Who Must File

If you are a fiduciary of a resident estate or trust, or a fiduciary of a nonresident estate or trust with income derived from Utah sources, and you are required to file a federal Fiduciary Income Tax Return, then you must file a *Utah Fiduciary Income Tax Return, form TC-41*.

When to File and Pay

You must file your return and pay any income tax due:

1. By April 15, 2015, if you file on a 2014 calendar year basis (tax year ends Dec. 31, 2014); or
2. By the 15th day of the fourth month after the fiscal year ends, if you file on a fiscal year basis. If the due date falls on Saturday, Sunday or legal holiday, the due date is the next business day.

All Utah income taxes for the year must be paid by the due date. If your return is not filed on time or all income tax due is not paid by the due date you may be subject to penalties and interest. (See *Penalties and Interest* instructions in this book.)

Utah does not require quarterly estimated tax payments. You can prepay at any time by sending your payment with form TC-549, *Fiduciary Income Tax Prepayment Coupon*, or by paying online at taxexpress.utah.gov.

Tax Period and Accounting Method

The first return filed by an administrator or executor of an estate must cover the period from the date of the decedent's death to the end of the first tax year selected by the fiduciary. The first return filed by a fiduciary of a trust must cover the period beginning with the creation of the trust to the end of the first tax year selected by the fiduciary. Returns must be filed for each subsequent year the estate or trust exists. The taxable year cannot be longer than 12 months and must coincide with the tax year selected for filing the federal return. You must apply the same accounting method used for federal fiduciary income tax purposes as for Utah fiduciary income tax purposes.

Return for Period Covered

File the 2014 Utah Fiduciary Return for calendar year 2014 and fiscal years beginning in 2013 and ending in 2015. If the return is for a fiscal year or a short tax year (less than 12 months), fill in the tax year space at the top of the form.

Extension of Time to File

TIP This is **NOT** an extension of time to pay your taxes – it is an extension of time to file your return.

You automatically get an extension of up to six months to file your return. No extension form is required to be filed. However, penalties will be assessed if you have not met the prepayment requirements by the original due date (see the following section). See *Penalties and Interest* instructions in this book. All extension calendar year returns must be filed by Oct. 15, 2015.

Prepayment Requirements for Filing Extension

You must prepay by the original due date:

- 90 percent of your 2014 Utah income tax due (TC-41, line 38);
- 100 percent of your 2013 Utah income tax liability from the 2013 *Utah Fiduciary Income Tax Return* (TC-41, line 38); or
- 90 percent of your 2014 Utah income tax due if you did not have a Utah tax liability in 2013 or this is your first year filing.

The pass-through withholding tax **must** be paid to the Tax Commission by the original due date of the return, without regard to extensions. You may pay online at taxexpress.utah.gov or use form TC-549, *Fiduciary Income Tax Return Payment Coupon*. Prepayments are not required for the pass-through withholding tax.

You may prepay through withholding (W-2, TC-675R, etc.), payments applied from a previous year refund, tax credits and credit carryovers, or payment made by the tax due date using form TC-548, *Fiduciary Income Tax Prepayment Coupon* or online at taxexpress.utah.gov. Interest is assessed on unpaid tax from the filing due date until the tax is paid in full. Penalties may also apply.

Where to File

Mail your return and any payment (with *TC-549 Fiduciary Income Tax Return Payment Coupon*) to:

Utah State Tax Commission

FYI: Withholding Forms

Withholding tax information must be entered on TC-41W, which is attached to your return.

Keep

Do not send forms W-2, 1099-R, 1099-MISC, Utah Schedule K-1 received from an upper-tier pass-through entity (see TC-250 instructions in this book for the definition of upper-tier pass-through entity), etc., or form TC-675R (showing mineral withholding tax) with your return. Keep all withholding forms with your tax records for future reference. If you do not complete the TC-41W with all required information, processing your return may be delayed and your withholding credit may be disallowed.

Do not send a copy of your federal return, credit schedules (other than Utah Schedules TC-41A, TC-41S, and/or TC-41W, if applicable), worksheets, or other documentation with your Utah return. Keep these, along with any receipts, to support entries reported on your return. You may have to provide this information later to verify entries on your return.

