Partnership Defined

A "partnership" is any unincorporated entity that is treated as a partnership under federal income tax law, including general partnerships, limited partnerships, limited liability partnerships, and limited liability companies. A "partner" includes a partner or member of one of these entities.

Partnerships Not Subject to Tax

A partnership is not subject to Utah income tax. However, partners conducting business are liable for Utah income tax in their separate or individual capacities. A partnership must withhold Utah tax on all nonresident individual pass-through entity taxpayers and all resident or nonresident business pass-through entity taxpayers. See *Pass-through Entity Withholding Requirements* below.

Pass-through Entity

A pass-through entity is an entity whose income, gains, losses, deductions and/or credits flow through to its partners (partnerships), members (limited liability companies), shareholders (S corporations) or beneficiaries (estates and trusts) for federal tax purposes.

Pass-through Entity Taxpayer

A pass-through entity taxpayer is any entity which has income, gains, losses, deductions and/or credits passed to it from a pass-through entity (e.g., an individual who is a partner in a partnership, or a partnership which is a partner in another partnership).

Filing Requirements

A partnership or other entity treated as a partnership for federal tax purposes, all of whose partners or members are

Utah resident individuals, is not required to file a Utah return, TC-65, if:

- it is not a pass-through entity taxpayer, and
- it maintains records that show each partner's or member's share of income, losses, credits, and other distributive items, and those records are made available to the Tax Commission upon request.

A partnership or other entity treated as a partnership for federal tax purposes with any partners or members who are not Utah resident individuals or that is itself a pass-through entity taxpayer is required to file a TC-65.

Pass-through Entity Withholding Requirements

Partnerships and business entities treated as partnerships are considered pass-through entities (see UC §59-10-1402(10)) and, for tax years beginning on or after Jan. 1, 2009, are required to withhold Utah income tax on all nonresident individual partners, and on all resident business and nonresident business partners. These partners are collectively referred to as pass-through entity taxpayers (see UC §59-10-1402(11)). A partnership is not required to withhold on a partner that is exempt from tax under UC §59-7-102(1)(a) or §59-10-104.1, or if the pass-through entity is a plan under IRC Sections 401, 408 or 457 and is not required to file a return under UC Chapter 7, or is a publicly traded partnership as defined under UC §59-10-1403.2(1)(b)(iv).

Utah imposes a 5 percent withholding tax on all Utah business and nonbusiness income derived from or connected with Utah sources and attributable to pass-through entity taxpayers. The partnership may reduce this withholding by any mineral production withholding tax and previous pass-through entity withholding tax allocated to the partner. This withholding tax must be paid to the Tax Commission by the original due date of the return, without regard to extensions.

The calculation of the required Utah withholding tax is done on Schedule N. See the instructions for Schedule N in this book for more details.

The partnership must provide a Utah Schedule K-1 to each partner showing the amount of Utah withholding paid on behalf of the partner. This withholding tax is then claimed as a credit by the partner on the partner's personal return.

If this partnership has an interest in another partnership, that other partnership is required to withhold Utah income tax on Utah income allocated to this partnership. The other partnership must provide a Utah Schedule K-1 showing the amount of Utah withholding tax paid on behalf of this partnership. This withholding tax must be reported on TC-250 and then allocated to the partners of this partnership to be claimed on their personal returns. Enter this previous pass-through entity withholding tax for each partner on Schedules K and K-1.

The partnership may request a waiver of withholding tax and any associated penalty and interest for all or selected partners who filed and paid tax on the Utah income from this partnership. The tax must be paid on or before the partnership's return due date, including extensions (see UC §59-10-1403.2(5)).

Partnership Identification Number

Utah uses the Federal Employer Identification Number (EIN) as the partnership's identification number with the state. Enter the EIN in the proper field. This number is used for identification of the partnership tax return.

Partnership Changes

Partnership changes (e.g., name change, physical and/or mailing address changes, or ceasing to do business in Utah) must be reported in writing to:

Master Records
Utah State Tax Commission
210 N 1950 W
SLC, UT 84134-3310

To close related tax accounts (sales, withholding, etc.), send a completed TC-69C, *Notice of Change for a Tax Account*, to Master Records at the address above.

