Sales Tax Registration

Effective: June 1, 2024 – To improve efficiency, we have moved all Utah State Business and Tax Registrations (TC-69 and related schedules) online.

- **Online** – (Tax Commission only) using [Taxpayer Access Point](#)

- **Online** – (Multiple Utah agencies) using [OneStop Business Registration](#)

What's new ?

Recent changes...

- **Effective July 1, 2024** – Changes definition of “short-term rental” for purposes of sales and use taxes, as a lease or rental for less than 30 consecutive days for short-term motor vehicle rentals (previously rented for 30 days or less)
- **Effective: January 1, 2024** - Electric vehicle charging tax equal to 12.5% of the subscription price or retail sales price of electricity sold by a charging station operator to charge an electric vehicle.

What's new ?

Recent changes...

- **Effective July 1, 2023** – Car sharing and car sharing programs are subject to sales and short term motor vehicle tax as it is included in the definition of “lease” or “rental”.
- **Effective: January 1, 2023** - A seller is required to obtain an updated exemption certificate from any certified service provider or purchaser if **more than 12 months have elapsed since the last transaction** between that seller and the certified service provider or purchaser.

Tax Bulletins

The Utah State Tax Commission periodically issues Tax Bulletins outlining tax-related issues. Bulletins are kept on this site for approximately three years. Relevant information from older bulletins is available on our [Sales Tax Rates](#) page, in [Tax Publications](#), or elsewhere on our site.

Sales & Use Tax

General Information

What is Sales and Use Tax?

Transaction Tax

- The transaction or exchange is taxed not the actual goods or services.
- The buyer/consumer is the actual taxpayer.
- This means that a particular item can be taxed multiple times.

What is Sales and Use Tax?

Trust Fund Tax

- The buyer is trusting the **seller** to forward the collected sales tax to the state.
- The seller may never use the collected sales tax for personal use.

What is Sales and Use Tax?

Sales Tax vs. Use Tax...

Sales Tax:

- Tax is applied to retail sales and leases of tangible personal property, products transferred electronically, and certain services.
- The seller collects the Sales Tax from the buyer and pays it to the Tax Commission.

Use Tax:

- Sales Tax was due on the purchase, but it was not charged or collected by the seller.
- Buyer sends use tax directly to the Tax Commission.

Use Tax

- Report use tax on the ***Sales and Use Tax Return, line 4, Goods purchased tax free and used by you***, at the seller's cost.

Taxable Sales Detail	Help

Accounting Methods

- Sellers must use accrual basis accounting to report sales and use tax. Report all sales and use tax on goods sold and consumed during a filing period on the return for that filing period.
- You may only use cash basis reporting if one of the following circumstances applies:
 - A sale includes delivery or installation of tangible personal property at a location **OTHER** than the seller's place of business (the seller must state the delivery or installation on the invoice) or;
 - A buyer who converts tangible personal property into real property chooses to report use tax on a cash basis- only if the buyer is not required to pay use tax on a monthly basis.

Who Needs a Sales & Use Tax License

Sellers with Utah nexus:

Nexus means a business has established a physical or economic presence in Utah, or is related to a business with a physical presence in Utah.

You have a physical presence in Utah if you:

- Have an office, warehouse, service center, etc.
- Maintain a stock of goods in Utah.
- Regularly solicit orders in Utah.
 - **Exception:** Your Utah activity is only advertising or soliciting by mail, email, internet, phone or similar means.
- Personally deliver property to Utah other than by common carrier.
- Lease or service property in Utah.

More information regarding nexus can be found in Publication 37 on our website at tax.utah.gov

Who Needs a Sales & Use Tax License?

Do you sell online and ship items to other states on a regular basis?

A Supreme Court ruling now allows sales tax to be collected in the state(s) where you sell product. Check with states whom you regularly sell product to see what their filing requirements are or:

- Register to collect and report sales tax in ALL streamlined states.
 - See website for participating states.

streamlinedsalestax.org

Who needs a Sales & Use Tax License?

You have an economic presence in Utah if during the year or the prior year you:

- Have more than \$100,000 of sales in Utah; or
- Have more than 200 sales in Utah.