Recordkeeping

Keep copies of any receipts, state forms, worksheets, credit authorization forms, and other documentation to support any income, deduction, exemption, and credit you have reported. You may be asked to provide this information later to verify entries on your Utah return.

Rounding Off to Whole Dollars

Round off cents to the nearest whole dollar. Round down if under 50 cents; round up if 50 cents and above. **Do not enter cents anywhere on the return.**

Penalties

Utah law (UC §59-1-401) provides penalties for not filing tax returns by the due date, not paying tax due on time, not pre-paying enough on extension returns, and not filing information returns or supporting schedules. See tax.utah.gov/billing/penalties-interest and Pub 58, *Utah Interest and Penalties* at tax.utah.gov/forms. You can calculate penalties by using the online *Penalty and Interest Calculator* at taxexpress.utah.gov.

Interest

(In addition to penalties due)

Interest is assessed on underpayments from the due date until the liability is paid in full. The interest rate for 2015 is 2 percent. Use the online Penalty and Interest Calculator at taxexpress.utah.gov or Pub 58, *Utah Interest and Penalties* (tax.utah.gov/forms).

Fiduciary and Estate Defined

Fiduciary means a guardian, trustee, executor, administrator, receiver, conservator, or any person acting in a fiduciary capacity for any individual or entity. The term *estate* refers only to the estate of a deceased person and does not include a trust maintained for minors, for a person adjudicated incompetent, or for any person who is suffering from another legal disability.

Note: Throughout these instructions, any reference to “you” means the fiduciary of the estate or trust.

Domicile Defined

(UC §59-10-136)

Utah Domicile

For Utah tax purposes, a person is considered domiciled in Utah under the following conditions:

Test 1

1. You or your spouse has claimed a dependent on your federal tax return and the dependent is enrolled in a Utah public K-12 school (unless you are a noncustodial parent who is divorced from a custodial parent).
2. You or your spouse is enrolled as a resident student in a Utah state institution of higher education.

Test 2

There is a rebuttable presumption that you or your spouse is domiciled in Utah (i.e., you are domiciled in Utah unless you can prove otherwise) if either of you:

1. claims a residential exemption for a primary residence under UC §59-2, Property Tax Act;
2. is registered to vote in Utah; or
3. claims Utah residency for purposes of filing your income tax return.

Test 3

Even if you or your spouse does not meet any of the conditions above, you are still domiciled in Utah if:

1. either you or your spouse has a permanent home in Utah to which either of you returns to after being absent; and
2. you or your spouse has voluntarily settled in Utah, not for a special or temporary purpose, but with the intent of making a permanent home.

Whether or not you or your spouse has a permanent home in Utah is based upon a preponderance of the evidence, taking into consideration the totality of the following facts and circumstances (i.e., we will weigh the following facts and circumstances to decide if you have a permanent home in Utah):

- You or your spouse has a Utah driver's license.
- You or your spouse claims an exemption for a dependent who is enrolled as a resident student in a Utah state institution of higher education.

- The nature and quality of your living accommodations in Utah compared to another state.
- You have a spouse or dependent in Utah for whom you or your spouse claims a federal tax exemption.
- The physical location where you or your spouse earns income.
- The state of registration of a vehicle owned or leased by you or your spouse.
- You or your spouse has a membership in a church, club or similar organization in Utah.
- You or your spouse lists a Utah address on mail, a telephone listing, a listing in an official government publication, other correspondence, or similar item.
- You or your spouse lists a Utah address on a federal or state tax return.
- You or your spouse claims Utah residency on a document filed with or provided to a court or other governmental entity.
- You or your spouse fails to obtain a permit or license normally required of a resident in the state where you claim to have domicile.
- You or your spouse has a dependent child who is in the custody of a former spouse and who is enrolled in a Utah public K-12 school.

No Utah Domicile

You do not have a Utah domicile if you and your spouse are absent from Utah for at least 761 consecutive days and during this time you or your spouse:

1. does not return to Utah for more than 30 days in a calendar year,
2. does not claim an exemption on their federal tax return for a dependent who is enrolled in a Utah public K-12 school (unless you are the noncustodial parent),
3. is not enrolled in a Utah institution of higher education as a resident student,
4. does not claim the residential exemption for property tax on your primary residence in Utah, or
5. does not claim Utah as your home for federal tax purposes.

