

Show or Hide Layers

1. To see the layers panel, choose **View > Show/Hide > Navigation Panes > Layers**.
2. In the layers panel, click the “+” to the left of the form name to show the layers.
3. To hide a layer, click the eye icon. To show a hidden layer, click the empty box. (A layer is visible when the eye icon is present, and hidden when the eye icon is absent.)

A. Click here to show the layers **B.** Hidden layer **C.** Visible layer