Where to File

Send the completed return and any payment to:

Utah State Tax Commission
210 N 1950 W
SLC, UT 84134-0270

You may also pay any tax due electronically at taxexpress.utah.gov.

Due Date

A return must be filed on or before the 15th day of the fourth month following the close of the taxable year. If the due date falls on a Saturday, Sunday or legal holiday, the due date becomes the next business day.

Filing Extension

Partnerships are automatically allowed an extension of up to five months to file a return without filing an extension form. **This NOT an extension of time to pay taxes – it is only an extension of time to file your return.** To avoid penalty, the prepayment requirements must be met on or before the original return due date and the return must be filed within the five-month extension period.

Note: All pass-through withholding tax from Schedule N, column I must be paid by the original due date of the return, without regard to extensions.

Penalties

Utah law (UC §59-1-401) provides penalties for not filing tax returns by the due date, not paying tax due on time, not making sufficient prepayment on extension returns, and not filing information returns or supporting schedules. Details of these penalties, along with additional penalties, are at tax.utah.gov/billing/penalties-interest and in Pub 58, *Utah Interest and Penalties*, at tax.utah.gov/forms-pubs/pubs.

Interest (in addition to penalties due)

Interest is assessed on underpayments from the due date until the liability is paid in full. The interest rate for the 2016 calendar year is 2 percent.

For more information, get Pub 58, *Utah Interest and Penalties*, at tax.utah.gov/forms-pubs/pubs or by calling or writing the Tax Commission.

Rounding Off to Whole Dollar Amounts

Round off cents to the nearest whole dollar. Round down if cents are under 50 cents; round up if cents are 50 cents and above. **Do not enter cents anywhere on the return.**

What to Attach and What to Keep

Include the following with your Utah TC-65. Also, keep copies of these with your tax records.

- **Utah Partnership Return Schedules:** Attach applicable Utah schedules A, H, J, K, N, and/or TC-250. Also attach the Utah Schedule K-1 for each partner.

Do not send a copy of your federal return, federal Schedules K-1, credit schedules, worksheets, or other documentation with your Utah return, unless otherwise stated in these instructions. Keep these in your files, along with all supporting documents. You may be asked to provide this information later to verify entries on your Utah return.

Federal Taxable Income (Loss)

Utah law defines federal taxable income as "taxable income as currently defined in Section 63, Internal Revenue Code of 1986." Since Utah's taxable income is based on federal taxable income, a partner's ability to carry forward and carry back partnership losses is determined on the federal level. The loss taken by a partner in a given year must match the loss taken on the federal return. Losses cannot be independently carried back and carried forward in any given year on the partner's Utah return.

Utah Income

Complete Schedule A to determine the Utah income or loss. If the partnership does business both within and outside of Utah, the portion of the partnership income attributable to Utah is determined by first completing TC-20, Schedule J, and then Schedule A.

Business Income

Business income means income arising from transactions and activity in the regular course of the taxpayer's trade or business and includes income from tangible and intangible property if the acquisition, management and disposition of the property constitute integral parts of the taxpayer's regular trade or business operations. See UC §59-7-302(1)(d).

Business income apportioned to Utah is subject to the pass-through entity withholding requirements.

Nonbusiness Income

Nonbusiness income means all income other than business income. See UC §59-7-302(1)(h).

Portfolio Income

Portfolio income listed on federal return schedules may be either business or nonbusiness income.

For Utah purposes, business portfolio income (portfolio income that is business income) does not qualify as Utah portfolio income. Therefore, business portfolio income is apportionable income for Utah purposes. Generally, Utah portfolio income includes gross income, other than income derived in the ordinary course of a trade or business.

Portfolio income may include:

- Interest
- Dividends
- Royalties
- Income from the disposition of property that produces income of a type defined as portfolio income.
- Income from the disposition of property held for investment.
- Income from a real estate investment trust, a regulated investment company, a real estate mortgage investment conduit, a common trust fund, a qualified electing fund, or a cooperative.

Interest, dividends, royalties, etc., earned in the ordinary course of the trade or business of a pass-through entity are not portfolio income.

