fund. (This bill repealed a provision earmarking a portion for the Uniform School Fund).

1977

SB 19 Repeal of Cigarette Paper Excise Tax (*Effective May 10, 1977*) The legislation eliminated the 1 cent tax on cigarette papers (for each fifty papers) and 1 ½ cent tax on paper tubes.

1979

SB 65 Cigarette Tax Increase (*Effective July 1, 1979*) The legislation increased the cigarette tax from 8 cents to 10 cents per pack (5 mills per cigarette).

1982

SB 6 Cigarette Tax Increase—Karl N. Snow (*Effective July 1, 1982*) The legislation provided for an increase on the tax on cigarettes from 10 cents to 12 cents per pack (6 mills per cigarette) for cigarettes weighing not more than three pounds per thousand. For cigarettes weighing more than three pounds per thousand, the tax increased from 10 mills per cigarette to 12 mills per cigarette.

1985

HB 22 Conditional Cigarette Tax Increase—Kaye Browning (*Effective April 29, 1985*) This bill provided for an increase in the rate of excise tax on cigarettes in proportion to future reductions in the federal excise tax.

- *Amends 59-18-4, Utah Code Annotated 1953*

1986

HB 138 Cigarette and Tobacco Tax—Phase II Recodification—Franklin Knowlton (*Effective July 1, 1986*) The tax on tobacco products other than cigarettes was increased from 25 percent to 35 percent of manufacturer's sales price. This bill provided Phase II changes in the cigarette and tobacco licensing and tax laws, including minor policy alterations in order to clarify intent, define terms, or resolve conflicts within and among statutes, and to improve the organization and clarify the code.

1987

HB 35 Cigarette Tax Increase (*Effective April 27, 1987*) The legislation increased the cigarette tax rate by 11 cents per pack. The increase raised the cigarette tax rate to 23 cents (from 12 cents) per pack of 20 (1.15 cents per cigarette).

1990

HB 287 Cigarette Licensing Fees—John L. Valentine (*Effective April 23, 1990*) The legislation unifies cigarette licensing fee procedures.

- *Amends 59-14-201*

1991

HB 227 Cigarette Tax Increase—Lloyd W. Frandsen (*Effective July 1, 1991*) The legislation increased the tax rate on cigarettes from 23 cents to 26 ½ cents per pack.

- *Amends 59-14-204*

1992

HB 191 Revenue and Taxation—Technical Amendments—John L. Valentine (*Effective April 27, 1992*) The legislation made technical amendments to in-lieu fees, reporting of exempt sales, payment of estimated tax, credits for cigarette tax stamps, and the basis of the beer tax.

- *Amends 59-2-405, 59-7-126, 59-12-104, 59-12-105, 59-14-206, 59-15-101*

1997

HB 27 Cigarettes —Tax Increase And Regulation—Jordan Tanner (*Effective July 1, 1997*) The legislation increased the tax levied on cigarettes by 25 cents per pack (from 1.325 to 2.575 cents per cigarette for cigarettes weighing not more than three pounds per thousand and from 1.925 to 3.175 cents per cigarette for cigarettes weighing in excess of three pounds per thousand) and required the Legislature to appropriate \$250,000 from the revenue increase for a tobacco prevention and control media campaign targeted toward children.

- *Amends 59-14-204*

1998

HB 31 Sale of Tobacco Products—Carl R. Saunders (*Effective January 1, 1999*) This act requires tobacco products be sold in a direct, face-to-face exchange with limited exceptions and prohibits local laws inconsistent with state law.

- *Amends 76-10-101, 76-10-105.1*

HB 32 Disclosure of Tobacco Ingredients—Jordan Tanner (*Effective January 1, 1999*) This act requires the Department of Health to obtain certain information regarding cigarettes and tobacco products and to make such information available to the public.

- *Enacts 26-40-101, 26-40-102, 26-40-103*

HB 404 Use of Cigarette Tax—Steve Barth (*Effective July 1, 1998*) This bill created a restricted account known as the “Cigarette Tax Restricted Account”, requiring \$250,000 of the revenues generated by the 1997 cigarette tax increase be deposited annually into the account and used by the Department of Health for a tobacco prevention and control media campaign targeted toward children; this bill made technical changes.

- *Amends 59-14-201, 59-14-202, 59-14-203, 59-14-301, 77-39-101;*
- *Enacts 26-40-101, 26-40-101, 26-40-102, 26-40-103, 26-40-104, 26-40-105, 26-40-106, 26-40-107, 59-14-203.5, 59-14-301.5*

- SB 39 Penalties for Sale of Tobacco to Youth—Robert F. Montgomery** (*Effective May 4, 1998*) The legislation required licenses for cigarette and tobacco products to be renewed every three years at a renewal fee of \$20. The legislation required the Tax Commission to suspend or revoke cigarette and tobacco products licenses as directed by the state Department of Health or any local health department. If a license is suspended, the licensee is prohibited from selling cigarettes or tobacco products at that location for 30 days. If a license is revoked, the Tax Commission may not issue to the licensee, or to the business entity using the license that is revoked, a license to sell cigarettes or tobacco products at that location for one year. Licenses revoked, suspended, or allowed to expire are subject to a \$30 reinstatement fee. The Tax Commission shall provide written notification of the suspension or revocation to the licensee.
- *Amends 59-14-201, 59-14-202, 59-14-203, 59-14-301, 77-39-101;*
 - *Enacts 26-40-101, 26-40-102, 26-40-103, 26-40-104, 26-40-105, 26-40-106, 26-40-107, 59-14-203, 59-14-301.5*

1999

- HB 132 Tobacco Manufacturers Responsibility Act—Patrice M. Arent** (*Effective July 1, 1999*) This act enacts the Model Tobacco Settlement Statute.
- *Enacts 26-44-101, 26-44-201, 26-44-202, 26-44-203*

- HB 375 Tobacco Coordination Provisions—Patrice M. Arent** (*Effective July 1, 1999*) The legislation establishes the enforcement duties of the Department of Health, incorporates key definitions from the Tobacco Settlement Agreement, and establishes a process within the Tax Commission for tracking cigarettes sold in the state by tobacco manufacturers that did not participate in the agreement. This bill is a companion bill to HB 132, which enacted the Model Tobacco Settlement Statute.
- *Amends 26-1-30, 59-1-403, 59-14-401, 63-2-206;*

END OF CHAPTER

BEER TAX

BEER TAX

Between 1920 and 1933 the U.S. Constitution's 18th Amendment outlawed the manufacture, sale, importation and transportation of alcoholic beverages. The first beer tax in Utah was established in Utah in mid-1933 under the 'Export Beer Tax Law' at a tax rate was \$1.00 per 31-gallon barrel of beer although it was only applicable to beer exported to other states since it was still illegal to sell beer within the state. By the end of 1933, the passage of 21st Amendment and Congressional repeal of the 18th amendment, ensured a state's right to enact its own laws to regulate, control, and tax alcoholic beverages. This ended Prohibition and in 1934 Utah enacted a more comprehensive bill that included a \$1.20 per barrel tax on beer imported or manufactured for consumption in the state. Significant changes in the Beer Tax occurred in 1972, 1982, 1984, and 2004.

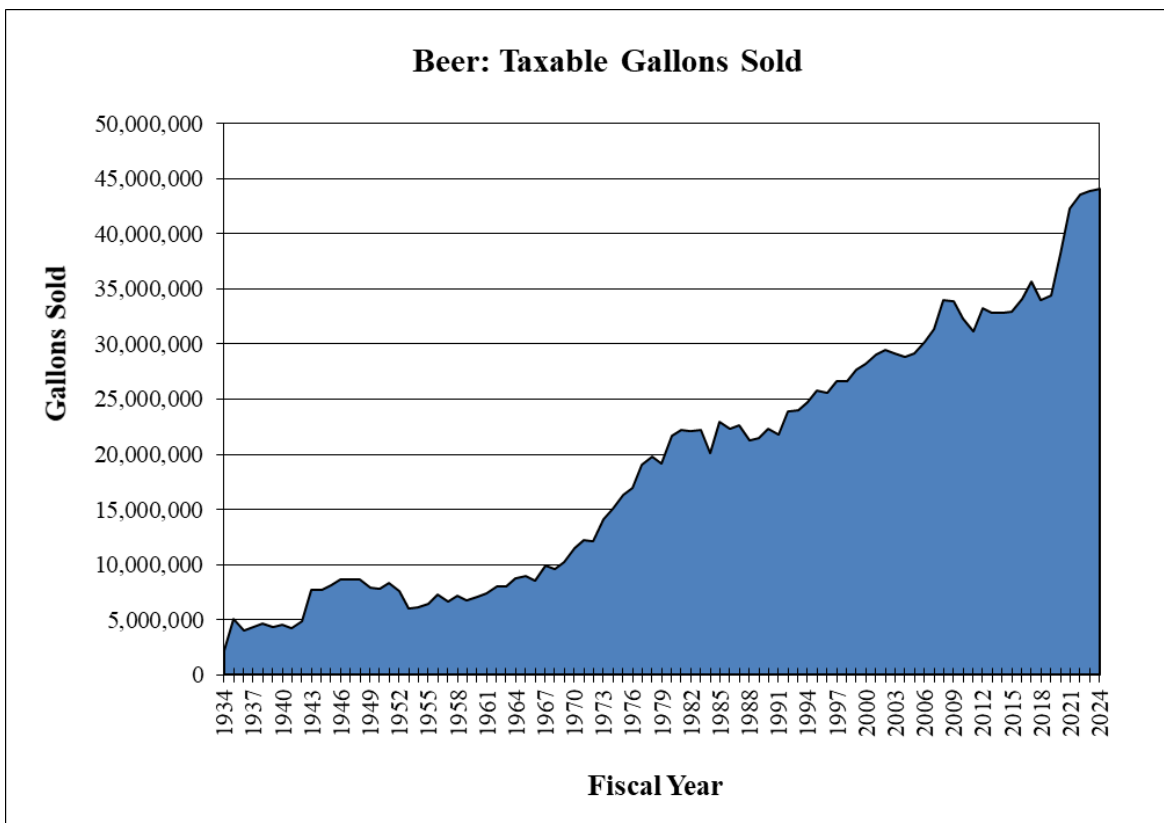

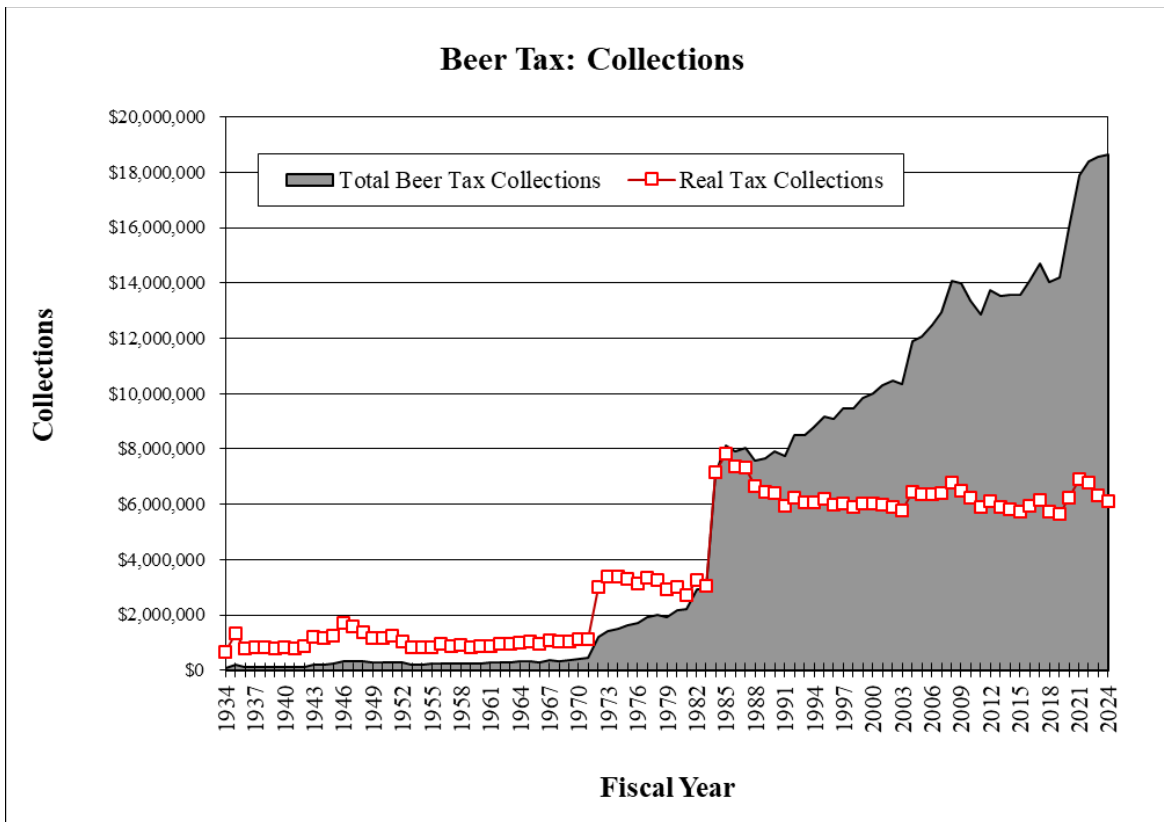

The beer tax rate as of FY2024 is \$13.10 per 31-gallon barrel of beer. Revenue from the beer tax is deposited in the State's General Fund and the Alcoholic Beverage Enforcement and Treatment Restricted Account.

LEGISLATIVE HISTORY OF THE BEER TAX:

1933

SB 115 Manufacturing Certain Beverages for Sale Outside of State (*Effective June 26, 1933*) The first beer tax administered by the Tax Commission was the Export Beer Tax Law, passed at the General Session of the 20th Legislature. The legislation imposed tax upon 3.05 percent alcohol (by weight) beer manufactured in Utah for export and sale in other states where such sale was legal. The sale of beer in Utah was illegal at the time and remained so until the repeal of the prohibitory provision of the State Constitution became effective. The rate of the tax was \$1 per barrel of 31.5 gallons. This bill provided “that such tax constitute a fund for the relief of unemployed residents of the State of Utah.”

1934

(Effective January 1, 1934) Legislation became effective when the constitutional prohibition against intoxicating liquor was repealed at the election of November 1933. It imposed a tax of \$1.20 per barrel upon beer manufactured or imported for consumption in the State of Utah and \$0.60 per barrel upon beer manufactured for export and exported. Provisions were made for the licensing of brewers by the State and of dealers (importers), wholesalers, and retailers by the local authorities and also the State.

1935

HB 41 Liquor Control Act (*Effective March 25, 1935*) The Liquor Control Act established the Liquor Control Commission. The licensing of manufacturers, distributors, and retailers of beer was passed to the Liquor Control Commission. The Tax Commission then became primarily concerned with the collection of the excise tax on beer through the medium of tax stamps of designated values, which must be affixed to all containers of beer. The tax on beer with not more than 3.2 percent alcohol by weight was reduced to \$0.80 per barrel. The tax on beer with more than 3.2 percent alcohol was set at \$1.60 per barrel.

1937

SB 72 Beer – Bonds of Licensees (*Effective May 11, 1937*) This bill amended provisions related to bonds and licenses of persons licensed under the Liquor Control Act and qualifications and certification of persons licensed to sell light beer. This legislation also amended the act to permit the imprinting of the tax stamp on can lids and crowns. The use of crowns and printed labels by brewers and distributors simplified and improved the administration of the law.

1940

The Liquor Control Commission ruled that shipments of liquor and beer to Fort Douglas were out of its jurisdiction and consequently, the Post Exchange, the Officer's Club, and other similar users could ship liquor and beer from another

state into Fort Douglas tax exempt. However, the Tax Commission held that beer sold to the Officer's Club or any similar organization was taxable.

1941

The Tax Commission adopted a beer revenue stamp to cover the excise tax of \$1.60 per barrel on heavy beer containing more than 3.2 percent alcoholic content by weight, and the stamp affixed to the case rather than each bottle.

(Effective December 1, 1941) Regulations modified the taxation of light beer covering beer of less than 3.2 percent alcoholic content by weight.

1944

(Effective July 1, 1944) The Tax Commission allowed refunds on the sale of tax-paid beer to commissioned and non-commissioned officers' messes and clubs operating on a post, camp or station of the United States government in addition to those on sale to regularly established military posts and exchanges.

1945

HB 45 Tax Exemptions *(Effective March 17, 1945)* Legislation eliminated the sales tax on beer.

HB 63 Excise Tax *(Effective May 8, 1945)* Legislation increased the tax rate from \$0.80 to \$1.10 per 31-gallon barrel on light beer (containing 3.2 percent alcoholic content or less by weight) and increased the tax on heavy beer (containing more than 3.2 percent alcoholic content by weight) from \$1.60 to \$4.00 per 31-gallon barrel.

1953

(Effective July 1, 1953) An amendment deleted "shipped or transported or removed for storage or consumption or sale within this state or possessed or consumed therein" and inserted "imported or manufactured for sale, use or distribution in this state."

1968

Brewer is added to the list of distributor and importer as having to file a monthly report (definition expanded).

1971

HB 55 Excise Tax upon Beer (*Effective July 1, 1971*) This act provided for the equalization of the excise tax upon heavy and light beer sold by the barrel. The legislation changed the tax rate to \$3.10 per 31-gallon barrel for all beer (both light and heavy beer).

- Amends 32-6-1

1981

HB 183 Public Intoxication Treatment Act (*Effective July 1, 1981*) The legislation changed the tax rate for all beer from \$3.10 to \$4.12 per 31-gallon barrel.

1983

SB 109 Liquor Law Enforcement Amendments – Sen. Fred Finlinson (*Effective July 1, 1983*) This bill changed the tax rate for all beer from \$4.12 to \$11 per 31-gallon barrel.

- Amends 32-1-6, 32-6-1 and 63-43-3, 32-1-24

1985

SB 108 Alcoholic Beverage Control Act (*Effective July 1, 1985*) This bill established an Alcoholic Beverage Control Commission; established a Department of Alcoholic Beverage Control; provided for the establishment and control of state liquor stores and package agencies and the licensing and control of liquor outlets and alcoholic product manufacturing, warehousing, and wholesaling facilities; provided for the issuance and regulation of special and single event alcoholic product use permits; provided for the collection of beer taxes; established criminal offenses related to alcoholic products; provided penalties for violations of this title; provided a dram shop law; established a Bureau of Narcotics and Alcoholic Beverage Law Enforcement; and provided for issuance of identification cards.

- Enacts Title 32A
- Repeals numerous provisions in Title 16-6

1986

HB 386 Alcoholic Beverage Amendments—Rep. Nolan E. Karras (*Effective March 6, 1986*) The act clarified the markup procedure for liquor sales on military installations. This bill set the markup on liquor sold to military installations at 15 percent above cost, excluding federal excise taxes.

- Amends 32A-1-7

1992

HB 191 Revenue and Taxation—Technical Amendments – Rep. John L. Valentine

(Effective April 27, 1992) The legislation made technical amendments to in-lieu fees, reporting of exempt sales, payment of estimated tax, credits for cigarette tax stamps, and the basis of the beer tax.

- Amends 59-2-405, 59-7-126, 59-12-104, 59-12-105, 59-14-206, 59-15-101

1999

HB 18 Funding Formula for Alcohol Offenses Enforcement—Rep. Nora B. Stephens

(Effective July 1, 1999) This act relates to alcoholic beverages. It requires reporting on the use of certain monies and provides certain procedures.

- Amends 32A-1-115

2002

SB 30 Funding Formula for Alcohol Related Activities of Local Governments—Michael G. Waddoups

(Effective May 6, 2002) This act modifies the requirement that the Legislature appropriate monies to be used by counties and municipalities for specified purposes related to alcohol. The act also modifies how the monies are distributed and provides a mechanism to suspend payments if it is found that a municipality or county is not using the monies for the specified purposes.

- Amends 32A-1-115

2003

SB 66 Alcoholic Beverage Enforcement and Treatment --Sen. M. Waddoups

(Effective July 1, 2003) The legislation increases the beer tax rate from \$11 per 31-gallon barrel to \$12.80 per 31-gallon barrel; provides that the commission shall deposit beer taxes as directed into the Alcoholic Beverage Enforcement Treatment Restricted Account or the General Fund.