An absence from the state begins on the later of the date you or your spouse leaves Utah and ends on the day you or your spouse returns to and stays in Utah for more than 30 days in a calendar year.

If you do not have Utah domicile you may choose to be considered as having a Utah domicile by filing a Utah resident income tax return.

If you are considered to have domicile in Utah, your spouse is also considered to have domicile in Utah. This rule does not apply if you are legally separated or divorced, or you file your federal returns as married filing separately.

You must file a Utah income tax return (or amended return) and pay any penalty and interest that apply if you did not file a Utah return based upon your belief that you did not meet the domicile criteria.

Resident Estate or Trust Defined

Resident estate or resident trust means:

1. an estate of a deceased person who, at death, was domiciled in Utah;
2. a trust, or a portion of a trust, consisting of property transferred by will of a deceased person who at death was domiciled in Utah; or
3. a trust administered in Utah.

A trust is administered in Utah if:

- a. the fiduciary transacts a major portion of its trust administration in Utah, or
- b. the fiduciary's usual place of business is in Utah.

Nonresident Estate or Trust Defined

The terms *nonresident estate* or *nonresident trust* are defined as estates or trusts that are not resident estates or trusts.

Part-year Resident Estate or Trust Defined

A part-year resident estate or trust is a resident estate or trust for part of the year and a nonresident estate or trust for part of the year. All income received during the period of Utah residency is taxable in Utah, regardless of where that income is earned, unless specifically exempted. Income from Utah sources is taxable in Utah during the period of nonresidency.

Exempt Trusts

A trust exempt from federal income tax is exempt from Utah income tax unless there is unrelated business income in Utah.

Amounts Reportable as Utah Income by the Beneficiaries

Utah resident beneficiaries must report the income from the estate or trust included in the beneficiary's federal adjusted gross income to Utah as though the beneficiary received the income directly. The estate or trust residence does not affect the source of income for computing the beneficiary's Utah individual income tax.

A Utah nonresident beneficiary is not required to file a Utah return if:

1. their only Utah source of income is from a partnership, S corporation, estate or trust (or other pass-through entity);
2. they had Utah income tax withheld by the partnership, S corporation, estate or trust (or other pass-through entity) on the Utah income; and
3. they do not seek to claim a Utah tax credit.

Portfolio Income

Portfolio income listed on federal return schedules may be either business or nonbusiness income.

For Utah purposes, business portfolio income (portfolio income that is business income) does not qualify as Utah portfolio income. Therefore, business portfolio income is apportionable income for Utah purposes. Generally, Utah portfolio income

includes gross income, other than income derived in the ordinary course of a trade or business.

Portfolio income may included:

- Interest
- Dividends
- Royalties
- Income from the disposition of property that produces income of a type defined as portfolio income
- income from the disposition of property held for investment
- income from a real estate investment trust, a regulated investment company, a real estate mortgage investment conduit, a common trust fund, a qualified electing fund, or a cooperative

Interest, dividends, royalties, etc., earned in the ordinary course of the trade or business of a pass-through entity are not portfolio income.

Example: Interest, dividends, etc. may constitute Utah portfolio income if the pass-through entity holds funds that are not used to further the trade or business. These funds cannot be comingled with the operating funds nor comprise working capital at any time during the tax year, and cannot be used as collateral, to obtain financing, or for any other business purpose.

Portfolio income is attributable to the beneficiary's resident state.

Apportionable Income

Interest, dividends, royalties, gains, etc. derived in the ordinary course of a pass-through entity's trade or business constitute apportionable business income rather than Utah portfolio income. Income received from holdings in or the sale of partnership interests also constitute apportionable business income. If an entity's primary business activity is investing funds (such as with a brokerage firm), interest, dividends, gains, etc. also constitute apportionable business income rather than portfolio income.

Pass-through Entity

A pass-through entity is an entity whose income, gains, losses, deductions and/or credits flow through to its partners (partnerships), members (limited liability companies), and shareholders (S corporations) or beneficiaries (estates and trusts) for federal tax purposes.