Example:

Interest, dividends, etc., may constitute Utah portfolio income if the pass-through entity holds funds that are not used to further the trade or business. These funds can neither be comingled with the operating funds nor comprise working capital at any time during the tax year, and cannot be used as collateral, to obtain financing, or for any other business purpose.

Portfolio income is attributable to a partner's resident state.

Apportionable Income

Interest, dividends, royalties, gains, etc., derived in the ordinary course of a pass-through entity's trade or business constitute apportionable business income rather than Utah portfolio income. Income received from holdings in or the sale of partnership interests also constitute apportionable business income. If an entity's primary business activity is investing funds (such as with a brokerage firm), interest, dividends, gains, etc., also constitute apportionable business income rather than portfolio income.

Modifications

Modifications may be needed to determine the Utah taxable income of a partner. See *Character of Partnership Items* and *Nonresident or Part-year Resident Share of Partnership Items* below.

Character of Partnership Items

1. Each item of partnership income, gain, loss or deduction has the same character for a partner as it has for federal income tax purposes. When an item is not characterized for federal income tax purposes, it has the same character for a partner as if realized directly from the source realized by the partnership, or incurred in the same manner as incurred by the partnership.
2. In determining Utah taxable income of a partner, any modification (such as U.S. government bond interest) that relates to an item of the partnership income, gain, loss or deduction shall be made in accordance with the partner's distributive share for federal income tax purposes of the items to which the modification relates. Where a partner's share of any such item is not required to be taken into account separately for federal income tax purposes, the partner's distributive share of such item shall be determined in accordance with his distributive share for federal income tax purposes of partnership income or loss generally.
3. Where a partner's distributive share of an item of partnership income, gain, loss or deduction is determined for federal income tax purposes by a special provision in the partnership agreement with respect to such item, and where the principal purpose of such provision is the avoidance or evasion of tax, the partner's distributive share of such item and any modification with respect thereto shall be determined as if the partnership agreement made no special provision with respect to that item.

Nonresident or Part-year Resident Share of Partnership Items

1. In determining the adjusted gross income of a nonresident partner of any partnership, there shall be included only that part derived from or connected with sources in Utah of the partner's distributive share of items of partnership income, gain, loss or deduction entering into the partner's federal adjusted gross income. (The Utah portion is shown alongside the total for each item amount on the Utah Schedule K.)
2. In determining the sources of a nonresident partner's income, the following conditions apply.
 - a. No consideration will be given to a provision in the partnership agreement that characterizes payments to the partner as being for services or for the use of capital, or allocates to the partner, as income or gain from sources outside Utah, a greater portion of his distributive share of partnership income or gain than the ratio of partnership income or gain from sources outside Utah to partnership income or gain from all sources, except as provided in 5 below.
 - b. No consideration will be given to a provision in the partnership agreement that allocates to the partner a greater portion of a partnership item, loss or deduction connected with sources in Utah than his proportionate share, for federal income tax purposes, of partnership loss or deduction generally, except as provided in 5 below.
3. Any modification (such as for U.S. government bond interest) that relates to an item of partnership income, gain, loss or deduction, shall be made in accordance with the partner's distributive share for federal income tax purposes of the item to which the modification relates, but limited to the portion of such item derived from or connected with sources in Utah.

4. A nonresident partner's distributive share of items of income, gain, loss or deduction shall be determined as provided in *Character of Partnership Items*, paragraphs 1 and 2. The effect of a special provision in a partnership agreement, other than a provision referred to in 3 above, having as a principal purpose the avoidance or evasion of tax, shall be determined as provided in *Character of Partnership Items*, paragraph 3.
5. The Utah State Tax Commission may, on application, authorize the use of other methods of determining a nonresident partner's portion of a partnership item derived from or connected with sources in Utah, and the modification related thereto, as may be appropriate and equitable, on such terms and conditions as it may require.

Mineral Producers or Payers

If the partnership is a producer paying proceeds in connection with mineral properties located in Utah, the partnership must report to each recipient their share of mineral production withholding tax withheld and paid to the Tax Commission. The producer must furnish a copy of form TC-675R to each recipient. The recipient will take credit for the amount withheld on their Utah individual income tax return, fiduciary income tax return or corporation franchise or income tax return.