A seller also has nexus in Utah if:

- The seller has more than 10 percent interest in a related seller, or
 - A related seller has more than 10 percent interest in the seller, or
 - A related seller wholly owns the seller; and
- The seller sells the same or very similar line of products as the related seller under the same or a very similar business name, or
 - The related seller's place of business or one of its in-state employees is used to advertise, promote or assist sales by the seller.

More information regarding nexus can be found in Publication 37 on our website at tax.utah.gov

Sales & Use Tax Liability

Sellers with nexus must collect and remit sales tax on sales subject to Utah sales tax.

- If a seller has nexus that seller **may not opt-out** of sales tax collection.
- Sellers must file a sales tax return for every period a license is held **even if no sales were made.**

If a license holder fails to file:

- The Tax Commission will estimate tax.
- Assess penalty and interest.
- Could issue a lien against business based solely on estimated tax.

Sales & Use Tax Liability

Purchasing or Selling a Business – Successor Liability

Utah Code §59-12-112 & §59-13-302

Selling a Business

Utah law requires the seller to:

1. File all and pay final tax returns within 30 days of the business sale.
**For special fuel tax returns, within 15 days of the business sale*
2. Close all open tax accounts with the Tax Commission.
3. Provide the purchaser with a letter from the Tax Commission showing no sales or special fuel taxes are owed. (TC-42S Letter of Good Standing for Successor)

Sales & Use Tax Liability

Purchasing or Selling a Business – Successor Liability

Utah Code §59-12-112 & §59-13-302

Purchasing a Business

If you are purchasing a business Utah law requires you to:

1. Apply for new tax licenses. Tax licenses are not transferable*
2. Withhold any amount of unpaid tax from the purchase price to pay to the Tax Commission within 30 days of the final sale of the business or
3. Ask the seller give you a receipt from the Tax Commission showing that all sales and special fuel taxes have been paid, or a letter from the Tax Commission stating no sales or special fuel taxes due.

***If you are purchasing a business, you could be held liable for previous sales and special fuel taxes the business may owe if you do not meet the requirements above**

Marketplace Facilitators & Sellers

Definitions

Marketplace

A physical or electronic place, platform or forum where products (tangible personal property, products transferred electronically or services) are offered for sale. Examples include booths, websites, catalogs, and dedicated sales software applications.

Marketplace Facilitator

A person or an affiliate who is paid by sellers to facilitate sales of the seller's products (tangible personal property, products transferred electronically or services) through a marketplace the person or affiliate owns. A marketplace facilitator does not include a person who only provides payment processing services or delivers food items.

Marketplace facilitators are considered the seller of goods and services they facilitate and must charge and pay sales tax, file returns and respond to audits.

Marketplace Facilitators & Sellers

Definitions (cont)

Marketplace Seller

- A seller that sells products through a marketplace, regardless of whether the seller is licensed in Utah.

Marketplace Facilitators & Sellers

General Information

Marketplace facilitators that have Utah nexus for their facilitated sales must have a Utah sales tax license and collect, report and pay sales tax on facilitated sales.

Marketplace facilitators can have nexus on its own direct sales, on sales it facilitates, or both. Therefore, facilitators must determine nexus separately for their direct sales and their facilitated sales.

Marketplace Facilitators & Sellers

Marketplace sellers do not need to have a Utah sales tax license for facilitated sales unless they have Utah nexus.

- A marketplace seller with a Utah sales tax license must file sales tax returns but does not have to report sales made through a marketplace.
- Marketplace sellers are not liable for taxes a facilitator is required to collect.
- A buyer who is charged incorrect sales tax by a marketplace facilitator must seek a refund from the marketplace facilitator.

Special Events and Requirements

What is a Special Event?

A one-time event, or an event that runs for 6 months or less held at a location other than a seller's usual place of business.

Special Events fall under a variety of situations including:

Sporting Events	Auctions
State and County Fairs	Swap Meets
Festivals	Conventions
Antique Shows	Hobby Shows
Gun Shows	Concerts
Food Shows	Seasonal Stands in Malls
Art Shows	Farmers Markets
Auctions	Other Similar Events

Special Events

- A seller participating in a special event(s) is required to obtain a Temporary Sales Tax License and Special Return. **The tax rate charged is calculated at the tax rate where the event is being held.**
- Tax collected at the event is reported and remitted on the temporary license.
- If a seller has a permanent Sales and Use Tax license, they still must obtain a Special Event License and return for each event they participate in.
- To prevent double payment of tax, a seller would report all sales tax paid at a special event on their Sales Tax return. [Form TC-62, line 6.](#)

Seller must file a temporary license/return and remit full payment either the last day of the event or within 10 days after the event closes.