- Amends 32A-1-115, 59-15-101, 59-15-109

SB 153 Alcoholic Beverage Amendments—John L. Valentine

(Effective May 5, 2003) This act modifies the Alcoholic Beverage Title including technical changes. The act modifies definitions; modifies provisions related to the administration of the title by the Alcoholic Beverage Control Commission and the Department of Alcoholic Beverage Control; modifies provisions related to state stores; modifies provisions related to package agencies; modifies provisions related to restaurant liquor licenses and airport lounge liquor licenses; enacts provisions providing for limited restaurant licenses; enacts provisions providing for on premise banquet licenses; modifies provisions related to private club licenses including the creation of classes of private club licenses; modifies provisions related to special use permits; amends provisions related to single event permits; modifies provisions related to manufacturing licenses, local industry

END OF CHAPTER

INSURANCE PREMIUM TAX

INSURANCE PREMIUM TAX

The Insurance Premium Tax was established in 1896. Assessment and collection of the tax was transferred from the Insurance Commissioner to the State Tax Commission in 1933. The insurance premium tax is applicable to all admitted insurers on total premiums received from insurance covering property or risks located in Utah. Insurance categories that are a part of this tax include motor vehicle, property, casualty, life, workers' compensation, and title insurance.

The current Insurance Premium tax is 2.25 percent of net premiums on property, casualty, life and other risks located in Utah; 2.26 percent (includes .01 percent to fund relative value study) of motor vehicle insurance premiums for motor vehicle liability, uninsured motorist and personal injury protection; and 0.45 percent of title insurance premiums. The tax rate on workers' compensation insurance is set by the Labor Commission each calendar year and is currently 1.25 percent in 2022. In the case of variable life insurance, the first \$100,000 in premiums is taxed at 2.25 percent and amounts that exceed that amount are taxed at 0.8 percent. Revenue from insurance premium taxes is deposited in the General Fund except for amounts designated to other funds. Other funds that receive revenue from the Insurance Premium Tax include: Workplace Safety, Fire Academy Support, Firemen's Pension, Employer's Reinsurance, Uninsured Employers, and Relative Value Study.

LEGISLATIVE HISTORY OF THE INSURANCE PREMIUM TAX:

1896

Tax on Insurance Companies (*Approved April 5, 1896*) This act provided for taxes on the gross premium receipts of insurance companies and provided for penalties. It required every insurance company doing business in the state to pay annually a tax of 1.5 percent on the gross premium receipts collected from policy holders within the State. It also required every insurance company (by March 31st) to file an annual statement with the Secretary of State showing the gross amount of premiums collected from policy holders and the serial numbers of policies issued during the year.

1933 Second Special Session

SB 81 Firemen's Pension Fund (*Passed March 9, 1933; In effect when Revised Statutes 1933 became effective*) An act relating to the Firemen's Pension Fund; specified who is entitled to receive a monthly pension.

1935

HB 62 Taxation of Insurance Companies (*Passed March 14, 1935; In effective May 14, 1935*) This act related to the Annual Statement and Tax of Insurance Companies; provided that all insurance companies licensed to transact business in this state shall be required to file an annual statement of gross premiums and be required to pay a tax of 2.25 percent (to the State Tax Commission) on or before the thirty first of March on premiums or deposits received or collected during the preceding calendar year.

1937

SB 5 Firemen's Pension Fund (*Passed March 10, 1938; in effect May 11, 1937*) This act provided for distribution of part of monies assessed and collected from fire insurance and life insurance companies and for assessment of salaries of firemen, limited the size of the Firemen's Pension Fund (to \$100,000), provided a schedule for pensions for partial disability, provided for keeping records of injuries, and outlined procedure for determining degree of disability. This bill provided that 10 percent of the tax on life insurance premiums and 25 percent of the tax collected from fire insurance premiums go to the Firemen's Pension Fund.

1939

SB 287 Taxation of Insurance Companies (*Passed March 9, 1939; In effect May 9, 1939*) This act provided that all insurance companies licensed to transact business in Utah are required to file an annual statement of gross premiums and be required to pay a tax.

1941 First Special Session

SB 21 State Insurance Fund (*Passed March 29, 1941; In effect July 1, 1941*) An act relating to Workmen's Compensation Insurance and Providing for the Administration of the State Insurance Fund by the Commission of Finance; enacts new sections.

1943

SB 83 Insurance (*Passed March 8, 1943; In effect May 11, 1943*) An act relating to the taxation of insurance companies, prescribing the rate of taxation of two and one-fourth (2-1/4%) percent of the total premiums received by it during the next preceding calendar year from insurance covering property or risks located in Utah, other than ocean marine, less the amount of all premiums returned to policy holders on direct business in Utah and premiums received for re-insurance of such property or risks and, in the case of life insurance companies, less the amount of annual dividends; ocean marine insurance—a tax or five percent (5%) of its taxable underwriting profit from all insurance written within Utah during the next preceding year upon hulls, freights, or disbursements, or upon goods, wares, merchandise and all other personal property and interests therein, in the course of exportation or importation into any country, or transportation coastwise.

1963

HB 276 Insurance Tax—For Second Injury Fund (*March 14, 1963*) This act related to taxation of insurance companies writing Workmen's Compensation and occupational disease Disability Insurance. It provided for payment of tax equal to one percent of total premiums, to the State Tax Commission, on or before the thirty-first day of March in each year, from the writing of Workmen's Compensation or occupational disease disability insurance. This additional tax shall be credited by the state treasury to the Special Fund and provided for a credit for taxes paid.

SB 90 Workmen's Compensation, Employer Definition (*Effective July 1, 1963*) The legislation provided that the owner of a sole proprietorship may be covered under the Workmen's Compensation Act. It provided for a tax on self-insurers and payment into a special fund. It also provided for credit for payment of tax.

1965

SB 10 Firemen's Pension Fund Transferred (*Effective July 1, 1965*) An act relating to the Firemen's Pension Fund; providing for the transfer of the administration of the fund from the Commission of finance to the Utah State Retirement Board; changing the legal investments of the fund; authorizing the Retirement Board to delegate its authority to hold hearing, permitting health insurance deductions, and the effective date.

1966

The legislation defined this tax as applying to premiums on insurance written in state, and premiums of surplus line brokers. Includes every insurance company doing business in Utah (see Chapter 14, Title 31, U.C.A., 1953).

1968

The legislation excluded premiums of surplus line brokers from definition (definition changed).

1969

HB 13 Nonprofit Hospital Medical-Surgical Dental Insurance Act (*Effective July 1, 1969*)

This legislation added certain nonprofit health service corporations to the tax base.

1971

SB 245 Insurance Companies (*Effective July 1, 1971*) The legislation added a 1 percent tax of total premiums received from insurance written by any insurance fund or funds created by Chapter 100, Laws of Utah 1917. It also increased the tax on workers' compensation premiums from 2.25 percent to 3.25 percent.

1972

Premiums on workers' compensation and occupational disease insurance added and combined injury and benefit fund. (see Section 31-21-2, 35-1-68, U.C.A.-definition expanded).

SB 77 Workmen's Compensation (*Effective July 1, 1973*) An act relating to Workmen's Compensation; reducing the waiting period for benefits; providing increased benefits based upon state average weekly wage; defining state average weekly wage; extending the time period within which to file claim for compensation; extending the statute of limitation; increasing the credit of social security against compensation payments; providing increased payments for rehabilitation; providing to maximum attorneys' fees payable to employers or their carriers in, and for notice to those persons prior to, any action against a third party; limiting widows lump sum benefits and providing an effective date.

SB 78 Occupational Diseases (*Effective July 1, 1973*) An act relating to occupational diseases; provided for increases to the Second Injury Fund.

1973

The legislation increased unemployment tax.

1981

HB 226 Insurance Premium Taxes (*Effective July 1, 1981*) The legislation required quarterly prepayments if prior year's tax was \$3,000 or more. This bill changed the annual due date of taxes paid; fixed the interest on underpayments at 12 percent; provided a penalty of 10 percent for failure to report and pay; and provided exception for insurers with tax obligations of less than \$3,000 for the preceding taxable year.

1983

The legislation expanded the definition of all insurers to include hospital and health services and state insurance fund (workers' compensation), as well as self-insurers for workers' compensation (definition changed).

1985

SB 232 Insurance Law Recodification—Fred W. Finlinson (*Effective July 1, 1986*) This bill recodified the Insurance section of the Utah Code, including the section which provided for the taxation of admitted insurers and non-admitted insurers. The tax was 2.25 percent of net premiums of admitted insurers of property and risks and 3.25 percent on insurers writing workers' compensation insurance (tax rates unchanged since 1971).

1986

SB 91 Insurance Recodification Amendments (*Effective July 1, 1986*) The legislation amended the Insurance Code, including provisions relating to premium and retaliatory tax.

1987

HB 208 Uninsured Employers' Fund Amendments (*Effective July 1, 1987*) The legislation eliminated death benefits paid to the uninsured employers' fund, when a decedent leaves no dependents. Additional sources of funds for the uninsured employers' fund are provided. This bill deleted language which said that effective July 1, 1987, the variable tax provided in Subsection (2)(a) shall be replaced by a flat tax of 3.25 percent.

1988

SB 160 Insurance Premium Tax Amendments (*Effective July 1, 1988*) The legislation exempted public agency insurance mutual policies from the premium tax.

- *Amends 59-9-1*

1989

SB 166 Insurance Code Amendments—Dixie Leavitt (*Effective April 24, 1989*) The legislation increased motor vehicle insurance premium tax by 0.0175 percent to fund Insurance Department relative value study.

SB 13 Employer's Reinsurance Fund Amendments—Richard B. Tempest (*Effective April 23, 1990*) Indexes the Employers' Reinsurance Fund cash reserve in the same manner as the Uninsured Employers' Fund.

1990

HB 210 Tax Payments—Ron Bigelow (*Effective July 1, 1995*) The legislation amends provisions regarding annual returns for self-insurers, installment payments, and penalties.

- *Amends 35-1-53, 59-9-401, 59-9-104*

SB 13 Employers' Reinsurance Fund Amendments—Richard B. Tempest (*Effective April 23, 1990*) Indexes the Employers' Reinsurance cash reserve in the same manner as the Uninsured Employers' Fund.

- *Amends 59-9-101*

1992

SB 185 Insurance Code Revisions (*Effective April 27, 1992*) The legislation allowed the Tax Commission to waive or reduce penalties or interest for surplus lines tax, enacted provisions relating to variable contract accounts, and allowed the Insurance Commissioner to revoke, suspend, or limit a foreign insurer's certificate after administrative proceedings.

1993

HB 155 Fire Academy—John L. Valentine (*Effective July 1, 1993*) Requires the Utah Fire Prevention Board to establish a fire academy to make rules setting guidelines for use of funding and establish criteria for training and safety equipment grants for fire departments enrolled in firefighter certification. The fire academy will provide training and establish a cost recovery fee for training and facilities for paid, volunteer, institutional, and industrial firefighters. The board must establish a cost recovery fee for training commercially employed firefighters. The bill creates the Fire Academy Support Account to fund the academy, and **a certain percent of the annual tax collected on property insurance premiums and life insurance premiums must be deposited in the account.**

- *Amends 49-5-301, 63-27-109;*
- *Enacts 63-29-109.2*

1995

HB 210 Tax Payments—Ron Bigelow (*Effective July 1, 1995*) This bill makes technical corrections to conform insurance premium tax prepayment penalty sections to Section 59-1-401, which governs all tax penalties. Accordingly, insurance premium tax prepayment penalties shall be administered identical to corporate tax prepayment penalties. The bill also moves back the due date for the self-insurers annual return from March 1 to March 31, and changes the insurance premium prepayment due dates from May 1, August 1, and November 1 to April 30, July 31, and October 31.

- Amends 35-1-53, 59-1-401, 59-9-104

SB 117 Workers' Compensation Safety (*Effective July 1, 1996*) The legislation creates the workplace safety account and provides that a portion of the workers' compensation premium be remitted to that restricted account.

1997

HB 14 Self Insured Premium Assessment—Gerry A. Adair (*Effective March 13, 1997*) The legislation created a uniform method for calculating the assessment owed by a self-insured employer who pays workers' compensation directly. The new calculation will consider a safety factor and an experience modification factor in determining a self insurer's total calculated premium subject to the assessment.

- Amends 35-1-53

HB 225 Assessment on Workers' Compensation—Gerry A. Adair (*Effective July 1, 1997*) The legislation permits the Department of Workforce Services to impose an assessment, under certain conditions, on admitted insurers writing workers' compensation insurance and on employers authorized to pay workers' compensation direct. The assessment may be imposed for calendar years beginning January 1, 1998, through December 31, 2000, and shall be collected by the Tax Commission. The Department of Workforce Services shall determine by October 15 of the preceding year whether it will impose the assessment and the rate of the assessment.

2001

HB 59 Workers' Compensation Fund—Kevin S. Garn (*Effective April 30, 2001*) This act allows an employer, whose purchase of insurance arises solely out of the purchase of workers' compensation products and service, to be insured against liability for compensation for job-related injuries through a Workers' Compensation Fund subsidiary. The act exempts the Workers' Compensation Fund from the Open and Public Meetings provisions.

- Amends 31A-33-103.5, 31A-33-104

HB 205 Employer's Reinsurance Fund Special Assessment—Gerry A. Adair (*Effective April 30, 2001*) The legislation reinstates the assessment, which had been allowed to sunset, on

insurers writing workers' compensation in Utah and on employers authorized to pay workers' compensation direct. The legislation provides that the Labor Commission shall determine if the additional assessment may be imposed and the rate at which it will be imposed.

- *Amends 63-55b-159;*
- *Enacts 59-9-101.3. 2001 Utah Laws 290*

HB 233 Property and Casualty Guaranty Association Act—Gerry A. Adair (*Effective April 30, 2001*) This act makes broad changes to Utah's insurance code. It establishes minimum claim amounts, revises definitions such as the definition of a "covered claim," addresses net worth tests for first-party claims; and eliminates the per diem but allows expenses for members of the board of directors. The act also addresses the powers and duties of the board of directors and the state insurance commissioner, and the termination of obligations on covered claims. It allows payment of refunds directly to the State Tax Commission, grants exclusive jurisdiction over claims against the association to the Utah courts, and eliminates classes of assessments. The act also clarifies the association's plan of operation, liabilities, and the annual report submission date.

SB 83 Uninsured Employers' Fund Amendments—Ed P. Mayne (*Effective May 3, 2004*)

This bill clarifies the monies deposited into the Uninsured Employers' Fund; clarifies application of the section to employers that are unable to cover workers' compensation liabilities; modifies the limitation of a three-year period for assessing self-insured employers; and makes technical changes.

- *Amends 34A-2-704*

2005

HB 191 Captive Insurance Law Amendments—Rep. James A. Dunnigan (*Retrospective to January 1, 2005*) This bill eliminates the premium tax on a policy or contract written by a captive insurance company and replaces it with a fee that is paid annually by a captive insurance company to obtain or renew a certificate of authority. It requires the Insurance Commissioner to set the fee in accordance with statute and after considering whether the fee amount is competitive with those in other states. It creates a dedicated credit funded by the fees received by the department from captive insurance companies and designates how monies from the dedicated credit shall be used by the department.

- *Amends 31A-3-304*

HB 195 Insurance Law Amendments—James A. Dunnigan (*Effective May 2, 2005*) This bill modifies various provisions related to the Insurance Code. It addresses general powers and duties of the Commissioner; requires insurers to pay taxes required by Title 59, Revenue and Taxation, to the State Tax Commission; corrects citations; increases from three to five years the amount of time that insurers must maintain certain records; addresses termination of insurance policies by insurers; addresses reporting requirements; addresses unfair marketing practices; extends the sunset date for comparison tables;

- *Repeals a provision related to transitioning prior licensees; and makes technical changes.*
- *Amends 31A-2-201, 31A-5-211, 31A-8-201, 31A-8-301, 31A-21-201, 31A-21-303, 31A-22-633, 31A-23a-402, 63-55-231;*
- *Enacts 31A-3-205;*
- *Repeals 31A-8-302*

OIL & GAS CONSERVATION FEE

OIL & GAS CONSERVATION FEE

The current oil and gas conservation fee is 0.2 percent of the value at the well of oil, gas, and natural gas liquids produced and saved, sold, or transported from the production site. Since its inception in 1955, this rate has lingered around this taxation point. Revenues collected by this fee are currently deposited into the Oil and Gas Conservation Account, which is a restricted account within the General Fund.

Real numbers are based on using the CPI and population of the previous year.

The CPI base period for real numbers: 1982 to 1984 = 100.

Prior to 1982, the tax was collected by another agency.

The fee is equal to .2 % of the value of the oil or gas (Utah Code 40-6-14).

LEGISLATIVE HISTORY OF THE OIL AND GAS CONSERVATION FEE:

1955

HB 262 Assessment—Oil and Gas Wells (*Effective July 1, 1955*) The legislation established an oil and gas conservation tax of 2.0 mills or 0.2 percent on the value of oil, gas, and natural gas liquids. The revenue from the tax was deposited in the General Fund.

1961

(Effective July 1, 1962) The legislation changed the rate to 0.5 mill levy.

1967

(Effective July 1, 1967) The legislation changed the rate to 1.5 mill levy.

1979

(Effective January 1, 1980) The legislation changed the rate to 2.0 mill levy.

1982

The State Tax Commission began collecting the fee in the 1982 fiscal year.

1988

SB 43 Oil and Gas Conservation Amendments—Fred W. Finlinson (*Effective April 25, 1988*) This bill changed the period of confidentiality for well logs. Certain monthly reporting requirements of transporters and refiners are eliminated. The period for payment of oil and gas conservation tax is changed, and the reporting responsibilities of the Division of Oil, Gas and Mining are eliminated.

MINING, OIL, & GAS SEVERANCE TAX

MINING AND OIL & GAS SEVERANCE TAX

Taxation on extracted natural resources was first established in 1937 as 1% of net proceeds of certain minerals. Prior to 1988, this tax was known as the Mine Occupation Tax and included oil and gas as well as non-fuel minerals in a single tax. The 1988 Utah State Legislature separated this tax into two separate taxes: Mining Severance Tax and Oil and Gas Severance tax.

As of 2022, the mining severance tax is 2.6 percent of the taxable value of metals or metalliferous minerals and includes an annual exemption of \$50,000 in taxable value at each mine. Metals or metalliferous minerals subject to this tax include gold, silver, copper, beryllium, lead, iron, zinc, tungsten, uranium, molybdenum and other metalliferous minerals. Coal is not subject to mining severance tax.

The oil and gas severance tax applies to oil, natural gas and natural gas liquids produced in the state. The tax rate ranges from 3 to 5 percent based on the value of the oil or gas and 4 percent for natural gas liquids. The oil & gas severance tax is not imposed on certain types of wells (stripper, wildcat, and development wells). Additionally, there is a tax credit per well equal to the lesser 20% of well recompletion or workover expenses and \$30,000 during each calendar year and a 50% reduction in the tax rate for incremental production achieved from an enhanced recovery project.

Revenues from both severance taxes are deposited into the General Fund, the Permanent State Trust Fund, and various earmarks as directed in Utah Code.

- 1 Real numbers are based on using the CPI and population of the previous year. The CPI base period for real numbers: 1982 to 1984 = 100
- 2 Bold numbers are a weighted percentage based on a one quarter lag and when the statutory change was made effective.
- 3 Numbers shown for 1964 to 1987 are gross collections, except 1983. The average refund for 1969 to 1987 is 0.10%.
- 4 The Mine Occupations Tax was made effective on May 11, 1937. The taxable base was net proceeds which equaled gross proceeds less certain deductions, e.g., transportation and smelting costs.
- 5 Oil & Gas tax rate of 2% effective Jan 1, 1960.
- 6 The sum of Metalliferous Ores and Oil & Gas = Mine Occupation Tax. These breakdown figures were only available starting in 1964.
- 7 Oil & Gas tax rate of 4% effective Jan 1, 1984.
- 8 In fiscal year 1988 the Mine Occupations Tax was changed into two separate taxes: Mining Severance Tax and Oil & Gas Severance Tax (effective Date retroactive to January 1, 1988). 2.4% for Ores. The breakdown figures for fiscal years after 1983 are for net collections; prior years are gross collections before refunds. The refunds for these years are minimal, the average refund for 1969-1987 is 0.10%.
- 9 Tax on Metalliferous minerals was increased to 2.6% on January 1, 1990.
- 10 The severance tax on oil & gas was changed to: 3 percent of the value up to and including the first \$13 per barrel for oil; and 5 percent of the value from \$13.01 and above per barrel for oil. 3 percent of the value up to and including the first \$1.50 per MCF for gas; and 5 percent of the value from \$1.51 and above per MCF for gas (effective date January 1, 1992). 5 percent of the value from \$1.51 and above per MCF for gas (effective date January 1, 1992).
- 11 Beginning in FY1996 for the Uintah Basin Revitalization Fund and FY1997 for the Navajo Revitalization Fund, certain percentages of oil and gas severance tax revenue attributable to a wells with interests held in trust by the United States for the Ute Indian Tribe or the Navajo Nation are deposited into the Revitalization Funds up to statutorily specified maximums (See Utah Code Sec. 59-5-116 and (Utah Code 59-5-119).
- 12 For Fiscal Years 2009-2013 and 2017+ severance tax from Mining and Oil & Gas in excess of statutorily specified amounts is to be deposited into the Permanent State Trust Fund.
- 13 Earmarks include amounts to the Permanent State Trust Fund and beginning in FY22 also include amounts earmarked to one of the following 4 accounts: 1) Division of Air Quality Oil, Gas, and Mining Restricted Account; 2) Division of Water Quality Oil, Gas, and Mining Restricted Account; 3) Division of Oil, Gas, and Mining Restricted Account; and 4) Utah Geological Survey Oil, Gas, and Mining Restricted Account.