An estate or trust is also considered a pass-through entity if it is required to divide among and pass through its income, gains, losses, deductions, and/or credits to one or more beneficiaries. A pass-through entity is required to withhold Utah income tax on the income from Utah sources passed through to its beneficiaries. The calculation of the withholding tax requirement for an estate or trust is made on the TC-41N. (See TC-41N instructions in this book.)

Pass-through Entity Taxpayer

A pass-through entity taxpayer is any entity which has income, gains, losses, deductions and/or credits passed to it from a pass-through entity (e.g., an individual who is a beneficiary in a trust is a pass-through entity taxpayer). Utah withholding tax paid for or on behalf of the beneficiary by the pass-through

entity is reported on the TC-41, Schedule K-1, and is claimed as a refundable credit on the income tax return filed by the beneficiary.

Pass-through Entity Withholding Requirements

Estates and trusts are considered pass-through entities (see UC §59-10-1402(10)) and, for tax years beginning on or after Jan. 1, 2013, are required to withhold Utah income tax on all nonresident individual beneficiaries, and on all resident business and nonresident business beneficiaries. These beneficiaries are collectively referred to as pass-through entity taxpayers (see UC §59-10-1402(11)). A pass-through entity is not required to withhold on a beneficiary if:

1. the beneficiary is exempt from tax under UC §59-7-102(1)(a) or §59-10-104.1;
2. the pass-through entity is a plan under IRC Sections 401, 408 or 457 and is not required to file a return under UC Chapter 7; or
3. the pass-through entity is a publicly traded partnership as defined under UC §59-10-1403.2(1)(b)(iv).

Utah imposes a 5 percent withholding tax on all Utah business and nonbusiness income derived from or connected with Utah sources and attributable to pass-through entity taxpayers. The estate or trust may reduce this withholding by any mineral production withholding tax and previous pass-through entity withholding tax allocated to the beneficiary. This withholding tax must be paid to the Tax Commission by the original due date of the return, without regard to extensions.

The calculation of the required Utah withholding tax is done on Schedule N (TC-41N). See the TC-41N instructions in this book.

The estate or trust must provide a Utah Schedule K-1 to each partner showing the amount of Utah withholding paid on behalf of the beneficiary. This withholding tax is then claimed as a credit by the beneficiary on the beneficiary's personal return.

If this estate or trust has an interest in another pass-through entity, that other entity is required to withhold Utah income tax on Utah income allocated to this estate or trust. The other pass-through entity must provide a Utah Schedule K-1 showing the amount of Utah withholding tax paid on behalf of this estate or trust. This withholding tax must be reported on TC-250, and then allocated to the beneficiaries of this estate or trust to be claimed on their personal returns. Enter this previous pass-through entity withholding tax for each beneficiary on Schedules K and K-1.

The estate or trust may request a waiver of withholding tax and any associated penalty and interest for all or selected beneficiaries who filed and paid tax on the Utah income from this estate or trust. The tax must be paid on or before the estate or trust's return due date, including extensions (see UC §59-10-1403.2(6)).

You must amend your Utah return within 90 days of the IRS's final determination. Contact the Tax Commission if you are unsure whether or not your Utah taxes are affected by an audit or adjustment.

To qualify for a refund or a credit, you must file an amended return by the later of three years after the original return was due or two years from the date the tax was paid. (A return filed before the due date is considered filed on the due date.)

Line 30. Utah Use Tax

Use tax is a tax on goods and taxable services purchased for use, storage or other consumption in Utah during the taxable year and applies only if sales tax was not paid at the time of purchase. If you purchased an item from an out-of-state seller, including Internet, catalog, radio and TV purchases, and the seller did not collect sales tax on that purchase, you must pay the use tax directly to the Tax Commission. If you have a Utah sales tax license/account, include the use tax on your sales tax return. If you do not have a Utah sales tax license/account, report the use tax on line 30 of TC-41.

You may take a credit for sales or use tax paid to another state (but not a foreign country). If the other state's tax rate is lower than Utah's, you must pay the difference. If the other state's tax rate is more than Utah's, no credit or refund is given. If sales tax was paid to more than one state, complete the worksheet below for each state. Add lines 8 on all worksheets and enter the total on line 30.