Special Events License

To register for a Special Event temporary license call:
801-297-6303 or **800-662-4335 ext. 6303**

If you are a seller who **ONLY** has sales at special events, you are not required to have a permanent sales tax license.

- **Exception:** If you wish to purchase tax free materials or products intended for resale at the special event, you will need a permanent Sales Tax License.

Sales & Use Tax Rates & Tax Types

SALES & USE TAX RATES

Sales tax rates vary for each community. The rate consists of many smaller sales taxes which are imposed by each community and the state.

Each community decides what tax to impose within its boundaries. The tax rate can include any of the following tax:

State Sales Tax	Highway Tax
Local Sales Tax	County Option Sales Tax
County Option Transportation Tax	Town Option Tax
Mass Transit Tax	City Option Tax
County Airport, Highway Tax	Resort Community Tax
Public Transit Tax	Impacted Communities Tax
Botanical, Cultural Zoo Tax (County or Municipality)	Rural Hospital Tax

Combined Sales & Use Tax Rates

Example

Provo

- 4.85% State Sales & Use Tax
- 1.00% Local Sales & Use Tax
- 0.25% County Option Sales Tax
- 1.30% Transit and Highway (Mass Transit, Add'l Mass Transit, County Option Transportation, Transportation Infrastructure Tax)
- 0.10% Arts & Zoo

6.07% Transient Room Tax (hotel room)

14.92% Total Charged to Customer

Sales Related Taxes on Certain Sales

The nature of your business is what determines if you will be required to collect and report related sales tax.

These taxes are *in addition* to the combined sales and use tax rate.

If a sales related tax applies, the rate is a combination of the sales related tax and the combined sales and use tax rate. Examples include:

Related Taxes and Fees	Tax rate
Tourism, Restaurant	1%
Tourism Short Term Vehicle Leasing	2.5% - 9.5 %
Tourism Short Term Off Highway Vehicle Leasing (some counties)	7%
Transient Room, County, Municipality & State Combined	3.32% - 6.07%
Waste Tire Recycling Fee	\$1 per tire

Sourcing

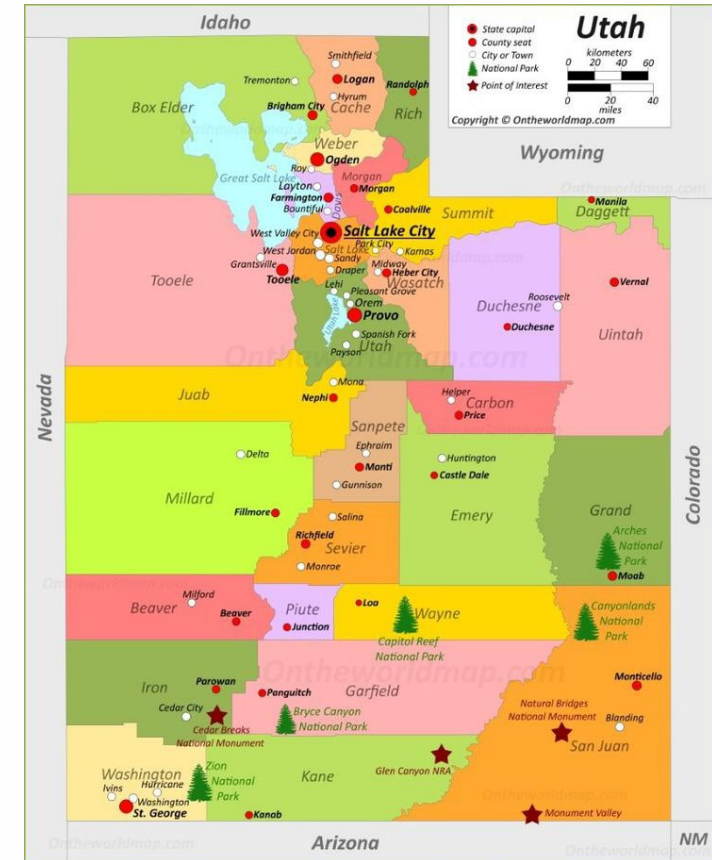

To determine the correct rate to charge a sale must be allocated or sourced to a specific jurisdiction.