LEGISLATIVE HISTORY OF THE MINE OCCUPATION, METAL MINING AND OIL & GAS SEVERANCE TAX:

1937

SB 192 Assessment by State Tax Commission—Mines (*Effective May 11, 1937*) Legislation established a tax on mine occupation at 1 percent of the gross value of (gold, silver, copper, lead, or zinc ore). The taxable base was net proceeds, which equaled gross proceeds, less certain deductions (e.g. transportation and smelting costs). The legislation allowed an annual exemption of \$20,000 in the gross value of ore.

1947

HB 81 Mining Occupation Tax (*Effective May 13, 1947*) This act related to the imposition of a mining occupation tax upon metalliferous mines, the manner of computing said tax, and changed the exemption from \$20,000 to \$50,000.

HB 89 Mining Occupation Tax—Disposition (*Effective May 13, 1947*) This act related to the creation of a Mining Occupation Tax Reserve Fund, and to the crediting of revenues collected from such tax to the said fund and to the General Fund.

1949

HB 178 Mining Occupation Tax (*Effective May 10, 1949*) This bill related to the imposition of a mining occupation tax upon metalliferous mines and determining the manner of computing said tax.

HB 179 Assessment of Property (*Effective May 10, 1949*) This bill imposed a tax on “net annual proceeds” of a metalliferous mine or mining claim.

1955

HB 262 Assessment—Oil and Gas Wells (*Effective July 1, 1955*) The legislation established an oil and gas conservation tax of 2.0 mills or 0.2 percent on the value of oil, gas, and natural gas liquids. The revenue from the tax was deposited in the General Fund. This legislation added tungsten and uranium under the definition of “metalliferous ore” subject to the mine occupation tax (along with gold, silver, copper, lead, or zinc).

1959

SB 89 Occupation Tax on Oil and Gas Wells (*Effective January 1, 1960*) Legislation changed the rate for oil and gas severance (from 1 percent) to 2 percent of net proceeds.

- *Amends 59-5-67, Utah Code Annotated 1953.*

1975

SB 5 Definition of Mining (*Passed March 13, 1975; effective January 1, 1976*) This bill provided definitions of minerals and mining in Title 59:

- 1) “Metalliferous minerals” shall include, but not be limited to, gold, silver, copper, lead, zinc and uranium.
- 2) “Non-metalliferous minerals” shall include, but not be limited to, oil, gas, coal, salts, sand, rock gravel, and all carboniferous materials.
- 3) “Mine” means a natural deposit of either metalliferous or non-metalliferous valuable minerals.
- 4) “Mining” means the process of producing, extracting, leaching, evaporating, or otherwise removing a mineral from a mine.
 - *Amends 59-3-1, Utah Code Annotated 1953*

1983

HB 426 Oil and Gas Tax Amendments—Olene S. Walker (*Effective July 1, 1983*) This bill provided for changes in the procedures for payment and collection of severance taxes.

- *Amends 59-5-66*

1984

SB 112 Occupation Tax Increase—Sen . Bullen (*Effective March 29, 1984; retrospective operation to January 1, 1984*) Legislation increased the occupation tax for oil and gas severance to 4 percent of net proceeds (from 2%).

1985

HB 180 Oil, Gas, and Mining Amendment—Tom Christensen (*Effective April 29, 1985*)

This bill provided that an appeal from the board is not a trial de novo and established the standard of judicial review. It clarified the responsibility for payment of the mill levy when production is taken in kind.

1988

HB 183 Mining Severance Tax Amendments—Jack F. DeMann (*Effective April 15, 1988; retrospective operation to January 1, 1988*) This bill changed the basis and rate of the severance tax on metalliferous minerals. There is a standard deduction for costs and a new rate of 2.4 percent.

- *Amends 59-5-201 through 59-5-304*

SB 60 Severance Tax—Phase II Recodification—Lyle W. Hillyard (*Effective February 9, 1988*) Separates the taxes for metalliferous minerals from the tax on gas and oil. The separation is not to affect anyone's tax liability.

- Amends 59-5-101, 59-5-102, 59-5-104 through 59-5-108;
- Enacts 59-5-201 through 59-5-215;
- Repeals 59-5-116, 59-5-117, 59-5-118, 59-5-103, 59-5-109 through 59-5-115.

1990

HB 63 Oil and Gas Severance Tax Amendments—Ted D. Lewis (*Effective March 12, 1990*) Provides a “net-back method” for computing value for severance tax purposes when no arm's length sale is known.

- Amends 59-7-110.5, 59-5-101, 59-5-102, 59-5-103

HB 110 Severance Tax Incentives for Petroleum Industry Recovery—David M. Adams (*Effective March 13, 1990*) The legislation established oil and gas severance tax rates based on the price of oil and gas grants additional exemptions.

- Amends 59-5-101, 59-5-102

HB 259 Tax Technical Amendments—John L. Valentine (*Effective April 23, 1990*) Makes definitional corrections to the tax code regarding metalliferous minerals, corporate tax collection, and local option sales tax.

- Amends 59-5-201, 59-10-406, 59-10-516, 59-12-205

SB 199 Severance Tax on Metalliferous Minerals—Lyle W. Hillyard (*Effective April 23, 1990*) Amends the formula for determining the severance tax on copper and increases the rate from 2.4% to 2.6%.

- Amends 59-5-202, 59-5-203

1991

Adams (*Effective April 29, 1991*) Moves the enacting date for the graduated severance tax on oil and gas from July 1, 1991 to January 1, 1992, and amends the severance tax rate for natural gas liquids. Provisions establishing an oil and gas incentive credit account are deleted.

- Amends 59-5-102

1993

HB 52 Severance Tax Incentives for Petroleum Industry Recovery—Dan Q. Price (*Effective May 3, 1993*) The legislation extended the sunset date for the severance tax credit for oil and gas well workovers and re-completions from January 1, 1990 to December 31, 1994 and changed to December 31, 1994 to December 31, 1999, and lowered the total credit

allowable from \$50,000 to \$30,000 beginning in 1995, amended definitions used for determining the credit, and makes technical corrections.

1995

HB 71 Severance Tax Penalties—Shirley V. Jensen (*Effective May 1, 1995*) The legislation repealed duplicate penalty provision which imposed interest on interest for underpayment of quarterly estimated and total severance taxes.

- *Amends 59-12-107, 59-5-207*

SB 162 Severance Tax Amendments—Alarik Myrin (*Effective July 1, 1995*) Creates the “Uintah Basin Revitalization Fund”. The legislation determines that fund monies will be used for loans and grants to county agencies and the Ute Tribe for projects in areas affected by mineral resource development. Thirty-three percent of severance taxes on wells existing before July 1, 1995 and eighty percent of the severance taxes on wells beginning production on or after July 1, 1995 will be deposited in the fund. \$400,000 is appropriated to the fund for FY 1995-96.

- *Amends 59-5-101, 59-5-104, 59-5-115, 63A-3-205;*
- *Enacts 9-10-101 to 9-10-108, 9-11-101 to 9-11-108, 59-5-116;*

1996

HB 230 Severance Tax—Indian Tribes—Keele Johnson (*Effective July 1, 1996*) Creates the Navajo Revitalization Fund and a five-member Navajo Revitalization Fund Board. This legislation provides that a portion of severance tax monies derived from oil and gas wells on the Navajo reservation (33% on wells existing on or before June 30, 1996 and 80% on wells beginning production on or after July 1, 1996) be diverted to the fund to be used for loans and grants, leveraged with matching monies, for projects approved by the board benefitting Utah Navajos. Preference is to be given to capital projects, infrastructure, or matching educational endowments. The legislation also requires an annual report on the activities of the fund and board to the Native American Legislative Liaison Committee and the Governor.

- *Amends 59-5-115, 63A-3-205;*
- *Enacts 9-11-101*

HJR 6 Joint Resolution on Severance Tax—Jim Nielson (*Effective January 1, 2013 if approved by a majority of voters in the 2012 general election*) This joint resolution of the Legislature proposes to amend the Utah Constitution to require certain severance tax

revenue to be deposited into the permanent state trust fund. Requires specified percentages of annual severance tax revenue, except amounts required to be deposited into the Uintah Basin and Navajo Revitalization Funds, to be deposited into the permanent state trust fund.

Related Constitutional Amendment approved by Utah Voters:

Constitutional Amendment A, Joint Resolution on Severance Tax (Approved November 6, 2012) requires a portion of the state's severance tax revenue to be deposited into an existing permanent state trust fund beginning July 1, 2016 excluding severance tax revenue that state law designates for use by Indian tribes. The portion to be deposited into the trust fund is 25% of the first \$50 million of annual severance tax revenue, 50% of the next \$50 million, and 75% of all severance tax revenue over \$100 million.

MULTI-CHANNEL VIDEO OR AUDIO SERVICE TAX

MULTI-CHANNEL VIDEO OR AUDIO SERVICE TAX

In 2004 the Utah legislature passed SB 195 which removed multi-channel video or audio services from the sales and use tax based and imposed a separate tax on these services equal to 6.25% of amounts paid or charged. Revenue from this tax, which is remitted by providers of these services, is deposited into the General Fund. Taxpayers are allowed a credit against this tax equal to 50% of the amount of county or municipality franchises fees that the provider pays.

MOTOR VEHICLE TAXES

MOTOR FUEL TAX

MOTOR FUEL TAX

The Utah Legislature enacted the state's first motor fuel tax in 1923 at a rate of 2.5 cents per gallon on all motor vehicle fuels. The rate for this tax has increased significantly since its inception. As of 2024, the motor fuel tax rate is \$0.365 per gallon. Current law provides that the tax rate for motor fuel is recalculated each year and is set at 14.2% of the statewide average rack price of a gallon of motor fuel with some exceptions.

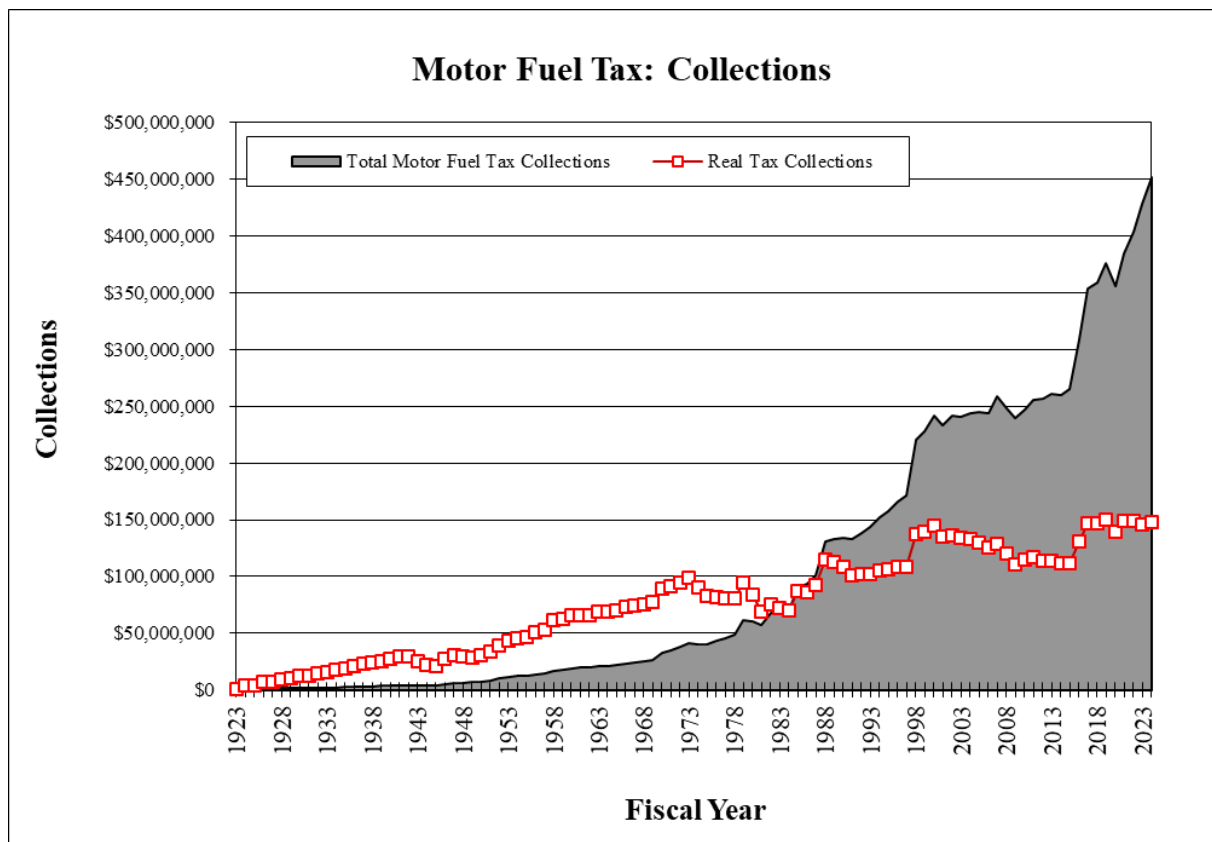

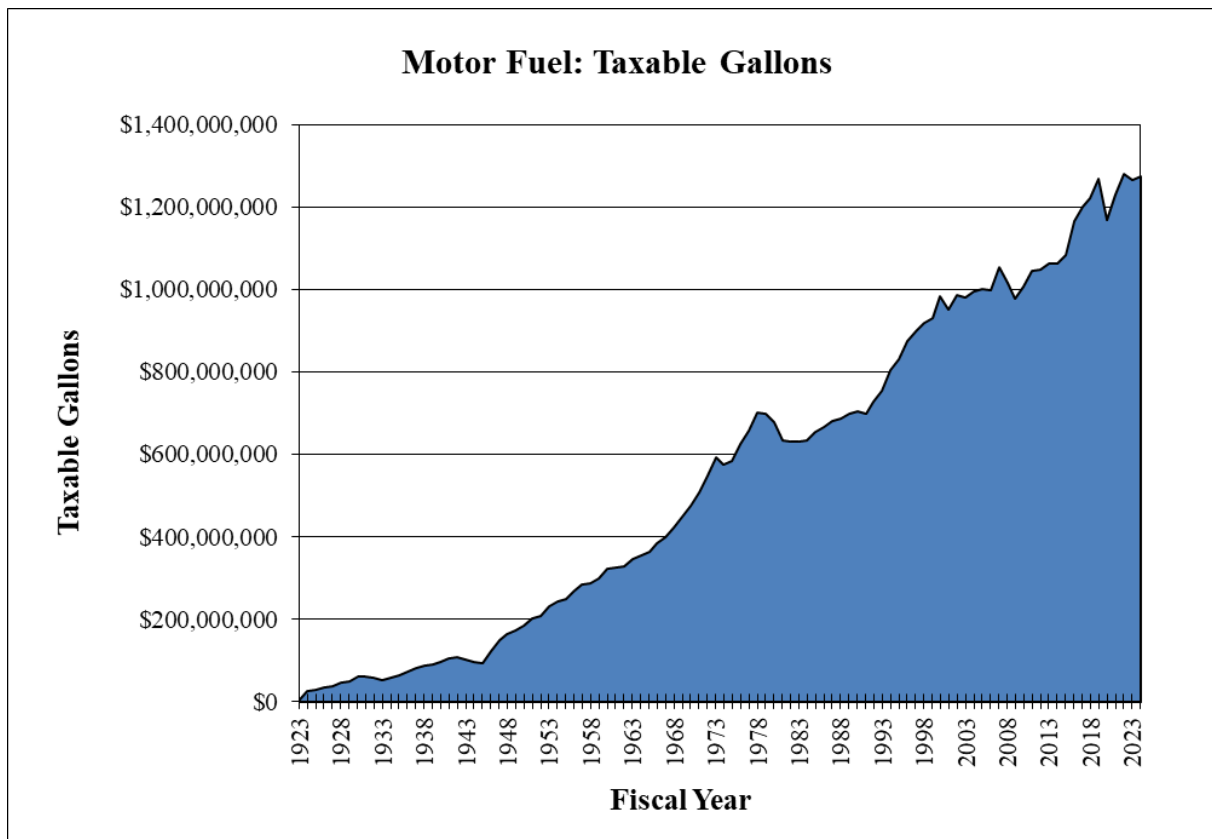

Any motor fuel sold, used, or received for sale or used in the state is subject to this tax. This tax is paid by importers, refiners and distributors who must file returns and pay taxes monthly. A deduction of 2% from the gross amount of taxable motor fuel is allowed to account for all evaporation, loss in handling and expenses of collection. Refunds for off-highway agricultural use can be claimed as a credit on Utah Individual Income or Corporation Franchise tax returns. The majority of motor fuel taxes are deposited in the state's Transportation Fund and used for highway purposes. Some amounts are deposited into the Boat Fuel Tax Account and the Off-Highway Vehicle Account.

Bold numbers are a weighted tax rate based on a one month lag and when the statutory change was made effective.									
Real numbers are based on using the CPI and population of the previous year.									
The CPI base period for real numbers: 1982 to 1984 = 100.									

LEGISLATIVE HISTORY OF MOTOR FUEL TAX:

1923

SB 79 Tax on Motor Vehicle Fuels, and Dealer (*Approved March 8, 1923; In Effect March 8, 1923*) An act requiring distributors of, and dealers in, motor vehicle fuels to obtain a license and levying a tax of 2-1/2 cents per gallon on all motor vehicle fuels sold, or used as provided, in the state except such fuel brought into the state and sold in original packages as purely interstate commerce sales.

1925

HB 108 Tax on Motor Vehicle Fuels—Rep. Keyser (*Effective April 1, 1925*) This act required distributors and retail dealers of motor vehicle fuels to obtain a license. It provided that tax was levied on the sale on motor vehicle fuels regardless of use or purpose. It increased the tax rate to 3-1/2 cents (from 2-1/2 cents) per gallon on the sale or use of motor fuel. The act provided that tax was levied on the sale on motor vehicle fuels regardless of use or purpose.

1931

HB 27 Tax on Motor Vehicle Fuels (*Effective May 12, 1931*) The excise tax on motor vehicle fuels was increased to 4 cents per gallon. Tax base expanded to include municipalities, counties, school districts, and every other arm or branch of state government.

1939

SB 246 Motor Fuels (*Passed March 9, 1939; In effect May 9, 1939*) An act relating to the ascertaining, assessing, collecting and paying of the tax on motor fuels; defines terms and provides for licenses under the act; regulates the administration of, and prescribing penalties for, violations of provisions of the act.

1941

SB 18 Use Fuel Tax Act of 1941 (*Passed February 13, 1941; In effect May 13, 1941*) An act imposing an excise tax on the use of fuel as defined in statute for the propelling of vehicles on the highways of Utah; providing for the issuance of permits to the users of such fuel; revocation of such permits and the right of a fuel user to a hearing before the revocation is effective; requirement of bond to guarantee excise tax; displaying of permit numbers on vehicles if deemed necessary; providing for such levy, assessment and collection of such tax by the Utah State Tax Commission, due date and delinquency date and monthly reports; maintenance of record by users and the auditing of such records; prescribing penalties for delinquency of the tax and reports; prescribing penalties for violation of the provisions of the act; prescribing methods to be used in obtaining information; prescribing additional and arbitrary determination of tax under certain

conditions, providing for hearings before the Tax Commission, prescribing remedies for collection of delinquent payments of obligations; providing for dispositions of the proceeds of the tax; providing for the refund of taxes collected through error.

1943

SB 128 Motor Vehicles (*Passed March 11, 1943; In effect May 11, 1943*) An act relating to monthly reports of sales of motor fuel, reports of carriers of motor fuel imported into Utah, payment of the tax on motor fuel and the allocation of such tax, and providing for penalty for failure to make payment of the tax.

1947

SB 106 Tax Exemptions (*Effective February 17, 1947*) This legislation exempted sales to the United States and its agencies when purchased in quantities of 1,250 or more.

1951

(Effective July 1, 1951) Legislation imposed excise tax of 4 cents per gallon upon all gasoline sold at airports exclusively for airplane use.