Sales and use tax rates vary throughout Utah. Use the *Use Tax Rate Chart* below to find the rate for the location where the merchandise was delivered, stored, used or consumed. Use the county rate if the city is not listed.

Grocery food bought through the Internet or catalog is taxed at 3 percent. The grocery food must be sold for ingestion or chewing by humans and consumed for the substance's taste or nutritional value. The reduced rate does not apply to alcoholic beverages or tobacco. See Tax Commission Pub 25 at tax.utah.gov/forms for more information.

Line 37. Total Withholding and Refundable Credits

Add lines 33 through 36.

Line 38. Tax Due

If line 32 is more than line 37, subtract line 37 from line 32. This is the tax you owe.

Line 39. Penalty and Interest

If you are filing your return or paying any tax late, you may owe penalties and interest. Calculate your penalty and interest by using the Penalty and Interest Calculator at taxexpress.utah.gov or by following the instructions in Pub 58, *Utah Interest and Penalties* at tax.utah.gov/forms. The Tax Commission will send you a bill if you do not pay the penalties and interest with your return or the penalty and/or interest were calculated incorrectly.

Penalties

You may receive a penalty for not filing your return on time and for not paying any tax due on time. The penalties are a percentage of the unpaid tax, based on the number of days late. Instructions to calculate these penalties are found at tax.utah.gov/billing/penalties-interest and in Pub 58, *Utah Interest and Penalties* at tax.utah.gov/forms. Include these penalties on line 39, if applicable.

A penalty for underpaying an extension prepayment is 2 percent of the unpaid tax per month of the extension period. If the return is not filed by the extension due date, failure to file and pay penalties will apply, as if the extension had not been granted. Also, include this penalty on line 39, if applicable.

There is no late filing penalty (including on an amended return) if you have no tax due on the return.

Interest

Calculate interest from the due date to the date paid. The 2015 rate is 2 percent. Include this interest on line 39, if applicable.

Line 40. Total Due - Pay this Amount

Add any penalty and interest you owe on line 39 to the tax on line 38. Pay this amount with your return. Include a TC-549 coupon with your payment.

Payment Options

You may pay your tax online with your credit card or with an electronic check (ACH debit). Online payments may include a service fee. Follow the instructions at taxexpress.utah.gov.

You may also mail your check or money order payable to the "Utah State Tax Commission" with your return. Write your daytime phone number, and "2014 TC-41" on your check. **Do not staple** your check to your return. Remove any check stub before sending. **Do not mail cash** with your return. The Tax Commission is not liable for cash lost in the mail. Include the TC-549 coupon with your payment.

Mail your payment, coupon and Utah return to Utah State Tax Commission, 210 N 1950 W, Salt Lake City, UT 84134-0250.

Allow at least 90 days for your return to be processed.

Payment Agreement Request

If you cannot pay the full amount you owe, register using Taxpayer Access Point (TAP) at taxexpress.utah.gov and click on "Request Pay Plan or e-reminder." Or you may contact the Tax Commission at 801-297-7703, or 1-800-662-4335 ext. 7703 (outside the SLC area).

Access TAP at taxexpress.utah.gov. It allows many free services, including e-file and e-pay, as well as allowing you to monitor your own income tax account, request a payment plan and provide an email address to receive a payment plan reminder email.

Payment plan requests will be considered after your return is processed. If your plan request is accepted, you will receive an email stating the terms and conditions of the agreement. A payment plan does not stop penalties and interest from accruing and we may still file a tax lien to secure the debt.

You may make payments prior to approval of the payment plan or prior to receiving a billing notice.

Line 41. Refund

If line 37 is more than line 32, subtract line 32 from line 37. This is your refund.

Line 42. Refund Applied To 2015 Taxes

You may apply all or part of your refund as a prepayment for your 2015 Utah fiduciary tax liability. Enter the amount of refund you want applied to your 2015 tax on this line. Any part not applied to your 2015 tax liability will be refunded to you (unless you have other outstanding government obligations).

Completing the Return

Signature

The fiduciary or an officer representing the estate or trust must sign the return. Failing to sign the return will delay your refund.