Point-of-sale

Tax collected by the seller is based on the location where the sale occurred.

Examples

1. Fixed location(s)
2. Non-fixed location(s)
3. Non-Utah merchandise
4. Leases and Rentals

Scenario – Fixed Location (s)

Example 1:

Sales made at a Seller's fixed place of business (one or more locations) are taxable at the rate applicable to the fixed location.

- A jeweler has a store in Park City and a second store in Moab:
 - Park City store collects current sales tax rate for Park City
 - Moab store collects current sales tax rate for Moab

Scenario – Non-Fixed Location (s)

Example 2:

There may be situations where even though a seller has a fixed place of business the tax may be sourced to another location.

Services performed at non-fixed location:

- A car detailing shop which also provides mobile detailing.
 - If a car is brought to the shop for detailing then the tax would be sourced to the fixed shop location.
 - If the car is detailed at the customer's location then it is sourced to the location of the car.

Scenario – Non-Utah Merchandise

Example 3:

Items shipped directly to Utah consumer

Even if the seller has nexus in Utah, the seller may still have to collect tax rate in effect at buyer's location.

Example:

- Furniture seller has a location in Utah but also has a website, customer buys a couch on the website and has it shipped directly to customer's home.
 - If the order is received at the seller's Utah location then the sale is sourced to the seller's Utah location.
 - If the order is received at an out of state location then the sale is sourced to the customer's location.

Scenario – Non-Utah Merchandise

A **Non-nexus** seller may collect Utah sales tax voluntarily for sales shipped to Utah at the rate for the Utah destination.

- If non-nexus seller does not collect sales tax then the Utah buyer is still liable for the unpaid tax and must report use tax based on the Utah destination location.

Scenario – *Leases and Rentals*

Example 4:

Non-motor vehicle

- Items leased or rented with recurring payments:
 - Location the customer receives the item for down and first payments
 - Buyer's location for remaining payments
- If there are no recurring payments:
 - Seller's location if in Utah
 - Buyer's location if shipped into Utah

Motor vehicle leases or rentals

- Buyer's location (see. §59-12-214(b))
 - All payments including down and first payments
 - **Exception:** Seller's Utah Location if no recurring payments

Items Shipped To A Location Outside of Utah

Items that are shipped by the seller to a location outside of Utah **are not** subject to Utah sales or use tax.

- Sales tax will be sourced to the state in which the customer is taking possession of the items.
- Sellers will need to check with each state they are shipping to determine sourcing rules and whether or not they will be required to collect sales tax for that state as each states rules may be different.

Utah General Sourcing Rules

Utah Tax Publication 25- Page 5

Chart 1: General Sourcing Rules

Transaction Type	Source to:	Exceptions
Retail sale of tangible personal property in Utah (including vending machine operators and sellers who sell from mobile inventory)*	Seller's fixed place of business (whether or not the goods or services are delivered) Location where inventory is warehoused for vending machine operators and sellers who sell from mobile inventory	Sales at special events (fairs, swap meets, races, etc.) are sourced to the event location.
Retail sale of taxable services in Utah when seller also sells tangible personal property*	Seller's fixed place of business OR customer's location (seller's preference)	If the seller sells tangible personal property on the same invoice as the service, the transaction must be sourced to the seller's fixed place of business. Sales at special events (fairs, swap meets, etc.) are sourced to the event location.
Retail sale of taxable services in Utah when seller does not sell any tangible personal property*	Customer's location	
Retail sale of tangible personal property (including manufactured/mobile/modular homes, motor vehicles, aircrafts and watercrafts) or taxable services when the order is received outside Utah*	Buyer's location (the place the buyer receives the service or property)	
Retail sale of admissions	Location of activity or event (regardless of ticket purchase location)	
Retail sale of prewritten computer software where there is no transfer of a copy of the software to the buyer	See Publication 64	
Retail sale by a ready-mix concrete manufacturer, nonmetallic mineral mining and quarrying operation, and asphalt paving mixture and block manufacturer	Fulfillment location from where the product is dispatched	
Lease or rental of tangible personal property* (other than motor vehicles, semi-trailers, trailers 10,000 pounds or less, and aircraft)	Location the customer receives the goods or services for down payment and first payment Location of the item for subsequent payments	If there are no recurring payments: <ul style="list-style-type: none"> • source to the location the customer receives the goods or services. • source to the customer's location if shipped from outside the state to a Utah customer.
Lease or rental of motor vehicles, semitrailers, trailers 10,000 pounds or less, and aircraft	Customer's location (address) for all payments, including down and first payments	If there are no recurring payments, source to the seller's fixed place of business.