SB 3 Motor Fuels (*Passed March 8, 1951; Effective July 1, 1951*) This bill provided for a tax upon the sales and use of motor fuels. “There is hereby levied a tax of five cents per gallon upon the sale or use of all motor fuels sold, used or received for sale or use in this state ...”

SB 4 Motor Fuels (*Effective July 1, 1951*) This bill imposed an excise tax of five cents per gallon on the sale or use of special fuel and provided for certain exemptions from the tax. This bill provided for the issuance of licenses and permits to user-dealers in and users of such fuel; revocation of such permits and licenses; providing for the right of a permittee to a hearing before the revocation is effective; required a bond to guarantee payment of tax; requiring display of permit where necessary; provided for levy assessment and collection of such tax by the State Tax Commission; provided due dates and delinquency dates of such tax and requiring monthly reports, maintenance of records and auditing of such records; prescribed penalties for delinquency of such tax and reports; prescribed penalties for the violation of the provisions of the bill; prescribed methods to be used in obtaining and giving information; prescribed additional and arbitrary determination of tax under certain conditions, provided for hearings before the Tax Commission; prescribed remedies for collection of payments of obligations; provided for the disposition of the proceeds of the tax; provided for the refund of taxes collected through error, and enacted new sections to be known as Sections 57-12-47.10 and 57-12-68.10, Utah Code Annotated 1943, provided for monthly reports by fuel users, provided a penalty and providing for transmission of information to enforcement officials.

SB 78 Motor Fuels (*Effective May 8, 1951*) This bill excepted propane and butane from the definition of motor fuels as therein used and redefined the terms “distributor” and “retail dealer”.

1955

HB 260 Motor Fuels—Tax (*Effective May 10, 1955*) Tax base adjusted to exclude motor fuels sold or used in this state that have been manufactured by low-temperature carbonization or distillation within the state of Utah of coals, oil shale, or hydrocarbons of Utah.

HB 139 Motor Fuels—Evaporation Allowance (*Effective May 10, 1955*) This bill provided for a reduction in the percentage of the gross amount of motor fuels produced, received and sold or received for sale or use to two percent to allow for evaporation and loss in handling and expense and collection.

1957

HB 193 Motor Fuels Tax—Distribution of Receipts (*Effective May 14, 1957*) This act provided that all monies collected under this act shall be credited to the State Highway Construction and Maintenance Fund and that payment of refunds shall come from this fund.

HB 94 Motor Fuels Tax—Amount (*Effective May 14, 1957*) This act increased the tax rate on motor fuel and special fuel to 6 cents per gallon and provided for a 2 percent evaporation allowance.

1959

SB 57 Tax on Motor Fuels—Exemption (*Effective October 1, 1959*) This Legislation allowed refunds of motor fuel taxes to farmers for off-highway agricultural use: "any person who shall purchase and use within the state of Utah any motor fuel for the purpose of operating, running or propelling stationary farm engines and self-propelled farm machinery used solely for non-highway agricultural uses, and who shall have paid the tax on such motor fuel for the purpose of operating, running or propelling stationary farm engines and self-propelled farm machinery used solely for non-highway agricultural uses, and who shall have paid the tax on such motor fuel as provided by this section, shall be entitled to a refund of such tax..."

SB 64 Motor Fuels—Allowance for Loss by Evaporation (*Effective May 12, 1959*) This act required producers and refiners of motor fuel to, at the time of reporting sales and payment of tax, furnish satisfactory evidence that they have paid one-half of the 2 percent evaporation deduction to the retailers on quantities of fuel sold to them.

1963

(Effective May 14, 1963) The legislation exempted the divisions and agencies of the U.S. Government. It also lowered the minimum refund claim to \$10,000.

SB 8 Off-Highway Gas Refund *(Effective May 14, 1963)* This act related to the motor fuel tax refund for off-highway purposes. It amended the form and amount of claims.

1965

SB 80 Tax on Fuels *(Effective May 11, 1965)* This bill deleted the requirement that exempt fuels be manufactured by low temperature carbonization, and provided for the exemption of fuels from bituminous sands.

1967

HB 8 Motor Fuel Tax *(Effective June 1, 1967)* This bill placed the legal incidence of the tax upon the refiner or distributor. The legislation reduced the exemptions to the U.S. Government and agencies to purchases of 1,000 gallons or more and reduced quantity limitation on State agencies from 1,250 to 1,000 gallons. It placed motor fuel tax refunds, on fuel used for non-highway agricultural purposes on a calendar year basis; deleted the two percent deduction from refunds; and provided for deductions from refunds at the rates set forth in state and local sales and use tax laws.

HB 46 Tax on Motor Fuel Used in Boats *(Effective July 1, 1967)* This bill provided for the deposit of tax and receipts from motor fuel used in motor boats in the General Fund and re-determining the amount of motor fuel consumed annual by each motor boat.

SB 27 Motor Fuel Tax—Monthly Reports *(Effective July 1, 1967)* An act relating to the Special Fuel Tax. Deletes requirements that monthly reports be notarized and applying the same penalties on users, as on user-dealers, for failing to file reports.

SB 28 Motor Fuel Tax Returns *(Passed February 24, 1967; in effect July 1, 1967)* This act provided for the deletion of the requirement that returns be notarized.

(Effective June 1, 1967) The legislation appropriated from the motor fuel tax fund to the State Tax commission \$50,000 in addition to any other appropriation provided, to administer the Motor Fuel Tax Act for the first biennium.

(Effective September 1, 1967) The legislation changed farmer gas tax refunds to calendar year filing.

1969

HB 15 Motor Fuel Tax (*Effective July 1, 1969*) This bill provided for redefinition of powers of the State Tax Commission; determination of adjustments to the tax paid, penalty and interest, redetermination and review of finding, period of adjustment limitations, waiver or compromise of penalty and interest, and extended period to prepare proofs for administering the export exemption.

SB 70 Motor Fuels Tax Increase (*Effective July 1, 1969*) This bill provided for an increase of one cent per gallon (to 7 cents per gallon from 6 cents) in the amount of motor fuel tax and special fuel tax imposed on the sale or use of motor fuels and special fuels. Fuel sold at airports exclusively for the use of airports was subject to a 4 cent per gallon tax. Certain exemptions applied and were entitled to a refund.

SB 46 Deposit of Motor Fuel Taxes (*Effective July 1, 1969*) This bill provided for deposit of the tax on motor fuels used in motor boats registered under the State Boating Act in the General Fund as restricted revenues and for deposit of such taxes on motor fuels used in aircraft in the General Fund as restricted revenue; Provided for the transfer of the balance in the Aeronautics Fund to the General Fund.

1977

HB 35 Off-Highway Motor Fuel Refund Procedure (*Effective July 1, 1977*) This legislation changed gas-tax refunds to be claimed on income or corporate franchise returns. This bill provided that the non-highway agricultural motor fuel refund be claimed as a refundable credit on income tax returns.

- Amends 41-11-6

1978

HB 96 Highway Revenue (*July 1, 1978*) This bill provided for an increase of two cents per gallon (from 7 cents to 9 cents) as of July 1, 1978 in the tax upon the sale or use of motor fuels and special fuels.

1979

HB 131 Fuel Tax Exemption Change (*Effective July 1, 1979*) The legislation reduced the minimum requirement for exempt motor fuel sales to government agencies from 1,000 gallons to 750 gallons.

1980

SB 11 Gasohol Motor Fuel Tax Reduction (*Effective April 3, 1980*) This bill provided for a reduced tax of four cents per gallon on gasohol from July 1, 1980, through June 30, 1985.

The legislation provided preferential tax treatment (5 cents less per gallon) on qualifying gasohol.

SB 22 Motor Vehicle Related Fees and Taxes (*Effective July 1, 1980*) This bill revised the fees and taxes for various motor vehicle related items including proportional registration fees, registration fees based on gross laden weight for motor vehicles designed, used, or maintained for transportation of passengers for hire or transportation of property, fees for commercial trailers or semitrailers, fees for certificates of registration or title, dealer plates and various other motor vehicle fees. This bill also impacted **motor fuel** taxes and included hydrogen, electricity, and certain other exotic fuels within the provisions for exemption certificates for vehicles. This bill increased the state license tax that each motor fuel distributing station, place of business or agency paid from \$1 to \$10 and stated that the license shall be valid until such time as a different distributor takes possession of the station, place of business, or agency, unless the Tax Commission earlier has reasonable cause to terminate that license.

SB 29 Transfer of Road Funds (*Effective April 3, 1980*) This bill provided for quarterly distribution of motor vehicle registration fees and part of the excise tax collected on motor and special fuels to the Class B and Class C Roads Account and to the State Collector Road Fund.

1981

(Effective July 1, 1981) Gasohol treatment extended to gasoline blended with 10 percent methanol-based synthetic fuel.

1983

SB 5 Ethanol Tax Amendments – Sen. Bangerter (*Effective September 1, 1983*) The legislation provided for a reduced rate of tax on motor fuel containing "alcohol" as defined in the act. The reduction resulted in a tax of 5 cents per gallon less than the 11-cent rate. The reduced rate does not take effect, however, until and unless there is in Utah an alcohol-manufacturing plan producing commercially at least 1 million gallons of alcohol annually.

1984

(Effective June 30, 1984) The legislation established reduced rate on gasohol expired.

(Effective July 1, 1984) Forty cents per gallon incentive to one million gallons per year to producer on ethanol produced in Utah and sold direct to blender of gasohol for blending into gasohol for sale, use or distribution in the state of Utah.

HB 111 Highway Revenue Amendments *(Effective July 1, 1984)* This act provided for an increase in the tax on motor fuels and special fuels from 11 cents to 14 cents per gallon.

1984 Second Special Session

SB 15 Alcohol Production Incentive Act—Dix H. McMullin *(Effective July 1, 1984)* This bill provided a production incentive for alcohol producers who use alcohol in the production of gasohol. It removed the tax credit given to motor fuel containing ethanol. It directed the State Tax Commission to oversee the licensing and payment of the production incentive and defined the conditions of payment. The bill appropriated \$1,000,000 to fund the incentive and provided a sunset date.

1985

(Effective January 1, 1985) Applies thirty cents per gallon gasohol incentive when federal tax differential increased by 1 cent per gallon.

SB 105 Alcohol Motor Fuel Amendment *(Effective June 30, 1985; Retrospective Operation to July 1, 1984)* The legislation appropriated \$500,000 and amended procedural requirements to facilitate use of the alcohol producer's incentives, and repealed the motor fuel tax reduction for methanol and requirements for alcohol fuel labeling.

HB 301 Transportation Tax Amendments - Rep. Mike Schultz *(Multiple effective dates)*

Effective July 1, 2023 through December 31, 2023, reduces the tax rate on motor fuel and special fuel from 36.4 cents a gallon to 34.5 cents a gallon; effective January 1, 2024, modifies the calculation of the tax on motor fuel and special fuel by reducing the rate multiplied by the statewide average rack price from 16.5% to 14.2%; increases the cap on the statewide average rack price for purposes of the fuel tax calculation, from the current \$2.43 per gallon to: \$2.57 on January 1, 2024, \$2.71 on January 1, 2025, \$2.82 on January 1, 2026, and \$2.96 on January 1, 2028; beginning January 1, 2024, imposes an additional \$7 registration fee on all annual vehicle registrations; imposes an another \$7 registration fee on annual vehicle registrations of electric vehicles, hybrid electric vehicles, plug-in hybrid electric vehicles, and vehicles fueled exclusively by a source other than motor fuel, diesel fuel, natural gas, or propane; imposes an additional \$5 registration fee on all six-month vehicle registrations; directs the Tax Commission to annually adjust these additional registration fees by the percent change in the Consumer Price Index; enacts an electric vehicle charging tax equal to 12.5% of the subscription price or retail sales price of electricity sold by a charging station operator to charge an electric vehicle; requires the charging station operator to provide the purchaser with an itemized invoice stating: the name of the charging station operator, the date of the sale, the total sales price, and the tax amount; requires that an invoice provided by a

charging station operator that charges by either the kilowatt hour or charging time, must also state the number or kilowatt hours sold and the price per kilowatt hour or the length of time the charging station was in use and the price per hour of usage; requires that an invoice provided by a charging station operator that charges a subscription price must also state the subscription price; authorizes a charging station operator to retain 6% of amounts collected from the electric vehicle charging tax as compensation for collection costs; directs the Tax Commission to retain an administrative charge from the revenue collected from the electric vehicle charging tax and deposit all remaining revenue into the Transportation fund; specifies that the Tax Commission shall administer, collect, and enforce the electric vehicle charging tax in accordance with Title 59, Chapter 1, General Taxation Policies, and Title 59, Chapter 12, Part 1, Tax Collection.

SPECIAL FUEL TAX

SPECIAL FUEL TAX

In 1941 the Utah Legislature enacted Senate Bill 18, Use Fuel Tax Act of 1941, which imposed an excise tax at a rate of four cents per gallon on special fuel. The special fuel tax is imposed on any fuel (other than aviation or motor fuel) used in propelling motor vehicles on Utah highways. This includes diesel, bio-diesel, kerosene, blended fuels, compressed natural gas (CNG), liquefied natural gas (LNG), hydrogen and other gaseous and liquid petroleum products. As of 2022, the tax rate for diesel special fuel is the same as for motor fuel which is 31.9 cents per gallon, while the tax rate on CNG/LNG and hydrogen is 17.5 cents per gallon equivalent. Diesel fuel accounts for the majority of revenue from special fuel tax. Propane and electricity are exempt from the special fuel tax as is dyed diesel fuel used for other than highway purposes. The tax rate for diesel special fuel is recalculated annually to equal the motor fuel tax. The special fuel tax rates for CNG/LNG and hydrogen are increased each year to account for changes in the consumer price index.

As with motor fuel tax, this tax is paid by importers, refiners and distributors who must file returns and pay taxes monthly. Revenue from special fuel taxes are deposited in the state's Transportation Fund.

LEGISLATIVE HISTORY OF THE SPECIAL FUEL TAX:

1941

SB 18 Use Fuel Tax Act of 1941 (*Passed February 13, 1941; In effect May 13, 1941*) An act imposing an excise tax on the use of fuel as defined in statute for the propelling of vehicles on the highways of Utah; providing for the issuance of permits to the users of such fuel; revocation of such permits and the right of a fuel user to a hearing before the revocation is effective; requirement of bond to guarantee excise tax; displaying of permit numbers on vehicles if deemed necessary; providing for such levy, assessment and collection of such tax by the Utah State Tax Commission, due date and delinquency date and monthly reports; maintenance of record by users and the auditing of such records; prescribing penalties for delinquency of the tax and reports; prescribing penalties for violation of the provisions of the act; prescribing methods to be used in obtaining information; prescribing additional and arbitrary determination of tax under certain conditions, providing for hearings before the Tax Commission, prescribing remedies for collection of delinquent payments of obligations; providing for dispositions of the proceeds of the tax; providing for the refund of taxes collected through error.

(Effective May 13, 1941) This legislation enacted a “special fuel tax” on fuel other than gasoline used in propelling motor vehicles upon the highways in Utah.

1959

HB 239 Definition of Motor Fuels (*Effective March 18, 1959*) This act provided that special fuels shall include kerosene and other combustible fuels used in aircraft.

1966

Applies to fuel (other than gasoline) used in propelling motor vehicles upon highways in Utah including aircraft fuel. Dealers are required to collect tax on fuel placed in service tanks of motor vehicles. Returns are required of all users. Sections 41-11-49 through 41-11-76, U.C.A., 1953.

1967

Applies to sale or use of special (diesel) fuel. Special Fuels definition included kerosene, distillate, diesel fuel, benzol, butane, propane, or propane-butane mixtures. Diesel fuel sold to trucks is the main contributor to this tax (definition expanded).

1971

SB 58 Special Fuel Tax Permits and Reports (*Effective July 1, 1971*) This act related to the special fuel tax; provided for special fuel permits; provided for reports; and provided exemptions.

1973

HB 214 Propane Gas Fuel Amendments (*Effective May 8, 1973*) This act related to special fuels. It provided for an exemption from the use of certain control devices on propane powered vehicles and a partial exemption from the Special Fuel Tax for owners of propane vehicles. It required a special fuel tax exemption certificate be purchased from the State Tax Commission by owners of propane vehicles desiring to qualify for an exemption from tax. The fee for this exemption certificate was \$36 for vehicles under 16,000 pounds gross unladen weight and \$70.00 for vehicles 16,000 pounds or more gross unladen weight.

1977

SB 50 Special Fuel User Filing and Credits (*Effective July 1, 1977*) This bill allowed user special fuel returns to be filed on a basis other than monthly; and deleted provisions which provided for user special fuel credit to be carried forward to succeeding reports.

1978

HB 96 Highway Revenue (*July 1, 1978*) This bill provided for an increase of two cents per gallon (from 7 cents to 9 cents) as of July 1, 1978 in the tax upon the sale or use of motor fuels and special fuels.

1980

SB 22 Motor Vehicle Related Fees and Taxes (*Effective July 1, 1980*) This bill revised the fees and taxes for various motor vehicle related items including proportional registration fees, registration fees based on gross laden weight for motor vehicles designed, used, or maintained for transportation of passengers for hire or transportation of property, fees for commercial trailers or semitrailers, fees for certificates of registration or title, dealer plates and various other motor vehicle fees. This bill also impacted motor fuel taxes and included hydrogen, electricity, and certain other exotic fuels within the provisions for exemption certificates for vehicles. This bill increased the state license tax that each motor fuel distributing station, place of business or agency paid from \$1 to \$10 and stated that the license shall be valid until such time as a different distributor takes possession of the station, place of business, or agency, unless the Tax Commission earlier has reasonable cause to terminate that license.

SB 29 Transfer of Road Funds (*Effective April 3, 1980*) This bill provided for quarterly distribution of motor vehicle registration fees and part of the excise tax collected on motor and special fuels to the Class B and Class C Roads Account and to the State Collector Road Fund.

1981

SB 98 Highway Revenue Amendments (*Effective July 1, 1981*) This bill provided for an increase in tax on sale or use of motor fuels and special fuels (from 9 cents to 11 cents per gallon); provided for revenue appropriation to cities, towns and counties.

1984

HB 111 Highway Revenue Amendments—Don R. Strong (*Effective July 1, 1984*) This bill provided for an increase in the tax on motor fuels and special fuels (used in propelling motor vehicles upon highways in Utah) from 11 cents to 14 cents per gallon for motor fuels sold, used, or received for sale or use in Utah which were imported to the state or sold at refineries in the state after July 1, 1984; governmental exemption; \$10 entrance permit required for non-registered vehicles; operators and dealers licensed without fee.

1986

SB 26 Special Fuel Permit Exemption—Brent C. Overson (*Effective March 6, 1986*) The legislation exempted some users of motor vehicles powered by special fuels from the permit requirements of this fuel tax; allowed the filing of an affidavit that payment of special fuel taxes was made at the pump under certain circumstances.

- *Amends 41-11-53, Utah Code Ann. 1953*

SB 139 Special Fuel Permit and Fee Amendments (*Effective July 1, 1986*) The legislation removed the requirements that there be a special fuel vehicle permit number for each vehicle using special fuel, required the user of special fuels to obtain a single permit for all vehicles.

- *Amends 41-1a-52, Utah Code Ann. 1953*

1987

SB 73 Motor Fuel Tax—Phase III Recodification (*Effective February 6, 1987*) This legislation is a product of the Tax Recodification Commission. It moved the motor and special fuels tax from the motor vehicle code to the tax code. The bill reorganized and renumbered sections to improve clarity and resolve conflicts. It provided penalties uniform with other tax penalties and clarified administrative procedures.

HB 235 1987 Tax Changes—Motor Fuel and Vehicle Registration Fees (*Effective July 1, 1987*) The legislation increased the tax on motor fuels and special fuels from 14 cents per gallon to 19 cents per gallon.

1988

SB 61 Motor Fuel Tax—Phase III Recodification (*Effective April 25, 1988*) The legislation provided for a new definition of highway in the tax code similar to the definition found in

the transportation code. The bill clarified that rate changes apply only to motor fuel that is imported to the state or sold at refineries on or after the effective date of a change in rate. Revenue received from the tax increase of April 1, 1987 is to be used only for the repair and maintenance of highways. A minimum bond amount is set for distributors. These changes are made to both the motor fuel tax and the special fuel tax.

SB 118 Interstate Fuel Tax Agreement Enabling Act (*Effective April 25, 1988*) The legislation enabled the Tax Commission to enter into cooperative agreements with other states for the exchange of information, registration, collection, auditing, and refund of motor fuel and special fuel taxes. The Tax Commission is allowed to make rules to carry out the provisions established in the agreement.