If the partnership is the recipient of proceeds in connection with mineral properties located within Utah, the partnership should complete TC-250, Part 3, using code 46. Do not attach form TC-675R to the partnership return. The amounts withheld are distributed to each partner in proportion to each partner's share of income and should be shown on Schedule N and on the Utah Schedules K and K-1.

If the partnership is itself a pass-through entity taxpayer and receives a distribution of mineral production withholding tax from an upper-tier pass-through entity, enter the mineral production withholding tax allocated to this partnership on TC-250, Part 2, using code 46. Do not attach the Utah Schedule K-1 the partnership receives to this partnership return.

To amend a previously filed return, use the tax forms and instructions for the year you are amending. You can get prior year forms and instructions at tax.utah.gov/forms-pubs/previousyears.

Amend your return if:

Line-by-Line Instructions

Line 1 – Date Registered in Utah

Enter the date the partnership was registered in Utah in the format mm/dd/yyyy.

Line 2 – Date Dissolved

If the partnership was dissolved during the tax year, enter the date of dissolution of the partnership in the format mm/dd/yyyy.

Line 3 – Total Pass-through Withholding Tax

Enter the total pass-through withholding tax from Schedule N, column I.

This pass-through withholding tax **must** be paid to the Tax Commission by the original due date of the return, without regard to extensions. Pay online at taxexpress.utah.gov or use form TC-559, *Corporation/Partnership Payment Coupon*. Prepayments are not required for pass-through withholding tax.

Do not include on this line any pass-through withholding tax credit received from another pass-through entity as reported on a Utah Schedule K-1 you received. Pass-through withholding tax credits received from other pass-through entities are entered on TC-250 and allocated to the partners/members on the Utah Schedule K-1.

Line 4 – Utah Use Tax

Use tax is a tax on goods and taxable services purchased for use, storage or other consumption in Utah. Use tax applies only if sales tax was not paid at the time of purchase. If you purchased an item from an out-of-state seller, including Internet, catalog, radio and TV purchases, and the seller did not collect sales tax on that purchase, you must pay the use tax directly to the Tax Commission.

If you have a Utah sales tax license/account, report the use tax on your sales tax return. If you do not have a Utah sales tax license/account, report the use tax on line 4 of TC-65.

You may take a credit for sales or use tax paid to another state (but not a foreign country). If the other state's tax rate is lower than Utah's, you must pay the difference. If the other state's tax rate is more than Utah's, no credit or refund is given. If sales tax was paid to more than one state, complete the worksheet below for each state. Add lines 8 on all worksheets and enter the total on line 4 of TC-65.

Sales and use tax rates vary throughout Utah. Use the *Use Tax Rate Chart* below to get the rate for the location where the merchandise was delivered, stored, used or consumed. Use the county tax rate if the city is not listed.

Grocery food bought through the Internet or catalog is taxed at 3 percent. The grocery food must be sold for ingestion or chewing by humans and consumed for the substance's taste or nutritional value. The reduced rate does not apply to alcoholic beverages or tobacco. See Pub 25 online at tax.utah.gov/forms-pubs/pubs for more information.

This authorization applies only to the individual whose signature appears in the Paid Preparer's Section of the return. It does not apply to the firm, if any, shown in that section. If you enter an "X" in the box, the partnership is authorizing the Tax Commission to call the paid preparer to answer any questions that may arise during the processing of the return. The paid preparer is also authorized to:

- give the Tax Commission any information that is missing from the return;
- call the Tax Commission for information about the processing of the return or the status of any refund or payment(s); and

If the entity wants to expand the preparer's authorization, complete and submit to the Tax Commission form TC-737, *Power of Attorney and Declaration of Representative*. Form TC-737 is available at **tax.utah.gov/forms-pubs/forms**. If you wish to revoke the authorization before it ends, submit your request in writing to the Utah State Tax Commission, attention Taxpayer Services, 210 N 1950 W, SLC, UT 84134.

Mail your return, payment and coupon (if applicable) to the Utah State Tax Commission, 210 N 1950 W, SLC, UT 84134-0270. If mailing your payment separate from your return, include form TC-544, *Partnership Tax Payment Coupon*, but do **NOT** send another copy of your tax return with your payment. Doing so may delay posting of your payment.