*Including products transferred electronically.

See Utah Code §§59-12-211, 59-12-212, 59-12-213 and 59-12-214.

What is Taxable?

What is Taxable?

Taxable transactions include:

- Sales and leases of tangible personal property, products transferred electronically and certain services.
 - Unless a specific exemption applies.
- **Examples of additional taxable transactions:**
 - Meals at restaurants
 - Lodging
 - Admission fees or user fees
 - Labor and parts to repair or renovate tangible personal property.
 - *See PUB 42 for more info*

What is Taxable?

Tangible personal property is subject to sales tax.

Tangible Personal Property = Property that can be seen, weighed, measured, felt, touched, or is perceptible to the senses in any manner including:

- Electricity
- Water
- Gas
- Steam
- Prewritten software

What is Taxable?

Products Transferred Electronically

Products transferred electronically are subject to sales and use tax, including:

- Audio, video or data that is not delivered on physical storage media (CD, DVD, disk, tape, etc):
 - Music, Ring tones, Movies
 - Reading material
 - Software
 - (including access to software hosted on the cloud)

Taxable Services

Taxable Services

Amounts paid or charged for labor to repair, replace, renovate, maintain or clean tangible personal property is taxable.

Examples:

1. Services performed on people
2. Professional and consulting services
3. Services to tangible personal property

Non Taxable Services

Services performed on people

Services performed on people

- Services performed on people are **not** subject to sales and use tax because people are not tangible personal property.
- If it can't be sold then services on it are **not** subject to sales and use tax.

Non Taxable Services

Services performed on people

Example 1:

A salon/spa does hair, nails, facials and massages. The spa also sells shampoo, nail polish, mask cream and massage oil.

- The service charge for hair, nails, facials, and massage are **not taxable** even if the materials consumed while performing the service would be taxable if sold separately.
 - The Salon/Spa purchases shampoo, nail polish, and massage oil tax free.
 - Used the product on the customer.
 - The Salon/Spa must report Use Tax on items consumed.

The customer also purchases shampoo, nail polish or massage oil separately from the service, these items *are* subject to sales tax.

Non Taxable Services

Professional and consulting services

Professional and consulting services

Are professional and consulting services taxable?

- Professional and consulting services where no service is performed on or to tangible personal property are **not** taxable.

Taxable Services

Example 2

Architect

- An architect designs a building, prepares blueprints, and builds a scale model. The cost of the blueprints and model are included in the design fee.
- The design fee is ***not*** taxable even though it included items of tangible personal property because the essence of the transaction was the charge for the architect's expertise not the physical representation of that expertise.
- Any material purchased tax free and used to create the blueprint or model are subject to Use Tax.

Taxable Services

Services to tangible personal property

- Services to tangible personal property
 - Labor to **repair, renovate and clean** tangible personal property and products transferred electronically. This includes maintenance agreements.

Taxable Services

Services to tangible personal property

Example 3:

Service to tangible personal property

Pet Groomer

- A groomer shampoos fur, trims fur, clips nails and generally beautifies the animal.
- The groomer also sells animal shampoo, nail clippers and other animal care products.
- **All** services performed on animals are taxable because animals are considered tangible personal property.
 - If the groomer used materials during the service that were purchased tax free the groomer must report the use tax on the cost of those materials.
 - If the animal owner also purchases animal shampoo, nail clippers or other products separately from the service, these items are subject to sales tax.