1990

HB 90 Special Fuel Tax Permit Amendments—Stephen M. Bodily (*Effective April 23, 1990*)

This legislation defined “qualified motor vehicle” to include a vehicle with a gross vehicle weight exceeding 26,000 pounds. The bill increased the weight limit for vehicles required to obtain a special fuel tax permit from 15,001 pounds to 26,001 pounds.

- *Amends 59-13-102, 59-13-301, 59-13-303, 59-13-305*

HB 121 International Fuel Tax Agreement Implementation—Christine R. Fox (*Effective July 1, 1990*) Clarifies language in the fuel tax statutes for implementation of the Interstate Fuel Tax Agreement.

- *Amends 59-13-303, Enacts 59-13-502*

SB 164 Special Fuel Tax Amendment—Craig A. Peterson (*Effective July 1, 1990*) The legislation required a user-dealer, a person who delivers special fuel such as diesel fuel into the supply tank of any of any motor vehicle, to collect and pay the special fuel tax on all special fuel sold within the state. Users are allowed to file for a refund for special fuel taxes paid on fuel not used in the state. Users claiming a refund must retain documentation evidencing the payment of the special fuel tax.

- *Amends 59-13-301, 59-13-304, 59-13-312, 59-13-318*

1992

HB 38 Clean Fuel Definition—R. Lee Ellertson (*Effective July 1, 1992*) Provides for a definition for clean fuels eligible for exemption from the special fuel tax. Motor fuels meeting the definition of clean fuel are taxed three cents per gallon. The Air Quality Board is required to provide annually a list of clean fuels to the State Tax Commission. The Board and Commission are required to submit a report to the Legislature before January 1, 1995.

- *Amends 59-13-102, 59-13-201, 59-13-304;*
- *Enacts 59-13-103*

1994

SB 69 Motor Fuel Tax Amendments—Howard A. Stephenson (*Effective May 2, 1994*) The legislation added meter readings and inventories to the list of records that must be kept by persons dealing in motor and special fuels, and allowed a user to purchase a special fuel trip permit.

- *Amends 59-13-203, 59-13-210, 59-13-302, 59-13-303, 59-13-305, 59-13-308, 59-13-312, 59-13-313, 59-13-316, 59-13-317, 59-13-318, 59-13-309, 59-13-319*

HB 94 Special Fuel Tax Adjustment—John L. Valentine (*Effective July 1, 1994*) The legislation provided that if the motor fuel tax rate is changed, the tax rate on clean fuels and special fuels, and the cost of a special fuel tax exemption certificate will be increased or decreased by the same percentage.

- *Amends 59-13-201, 59-13-301, 59-13-304*

HB 231 Motor Fuels Tax—Clean Fuels—Stephen M. Bodily (*Effective July 1, 1994*) The legislation amended the special fuel exemption certificate weight category threshold from 33,000 pounds to 26,000 pounds, based on the definition of “qualified motor vehicle.”

- *Amends 59-13-304*

1997

SB 252 Collection Of Fuel Tax—Howard A. Stephenson (*Effective July 1, 1997*) The legislation shifted the point at which special fuel tax, including diesel fuel, is collected from the retailer to the supplier; required a supplier to be licensed by the State Tax Commission and to furnish a bond to the commission; and required the owner of a vehicle powered by clean fuel to purchase a clean special fuel certificate. The commission may coordinate with state and federal agencies for enforcement, including checking for diesel fuel dye compliance in storage facilities and tanks of vehicles. A wholesaler who receives a rack distribution of diesel fuel and a supplier may agree to allow a wholesaler to pay the fuel tax to the supplier by electronic funds transfer one business day before the tax is due from the supplier.

- *Amends 59-13-102, 59-13-103, 59-13-201, 59-13-301, 59-13-302, 59-13-304, 59-13-305, 59-13-307, 59-13-308, 59-13-310, 59-13-312, 59-13-313, 59-13-314, 59-13-316, 59-13-317, 59-13-320;*

SB 253 Sales Tax Reduction, Fuel Taxes, And Repeal Of Environmental Surcharge On Petroleum—LeRay McAllister (*Effective July 1, 1997*) The legislation reduced the sales and use tax rate from 4.875 percent to 4.75 percent. The bill also repealed the ½ cent per gallon environmental surcharge on petroleum for the underground storage tank program, and, beginning May 5, 1997, the motor fuel tax rate and special fuel tax rate are increased from 19 cents per gallon to 19 ½ cents per gallon. The special fuel tax exemption certificate fee is also increased proportionately. Beginning July 1, 1997, the motor fuel tax rate and special fuel tax rate is increased from 19 ½ cents per gallon to 24 ½ cents per gallon, and the special fuel tax exemption certificate fee is increased proportionately.

1998

HB 101 Posting on Motor and Special Fuel Pumps (*Effective May 4, 1998*) The legislation required persons who make retail sales of motor fuel or undyed diesel fuel to post a tax rate decal on each pump. The tax rate decals shall be provided free of charge by the Tax Commission and shall indicate the federal, state, and local taxes imposed on that motor fuel or special fuel.

2000

SB 130 Fuel Tax Refunds for Loss or Destruction (*Effective July 1, 2000*) Provides for refunds or credits for motor and special fuel taxes if there is a loss or destruction of 8,000 or more gallons of motor fuel, or 7,000 or more gallons of special fuel, in a single incident due to fire, flood, storm, accident or the commitment of a crime. This bill does not allow the refund or credit for any part of the loss eligible for indemnification under an insurance policy.

SB 213 Motor and Special Fuel—Application to the Uintah and Ouray Reservation (*Effective May 1, 2000*) Allows the Ute tribe to receive a refund of motor and special fuel taxes paid when the fuel is purchased by the tribe or purchased by a tribal member from a retail station wholly owned by the tribe and located on Ute trust land; requires that the governor and the Ute tribe enter into an agreement that authorizes the refund; requires the Tax Commission to enter into an agreement with the Ute tribe that provides an allocation method for determining the amount of fuel sold by the Ute tribe to Ute tribal members and to persons who are not Ute tribal members.

2001

SB 22 Navajo Nation—Motor and Special Fuel Taxes—Sen. M. Dmitrich (*Effective April 1, 2001*) Provides for a reduction of fuel taxes on motor and special fuel to the extent the fuel is taxed by the Navajo Nation; provides that the Tax Commission shall by rule determine how the reduction in fuel taxes shall be accomplished.

SB 40 Penalty for Use of Dyed Diesel—Dan R. Eastman (*Effective April 30, 2001*) This bill provided for penalties for using certain untaxed diesel fuel. With certain exceptions, the penalty for operating a motor vehicle on a highway if a fuel supply tank of the motor vehicle contains dyed diesel fuel is the greater of \$500 or \$5 per gallon of dyed diesel fuel within each fuel supply tank or motor vehicle, based on the maximum storage capacity of each fuel supply tank; or for a second and subsequent offense, the greater of \$1,000 or \$10 per gallon of dyed diesel fuel within each fuel supply tank of the motor vehicle, based on the maximum storage capacity of each fuel supply tank.

SB 202 Confidentiality of Tax Information—Sen. K. Hale (*Effective April 30, 2001*) Permits disclosure of purchase and sale volume data reported to the Tax Commission on reports, returns, and other information filed with the Tax Commission under the motor fuel or aviation fuel chapters of the tax code.

2002

HB 94 Special Fuel Tax Amendments—Ben C. Ferry (*Effective January 1, 2003*) This bill eliminates the requirement that a special fuel user file a special fuel return if Utah special fuel tax had been paid on all of the special fuel used. It authorizes the Tax Commission to require an annual certification indicating that all of the user's fuel was tax paid and whether the user had bulk storage facilities. It requires the user to maintain evidence of all fuel purchases and clarifies that only qualified vehicles are required to carry a special fuel permit.

SB 188 Fuel Tax Credit—Sen. S. Jenkins (*Effective July 1, 2003*) Provides a motor fuel or special fuel retailer, wholesaler or licensed distributor a tax refund for the portion of an account involving the sale of 4,500 or more gallons of fuel that has been discharged in a bankruptcy proceeding; provides that the claimant has the burden of proof of establishing a refund claim and provides the evidence that is necessary to receive a refund; gives the Tax Commission rulemaking authority to make rules for allocation of the refund to maximize the claimant's refund amount.

SB 216 Motor Carrier Fee Amendments—Sen. J. Hickman (*Effective July 1, 2003*) Increases fees for commercial vehicle temporary registration permits and **special fuel** user trip permits; provides dedicated credits to the Tax Commission for electronic credentialing of motor carriers for compliance with vehicle registration and special fuel tax provisions.

2004

SB 133 Bulk Delivery of Motor Fuel—Sen. Howard A. Stephenson (*Effective May 3, 2004*) This bill repeals the 750 gallon minimum quantity purchase requirement by the United States government, this state, or political subdivisions of this state to qualify for a motor fuel tax exemption; grants rulemaking authority to the Tax Commission to administer this tax exemption.

- *Amends 59-13-201*

2005

HB 40 Fuel Tax Bonding Requirements—Rep. Wayne Harper (*Effective April 30, 2007*) This bill deletes the mandatory bonding requirement for fuel taxes and instead directs the State Tax Commission to determine whether an applicant for a license to collect a fuel tax is required to post a bond with the State Tax Commission; provides the Tax Commission the criteria for determining whether an applicant for a fuel tax license is required to post a bond with the State Tax Commission before the applicant may be issued the license; provides that the bond amount on the combined bond form shall be the sum of the bond amount determined separately for each fuel type included on the combined bond form.

HB 96 Amendments Relating to Clean Fuels and Vehicles Using Clean Fuels—Rep. Fred R. Hunsaker (*Effective May 2, 2005*) This bill provides the circumstances under which a vehicle may travel in lanes designated for the use of high occupancy vehicles regardless of the number of occupants; extends for a period of five taxable years individual income tax and corporate franchise and income tax credits relating to vehicles using clean fuels; provides that a taxpayer may not claim a tax credit with respect to an electric-hybrid vehicle; extends until December 31, 2010, a surcharge on clean **special fuel** tax certificates; provides that the Department of Natural Resources may not make a loan or grant under the Clean Fuels Conversion Program Act with respect to an electric-hybrid vehicle.

SB 170 State Tax Commission Collection and Licensing Practices—Sen. Curtis S. Bramble (*Effective May 2, 2005*) Current law does not require an employer to be licensed by the Tax Commission in order to collect withholding tax. In addition, the current bond that the Tax Commission may collect, \$5,000, is insufficient to have any impact. This legislation imposes a license requirement and prohibition against obtaining a license similar to those for obtaining a sales tax license in Section 59-12-107. In addition, this bill strengthens the sales tax provisions to prohibit the issuance of a sales tax license in certain instances if an entity is not bonded. Finally, it increases the bond requirements for motor fuel and **special fuel** from between \$35,000 and \$100,000 to between \$50,000 and \$500,000. By increasing bond amounts and licensing employers, the proposed legislation makes tax evasion more difficult.

HB 1008 Transportation Investment Act—Rebecca D. Lockhart (*Effective July 1, 2005*) This bill modifies the Motor Vehicles Code, the Sales and Use Tax Act, the Motor and Special Fuel Tax Act, the State Appropriations and Tax Limitation Act, and the Transportation

Code by amending provisions to increase funding for transportation. This bill: creates the Transportation Investment Fund of 2005 to pay the costs of maintenance, reconstruction, or renovation to state and federal highways; re-designates the Centennial Highway Fund as a restricted account within the Transportation Investment Fund of 2005; transfers the Centennial Highway Fund Restricted Account revenue sources to the Transportation Investment Fund of 2005 when the highway general obligation bonds have been paid off and the highway projects completed that are intended to be paid from revenues deposited in the Centennial Highway Fund Restricted Account; provides that a portion of the **sales and use tax** revenue shall be deposited into the Centennial Highway Fund Restricted Account; requires the Division of Finance: to monitor the highway general obligation bonds that are being paid from revenues deposited into the Centennial Highway Fund Restricted Account; and to report on the status of the bonds to the Executive Appropriations Committee upon request; requires the Department of Transportation to: monitor the highway projects that are being funded by the Centennial Highway Fund Restricted Account; and report on the status of the projects to the Executive Appropriations Committee upon request; requires the Executive Appropriations Committee to notify the Division of Finance, the State Tax Commission, and the Department of Transportation when all highway projects have been completed and all general highway obligation bonds have been paid off that are intended to be paid from revenues deposited in the Centennial Highway Fund Restricted Account; exempts the Transportation Investment Fund of 2005 from spending limit provisions; and makes technical changes. This bill appropriates: (\$110,607,700) from the General Fund and the Centennial Highway Fund to the Centennial Highway Program; \$80,607,700 to the Centennial Highway Program from the Centennial Highway Fund Restricted Account; and \$30,000,000 from the General Fund to the Transportation Investment Fund of 2005 for new state highway construction for the fiscal year 2005–06 only. This bill takes effect on July 1, 2005.

END OF CHAPTER

AVIATION FUEL TAX

AVIATION FUEL TAX

Since its inception in 1962, the aviation fuel tax has been imposed on all fuels used exclusively for the operation of aircraft. The current tax rates vary depending on if the fuel is used by a federally certified air carrier and if they are purchased at an international airport and are shown here.

<i>Certificated Air Carriers</i>	<i>Rate per Gallon</i>
Non-federally certificated	\$0.090
Federally certificated	\$0.040
Federally certificated ¹	\$0.025

¹ Purchased at Salt Lake International Airport

The tax rate for non-federally certified air carriers was held constant from the tax's inception in 1962 through 1998. The current rate of \$.09 a gallon was instituted in 2001. The caveat of a reduced rate for purchases made at the Salt Lake City International Airport was added in 2009 when the Utah State Legislature passed HB 261. Currently, the revenues derived from this tax are allocated to the airport where the aviation fuel was sold and to the aeronautical operations of the Department of Transportation as follows:

<i>Federal Versus Non-Federally Certificated</i>	<i>Airport</i>	<i>UDOT Aeronautical Operations</i>	<i>Total</i>
Federally Certificated ¹	\$0.015	\$0.01	\$0.025
Federally Certificated ²	\$0.03	\$0.01	\$0.04
Non-federally Certificated ¹	\$0.00	\$0.09	\$0.09
Non-federally Certificated ²	\$0.03	\$0.06	\$0.09

¹ Purchased at Salt Lake International Airport

² Not purchased at Salt Lake International Airport

The base period for real numbers: 1982 to 1984 = 100.

LEGISLATIVE HISTORY OF THE AVIATION FUEL TAX:

1951

An excise tax of 4 cents per gallon was imposed on all gasoline sold at airports exclusively for airplane use.

1966

Included in Special Fuel Tax.

1973

HB 20 Aviation Fuel Tax Allocation Procedure (*Effective May 8, 1972*) This act related to the disbursement and collection of revenue from the aviation fuel tax; provided for disbursement on an annual percentage rate rather than monthly reports.

1976

HB 1 Aviation Fuel Tax Allocation Procedure (*Effective April 1, 1976*) This bill related to disbursement and collection of revenue from the aviation fuel tax; and provided for disbursement on monthly reports rather than on an annual percentage rate.

1977

SB 329 Aviation Fuel Tax Collection and Disbursement (*Effective May 10, 1977*) This act related to disbursement and collection of revenue from the aviation fuel tax. It provided for disbursement on a monthly basis to cities of the first class of amounts of this tax to which they are entitled for payment by these cities of airport operation and maintenance expenses and debt service.

1985

The sale or use of gasoline or special fuel sold at airports for airplane use (definition changed and treated as a separate tax).

1989

HB 226 Aviation Fuel Distributor's Bond—Kelly C. Atkinson (*Effective April 24, 1989*) This act established the minimum bond amounts for aviation fuel distributions: "...the bond requirement for aviation fuel distributors whose tax liability averages \$500 or less per month during the preceding six months is \$2,000."

○ *Amends 59-13-403*

1993

SB 172 Sales Tax Amendments—Lyle W. Hillyard (*Effective May 3, 1993*) Clarified that aviation fuel is exempt from the sales tax and that sales taxes collected by vendors are held in trust for the state.

- Amends 59-12-104, 59-12-107

1999

SB 132 Aviation Fuel Tax Amendments—Lyle W. Hillyard (*Effective July 1, 1999*) This legislation increased the aviation fuel tax rate for non-federally certificated air carriers.

Starting at \$0.04 per gallon the aviation fuel tax rate gradually increased to \$0.09 per gallon over three phases for **non-federally certificated** air carriers:

Phased tax rate increase for non-federally certificated air carriers

<i>Phase</i>	<i>Effective Date</i>	<i>Rate per Gallon</i>
Phase 1	7/1/1999	\$0.06
Phase 2	7/1/2000	\$0.08
Phase 3	7/1/2001	\$0.09

For “**federally certificated** air carriers” the tax rate was not changed (the tax rate remained at \$0.04 per gallon). This bill also changed the allocation of aviation fuel tax revenue. “Aviation fuel distributor” and “federally certificated air carrier” are defined. This bill also changed the distribution of aviation fuel tax revenues as follows:

Redistribution of aviation fuel tax revenues

<i>Air Carriers</i>	<i>Effective Date</i>	<i>Rate per Gallon</i>		
		<i>Airport</i>	<i>UDOT</i>	<i>Total</i>
Federally certificated ¹	7/1/1999	\$0.03	\$0.01	\$0.04

¹ Purchased at Salt Lake International Airport

² Not purchased at Salt Lake International Airport

The allocation to the publicly used airport may be used for construction, improvement, operation, and maintenance of the airport and the payment of principal and interest on indebtedness. The allocation to aeronautical operations of the Department of Transportation (DOT) shall be used for the above purpose, for the promotion of aeronautics in this state, and the payment of the costs and expenses of the DOT for administration and for regulating and supervising aeronautics in Utah.

- Amends 59-13-102, 59-13-401, 59-13-402, 59-13-403

2001

SB 49 Aviation Fuel Tax—Sen. J. Valentine (*Effective July 1, 2001*) Authorizes a federally certificated air carrier a refund or credit of \$.015 per gallon of aviation fuel tax paid on fuel purchased at Salt Lake International Airport; provides that of the \$.025 per gallon of aviation fuel tax paid, \$.015 shall be allocated to airports, and \$.01 shall be allocated to aeronautical operations. The act provides procedures and Tax Commission rulemaking for filing a claim for a refund, and provides for penalties for making a false claim.

- Amends 59-13-402;
- Enacts 59-13-404. 2001 Utah Laws 235

SB 202 Confidentiality of Tax Information—Karen Hale (*Effective April 30, 2001*) This act permits disclosure of information in certain circumstances, particularly those related to motor fuel and aviation fuel taxation.

- Amends 59-1-403, 59-14-212 2001 Utah Laws 270

2008

HB 365 Aviation Amendments—Rep. Wayne Harper (*Effective January 1, 2009*) This bill replaces the value-based uniform fees for aircraft with a \$25 fee; amends the registration fee for aircraft to 0.4% of the average wholesale Aircraft Bluebook Price Digest market value; exempts aircraft without an airworthiness certificate from registration requirements; provides a \$100 registration fee for: (1) aircraft not listed in the Aviation Bluebook Digest; (2) aircraft 50 years of age or older; (3) experimental aircraft; and (4) antique aircraft; requires the Tax Commission to register aircraft, issue a registration card, and collect aircraft registration and property fees.

- Amends 59-2-404, 72-10-102, 72-10-110, 72-10-116;
- Repeals 72-10-111

2009

HB 261 Aviation Amendments—Rep. Wayne Harper (*Effective July 1, 2009*) This bill reduced the aviation fuel tax rate that a federally certificated air carrier pays on aviation fuel purchased at an international airport located within a county of the first class that has a United States customs office on its premises (*Salt Lake City International Airport*) from \$.04 to \$.025 on each gallon of aviation fuel. This 2.5 cent per gallon tax is distributed as follows: 1.5 cents to the airport and 1 cent to the Department of Transportation for

Aeronautical Operations. It repealed the \$.015 per gallon aviation fuel tax refund or credit for federally certificated air carriers on gallons of aviation fuel purchased at an international airport located within a county of the first class that has a United States customs office on its premises; provides that certain aviation fuel tax revenue and aircraft registration fees shall be deposited into the Aeronautics Restricted Account and provides restrictions on how that money may be used by the Utah Department of Transportation. The distribution of aviation fuel tax revenues with HB 261 is as follows:

Redistribution of aviation fuel tax revenues

<i>Air Carriers</i>	<i>Effective Date</i>	<i>Rate per Gallon</i>

- *Amends 59-13-401, 59-13-402, 72-10-110;*
- *Enacts 72-2-126;*
- *Repeals 59-13-404*

SB 141 Aviation Fuel Tax Amendments—Wayne Niederhauser (*Effective July 1, 2009*) This bill modifies the Motor and Special Fuel Tax Act by amending provisions relating to aviation fuel tax. This bill: reduces the aviation fuel tax rate that a federally certificated air carrier pays on aviation fuel purchased at an international airport located within a county of the first class that has a United States customs office on its premises from 4 cents to 2.5 cents on each gallon of aviation fuel; repeals the 1.5 cent per gallon aviation fuel tax refund or credit for federally certificated air carriers on gallons of aviation fuel purchased at an international airport located within a county of the first class that has a United States customs office on its premises; and makes technical changes.