Paid Preparer Information

The paid preparer must enter his or her name, address and PTIN in the section below the fiduciary's signature.

Paid Preparer Authorization

If you want to allow the Tax Commission to discuss this return with the paid preparer who signed it, enter an "X" in the box on the right-hand side of the signature area of the return where indicated. This authorization applies only to the individual whose signature appears in the Paid Preparer's Section of the return. It does not apply to the firm, if any, shown in that section.

If you enter an "X" in the box, you authorize the Tax Commission to call the paid preparer with questions that may arise while processing the return. You also authorize the preparer to:

- give the Tax Commission any missing information from the return,
- call the Tax Commission for information about the processing of the return or the status of any refund or payment(s), and
- respond to certain Tax Commission notices about math errors, offsets and return preparation.

You are not authorizing the preparer to receive any refund, bind you to anything (including any additional tax liability), or otherwise represent you before the Tax Commission. The authorization automatically ends on the due date for filing the next year's tax return (without regard to extensions).

If you want to change the preparer's authorization, complete and submit form *TC-737, Power of Attorney and Declaration of Representative*. Get form TC-737 at **tax.utah.gov/forms**. If you want to revoke the authorization before it ends, submit your request in writing to the Utah State Tax Commission, attention Taxpayer Services, 210 N 1950 W, SLC, UT 84134.

3. Any eligible capital gain must first be offset by any capital loss recognized for the year for federal purposes from the sale of gold and/or silver coin; and
4. The transaction must be made during the taxable year.

TC-41C – Bankruptcy Estate Schedule

The filing of a bankruptcy petition for an individual debtor under chapter 7 or chapter 11 of the bankruptcy code creates a separate taxable entity known as a bankruptcy estate. The trustee (for chapter 7 cases) or the debtor-in-possession (for chapter 11 cases) must prepare and file the estate's tax returns and pay its taxes. The debtor remains responsible for filing returns and paying taxes on any income that does not belong to the estate.

Amended Return. If a bankruptcy case begins, but is later dismissed by the bankruptcy court, the estate is not treated as a separate taxable entity. If tax returns have been filed for the estate, amended returns must be filed to move income and deductions from the estate's returns to the debtor's returns. If no returns have been filed, report all income and deductions on the debtor's returns.

Utah Instructions. For purposes of the TC-41C, references made to federal form 1040 refer to the federal form 1040 that is attached as a schedule to federal form 1041 that the trustee or debtor-in-possession files on behalf of the bankruptcy estate with the Internal Revenue Service.

A trustee or debtor-in-possession of a bankruptcy estate (chapter 7 or chapter 11) must file form *TC-41, Utah Fiduciary Income Tax Return*, and attach a completed *TC-41C, Bankruptcy Estate Schedule*. Leave lines 4 through 21 of the TC-41 blank. Line 22 of the TC-41 is the tax calculated on the TC-41C, line 20.

- **Resident Bankruptcy Estate:** Complete lines 23 through 42 of the TC-41 according to the regular fiduciary instructions. Complete and attach only page 1 of TC-41C to your return; do not complete or attach TC-41C, page 2.
- **Nonresident or Part-year Resident Bankruptcy Estate:** Complete TC-41, lines 23 through 25, following the regular fiduciary instructions. Then complete TC-41C, page 2 to calculate the Utah tax. Enter the apportioned tax from TC-41C, line 58 on TC-41, line 26. Attach both pages 1 and 2 of TC-41C to your return.

The estate's tax liability is determined by completing the TC-41C with information and calculations similar to the Utah *TC-40, Individual Income Tax Return*.

The special bankruptcy estate instructions on TC-41C override those for TC-41 and TC-41B, where there is a conflict.

Provide each beneficiary a copy of their Utah Schedule K-1.

TC-41N – Pass-through Entity Withholding Tax

The estate or trust, as a pass-through entity, must pay or withhold tax on behalf of each nonresident individual beneficiary and each resident or nonresident business beneficiary (collectively referred to as pass-through entity taxpayers) unless a withholding waiver request is made (see below). The estate or trust is not required to withhold Utah tax on a beneficiary if:

- the beneficiary is exempt from taxation under UC §59-7-102(1)(a) or §59-10-104.1;
- this estate or trust is a plan under IRC Sections 401, 408 or 457 and is not required to file a return under UC Chapter 7; or
- this estate or trust is a publicly traded partnership as defined under UC §59-10-1403.2(1)(b)(iv).