Taxable Services

Services to tangible personal property

Example 4:

Auto Repair

A vehicle is involved in an accident and towed to a repair shop. The shop replaces parts, fixes dents and repaints the vehicle.

- The charge for the towing is taxable if:
 - The tow company is affiliated or associated with the repair shop that will be repairing the vehicle.
- The charge for replacement parts, paint and any associated labor is taxable even if separated on invoice.
- The charge for labor to fix dents is taxable even if no tangible personal property was sold.

10 Minute Break

Real Property and Tangible Personal Property

Real Property

Real Property is *NOT* subject to sales tax

- Any right, title, estate, or interest in land, including all permanent buildings or structures on the land.

Real Property

What qualifies as real property?

- ***The land itself***
 - **Exception:** Dirt, rocks, and plants that are extracted from the land and sold separately **are** taxable.
- ***Permanent structures on the land***
 - A structure is considered “permanent” if attached to the real property through a sub-surface foundation of concrete or steel.
- ***Tangible personal property that has been converted to real property***
 - Tangible items that are integrated into the land or permanent structures on the land that cannot be removed without substantial effort or damage to the land or structure.

****Note:*** the last owner of the TPP prior to conversion must pay the sales or use tax.

Real property vs TPP

Items that are tangible personal property then converted to real property.

- Is there sales tax or use tax due on the purchase of that item?
- If so, who pays it?

Sales or use tax is due from the last owner of TPP prior to conversion into real property.

Example: A contractor purchases nails in order to frame a house. The house is then sold.

- The contractor must either pay sales tax when he purchased the nails or pay use tax if he purchased the nails tax free.
- Sales tax is not due on purchase of the home.

Real property vs TPP

Real Property	Tangible Personal Property (TPP)
Shed on concrete foundation	Shed not on permanent foundation
Tree in Ground	Tree in Pot
Whole house air conditioner	Window air conditioner
Wall to wall carpet	Area Rug
Shutters (custom order)	Curtains
Wired in light	Plug in light
In-ground pool	Above ground pool
In-ground sprinkling system	Above ground sprinkler
Furnace	Plug in heater

Services to Real Property

Are services to Real Property taxable?

- Services to real property itself or items and structures permanently attached to real property are **not** taxable.
- Must ensure that the service is:
 - Being provided to “real property” and not tangible personal property.
 - Not temporarily attached to real property.

Services to Real Property and Tangible Personal Property

Example Scenarios:

1. Services to *real* property or permanent structures on real property.
2. Services to *tangible* personal property converted to real property.
3. Services to *tangible* personal property permanently attached to real property.
4. Services to *tangible* personal property but not permanently attached to real property.

Services to Real Property

Example 1:

A homeowner hires contractor to furnish and install wall to wall carpet.
(furnish and install)

- When the contractor purchases the carpet it is not yet attached to real property, therefore, it is still tangible personal property.
- When the contractor installs the carpet, his install (service) converts the carpet to real property.
- Since the contractor is the last entity to own the carpet while it is still TPP, the contractor is responsible to pay sales or use tax on his cost of the carpet.
- The contractor may **not** charge sales tax to the homeowner for the cost of the carpet or install.

Services to TPP

Example 2:

Are services to tangible personal property (TPP) that has been converted to real property taxable?

- Services to TPP that has been converted to real property are **not** taxable.
- Usually these are types of items that once installed are considered part of the structure and subsequent owners of the real property expect these items to remain.

Not converted (TPP)	Converted (Real Property)
area rug	wall to wall carpet
plug in light	wired in light fixture
curtains	Custom window Shutters

Services to Real Property

- It is not the service being performed that matters, it is what the service is being performed upon that determines taxability.

Taxable Service	Non-Taxable Service
Prune tree in a pot	Prune tree in ground
Repair a shed not attached to concrete foundation.	Repair a shed attached to concrete foundation
Clean or repair an above ground pool	Clean or repair an in ground pool

Services to TPP

Example 3:

Are services to Tangible Personal Property permanently attached to real property taxable?

Services to TPP permanently attached to real property is *not* taxable.

- Although permanently attached to real property these items remain TPP.