- *Amends 59-13-401, 59-13-402;*
- *Repeals 59-13-404*

2016

HB 24 Aeronautics Restricted Account Amendments—Rep. Jon Stanard (*Effective May 10, 2016*) Amends the expenditure of revenues deposited into the Aeronautics Restricted

Account to no longer allow aviation fuel tax revenues to be used in the support of aerial search and rescue operations; this legislation is necessary to bring the state into compliance with federal regulations on the use of aviation fuel tax revenues.

- *Amends 72-2-126*

2023

SB 284 Aviation Fuel Incentive Amendments - Sen. Kirk A. Cullimore (*Effective May 3, 2023*) Requires the Tax Commission to disclose to the Utah Inland Port Authority the tax returns or other information of a federally certificated air carrier upon receipt of a disclosure authorization form; specifies that the carrier must execute a disclosure authorization form which expressly directs and authorizes the Tax Commission to disclose to the Utah Inland Port Authority the carrier's returns or other information that would otherwise be subject to confidentiality under §59-1-403 or Internal Revenue Code §6103; requires the Division of Finance to deposit "incremental revenue" as defined in §59-5-121 into the aviation incentive account created under §11-58-208.

- *Amends 51-9-307, 59-5-115*

MOTOR VEHICLE REGISTRATION FEES

MOTOR VEHICLE REGISTRATION & RELATED FEES

Some form of the motor vehicle registration tax has been present in Utah since 1934, with substantial changes to the fees and method of taxation over time. Each vehicle owner must pay a registration fee at the time of initial registration and annually thereafter unless otherwise exempted. A six month registration option is available for motorcycles and passenger vehicles. The fee varies depending on vehicle type, fuel type, county, and other factors. Registration fee for most vehicles are annually adjusted by the change in the consumer price index. Starting in 2019, additional motor vehicle registration fees were collected for certain alternative fuel vehicles. Exemptions from registration fees exist for: vehicles owned and used by the U.S. government, the state of Utah and its political subdivisions, or municipal corporations; vehicles with a Purple Heart Special Group license plate; and, in the case of vintage vehicles 40 years old or older, renewal of registration (after paying an initial registration fee). The majority of registration fee revenues are deposited in either the Transportation Investment Fund or the Transportation Fund. Some amounts are earmarked for other accounts as set forth in Utah code.

In addition to registration fees, other various taxes and fees are assessed by the DMV at the time of registration. These include, but are not limited to, the following:

- Motor Vehicle Registration Fees
- Uniform Fee-in-Lieu of Property Taxes (age-based)
- Sales & Use Taxes
- Temporary & In-transit Permits & Fees
- Vehicle Titles & Fees
- License Plate Fees
- Automobile Driver Education Fee
- Uninsured Motorist Identification Fee
- Apportioned Registration
- Personalized and Special Group License Plate Fees

LEGISLATIVE HISTORY OF THE MOTOR VEHICLE REGISTRATION AND RELATED FEES:

1951

SB 74 Motor Vehicle Act (*Effective May 8, 1951*) An Act relating to registration plates and authority of the State Tax Commission to issue, adopt and require the use of such indicia of registration as it may deem advisable in lieu of or in conjunction with registration plates.

1953

(Effective March 12, 1953) The minimum requirements for exemptions from a temporary permit for nonresidents were modified.

1955

SB 93 Motor Vehicle Act—Registration (*Effective July 1, 1955*) This legislation repealed two sections of the law dealing with weights and fees and replaced these sections with sections revising the gross weights and increasing the corresponding fees.

1960

(Effective January 1, 1960) Legislation added trailers of 750 lbs. or less unladen weight.

1963

HB 22 Motor Vehicle Registration Fees (*Effective May 14, 1963*) This legislation excepted trailers pulled by 4-wheel pick-up trucks not operated for compensation or hire, and the combined gross weight of the truck and trailer does not exceed 10,000 lbs., from the requirement to register for the total gross laden weight of all units of said combination.

HB 40 Motor Vehicle Act (*Passed March 13, 1963; in effect May 14, 1963*) This bill pertained to motor vehicles, a record fee and extension of the registration deadline, microfilm admissibility in court, a change of the impound sale time period. This bill also enacted new sections: provided for the issuance of "EX" registration plates to specific governmental entities, and provided for substitutes for adequate documentary evidence of title. Sections 41-1-41 and 41-1-129, Utah Code Ann. 1953 were repealed by this bill.

1965

SB 114 Transfers to Dealers (*Effective May 11, 1965*) An act relating to motor vehicles, transporters, wreckers, transfers of motor vehicles to dealers, notice of the purchase of registered vehicles, expiration of registration, transporter plates, fees for special plates

and penalties for delinquent fees and enacting a new section related to abandoned and un-operated vehicles and providing for their disposal.

HB 240 Vehicle Title, Registration, and License Plate Fees—Stephen M. Bodily (*Effective July 1, 1993*) The legislation clarified license plate, title, and registration certificate fees. Repealed a license plate transfer fee. Permitted the Tax Commission to keep \$4 of the \$5 license plate fees, any decal fees, and actual cost of decal for special group license plates as non-lapsing money for purchase and distribution of license plates and decals. The Tax Commission is allowed to establish fees for postage and replacement decals.

HB 263 Registration and Licensing of Commercial Vehicles—Ronald J. Greensides (*Effective July 1, 1993*) The legislation updated and clarified the language related to apportioned registration and reporting instate mileage of interstate commercial vehicles. The fiscal mileage-reporting period is July 1 through June 30 of the following year. Weight categories for the equalized highway use tax for out-of-state motor carriers are adjusted slightly.

SB 92 Special License Plates—Wildlife Resources—Scott N. Howell (*Effective July 1, 1993*) The legislation provided for a wildlife special group license plate issued by the Motor Vehicle Division to a contributor to the Division of Wildlife Resources, and established annual MVD verification requirements.

- *Amends 41-1a-408, 41-1a-1216*

1994

HB 33 Uninsured Motorist Identification Database—Kelly C. Atkinson (*Effective July 1, 1994*) The legislation established an uninsured motorist identification database program administered by the Department of Public Safety. The department must contract with a third-party agent to maintain a database to identify uninsured motor vehicles. Insurance companies are required to provide a monthly record of each motor vehicle insurance policy issued. A \$1 uninsured motorist identification fee is imposed on each motor vehicle registered, except commercial fleet vehicles, to offset the costs. Prior to July 1, 1995, only tests of the database will be done. Beginning July 1, 1995, the agent is required to distribute notices requiring motor vehicle owners to provide proof of insurance if their vehicle shows no insurance for three consecutive months. A letter from an insurance agent verifying coverage may establish proof of insurance. A person who discloses information from the database for unauthorized purposes is guilty of a third degree felony. \$1.4 million is appropriated for Fiscal Year 1994-95 to the department to pay for the program. The program sunsets on July 1, 1996, and a legislative interim committee must study the program during the 1995 interim. Establishes an uninsured motorist identification database program administered by the Department of Public Safety

- *Amends 41-1a-203, 41-12a-303.2, 63-49-19, 63-55-231, 63-55-241;*
- *Enacts 31A-22-314, 41-1a-120, 41-1a-1218, 41-1a-801, 41-12a-802, 41-12a-803, 41-12a-804, 41-12a-805, 41-12a-806*

HB 179 Registration of Vehicles—Ronald J. Greensides (*Effective May 2, 1994*) The legislation defined “domicile” and “resident” and required vehicles to be registered in the state within 60 days of establishing residency. The fine for a violation is \$200, but may be reduced to \$50 by presenting evidence of current registration at the time of the court hearing. Fifty percent of the penalty is retained by the law enforcement agency, and the remainder must be transmitted to the state treasurer for deposit in the General Fund.

- *Amends 41-1a-202, 41-1a-1303*

HB 192 Parking Enforcement for Persons with Disabilities—Arlo D. James (*Effective May 2, 1994*) The legislation allows law enforcement agencies to appoint volunteers to issue citations to persons who violate parking provisions for persons with a disability. The designation for handicapped special group license plates is changed to persons with a disability special group license plate.

- *Amends 41-1a-408, 41-1a-414, 41-1a-1211, 41-1a-1306, 77-7-18*

SB 70 Un-branding Motor Vehicle Titles—George Mantes (*Effective May 2, 1994*) The legislation provided that a motor vehicle originally titled in the state that had its title branded because of vehicle defects may have the title unbranded if all the defects are fixed and procedures are followed. Disclosure requirements for vehicles with branded titles are amended to require disclosure prior to completing the sale, rather than at the time of sale.

- *Amends 41-1a-522, 41-3-408;*
- *Enacts 41-3-409.5*

SB 122 Motor Vehicle Code Amendments—George Mantes (*Effective May 2, 1994*) The legislation repealed a provision that a vehicle seven years old or older is not a salvage vehicle, and does not qualify for an unbranded title. The weight categories for farm truck fees are amended to conform with other motor vehicle weight categories affecting registration fees for certain farm trucks. Government license plates are exempt from the \$5 new license plate fee, and applicants for amateur radio operator plates must pay the \$5 new license plate fee and existing \$5 plate fee.

- Amends 41-1a-213, 41-1a-222, 41-1a-416, 41-1a-1001, 41-1a-1002, 41-1a-1206, 41-1a-1211

SB 217 Driving Without Evidence of Insurance Sanctions—David H. Steele (*Effective May 2, 1994*) The legislation increases the penalty for not having evidence of owner's or operator's security in the motor vehicle from a class C to a class B misdemeanor, and requires mandatory revocation of the person's driver license until the person provides proof of owner's or operator's security. The proof of owner's or operator's security must be maintained with the Department of Public Safety for three years, and an issuer must provide notice to the department if the policy is canceled. On a second or subsequent conviction, the court must require the surrender of the person's vehicle registration materials, and the Motor Vehicle Division must revoke the registration if the person is the owner of the motor vehicle until the person shows proof of owner's or operator's security or until the court or the Department of Public Safety notifies the division. A letter from an insurance agent verifying insurance coverage is considered an affirmative defense. A person who provides false evidence to owner's or operator's security is guilty of a class B misdemeanor.

- Amends 41-12a-303.2;
- Enacts 41-12a-303.3

1995

HB 55 Motor Vehicle Customer Changes—R. Mont Evans (*Effective July 1, 1995*) The legislation eliminated the option of having counties collect motor vehicle uniform fees and renewal of registration fees and having the state collect all other motor vehicle fees. The governor is required to include revenues and expenditures for collecting the fees as part of the 1996-97 fiscal year budget.

- Amends 59-2-406, 63-38-2

HB 148 Vehicle License Plates for Firefighters—Eli H. Anderson (*Effective May 1, 1995*) The legislation required the Motor Vehicle Division to issue special group license plates to an applicant who is a currently employed or retired firefighter. Firefighter license plates are exempted from the \$50 original special group license plate application fee and the \$10 special group license plate application renewal fee.

- Amends 41-1a-408, 41-1a-1211

HCR 1 Resolution Urging the Use of Centennial Plates—Jordan Tanner (*Effective February 24, 1995*) The legislation encouraged vehicle owners in the state to purchase centennial plates to signify their commitment to and support of the statehood centennial.

SB 45 Highway Patrol Retention of Penalty—Wilford R. Black Jr (*Effective May 1, 1995*) The legislation clarified that there is a \$200 minimum fine for not registering a vehicle in this state within 60 days of establishing residency. Provisions are repealed that directed 50 percent of the penalty to be retained by the law enforcement agency that cites the person and the remainder deposited in the General Fund.

- *Amends 41-1a-1303*

SB 67 Wildlife License Plates—Joseph L. Hull (*Effective July 1, 1995*) The legislation allowed contributors to the Division of Wildlife Resources to make their donation to the Motor Vehicle Division prior to obtaining or renewing a wildlife license plate.

- *Amends 41-1a-408, 41-1a-1201*

SB 157 Uniform Fee on Tangible Personal Property—Lyle W. Hillyard (*Effective July 1, 1995*) Requires, as a condition of registration, that the uniform fee in lieu of property taxes be paid for aircraft, boats, and motor vehicles brought into the state unless all property taxes or uniform fees imposed by the state of origin have been paid for the current year.

SB 263 Transfer of Motor Vehicle Title—George Mantes (*Effective May 1, 1995*) The legislation repealed the provision that the transfer of a vehicle is not effective until the Motor Vehicle Division issues a new certificate of title and registration.

- *Repeals 41-1a-707*

1995 First Special Session

SB 1 Licensing and Registration of Interstate Vehicles—George Mantes (*Effective May 1, 1995*) Amends certain apportioned vehicle registration classifications and procedures to conform to the International Registration Plan.

- *Amends 41-1a-202, 41-1a-222, 41-1a-301*

1996

HB 2 Uninsured Motorist Identification Program (*Effective April 29, 1996*) The legislation extended the sunset date for the uninsured motorist identification program from July 1, 1996 to July 1, 1998; clarified that motor vehicle insurance policies in effect for the previous month are the records which insurers must provide each month; and allowed the Motor Vehicle Division to direct the designated agent to provide notice to an owner of a vehicle that he must provide proof of insurance if the vehicle is shown as uninsured for three months. (Transportation and Public Safety Interim Committee)

HB 50 Vehicle Owner's or Operator's Security (*Effective April 29, 1996*) The legislation repealed a requirement that motor vehicle insurance be maintained whenever a motor

vehicle is registered and only requires insurance when the motor vehicle is operated on a highway.

HB 170 Veterans License Plates (*Effective April 29, 1996*) The legislation allowed a contributor of \$25 to the Office of Veterans' Affairs to obtain a veterans license plate beginning January 1, 1997. The Veterans' Advisory Council must approve use of the monies generated.

SB 17 Impounding Unregistered Vehicles (*Effective April 29, 1996*) The legislation restricted impounds by the Motor Vehicle Division or any peace officer to a vehicle being operated on a highway with registration that has been expired for more than three months, a vehicle being operated on a highway having never been properly registered by the current owner, or a vehicle with suspended or revoked registration.

SB 58 Olympic License Plates (*Effective April 29, 1996*) The legislation allowed the issuance of Olympic license plates beginning no sooner than January 1, 1997 through June 30, 2002. A special donation of \$22 is required. Proceeds less administrative costs must go to the Salt Lake Olympic Organizing Committee's Olympic for Youth and Children Account.

SB 66 Dealer License Plates (*Effective April 29, 1996*) The legislation allowed only two dealer license plates to be issued to each licensed dealer who sells at least three motor vehicles in a 12-month period, plus one additional plate for every 25 motor vehicles sold by the dealer each year. The Motor Vehicle Enforcement Division must determine the number of dealer plates that may be issued or renewed each year. The division is allowed to recall, redesign, and reissue dealer plates, as needed, for administration.

SB 80 Motor Vehicle; Part Year Registration (*Effective April 29, 1996*) The legislation repealed provisions allowing part year vehicle registration for motor vehicles 12,000 pounds or less.

HB 58 Driving under the Influence; Repeat Offenders (*Effective July 1, 1996*) The legislation required that license plates and registration materials of a vehicle used in a DUI by an owner-operator of the vehicle be removed, seized, and forwarded to the Motor Vehicle Division within five days. The Motor Vehicle Division must revoke the registration, grant a temporary permit effective for only 29 days, and give notice to the registered owner of procedures for the return of the vehicle and registration. The administrative impound fee is increased from \$25 to \$100, and \$75 of the fee is deposited in the General Fund. Unless the person successfully appeals his driver license suspension, registration may not be issued for 120 days. After that time, the person must apply for a new registration, including inspections and paying new registration fees. A court is allowed to impose combinations of jail and community service for DUI offenders. Minimum fines are increased.

SB 42 Motor Carrier Deregulation (*Effective July 1, 1996*) The legislation eliminated the regulation of motor carriers as public utilities, the public utility regulation fee charged to motor carriers, requirements for motor carriers to file financial information and provide

copies of rates and fares, and the requirement for household goods and passenger carriers to file tariffs. The terms motor carrier, common carrier, contract carrier, household goods, and warehouseman are removed from sections of the code related to economic regulation. The Motor Carrier Safety Act is created requiring the Department of Transportation to adopt, administer, and enforce the Federal Motor Carrier Safety Regulations including insurance requirements. Provisions of the code related to motor carriers are moved to the Motor Carrier Safety Act, including the Motor Carrier Advisory Board, liability for loss or damage to freight, ports-of- entry, tow trucks, and civil penalties. The department is required to conduct compliance audits and inspections. Authorization is given to inspect records and equipment of motor carriers. The department can enter interstate agreements, issue cease and desist orders, and notify the Motor Vehicle Division, who must refuse registration or suspend or revoke registration of motor carriers found in violation of the act. The department is allowed to set maximum rates that tow trucks and impound yards may charge if they are used in response to a peace officer dispatch call, a Motor Vehicle Division call, or other call when the owner has not consented to the removal of the vehicle. A violation of the act is a Class B misdemeanor for a first conviction and a Class A misdemeanor for a second or subsequent conviction. The Motor Vehicle Division is required to collect a \$6 motor carrier fee for registration or renewal in the state of all motor vehicles or combination of motor vehicles over 12,000 pounds gross laden weight. The department must collect the same fee for other commercial vehicles operated in the state. All fees and civil fines must be deposited in the Transportation Fund. Numerous conforming amendments are made, including repeal of several former economic regulation sections. (Transportation and Public Safety Interim Committee)

1997

HB 32 Recreation Impact Fees—John L. Valentine (*Effective July 1, 1997*) The legislation imposed a 25 cent search and rescue surcharge on each wildlife habitat authorization and a 50 cent search and rescue fee on each registered off-highway vehicle, motorboat, and sailboat. The bill created the Search and Rescue Financial Assistance Program in which the surcharges and fees are deposited and from which counties can be reimbursed for search and rescue expenses. A seven member Search and Rescue Advisory Board is created to disperse the funds. The Comprehensive Emergency Management Division is required to make rules establishing procedures and criteria for reimbursable expenses. It also appropriated \$80,000 to the program from the General Fund for fiscal year 1997-98.

HB 14 Motor Vehicle Safety Inspection—Wayne A. Harper (*Effective January 1, 1999*)

Requires a motor vehicle newer than five years old to be safety inspected only every other year. In an odd-numbered year, only odd-numbered model year vehicles newer than five years old are required to have a safety inspection. In an even-numbered year, only even-numbered model year vehicles newer than five years old are required to have a safety inspection. The charge for the safety inspection certificate is increased from \$1 to \$1.50. The first 50 cents goes to administer the program and the remainder is deposited in the Transportation Fund.

- *Amends 41-1a-203, 41-1a-205, 416-6-163.6, 53-8-204, 53-8-205, 53-8-206*

HB 177 Collection of Uniform Motor Vehicle Fees Amendment—Don E. Bush (*Effective July 1, 1998*)

This legislation increased the reimbursement fee for collecting motor vehicle fees to \$2.00 per standard unit for the first 5,000 standard units in each county and \$1 per standard unit for all other standard units. The \$1 per standard unit amount shall be annually adjusted beginning July 1, 1999. The bill also provided that the party contracting to perform services shall be subject to a penalty if that party's performance is below performance standards that the Tax Commission shall establish by rule. Finally, the bill provided that a county may change the election it makes on who shall collect motor vehicle fees by providing written notice of the change to the Tax Commission at least 18 months before the change takes effect.