Pay Plan Request

If you owe tax and are unable to pay the entire amount owed, you may request a pay plan online at **taxexpress.utah.gov**. If you do not submit a pay plan request form, a billing notice for the full amount due, including penalty and interest, will be mailed to you.

TC-20, Schedule H – Nonbusiness Income Net of Expenses

Complete TC-20, Schedule H to determine nonbusiness income allocated to Utah and outside Utah. All income that arises from the conduct of the trade or business operations of a taxpayer is business income.

Nonbusiness income means all income other than business income and will be narrowly construed. Intangible income must be properly classified and based upon factual evidence. The burden of proof is on the taxpayer to justify the manner in which the income is claimed on the return.

Interest income is business income where the intangible with respect to which the interest was received arises out of or was created in the regular course of the taxpayer's trade or business operations, or where the purpose for acquiring and holding the intangible is an integral, functional, or operative component of the taxpayer's trade or business operations, or otherwise materially contributes to the production of business income of the trade or business operations. See Tax Commission Rule R865-6F-8(2)(e)(iii).

Dividends are business income where the stock with respect to which the dividends were received arose out of or was acquired in the regular course of the taxpayer's trade or business operations, or where the acquiring and holding of the stock is an integral, functional, or operative component of the taxpayer's trade or business operations, or otherwise materially contributes to the production of business income of the trade or business operations. See Rule R865-6F-8(2)(e)(iv).

Gain or loss from the sale, exchange, or other disposition of real property or of tangible or intangible personal property constitutes business income if the property while owned by the taxpayer was used in, or was otherwise included in the property factor of the taxpayer's trade or business. See Rule R865-6F-8(2)(e)(ii).

Rental income from real and tangible property is business income if the property with respect to which the rental income was received is or was used in the taxpayer's trade or business and therefore is includable in the property factor. See Rule R865-6F-8(2)(e)(i).

TC-20, Schedule J – Apportionment Schedule

Use TC-20, Schedule J to calculate the portion of the taxpayer's income attributable to Utah, if the taxpayer does business both within and outside of Utah.

Complete TC-20, Schedule J to determine the apportionment fraction (decimal). The factors express a ratio for tangible property in Utah to total tangible property everywhere, for wages and salaries in Utah to total wages and salaries everywhere, and for sales in Utah to total sales everywhere. These factors or ratios are used to arrive at the Utah apportionment fraction calculated to **six decimals**. This fraction (decimal) is then applied to the apportionable income (or loss) on Schedule A to arrive at the amount of income (or loss) apportioned to Utah. In cases where one or more of the factors is omitted due to peculiar aspects of the business operations, use the number of factors present to determine the Utah apportionment fraction.

A taxpayer who is a partner in a partnership must include their pro rata share of the partnership's property, payroll and sales in their calculation of the apportionment factor on TC-20, Schedule J, page 1.

If an entity holds direct and indirect ownership interests in tiered partnerships, it must include its pro rata share of the apportionment factors (property, payroll and sales) of the partnerships, applying the respective ownership percentages. For example, an entity that holds 50 percent interest in Partnership A that in turn holds 20 percent interest in Partnership B would include 50 percent of the factors of Partnership A, and 10 percent (50 percent of 20 percent) of the factors of Partnership B.

Sales Factor Weighted Taxpayers

A multistate taxpayer is considered a sales factor weighted taxpayer unless more than 50 percent of total sales everywhere generated by the taxpayer's economic activities are classified in the 2002 or 2007 North American Industry Classification System (NAICS) within:

- Section 21, Mining;
- Section 2212, Natural Gas Distribution;
- Section 31-33, Manufacturing;
- Section 48-49, Transportation and Warehousing;
- Section 51, Information (except for Subsector 519, Other Information Services); or
- Section 52, Finance and Insurance.

Unitary groups must decide whether they are a sales factor weighted taxpayer based on the NAICS code that represents more than 50 percent of the total sales everywhere of the entire unitary group, not just the parent company. Enter this NAICS code that represents more than 50 percent of total sales on page 2 of TC-20, Schedule J.

A taxpayer who is a partner in a partnership must include their pro rata share of the partnership's sales in determining whether it meets the "more than 50 percent of total sales everywhere" requirement above.