Beneficiaries may take a credit for the amount of tax paid by the estate or trust on their behalf. To claim the credit, the beneficiary must file a Utah income tax return for the taxable year. A beneficiary subject to withholding by the estate or trust and who has no other Utah source of income may elect to forego the credit and not file a Utah income tax return. However, a beneficiary with income or loss from other Utah sources must file a Utah income tax return. A beneficiary who is eligible for Utah tax credits, in addition to the Utah pass-through tax withheld, must file a Utah income tax return to claim those credits.

If the beneficiary is a pass-through entity, it must file a Utah return to report its income/loss and withholding allocations to its partners/members/shareholders/beneficiaries.

Estates or trusts having beneficiaries for whom withholding is required must complete Schedule N showing the amount of Utah income attributable to the beneficiaries, the amount of Utah tax on such income (5 percent), any Utah mineral production withholding tax and upper-tier Utah pass-through entity withholding tax credited to the beneficiaries, and the net amount of withholding tax this estate or trust must pay on behalf of such beneficiaries. Use additional forms TC-41, Schedule N, if needed.

Withholding Waiver Request

(UC §59-10-1403.2(5))

You may request a waiver from the requirement to withhold Utah income tax on pass-through entity taxpayers by entering a “1” in the field if the waiver is for all beneficiaries, or a “2” if the waiver is for only certain beneficiaries. Also enter an “X” on line B and a “0” in column F for each beneficiary for whom the waiver is requested.

Requesting the waiver for all or specific beneficiaries does not relieve the estate or trust from the responsibility of paying Utah tax on the income allocated to beneficiaries if the beneficiaries do not pay. If the beneficiary or beneficiaries for whom you requested a waiver fail to file a return and make the required payment in a timely manner, you will be liable for the withholding on those amounts, plus any associated penalties and interest.

Dependent Beneficiary Definition

A “dependent beneficiary” is not subject to the withholding requirement.

A dependent beneficiary is a person who is a beneficiary of the estate or trust and is claimed as a dependent on the federal income tax return of another person,

A dependent beneficiary is not subject to the pass-through withholding requirements if the person who is claiming the beneficiary's dependent exemption on their federal income tax return provides the estate or trust with a signed *Statement of Dependent Beneficiary Income* attesting that they expect the dependent beneficiary to have adjusted gross income for the taxable year that will not exceed the basic federal standard deduction as calculated under IRC Section 63 for that taxable year.

The trustee must keep the statement and present it to the Tax Commission upon request (UC §59-10-1403.2(6)).

Line-by-Line Instructions

Line A. Name of Beneficiary (Pass-through Entity Taxpayer)

Enter the name of each nonresident individual beneficiary, or resident or nonresident business beneficiary (referred to as a pass-through entity taxpayer).

Line B. Withholding Waiver for this Beneficiary

If you check this field, enter a “0” on line F for the beneficiary.

Line C. Dependent Beneficiary

Enter an “X” on line C if the beneficiary is a dependent beneficiary (see definition above). Entering an “X” on this line will be treated as a request for waiver of the withholding requirements for this beneficiary.

Line D. SSN/EIN of Beneficiary

Enter the Social Security number (SSN) of each nonresident individual beneficiary, or the federal employer identification number (EIN) of each resident or nonresident business beneficiary.

Line E. Beneficiary's Percent of Income

Line F. Income (Loss) Attributable to Utah

on line F is a loss, enter "0". Also enter "0" if the waiver request has been requested for this beneficiary (line B checked).

Line H. Mineral Production Withholding Credit

Line I. Upper-tier Pass-through Withholding Tax

Enter the amount of any pass-through entity withholding tax paid by an upper-tier (previous) pass-through entity, attributable to this estate or trust, and allocated to the pass-through entity taxpayer of this estate or trust. The credit for upper-tier pass-through entity withholding tax reduces the amount of Utah withholding tax calculated for this beneficiary on Schedule N. The credit should equal the amount reported on line 14 of Schedule K-1 for upper-tier pass-through withholding tax for this beneficiary.