- *Amends 59-2-406*

HB 30 Vehicle Towing and Reporting Requirements—James R. Gowans (*Effective July 1, 2001*) This act consolidates and makes uniform reporting, notification, and retrieval requirements for a vehicle, vessel, and outboard motor that is towed due to abandonment, improper registration, DUI, theft, or public safety concerns. Both a peace officer and tow truck operator must report a vehicle removal immediately. The report is made to the Motor Vehicle Division in a form the division specifies, which may include an electronic form compatible with a database. The division may charge a fee for utilizing the database based on the cost of administering the database. A person may not remove an unattended vehicle without prior authorization of a law enforcement agency or the owner of the property where the vehicle is located. An unattended vehicle is considered abandoned if left for 48 hours, instead of the previous requirement of 24 hours. An authorized towing certificate is required for any tow truck service that performs towing without the knowledge of a vehicle owner. The Department of Transportation is required to make rules for the inspection, investigation, and certification of tow truck motor carriers, tow trucks, and drivers and the department may charge a biennial fee to cover its costs. A tow truck operator who removes a vehicle from private property without the owner's knowledge must immediately report the removal to law enforcement and send a certified letter to the owner within two business days. Until a tow truck motor carrier reports the removal of a vehicle, no fee may be collected for the removal and no storage fees may be charged. All towing and storage fees must be conspicuously posted. (Transportation Interim Committee)

HB 186 Vehicle Registration Amendments – Rep. Raymond P. Ward (*Effective January 1, 2023*) Amends the additional motor vehicle registration fee for alternative fuel vehicles that are not enrolled and participating in the road usage charge program under Section 72-1-213.1. For an electric motor vehicle or a motor vehicle fueled exclusively by a source other than motor fuel, diesel fuel, natural gas, or propane, the additional fee will be equal to the road usage charge cap. Defines “road usage charge cap” as the maximum fee charged to a participant in the road usage charge program for a registration period. Sets the initial road usage charge cap at \$130.25 for annual registrations and \$100.75 for 6-month registrations. Beginning January 1, 2026, sets the road usage charge cap at \$180 for annual registrations and \$139 for 6-month registrations. Beginning January 1, 2032, sets the road usage charge cap at \$240 for annual registrations and \$185 for 6-month registrations. Beginning January 1, 2024, directs the tax commission to annually adjust the road usage charge cap by inflation and round it to the nearest 25 cents. For a hybrid electric motor vehicle not enrolled and participating in the road usage charge program, sets the additional fee at \$21.75 for annual registrations and \$16.50 for 6 month registrations. For a plug-in hybrid electric motor vehicle not enrolled and participating in the road usage charge program, sets the additional fee at \$56.50 for annual registrations and \$43.50 for 6 month registrations.

HB 328 Driver License and License Plate Amendments – Rep. Stephanie Pitcher (*Effective October 15, 2022*) Defines “invisible condition” to mean a physical or mental condition that may interfere with an individual’s ability to communicate with a law enforcement officer. Defines “invisible condition identification symbol” to mean a symbol or code indicating the existence of an invisible condition. Requires the Division of Motor Vehicles (DMV) to include on a vehicle owner’s registration record an invisible condition identification symbol if requested by the vehicle owner on a form prescribed by the tax commission. If the owner is making the request on behalf of another individual with an invisible condition, the owner must submit a declaration that the individual is a regular driver or passenger of the vehicle. The request must be accompanied by: written verification from a health care professional that owner or individual has an invisible condition; and a waiver of liability signed by the person with the invisible condition or their legal representative for the release of medical information. The DMV is required to maintain a brief description of the invisible condition but only make this description available to law enforcement through the Utah Criminal Justice Information System (UCJIS). Defines the information in the DMV database and UCJIS related to a person’s invisible condition as a private record for purposes of the Government Records Access

and Management Act. Within 30 days of a request from the individual with the invisible condition, the DMV must remove the invisible condition identification symbol and brief description from the DMV database and provide updated information to UCJIS.

LOCAL OPTION HIGHWAY CONSTRUCTION AND TRANSPORTATION CORRIDOR PRESERVATION FEE

LOCAL OPTION HIGHWAY CONSTRUCTION AND TRANSPORTATION CORRIDOR PRESERVATION FEE

In 2005 the Utah State Legislature authorized counties to enact a Local Option Highway Construction and Transportation Corridor Preservation Fee of up to \$10 on motor vehicle registrations and renewals of registration within the county (see Senate Bill 8, 2005).

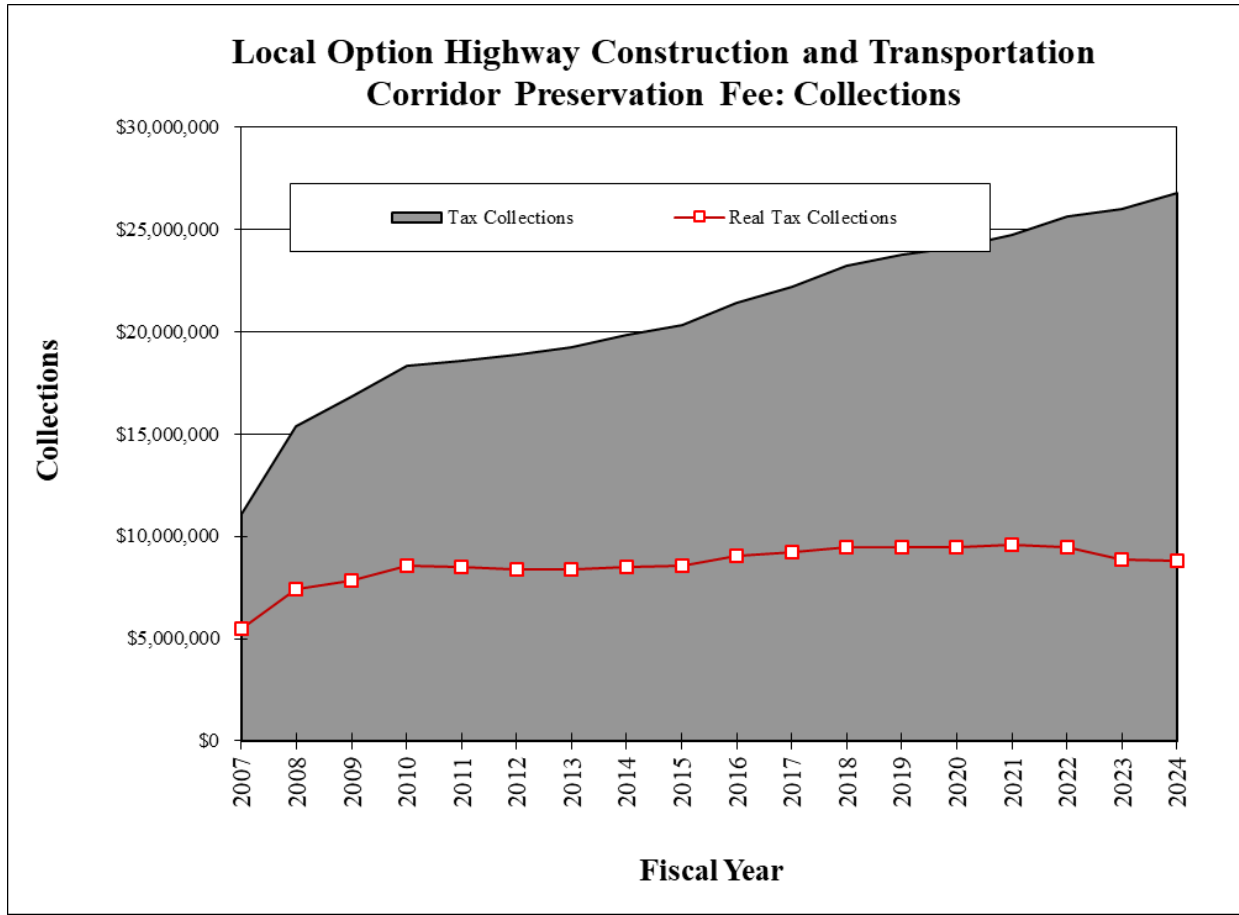

This fee may be collected at the time of application for the registration or the renewal of the registration of a motor vehicle. Currently, this fee is \$10 for a full year registration and \$7.75 for a six-month registration. A motor vehicle that is exempt from the registration fee is also exempt from the Local Option Highway Construction and Transportation Corridor Preservation Fee. A commercial motor vehicle with an apportioned registration is also exempt from the Local Option Highway Construction and Transportation Corridor Preservation Fee.

For counties other than a county of the first class in size, all revenues generated from this fee are deposited in the Local Highway and Transportation Corridor Preservation Fund and credited to the county from which it was generated. In counties of the first class in size the distribution of the fee is currently 50% to the County of the First Class Highway Projects Fund, 20% to the legislative body of a county of the first class, and 30% to the Local Highway and Transportation Corridor Preservation Fund.

PROPORTIONAL REGISTRATION FEE

PROPORTIONAL REGISTRATION

Utah's Legislature enacted proportional registration taxes and fees on commercial fleet vehicles in 1966. Any resident or nonresident may proportionally register and license each fleet for operation in this state, where a fleet is one or more commercial vehicles which supply motive power and contain a compartment for the driver. "Fleet" also means not less than ten commercial vehicles that are trailers or semi-trailers. An owner or operator of a fleet of commercial vehicles based in this state and operating in two or more jurisdictions may register commercial vehicles for operation under the International Registration Plan or the Uniform Vehicle Registration Proration and Reciprocity Agreement by filing an application with the division. Vehicles that exclusively travel in Utah are not included in any application for proportional registration (see Section 41-1a-301(1)(c)). The formula for computing the fee for proportional registration is:

$$\left(\frac{\text{In State Miles}}{\text{Total Fleet Miles}} \right) * (\text{Sum necessary to register each vehicle of the fleet based on otherwise applicable registration fees in Section 41-1a-1206})$$

Proportional registration fees that are for partial year registrations are as follows: 1) for not more than three months, 30% of the regular registration fee, 2) for greater than three months and up to six months, 60% of the of the regular registration fee, 3) for greater than six months and up to nine months, 90% of the of the regular registration fee and 4) for over nine months and up to 12 months, the entire registration fee. Revenue generated from the proportional registration tax is deposited in the state's Transportation Fund.

LEGISLATIVE HISTORY OF THE PROPORTIONAL REGISTRATION TAX:

1969

(Effective July 1, 1969) The legislation increased half-year fee from 50 percent to 60 percent of the annual fee.

1998

HB 220 Display of License Plates on Trucks and Trailers—Gerry A. Adair (*Effective May 4, 1998*) Provides that single trucks (trucks where the storage unit is part of the truck) shall display the apportioned license plate on the rear of the vehicle.

- *Amends 41-1a-301*

2009

HB 30 Commercial Motor Vehicle Amendments—Rep. Todd Kiser (*Effective July 1, 2009*) Provides that a motor vehicle with a gross vehicle weight rating of 10,001 pounds or more is required to pass an annual safety inspection; provides that a commercial motor vehicle with a gross vehicle weight rating over 26,000 pounds is exempt from a safety inspection if the vehicle has an **apportioned registration** and a valid annual federal inspection.

- *Amends 53-8-205, 72-9-102, 72-9-105, 72-9-107, 72-9-301*

2010

HB 46 Motor Vehicle Act Amendments—Rep. Julie Fisher (*Effective May 11, 2010*) Codifies DMV practice by permitting an owner or lessee of a commercial fleet of vehicles that are **apportioned** and required to be registered in the state to register the vehicles at the same time intrastate fleets are registered; codifies DMV practice by repealing the requirement that an owner of a vehicle record the actual miles on an application for renewal of registration; codifies DMV practice by authorizing the DMV to collect the pollution control fee imposed by counties; provides that the DMV shall publish a notice of a sale of a motor vehicle that has been seized and has not been recovered on the division's and newspapers' websites rather than in a newspaper of general statewide circulation.

- *Amends 41-1a-203, 41-1a-215, 41-1a-905, 41-1a-1103, 41-1a-1201, 41-6a-1642;*
- *Enacts 41-1a-1223*

2017

SB 38 Specialized License Plate Amendments – Sen . Wayne A. Harper (*Effective May 9, 2017*) This bill allows the division to issue a second license plate to an owner or operator of an apportioned vehicle and makes technical changes.

- *Amends 41-1a-222, 41-1a-301*

HIGHWAY USE TAX

HIGHWAY USE TAX

This highway use tax was established in 1975. An out-of-state carrier with an apportionally registered vehicle who has not presented a certificate of property tax or in lieu fee (i.e., has not paid personal property tax to the county assessor), shall pay a proportional part of an equalized highway use tax. This tax is in lieu of a personal property tax (see Section 41-1a-301(12)(a)), Utah Code. Proportionally registered vehicles based in a state other than Utah are subject to a Highway Use Tax. The tax is graduated based on registered weight. Revenue from the Highway Use Tax is deposited in the state's Transportation Fund.

Highway Use Tax Rates

1975-1980:

- (a) Multiply the original price of the vehicle by 25% during the first year of the vehicles life and, for subsequent calendar years, 23%, 20%, 16% and 12%, respectively, and by 8% for the sixth year and each year thereafter; provided, that the minimum value for a power unit is \$250 and the minimum value for a trailer or semitrailer is \$100;
- (b) Multiplying the total value computed under (a) above, by the quotient obtained by dividing, for the last calendar year, the total tax collected on the assessed value of commercial vehicles in all counties of the state by the total assesed value of all commercial vehicles in all counties;
- (c) Multiply the value for the total fleet determined under (b) above, by the fraction computed for porportional registration of the applicant's fleet for the registration year.

July 1, 1980 - June 30, 1998:

- (a) Multiply the number of vehicles or combination of vehicles registered in each weight class by the equivalent tax figure from the following table:

Vehicle or Combination Registered Weight	Equivalent Tax
6,000 - 18,000 Lbs	\$100
18,001 - 34,000 Lbs	\$200
34,001 - 48,000 Lbs	\$300
48,001 - 64,000 Lbs	\$450
64,001 Lbs and over	\$600

- (b) Multiply the value for the total fleet determined under (a) above, by the fraction computed for porportional registration of the applicant's fleet for the registration year.

July 1, 1999 to current

- (a) Multiply the number of vehicles or combination of vehicles registered in each weight class by the equivalent tax figure from the following table:

Vehicle or Combination Registered Weight	Equivalent Tax
12,001 - 18,000 Lbs	\$150
18,001 - 34,000 Lbs	\$200
34,001 - 48,000 Lbs	\$300
48,001 - 64,000 Lbs	\$450
64,001 Lbs and over	\$600

- (b) Multiply the value for the total fleet determined under (a) above, by the fraction computed for porportional registration of the applicant's fleet for the registration year.

LEGISLATIVE HISTORY OF THE HIGHWAY USE TAX:

1973

SB 152 Proportional Licensing if Interstate Commercial Vehicles (*Passed March 3, 1973; Effective January 1, 1974*) This bill relates to the registration of interstate commercial vehicles. It provides for the allocation of registration fees of fleet commercial vehicles to the State of Utah on the basis of the proportional part of the total miles traveled within the State. It provided for an equalized highway use tax increasing the weight for exempt vehicles.

1998

SB 50 Property Taxes—Uniform Fees and Certified Tax Rate—Sen. George Mantes (*Passed March 4, 1998; Effective January 1, 1999*) For motor vehicles 12,000 pounds and under, the legislation imposes an annual uniform fee based on the age of the vehicle. The fee shall be assessed at the time of registration and renewal of registration. For the 1999 calendar year, the certified revenue levy shall be adjusted by the amount necessary to offset the adjustment in revenues from uniform fees on motor vehicles. The legislation also modifies the equalized highway use tax for out-of-state carriers:

Multiply the number of vehicles or combination of vehicles registered in each weight class by the equivalent tax figure from the following tables:

Uniform annual fee by vehicle age for motor vehicles under 12,000 lbs.

<i>Vehicle or Combination Registered Weight Class</i>	<i>Vehicle Age Range</i>	<i>Equivalent Tax</i>
0 lbs. – 12,000 lbs.	≥ 12 yrs.	\$10
0 lbs. – 12,000 lbs.	9 yrs. – 11 yrs.	\$50
0 lbs. – 12,000 lbs.	6 yrs. – 8 yrs.	\$80
0 lbs. – 12,000 lbs.	3 yrs. – 5 yrs.	\$110
0 lbs. – 12,000 lbs.	< 3 yrs.	\$150

PROPERTY TAX

PROPERTY TAX

All tangible taxable property located within the state shall be assessed and taxed at a uniform and equal rate on the basis of its fair market value, as valued on January 1, unless otherwise provided by law—59-2-103 (see 59-2 Utah Tax Code). Property taxes are levied at the local level (counties, cities, towns, school districts and special taxing districts) based on valuations set by county assessors and, in the case of certain properties, by the State Tax Commission. Counties collect the taxes and distribute them to the individual taxing entities. The Tax Commission values centrally assessed property, which includes mines, railroads and utilities that cross county lines. A statewide rate is also levied to help finance schools in Utah. Those rates are applied against the taxable value of real and personal property, with the exception of motor vehicles. All monies collected from property tax are distributed to school districts, local government entities and special districts.

By state law, primary residential properties receive a 45 percent exemption. Primary residential property is any dwelling used as a person's primary residence. These include homes, condominiums, apartments, rental properties and up to one acre of land. The taxable value of all other properties, except agricultural land, is 100 percent of fair market value.

Utah motor vehicles are charged a fee in lieu of property taxes. The fees for most vehicles are based on the age of that vehicle. Tax rates are expressed as a percentage of taxable value. Local government and special districts, under a statutory process known as "Truth in Taxation", set tax rates. This process requires public notice and a hearing in the event a taxing entity plans to increase its budgeted revenues above the budget from the previous year, exclusive of tax revenue from new growth.

- *Amends 9-7-401, 59-2-405*

HB 258 Amendments to Property Tax—Fred R. Hunsaker (*Effective July 1, 1995*) Requires the legislature to establish certified revenue levy targets for education and the statewide portion of the Property Tax Valuation Agency Fund. The certified revenue levy allows for the collection of the previous year's revenues and for natural growth of the tax base. The legislature must publish a newspaper notice if it imposes a levy that exceeds the certified revenue levy. In addition, the bill expands the powers and duties of the State Tax Commission by requiring the commission to issue factoring orders annually, if necessary, to take corrective action against counties under certain circumstances, and charge implementation costs of factoring or corrective action to counties under certain circumstances. The bill expands the types of corrective action the commission may take. County assessors must annually certify compliance with certain statutory requirements, and counties that continue a levy previously used to pay off convention facility bonds must meet the notice and hearing provisions of truth in taxation. If a county fails to comply with the mandatory cyclical appraisal provisions, the State Auditor is required to withhold monies from the county under certain circumstances. Finally, the bill modifies the truth in taxation forms, and provides a form for the newspaper notice if the legislature exceeds the certified revenue levy.

- *Amends 11-13-25, 17-41-101, 53A-17a-103, 53A-17a-135, 53A-17a-143, 59-1-210, 59-2-102, 59-2-303.1, 59-2-311, 59-2-321, 59-2-704, 59-2-906.1, 59-2-911, 59-2-918, 59-2-919, 59-2-924, 67-3-1;*

SB 157 Uniform Fee on Tangible Personal Property--Lyle W. Hillyard (*Effective July 1, 1995*) Requires, as a condition of registration, that the uniform fee in lieu of property tax be paid for aircraft, boats, and motor vehicles brought into the state unless all property taxes or uniform fees imposed by the state of origin have been paid for the current year.

- *Amends 59-2-402, 59-2-405, 59-2-407*

SB 163 Delinquent Tax Seizure and Sale—Lyle W. Hillyard (*Effective May 1, 1995*) Authorizes county assessors to seize personal property on which a delinquent property tax or uniform fee exists at any time, rather than 30 days or less before sale of the property, to protect a county's interest in that property. The legislation also reduces the time frames for notification and sale of mobile homes on which a delinquency exists.

- *Amends 59-2-1303*

SB 192 Property Tax—Assessment Amendments—George Mantes (*Effective January 1, 1996*) Requires taxpayers or counties contesting centrally assessed valuations to submit to the State Tax Commission a written statement setting forth the known facts and legal basis supporting a value different than the one assessed by the commission. The legislation also requires counties to provide an estimate of the fair market value of the property in question.

- *Amends 59-2-1007*

SB 254 Property Tax Rates and Minimum School Levy—Leonard M. Blackham (*Effective May 1, 1995*) Lowers the minimum school levy by \$90 million and fixes the dollar amount of property taxes to be raised from the minimum basic school levy, allowing the rate to float this year. The gross receipts tax rate on nonprofit electrical utilities is raised and a new gross receipts tax on certain other electrical utilities is imposed. Both gross receipts tax changes are to offset property tax reductions. The legislation provides for the pass through of property tax reductions to other utilities to ratepayers and requires counties to inform taxpayers of the property tax reductions attributable to legislative action.

- *Amends 53A-17a-135, 59-2-908, 59-2-914, 59-2-919, 59-2-924, 59-2-1317, 59-7-605, 59-8-101, 59-8-103, 59-8-104, 59-8-105;*

HB 155 Annexation Amendments—Marda Dillree (*Effective April 30, 2001*) This act establishes an annexation procedure for counties of the second, third, fourth, fifth, and sixth classes that is different from that for counties of the first class. The act requires municipalities within counties of the second, third, fourth, fifth, and sixth classes to adopt an annexation policy plan before future annexations after a certain date may occur. The act eliminates the feasibility study requirement for annexations of areas in a county of the second, third, fourth, fifth, and sixth classes. The act allows an owner of nonfederal public property to file an annexation petition and restricts annexations from taking place in counties of the first class for a specified period, with certain exceptions. The act enacts uncodified material that requires first class counties and cities within first class counties to

prepare a plan for annexations within the county and to submit the plan to the Legislative Management Committee.