Sales factor weighted taxpayers must calculate the apportionment fraction on TC-20, Schedule J, page 2 under Part 3.

Other Multistate Taxpayers

For multistate taxpayers that are not sales factor weighted taxpayers, an election may be made to double weight the sales factor in the apportionment calculation. The election is made by entering an "X" on line 10 and completing lines 11 through 13 on TC-20, Schedule J.

Income or loss from partnership or joint venture interests must be included in income and apportioned to Utah through application of the three-factor formula consisting of property, payroll and sales.

For apportionment purposes, the portion of partnership or joint venture property, payroll and sales to be included in this taxpayer's property, payroll and sales factors must be computed on the basis of the taxpayer's ownership interest in the partnership or joint venture.

Business Activity

Briefly describe the nature and location(s) of your Utah business activities in the space provided at the top of this schedule.

Lines 1a - 1f – Property Factor

Show the average cost value during the taxable year of real and tangible personal property used in the business within Utah (including leased property) in column A and overall (including Utah) in column B.

Property owned by the taxpayer is valued at its original cost. Property rented by the taxpayer is valued at eight times the net annual rental rate. Net annual rental rate is the annual rental rate paid by the taxpayer less the annual rate received by the taxpayer from sub-rentals.

The average value of property must be determined by averaging the cost values at the beginning and end of the tax period. However, monthly values may be used or required if monthly averaging more clearly reflects the average value of the taxpayer's property.

A supporting schedule should be attached whenever monthly averaging is used.

Enter totals of lines 1a through 1e in their respective columns on line 1f.

Line 2 – Property Factor Calculation

Determine the property factor (decimal) by dividing line 1f, column A by line 1f, column B.

Line 3 – Payroll Factor

Wages, salaries, commissions and other includable compensation paid to employees for personal services must be included in the Utah factor to the extent the services, for which the compensation was paid, were rendered in Utah.

Compensation is paid in Utah if:

1. the individual's service is performed entirely within Utah;
2. the individual's service is performed both within and outside Utah, but the service performed outside Utah is incidental to the individual's service within Utah; or

3. some of the service is performed in Utah and:
 - a. the base of operations or, if there is no base of operations the place where the service is directed or controlled, is within Utah; or
 - b. the base of operations, or the place where the service is directed or controlled is not in any state where some part of the service is performed, but the individual's residence is in Utah.

Amounts reportable for employment security purposes may ordinarily be used to determine the wage factor.

Overall wages, including Utah, are listed in column B.

Line 4 – Payroll Factor Calculation

Determine the payroll factor (decimal) by dividing line 3a, column A by line 3a, column B.

Lines 5a - 5h – Sales Factor

The sales factor is the fraction the sales/receipts within Utah for the taxable year bear to the overall sales/receipts for the taxable year. Gross receipts from the performance of services in Utah are assigned to the Utah sales numerator if the purchaser of the service receives a greater benefit of the service in Utah than in any other state.

Taxpayers that perform a service both in and outside Utah must include service income on line 5g in column A (Inside Utah) if the purchaser of the service receives a greater benefit of the service in Utah than in any other state. The former "cost of performance" method no longer applies. (See UC §59-7-319(3)(a).)

Sales of tangible personal property are in Utah if the property is delivered or shipped to a purchaser within Utah regardless of the F.O.B. point or other conditions of the sale, or if the property is shipped from an office, store, warehouse, factory or other place of storage in Utah and:

1. the purchaser is the United States Government, or
2. the taxpayer is not taxable in the state of the purchaser.

Overall sales, including Utah, are listed in column B.

Enter totals of lines 5a through 5g in their respective columns on line 5h.

Line 6 – Sales Factor Calculation

Determine the sales factor (decimal) by dividing line 5h, column A by line 5h, column B.

NAICS Code for Taxpayer

Line 7 – NAICS Code

Enter the six-digit NAICS code for this taxpayer from your federal return (form 1120, Schedule K, line 2a; 1120S, box B; 1065, box C, or corresponding line on other federal returns). This is a mandatory field. Your apportionment method may be determined by your NAICS code. See *Sales Factor Weighted Taxpayers* above.