Line J. Withholding Tax to be Paid by This Fiduciary

Subtract the total of the credits on lines H and I from the tax calculated on line G for each pass-through entity taxpayer. Do not enter an amount less than zero.

The withholding tax shown in column J is the withholding tax this estate or trust must withhold or pay on behalf of the pass-through entity taxpayer. This withholding tax is to be reported on line 15 of Utah Schedule K-1 given to the beneficiary.

This withholding tax is to be paid to the Tax Commission by the original due date of the return. If the return is being filed on extension, this withholding tax must be prepaid by the original due date.

Total Utah Withholding Tax to be Paid by This Fiduciary

Add the pass-through withholding in column J for all beneficiaries. Enter this total at the bottom of the Schedule N and carry it to TC-41, page 2, line 31 and to Schedule K, line 15.

Qualified Funeral Trust Information

Who Must File

The trustee of a trust that has elected to be taxed as a qualified funeral trust (QFT) files federal form 1041-QFT to report the income, deductions, gains, losses, etc., and income tax liability of the QFT. The trustee can use Utah form TC-41 to file for a single QFT, or for multiple QFTs having the same trustee following the instructions under *Composite Return* below.

Pre-need funeral trusts that do not qualify as QFTs should use the regular instructions for Utah form TC-41, *Utah Fiduciary Income Tax Return*.

Qualified Funeral Trust (QFT)

A QFT is a domestic trust that meets all of the following requirements:

- It arose from a contract with a person who provides funeral or burial services or property necessary to provide such services.
- The sole purpose of the trust is to hold, invest and reinvest funds in the trust and to use those funds solely to pay for funeral or burial services or property to provide such services for the benefit of the beneficiaries of the trust.
- The only beneficiaries are individuals for whom such services or property is to be provided at their death under the contracts described above.
- The trustee elects or previously elected to treat the trust as a QFT, and not as a grantor trust.
- If the QFT election had not been made, the trust would have been treated as owned by the contracts' purchasers under the IRC grantor trust provisions. However, a trust that is not owned by the purchaser solely because of the death of an individual shall be treated as meeting this requirement during the 60-day period beginning the day of that individual's death.

If a QFT has multiple beneficiaries, each beneficiary's separate interest under a contract is treated as a separate QFT for the purpose of figuring the tax and filing this return. Each beneficiary's share of the trust's income is determined in accordance with the beneficiary's interest in the trust.

Whenever these instructions refer to a trust or QFT, it includes such separate interests that are treated as separate QFTs.

Making the Election

The trustee elects to treat a trust as a QFT by filing federal form 1041-QFT by the due date (including extensions)

Composite Return

A trustee may file a single, composite Utah form TC-41 for all QFTs for which he or she is the trustee, including QFTs that had a short tax year. Prepare a schedule that includes the following information for each QFT (or separate interest treated as a QFT).

- The number of QFTs in the composite return.
- The owner or beneficiary's name. If the trust has more than one beneficiary, separate the trust into shares held by the separate beneficiaries. The same information used on the federal form 1041-QFT can be used to compute Utah tax.
- The type and gross amount of income earned by the QFT. For capital gains, identify the net short-term capital gain, net long-term capital gain, 28 percent rate gain, and unrecaptured section 1250 gain.
- The type and amount of each deduction and credit allocable to the QFT.
- The Utah tax calculation for each QFT. You must complete form TC-41, lines 15 through 22 separately for each QFT.
- The Utah tax payments made for each QFT.
- If the QFT terminated during the year, the termination date.

You can use the same information and schedules from the federal form 1041-QFT to compute Utah tax. Figure the taxable income separately for each QFT using each QFT's share of the amounts.

Attach the composite return schedules to your TC-41.

Tax Computation

Follow the line-by-line instructions except for computing the tax. Use a separate schedule to calculate the Utah tax for each QFT using the 5 percent tax rate for each QFT. Enter the sum of the tax for all QFTs (after subtracting any estate or trust tax credit) on line 22.