SB 80 County Statutes Revision—David L. Gladwell (*Effective April 30, 2001*) This act prohibits separate ownership or conveyance of a common area on a recorded plat and contains provisions for how a common area is to be treated for assessment purposes and for purposes of instruments describing a parcel on the plat. The act modifies county and municipal land use and development provisions including county board of adjustment power provisions and conditional use and other appeal provisions. The act directs county legislative bodies to define how their power to consent of appointments takes place and authorizes the delegation of that power to the executive. The act modifies county budget provisions, including the designation of the county budget officer. The act modifies county clerk and county recorder provisions, including provisions relating to the recording of documents. The act modifies county surveyor provisions and requires all survey work to be done by a licensed land surveyor and distinguishes those surveyor functions that may be performed by someone who is not a licensed land surveyor. The act shifts responsibility

for approving plats in the county from the legislative body to the executive. The act repeals certain duties of a county treasurer and a county auditor and repeals penalties for a treasurer or auditor who does not fulfill certain duties. The act modifies certain duties of a county treasurer and repeals a provision authorizing the county legislative body to suspend a treasurer who is charged with official misconduct. The act modifies county career service council provisions, allows for the appointment of alternate members of the career service council, modifies the authority of the career service council with respect to appeals of personnel matters, contains provisions relating to district court review of a career service council decision, and allows the appointment of administrative law judges to hear appeals referred by the career service council. The act modifies provisions relating to the office of personnel management and makes the position of director a merit position. SB 38 School Funding Amendments—Sen. Howard Stephenson (*Effective July 1, 2016*) This bill amends the definition of “district local property tax revenues” to include school district revenues expended for recreational facilities and revenues received from certain state guarantees; beginning January 1, 2017, creates a separate property tax levy specifically for charter schools so school districts no longer have to collect that funding on behalf of charter schools; repeals, beginning July 1, 2017, the allocation of school district revenues which currently is 25% of the district per pupil local revenues distributed to charter schools; requires the Tax Commission to decrease the board local levy rate imposed by a local school board by the amount necessary to offset any increase from the new charter school levy, resulting in revenue neutrality for school districts and no increase in taxes for taxpayers; requires the charter school levy to be separately stated on the property tax notice; requires the county treasurer to collect the charter school levy revenue and remit the money monthly to the state treasurer, who then deposits the revenues into the Charter School Levy Account; and finally, the State Board of Education distributes the revenue based upon guidelines outlined in Section 53A-1a-513.1.

- *Amends 53A-1a-513, 53A-17a-105, 53A-17a-164, 63I-2-253;*

- *Amends 59-2-1115*

HB 347 Property Tax Exemption Amendments – Rep. Douglas R. Welton (*Effective January 1, 2023*) Enacts a deadline of March 1 by which a taxpayer who was granted an exclusive use exemption must file an annual statement to establish that their property continues to be eligible for the exemption. Authorizes a taxpayer who fails to file the annual exclusive use statement by March 1 to file by March 31 if the taxpayer submits with the annual statement a statement of fact establishing that no other responsible party was capable of filing the annual statement and a medical emergency, death, or other extraordinary and unanticipated circumstances prevented the owner from filing by March 1. Extends the initial deadline for a newly acquired property to apply for the exclusive use exemption from 30 days to 120 days after the property is acquired. Eliminates the requirement that a non-profit applicant for the exclusive use exemption not receive income from any source, including gifts, donations, or payments from recipients of products or services, that produces a profit to the entity in excess of operating and long-term maintenance expenses.

HB 438 Point of the Mountain State Land Authority Amendments – Rep. V. Lowry Snow (*Effective May 4, 2022 except for amendments to Section 52-4-205 which take effect March 23, 2022*) Authorizes the Point of the Mountain State Land Authority (POMSLA) to levy up to a 6% of delivered value energy sales and use tax on an energy supplier that supplies energy to a facility on POMSLA land. Specifies that the energy sales and use tax is payable by the energy supplier to the authority on a monthly basis except that the

energy supplier may retain 1% of the tax remittance. Beginning July 1, 2022, authorizes the Point of the Mountain State Land Authority to levy the municipal energy sales and use tax within point of the mountain state land and prohibits any municipality from imposing the municipal energy sales and use tax within point of the mountain state land. Defines “base taxable value”, “incremental value”, “project area new growth”, and “property tax augmentation” for purposes of property taxation on point of the mountain state land. Imposes the annual fee in lieu of property tax to be imposed on exempt property on point of the mountain state land. Directs a portion of property tax augmentation to be paid to the Authority by the counties which include point of the mountain state land.

SB 20 Property Tax Amendments – Sen. Curtis S. Bramble (*Effective February 22, 2022; Sections 59-2-103.5 and 59-2-1602 have retrospective operation to January 1, 2022*)

This bill excludes a property owner from the requirement to file the primary residential declaration if: the property is in a class four, five, and six county; and the owner is using a P.O. box or rural route box in the same county. Allows owners of residences whose primary residential exemption status is redetermined for failure to file the declaration, to appeal the redetermination until September 15 or 45 days after the valuation notice is provided. Increases the rate of the multicounty assessing and collecting levy to 0.000015. Beginning January 1, 2023, clarifies the formula for calculating an energy supplier's fee in lieu of property tax to include any subsequent sale, resale, or layoff of capacity to an energy supplier whose tangible personal property is not exempt from property tax under the Utah Constitution. Requires an interlocal entity that owns an electric generation and transmission

facility to annually report on or before March 1 to the tax commission information about sales of electricity to energy suppliers and public agencies. Defines the terms "public utility" and "telecommunications service provider" for purposes of property taxation. Prohibits the tax commission from assessing property owned by a telecommunications service provider. Creates a process for the Multicounty Appraisal Trust to value personal property of a telecommunications service provider before forwarding the information to county assessors for assessment. Modifies the definition of "centrally assessed benchmark value" for purposes of property tax new growth by excluding a change in centrally assessed value resulting from a change in the method of apportioning the value prescribed by the Legislature, a court, or the tax commission in an administrative rule or administrative order.

SB 25 Property Tax Deferral Amendments – Sen. Lincoln Fillmore (*Retrospective to January 1, 2022*) This bill Defines "eligible owner" to mean an owner of a single-family residence: who is 75 years old or older during the year in which the deferral application is made; whose household income does not exceed 200% of the maximum income for purposes of the homeowner's credit; and whose household liquid resources do not exceed 20 times the amount of property taxes levied on the owner's residence in the previous calendar year. Beginning January 1, 2022, authorizes a county to grant an eligible owner a deferral of property tax on a qualified residence. Beginning January 1, 2025, requires a county to grant an eligible owner a deferral of property tax on a qualified residence. Requires that for a residence to be qualified for deferral, on January 1 of the year in which the deferral application is made, the residence must: be the eligible owners primary residence; and be owned by the qualified owner for a continuous 20 years or not have a fair market value greater than 100% of the median property value within the county. Specifies that a residence in a trust is still eligible for deferral and transference to the trust does not preclude the 20-year ownership criteria. Requires that the holder of a mortgage or trust deed on the property give written approval of the deferral of property taxes. Subjects deferred property taxes to interest at a rate equal to 50% of the rate applied to delinquent property taxes. Directs the tax commission to administer an \$8 million fund to reimburse counties for deferrals granted for taxes assessed between January 1, 2022, and December 31, 2026. Requires counties to repay reimbursement amounts when the deferral ends and the taxes are redeemed. Directs the tax commission to deposit repaid amounts into the General Fund.

SB 187 State Fair Park Amendments - Sen. Scott D. Sandall (*May 3, 2023*)

This bill dissolves the Utah State Fair Park Corporation and creates the State Fair Park Authority (Authority). This bill subjects possession or beneficial use of property on fair park land to the privilege tax under Title 59, Chapter 4 and requires the county treasurer to pay the privilege tax collected to the Authority; requires the county treasurer to pay to the Authority all revenue derived from a property tax on the personal property located on any fair park land that is subject to the privilege tax; authorizes the Authority to issue development bonds that are exempt from all state income taxes except the corporate franchise tax; modifies the property tax definition of “incremental value” for purposes of the Authority to mean the taxable value of fair park land that is subject to either the privilege tax or the taxable value of personal property that is on fair park land and subject to the privilege tax. SB 187 also impacts the sales tax and municipal transient room tax. Please refer to the full bill for the impact of these changes.

MUNICIPAL TELECOMMUNICATIONS LICENSE TAX

MUNICIPAL TELECOMMUNICATIONS LICENSE TAX

In 2003, the Utah Legislature passed Senate Bill 23 which enacted the Municipal Telecommunications License Tax Act authorizing municipalities, by ordinance, to levy and collect a municipal telecommunications license tax on providers based on the gross receipts from telecommunications services, effective July 1, 2004. In conjunction with the implementation of the municipal telecommunications license tax, the authority for cities to impose a mobile phone tax and municipal telephone franchise fee (which was originally levied on gross receipts for the right to run phone lines through property within municipal boundaries) was repealed in 2004. Prior to July 1, 2007, the maximum municipal telecommunication tax rate was 4%. Starting in July 1, 2007, the maximum tax rate for this tax was reduced to 3.5%.

END OF CHAPTER

911 EMERGENCY SERVICES TELEPHONE CHARGE

911 EMERGENCY SERVICES TELEPHONE CHARGE

In 1986, the Utah Legislature provided for the establishment of 911 emergency telephone systems by counties, cities, towns, and special service districts. At that time, the legislature allowed the governing body of any public agency providing 911 emergency services to annually levy an emergency telephone charge, not to exceed 50 cents per month, on each “basic local exchange access line.” Over time, both the tax rate on phone lines and how revenues from this tax are used have been modified. As of 2022, the 911 Emergency Services Telephone Charge includes a total tax rate of \$1.48 per access line per month and a separate charge of 4.9% of each purchase of prepaid wireless telecommunications service. Revenues from these charges are either distributed to public safety answering points or deposited into the Unified Statewide 911 Emergency Service Account or the Utah Statewide Radio System Restricted Account or the Universal Public Telecommunications Service Support Fund.

LEGISLATIVE HISTORY OF 911 EMERGENCY SERVICES TELEPHONE FEE

1986

HB 10 Emergency 911 Funding—Rep. Ronald L. Stephens, Dixon Pitcher (*Effective April 28, 1986*) This bill provided for the establishment of 911-Emergency Telephone Systems by Counties, Cities, Towns, and Special Service Districts; and provided for their funding. It allowed the governing body of any public agency providing 911 emergency service to levy an emergency service charge in an amount not to exceed 50 cents per month on each “basic local exchange access line.”

1989

HJR 17 Resolution Encouraging Enhanced 911 Emergency Phone Service (*Effective February 9, 1989*).

1996

SB 114 Radio Access Line Surcharge—Sen. Craig A. Peterson (*Effective April 29, 1996*) This bill expanded the funding base for 911 Emergency Telephone Service. It allowed a charge not to exceed 50 cents on each radio communications access line. Replaced the term "basic local exchange access line" with "local exchange service switched access line".

1998

SB 221 Emergency Services Telephone Charge—Sen. David H. Steele (*Effective July 1, 1998*) This bill increased the amount of the emergency services telephone charge that may be levied to pay for 911 emergency telephone service. It increased the rate public agencies could charge for 911 emergency telephone service (from 50 cents) to 53 cents per month. It also imposed an emergency services telephone charge, at the rate of 7 cents per month, to pay for the costs of the University of Utah Poison Control Center. The charge shall be collected by the entity that provides local exchange service switched access line service or radio communications access line service and remitted monthly to the Tax Commission.

SB 81 Provisions Relating to High-level Nuclear Waste—Terry R. Spencer (*Effective March 15, 2001*) This act prohibits the placement of high-level nuclear waste or greater than class C radioactive waste within the exterior borders of the state and prohibits governmental entities or businesses from providing services to facilitate the placement of the waste in the state. However, should the federal government authorize this placement, the act requires mandatory planning by the site county, including a public hearing. The act provides that an entity may not apply for a state license for the transportation, transfer, or storage of high-level nuclear waste or greater than class C radioactive waste until a final court ruling is given regarding the state provisions. The act also prohibits a county from providing municipal-type services to a site under consideration for a facility, entering into contracts to provide the services, or creating political subdivisions to provide the services until a license is authorized. The act provides that persons or organizations acting in violation of these provisions are subject to penalties. The act requires the Department of Environmental Quality to determine the amount of unfounded potential liability regarding a release of the waste from a facility. Should a facility gain a license, the act imposes on any organization providing municipal-type services a transaction fee of 75% of the value of a contract. This fee is to be applied to the unfounded potential liability and deposited in a restricted account created by this act. In addition, the license applicant is required to deposit in this account not less than 75% of the determined unfunded potential liability within 30 days of issuance of the license for the facility. The licensee is also required to pay an annual fee to be determined by the amount of workers' compensation to be paid for employees in the state, multiplied by the number of casks of nuclear waste brought into the state, which is also to be deposited in the account. The fee does not exempt the licensee from payments for workers' compensation. The act also requires the licensee to test employees for the presence of drugs or alcohol to protect the safety of the public. The act provides for the state engineer to file an action in court to determine water rights for any area within the state's exterior boundaries regarding which any entity is actively seeking a license for a nuclear waste facility.

- 7) Requires the task force to make reports to the Revenue and Taxation Interim Committee.

SB 170 State Tax Commission Collection and Licensing Practices—Curtis S. Bramble

(Effective May 2, 2005) This legislation imposes a bonding requirement for certain persons required to collect withholding tax. It requires an applicant to post a bond with the Commission prior to obtaining a sales tax, withholding tax or fuel tax license if any of the principals have been a responsible party for another person that is delinquent in, or had a license revoked for delinquency in the tax they are applying for. The bill increases bond amounts for withholding, sales and fuels licenses to a minimum of \$50,000 and a maximum of \$500,000. The bond amount is based on estimates of the applicant's tax liability plus any delinquencies or revocations of the principals.

If a person that is required to collect a tax as stated in this bill engages in business within the state before obtaining a license, that person is guilty of a criminal violation. The Commission shall revoke a license if a licensee violates any requirement of this bill. If the Commission revokes a licensee's license, the Commission may not issue another license to that licensee until they comply with these requirements, including paying any tax, penalty, or interest due, or by posting a bond.

- *Amends 59-1-302, 59-10-406, 59-12-106, 59-12-107, 59-13-209, 59-13-302, 59-13-303, 59-13-305, 59-13-308;*

SB 3002 Access to Information Gained by the State Tax Commission from Returns—Curtis S. Bramble (*Effective May 26, 2006*) This bill amended the Revenue and Taxation title to allow the Office of Legislative Research and General Counsel to receive, under certain circumstances, information gained by the State Tax Commission that is required to be attached to or included in returns filed with the State Tax Commission. The legislation provided that an office may not request, and the State Tax Commission may not disclose, a person's address; name, social security number or taxpayer identification number. This bill limits the ability of an office to provide information gained by the State Tax Commission that is required to be attached to or included in returns filed with the State Tax Commission and that the office receives from the State Tax Commission and it addresses the circumstances under which a person may request such information from an office.

- *Amends 59-1-403*

2007

HB 96 Motor Vehicle Dealer Amendments—Patrick Painter (*Effective April 30, 2007*) This bill modifies the Motor Vehicle Business Regulation Act by amending provisions relating to motor vehicle dealer license requirements. This bill: provides that each transaction a person arranges, offers to arrange, or brokers involving the sale or lease of a motor vehicle for a fee, commission, or other compensation is a separate violation if the person: has sold two or more motor vehicles in the previous consecutive 12-month period; and is not licensed as a dealer; provides that once a person has committed the offense of acting as a dealer without a license, each additional motor vehicle the person sells, displays for sale, offers for sale or exchange, or leases in the 12-month period is a separate violation; and makes technical changes.

- *Amends 41-3-201.5, 41-3-701*

SB 5 Tax Penalty Amendments—Sen. Howard Stephenson (*Effective April 30, 2007*) This bill amends the penalty provisions for a failure to file a tax return to exempt the return from a penalty if no tax is due on the tax return; and amends the mailing requirements for the notice of a criminal penalty to allow certified, instead of registered, mail; both of these changes reflect current Tax Commission practice.

- *Amends 59-1-401*

SB 54 Motor Vehicle Dealer Performance Bond Amendments—Dan R. Eastman (*Effective April 30, 2007*) This bill modifies the Motor Vehicle Business Regulation Act by amending motor vehicle dealer bond provisions.

SB 74 Penalties Relating to Taxes, Fees, or Charges—Sen. Howard Stephenson (*Effective April 30, 2007*) This bill modifies penalty provisions that apply to income, fiduciary, sales, corporate, and withholding taxes with respect to the failure to file a return, or pay a tax, fee, or charge due; effective the later of the date the Gen Tax sales tax phase becomes effective or May 1, 2008 (for sales and income), and the later of the date the Gen Tax corporate and withholding phase becomes effective, or May 4, 2009 (for corporate and withholding), the penalties for failure to file, failure to pay, and failure to file a timely extension return are the greater of \$20 or: 2% of the unpaid liability if less than 5 days late, 5% of the unpaid liability if between 5 and 15 days late, and 10% of the unpaid liability if more than 15 days late; enacts un-codified language requiring the Utah Tax Review Commission to conduct a study on penalties relating to taxes, fees, or charges.

- *Amends 59-1-401, 59-7-507, 59-10-516*

SB 186 Motor Vehicle Amendments—Dan R. Eastman (*Effective April 30, 2007*) This act provides that a dealer supplemental license for an additional place of business may only be issued if the dealer is licensed and bonded and is in compliance with existing administrative rules promulgated by the administrator of the Motor Vehicle Enforcement Division. This bill provides that a dealer supplemental license for an additional place of business for a new motor vehicle dealer may not be issued for an additional place of business that is beyond the geographic specifications of a new motor vehicle dealer's area of responsibility as determined in the dealer franchise agreement. The legislation required a new motor vehicle dealer to submit a copy of the portion of the dealer's franchise agreement to the administrator before being issued a supplemental license for an additional place of business. It provided exception to the restriction: if a license is being issued for the sale of used motor vehicles; or for trade shows or exhibitions.

- *Enacts 41-3-201.7*

2008

HB 347 Motor Vehicle Business Regulation Amendments—Sylvia S. Anderson (*Effective July 1, 2008*) This bill modifies the New Automobile Franchise Act and the Motor Vehicles Code by amending motor vehicle business regulations. This bill: amends definitions; provides that the requirements for motor vehicle dealers apply to a person who sells off-highway motor vehicles; requires a provider of a motor vehicle dealer orientation class to submit the class curriculum to the Motor Vehicle Division for approval prior to teaching the class; requires a distributor who is either located in the state or has a branch office within the state to maintain a principal place of business; provides that a used motor vehicle dealer whose license has been suspended may liquidate any existing inventory by selling the remaining used motor vehicles to certain persons and provides that the fine for violating the liquidation provisions is a class A misdemeanor; and makes technical changes.

- *Amends 13-14-102, 41-3-102, 41-3-201, 41-3-204, 41-3-206, 41-3-701;*
- *Enacts 41-3-207.5*

SB 108 Tax Commission Administration, Collection, and Enforcement Amendments—Sen. Wayne Niederhauser (*Effective May 12, 2009*) Creates a new Part 14 in Title 59, Chapter 1, that provides uniform statutory provisions for assessment, collection and refund of taxes and fees, including:

- 1) Providing a uniform time period for appealing the denial of a refund;
- 2) Clearly defining the assessment date;
- 3) Allowing the commission the discretion to estimate taxes for all tax types if a taxpayer doesn't file a return, or files a false or fraudulent return;
- 4) Defining "deficiency" for all tax types and clarifying that the Commission may increase or decrease a deficiency during a re-determination proceeding without issuing an amended or supplemental assessment;
- 5) Prohibiting the transfer of property of a delinquent taxpayer for all tax types;
- 6) Defining mathematical error consistent with IRC practice and applying to all tax types;
- 7) Increasing the time within which a taxpayer may respond to a notice and demand from 10 to 30 days;
- 8) Clarifying that a warrant does not have to be filed with the sheriff, but may be filed by the commission directly with the court;
- 9) Increasing the duration of a judgment from eight to ten years, and prohibiting the commission from re-filing a judgment;

- 10) Broadening the taxpayer remedies for a sales tax deficiency (Section 59-12-110(2)(e)) to apply to all tax types (these remedies are to: (1) appeal; or (2) pay the tax and apply for a refund); and
- 11) Making consistent the time frames for appeals on refund claims with the time frames for appealing the assessment of tax (that is, repeals Sections 59-10-532 through 59-10-535).
