

Renter Refund Application & Low Income Abatement and Homeowner's Tax Credit Application

TC-90CB and TC-90CY will be posted here on May 1st of each year.

Please do NOT use the old year form. We will deny any applications that use the old form.

If you received a Circuit Breaker refund last year, you do NOT need to download a form; we will automatically send a new form to you this year during the last week of April.

The quickest way to apply for and receive your refund is to use our online Taxpayer Access Point (TAP) system, which is available the last week of April each year. Using TAP will greatly speed up your refund. Access TAP at tap.utah.gov.