Note: If this return is for a unitary group, do not enter the NAICS code from your federal return. Instead, enter the NAICS code that represents over 50 percent of the total sales everywhere generated from economic activities by all members of the unitary group.

Equally-Weighted Three Factor Formula Election

If you are **not** a sales factor weighted taxpayer and are **not** electing the double-weighted sales factor (see lines 10 through 13 below), complete lines 8 and 9. If you are a sales factor weighted taxpayer or are electing the double-weighted sales factor, leave lines 8 and 9 blank.

Line 8 – Total Factors

Enter the sum of the factors from lines 2, 4 and 6.

Line 9 – Apportionment Fraction

Calculate the apportionment fraction to six decimals by dividing line 8 by the number of factors used (typically 3 – property, payroll and sales).

- If one or more of the factors are not present (i.e., there is a zero in the denominator on lines 1f, 3a or 5h in column B), divide by the number of factors present.
- If the numerator is zero, but a denominator is present, include that factor in the number of factors present.

Enter the apportionment fraction (decimal) here and on Schedule A, line 14, if not electing the double-weighted sales factor below.

Double-Weighted Sales Factor Formula Election

If you are **not** a sales factor weighted taxpayer, you may elect to give double-weight to the sales factor in the apportionment calculation. If you elect this calculation, enter an "X" on line 10 and complete lines 11 through 13.

Line 10 – Making the Election

Enter an "X" on line 10 if you elect to double-weight the sales factor.

Line 11 – Doubled Sales Factor

Multiply the sales factor (decimal) from line 6 by 2. This will result in the sales factor being considered twice in the calculation.

Line 12 – Total Factors

Enter the sum of the factors from lines 2, 4 and 11.

Line 13 – Elected Apportionment Fraction

Calculate the elected, double-weighted sales factor to six decimals by dividing line 12 by the number of factors used (typically 4 – property, payroll and two times the sales factor).

- If one or more of the factors are not present (i.e., there is a zero in the denominator on lines 1f or 3a in column B), divide by the number of factors present (allowing two factors for sales).
- If the numerator is zero, but a denominator is present, include that factor in the number of factors present.

Enter the apportionment fraction (decimal) here and on Schedule A, line 14.

Sales Factor Weighted Taxpayers Only

See instructions above for the definition and qualifications of a sales factor weighted taxpayer required to use Part 3.

Line 14 – Apportionment Fraction

Enter the sales factor from line 6 of TC-20, Schedule J, page 1. This is the apportionment fraction for a sales factor weighted taxpayer. (Property and payroll factors are not used in the calculation of the apportionment fraction for a sales factor weighted taxpayer.)

This amount will be claimed on the partner's individual Utah return.

Enter an "X" if the partnership entered a "1" in the **Withholding Waiver Request** box at the top of Schedule N to not withhold Utah tax on all pass-through entity taxpayers, or if the partnership entered a "2" in the **Withholding Waiver Request** box at the top of Schedule N and entered an "X" on line B of Schedule N for this specific partner.

Provide each partner/member a copy of their Utah Schedule K-1.

Schedule N – Pass-through Entity Withholding Tax

The partnership, as a pass-through entity, must pay or withhold tax on behalf of each nonresident individual partner and each resident or nonresident business partner, and each resident or nonresident trust or estate partner (collectively referred to as pass-through entity taxpayers) unless a withholding waiver request is made (see below). A partnership is not required to withhold Utah tax on a partner if:

- the partner is exempt from taxation under UC §59-7-102(1)(a) or §59-10-104.1,
- the partnership is a plan under IRC Sections 401, 408 or 457 and is not required to file a return under UC Chapter 7, or
- the partnership is a publicly traded partnership as defined under UC §59-10-1403.2(1)(b)(iv).

A partner's share of taxable income is based on the percent determined in the partnership agreement for the partner on the last day of the partnership filing period, unless there was a change in ownership during the filing period. If there was a change in partners during the year, each partner's percentage of income is prorated by the number of days the interest was owned during the filing period.

Partners may take a credit for the amount of tax paid by the partnership on their behalf. To claim the credit, the partner must file a Utah income tax return for the taxable year. A partner subject to withholding by the partnership and who has no other Utah source income may elect to forego the credit and not

file a Utah income tax return. However, partners with income or loss from other Utah sources must file a Utah income tax return. A partner who is eligible for Utah tax credits, in addition to the pass-through tax withheld, must file a Utah income tax return to claim those credits.