Considered permanently attached to real property if:

- Attachment to real property is essential to use the tangible personal property (TPP);
And
- This type of TPP typically remains attached in the same place over its useful life.
(Carpet, custom window shutters, etc.)

Does not include: items that are attached merely for convenience, stability or an obviously temporary purpose. (television mounted on a wall)

Services to TPP

Are services to tangible personal property installed on real property but **not** permanently attached to real property taxable?

- Labor charges for the **initial** installation of TPP to real property are **not** taxable if separately stated on the invoice.
- Labor charges for repairs, renovations or replacements of the TPP **after** install **are** taxable regardless if separately stated on the invoice.
 - This is what distinguishes these items from those which **are** permanently attached to real property.

Services to TPP

Example 4:

A customer purchases a dishwasher from a home improvement retailer and arranges to have it delivered and installed.

- Delivery charges **are not** subject to tax if separately stated on the invoice.
- Installation charges **are not** subject to sales tax if separately stated on the invoice.
- Any later repairs, replacements, or renovations of the dishwasher **are** subject to sales tax.
- A dishwasher is deemed to remain TPP regardless of how it is attached to real property. §59-12-102(125)(c)(i)
 - The charge for the dishwasher **is** taxable.
 - The same would apply for a refrigerator, stove, microwave, washer, or dryer.

Introduction

This publication provides sales tax information relating to sales, installation and repair of tangible personal property attached to real property. See Publication 25 for general sales and use tax information.

Tax Commission publications are reference tools. They are not all-inclusive and should not be used as legal references.

Tax laws may change due to legislative action. Changes to law will supersede information in this publication.

Real Property

Construction materials and fixtures become real property when used in building construction or real property improvements. Construction materials (bricks, lumber, nails, cement, etc.) typically stop being personal property once they are converted to real property.

Fixtures (furnaces, built-in air conditioning systems, hot water heaters, water softener systems, water filtration systems, sinks, tubs, etc.) become part of the real property after installation because they are an essential part of real property improvement.

Gas, water and electrical lines serving manufacturing equipment are viewed as real property because they usually also serve the property where the manufacturing equipment is housed. For example, the electrical system that supplies manufacturing equipment also usually powers the lights and the office computers. Since the system is an essential part

Publication 42 has examples to help you better understand the distinction between taxable charges for sales, installation and repair.

Sales & Use Tax Exemptions

Sales Tax Exemptions

Three Types of Exemptions:

1. **Entity Based Exemption** – Determined by who purchases or sells the product.
2. **Use Based Exemption** – Determined by purchaser's use of the product.
3. **Product Based Exemption** – Determined by product.

***Remember:** These are transactions that would be taxable without the specific exemption.

Entity Exemptions

Entity Based Exemption – Determined by who purchases or sells the product.

Example 1:

501(c)(3) non-profit organizations

How to Claim?

1. Must register as a religious or charitable organization by filing form TC-160.
2. Must provide the seller with a TC-721, *Exemption Certificate*.

(2 exemption categories)

1. Purchases in excess of \$1,000 to be used for religious/charitable purpose. *(smaller purchases must claim a refund of tax paid from Tax Commission)*
2. Construction materials purchased to be integrated into real property owned by the religious/charitable organization.

Entity Exemptions

Entity Based Exemption – (Cont.)

Example 2:

1. Federal Government or Native American Tribes

How to Claim?

The Entity must provide the seller with a TC-721G, *Exemption Certificate for Governments, Foreign Diplomats & Schools*

1. Purchase must be paid directly with government or tribal funds.

Sales Tax Check Up

Register at salestaxcheckup@utah.gov

Let us help with your sales and use tax reporting by conducting a Sales Tax Check Up. A tax examiner will visit you to educate you on how to properly account for and report your sales and use taxes. You will receive instructions specific to your business and accounting software regarding:

- Which report(s) to use to file sales and use tax returns
- What documentation is needed for exempt sales
- Identify transactions subject to sales or use tax
- What tax rates and correct taxing jurisdiction to use
- How to correctly accrue and report use tax
- What appropriate adjustments to make

Sales Tax Check Ups are meant to be educational only, and no tax assessments are made. A tax examiner can answer your specific questions. To register for a Sales Tax Check Up, contact us at salestaxcheckup@utah.gov.