If the partner is a pass-through entity, it must file a Utah return to report its income/loss and withholding allocations to its partners/members/shareholders.

Partnerships having partners for whom withholding is required must complete Schedule N showing the amount of Utah income attributable to the partner, the amount of Utah tax on such income (5%), any Utah mineral production withholding tax and upper-tier Utah pass-through entity withholding tax credited to the partners, and the net amount of withholding tax this partnership must pay on behalf of such partners. Use additional forms TC-65, Schedule N, if needed,

Withholding Waiver Claim (UC §59-10-1403.2(5))

You may claim a waiver from the requirement to withhold Utah income tax on pass-through entity taxpayers by entering a "1" in the box if the waiver is for **all** partners, or a "2" if the waiver is for only certain partners. Also enter an "X" on line B and a "0" in column F for each partner for whom the waiver is claimed.

Claiming the waiver for all or specific partners does not relieve the partnership from the responsibility for the payment of Utah tax on the income allocated to partners if the partners do not pay. If the partner or partners for whom you claimed a waiver fail to file a return and make the required payment in a timely manner, you will be liable for the withholding on those amounts, plus any associated penalties and interest.

Line A – Name of Partner (Pass-through Entity Taxpayer)

Enter the name of each nonresident individual partner, resident/nonresident business partner, or resident/nonresident trust or estate partner (referred to as a pass-through entity taxpayer).

Line B – Withholding Waiver for this Partner

If you entered either a “1” or a “2” in the **Withholding Waiver Claim** box at the top of the Schedule N, enter an “X” on line B if this partner is included in the waiver claim.

If you check this box, enter a “0” on line F for the partner.

Line C – SSN/EIN of Partner

Enter the Social Security number (SSN) of each nonresident individual partner, the federal employer identification number (EIN) of each resident/nonresident business partner, or the EIN of each resident/nonresident trust or estate partner.

Line D – Percent of Income or Ownership for Partner

Enter the percent of income for each partner based on the partnership agreement, or the percent of ownership in the partnership by each partner, to four decimal places. You must enter either the percent of income or the percent of ownership in the partnership for all partners; do not mix the percentages. See Utah Rule R865-91-13.

Line E – Income (Loss) Attributable to Utah

Enter the income (loss) attributable to Utah and taxable to the pass-through entity taxpayer.

Calculate this income for a pass-through entity taxpayer by multiplying the amount on Schedule A, line 16 by each pass-through entity taxpayer's percentage shown on line D (or in accordance with the partnership agreement, if different).

If the partner received a guaranteed payment attributable to Utah source income, include that guaranteed payment (other than any health insurance included in the guaranteed payment) in the amount reported on line E. Utah pass-through withholding tax must include that payment. Guaranteed payments are sourced to the state or country where the income was generated, regardless of provisions which are contrary in the partnership agreement.

Line F – 5% of Income

Multiply the amount of income attributable to Utah for each pass-through entity taxpayer (line E) by 5 Percent. If the amount on line E is a loss, enter “0”. Also enter “0” if the waiver request has been requested for this partner (box B checked).

Line G – Mineral Production Withholding Credit

Enter the amount of any mineral production withholding tax allocated by the partnership to the pass-through entity taxpayer. The credit for mineral production withholding tax reduces the amount of Utah withholding tax that is calculated for this

partner on Schedule N. The credit should also be reported on line 18 of Schedule K-1 for this partner.

Line H – Upper-tier Pass-through Withholding Tax

Enter the amount of any pass-through entity withholding tax paid by a upper-tier (previous) pass-through entity, attributable to this partnership, and allocated to the pass-through entity taxpayer of this partnership. The credit for upper-tier pass-through entity withholding tax reduces the amount of Utah withholding tax calculated for this partner on Schedule N. The credit should also be reported on line 19 of Schedule K-1 for this partner.

Line I – Withholding Tax to be Paid by This Partnership

Subtract the total of the credits on lines G and H from the tax calculated on line F for each pass-through entity taxpayer. Do not enter an amount less than zero.
